These survey data are from the 2011 Occupational Employment Statistics (OES) survey. The wages have all been updated to the first quarter of 2012 by applying the US Department of Labor's Employment Cost Index to the 2011 wages. Occupations are classified using the Standard Occupational Classification (SOC) codes. For details of the methodology, see the Overview of the OES Survey at http://www.labormarketinfo.edd.ca.gov. **This is not wage and salary data for entry-level employees.**
