"STUDENT'S RIGHT TO CANCEL" - INSTITUTIONAL REFUND POLICY

This is a state mandated policy following the Bureau for Private Postsecondary Education Code of Regulation 71750. This policy applies to all Students and programs. The school participates in federal financial aid programs, Title IV and PELL. The school does not participate in state financial aid programs.

1. Any monies due the Student shall be refunded within 30 days of official cancellation or withdrawal. Official cancellation or withdrawal shall occur on the earlier of the dates that:
    a. A Student is not accepted by the School. This Student shall be entitled to a refund of all monies paid to the School except a non-refundable application fee of $25.00.
    b. A Student (or in the case of a Student under legal age, his/her parent or guardian) cancels his/her enrollment agreement and demands his/her money back in writing, through attendance of the first class session or the seventh (7) business day after enrollment, whichever is later. In this case all monies collected by the School shall be refunded except a non-refundable application fee. This policy applies regardless of whether or not the Student has actually started training.
    c. A Student who cancels his/her enrollment agreement through attendance of the first class session or the seventh (7) business day after enrollment is entitled to a refund of all monies paid to the School less an application fee of $25.00.
    d. A Student notifies the institution of his/her official withdrawal in writing.
    e. A Student is expelled by the institution.
    f. For official cancellations as defined in paragraphs b, c, d, or e, the cancellation date will be determined by the postmark on written notification at the following address: Paul Mitchell The School Costa Mesa, 3309 Hyland Avenue, Suite J, Costa Mesa, CA 92626, or by the date said information is delivered to the School administrator/owner in person. Written cancellations need not take any particular form.
    g. Monies paid for Student kits are non-refundable after the cancellation period.
    h. A Student on a leave of absence date of withdrawal determination shall be the earlier of the scheduled date of return from the leave of absence or the date the Student notifies the School that the Student will not be returning.
2. You have the right to cancel your enrollment agreement and obtain a refund of charges paid through attendance of the first class session or the seventh (7) business day after enrollment, whichever is later. YOU MUST CANCEL IN WRITING. Students do not have the right to cancel by telephoning the School or by not coming to class.
   Date which the Student can cancel the enrollment contract: _____
3. Any monies due a Student who unofficially withdraws from the institution shall be refunded within 45 days of a determination by the institution that the Student has withdrawn without notifying the institution. Unofficial withdrawals are monitored every 15 days and a determination is made to withdraw a Student who has been absent from School for 14 or more consecutive calendar days; the withdrawal date that will be used in this calculation is the Student's actual last date of attendance.
4. When situations of mitigating circumstances are in evidence, such as serious illness, a disabling accident, or death in the immediate family, the School may make a settlement that is reasonable and fair to both parties.
5. All extra costs, such as books, equipment, graduation fees, application fee, rentals, and other such charges, are not considered in the tuition adjustment computation if the charges are itemized separately in the kit purchase agreement.
6. Monies paid for supplies and equipment are non-refundable after the cancellation period.
7. If a course and/or program is cancelled subsequent to a Student's enrollment, and before instruction in the course and/or program has begun, the School shall either provide a full refund of all monies paid or provide completion of the course and/or program.

8. If a course and/or program is cancelled and ceases to offer instruction after the Student has enrolled and instruction has begun, the School shall either provide a full refund of all monies paid or provide completion of the course and/or program.
9. A Student's account may be sent to collections for nonpayment.
10. If an institution closes or discontinues a program prior to the completion of the contracted services, the institution shall provide a pro-rata refund only if the Bureau determines the school made provisions for Students enrolled at the time of default to complete a comparable educational program at another institution at no additional charge to the student beyond the amount of the total charges in the original enrollment agreement. If the institution does not make that provision, the institution shall provide Students a full refund of all institutional charges.
11. A Student is entitled to a refund of monies not paid from federal student aid program funds.

Students are responsible for the amount owed. If a Student obtains a student loan, he/she is responsible for repaying the loan amount, plus interest, less the amount of any refund. The institution shall also provide a pro rata refund of non-federal Student financial aid program monies paid for institutional charges to Students who have completed 60 percent or less of the period of attendance.

If you are eligible for a loan guaranteed by the federal or state government and you default on the loan, both of the following may occur:

1. The federal or state government or a loan guarantee agency may take action against the Student, including applying any income tax refund to which the person is entitled to reduce the balance owed on the loan.
2. You may not be eligible for any other federal student financial aid at another institution or other government assistance until the loan is repaid.

An institution that participates in the federal student financial aid programs complies with this article by complying with applicable regulations of the federal Student financial aid programs under Title IV of the federal Higher Education Act of 1965.

"STUDENT'S RIGHT TO CANCEL" - INSTITUTIONAL REFUND POLICY

This is a state mandated policy following the Bureau for Private Postsecondary Education Code of Regulation 71750. This policy applies to all Students and programs. The school participates in federal financial aid programs, Title IV and PELL. The school does not participate in state financial aid programs.

1. Any monies due the Student shall be refunded within 30 days of official cancellation or withdrawal. Official cancellation or withdrawal shall occur on the earlier of the dates that:
    a. A Student is not accepted by the School. This Student shall be entitled to a refund of all monies paid to the School except a non-refundable application fee of $25.00.
    b. A Student (or in the case of a Student under legal age, his/her parent or guardian) cancels his/her enrollment agreement and demands his/her money back in writing, through attendance of the first class session or the seventh (7) business day after enrollment, whichever is later. In this case all monies collected by the School shall be refunded except a non-refundable application fee. This policy applies regardless of whether or not the Student has actually started training.
    c. A Student who cancels his/her enrollment agreement through attendance of the first class session or the seventh (7) business day after enrollment is entitled to a refund of all monies paid to the School less an application fee of $25.00.
    d. A Student notifies the institution of his/her official withdrawal in writing.
    e. A Student is expelled by the institution.
    f. For official cancellations as defined in paragraphs b, c, d, or e, the cancellation date will be determined by the postmark on written notification at the following address: Paul Mitchell The School Costa Mesa, 3309 Hyland Avenue, Suite J, Costa Mesa, CA 92626, or by the date said information is delivered to the School administrator/owner in person. Written cancellations need not take any particular form.
    g. Monies paid for Student kits are non-refundable after the cancellation period.
    h. A Student on a leave of absence date of withdrawal determination shall be the earlier of the scheduled date of return from the leave of absence or the date the Student notifies the School that the Student will not be returning.
2. You have the right to cancel your enrollment agreement and obtain a refund of charges paid through attendance of the first class session or the seventh (7) business day after enrollment, whichever is later. YOU MUST CANCEL IN WRITING. Students do not have the right to cancel by telephoning the School or by not coming to class.
   Date which the Student can cancel the enrollment contract: _____
3. Any monies due a Student who unofficially withdraws from the institution shall be refunded within 45 days of a determination by the institution that the Student has withdrawn without notifying the institution. Unofficial withdrawals are monitored every 15 days and a determination is made to withdraw a Student who has been absent from School for 14 or more consecutive calendar days; the withdrawal date that will be used in this calculation is the Student's actual last date of attendance.
4. When situations of mitigating circumstances are in evidence, such as serious illness, a disabling accident, or death in the immediate family, the School may make a settlement that is reasonable and fair to both parties.
5. All extra costs, such as books, equipment, graduation fees, application fee, rentals, and other such charges, are not considered in the tuition adjustment computation if the charges are itemized separately in the kit purchase agreement.
6. Monies paid for supplies and equipment are non-refundable after the cancellation period.
7. If a course and/or program is cancelled subsequent to a Student's enrollment, and before instruction in the course and/or program has begun, the School shall either provide a full refund of all monies paid or provide completion of the course and/or program.

8. If a course and/or program is cancelled and ceases to offer instruction after the Student has enrolled and instruction has begun, the School shall either provide a full refund of all monies paid or provide completion of the course and/or program.
9. A Student's account may be sent to collections for nonpayment.
10. If an institution closes or discontinues a program prior to the completion of the contracted services, the institution shall provide a pro-rata refund only if the Bureau determines the school made provisions for Students enrolled at the time of default to complete a comparable educational program at another institution at no additional charge to the student beyond the amount of the total charges in the original enrollment agreement. If the institution does not make that provision, the institution shall provide Students a full refund of all institutional charges.
11. A Student is entitled to a refund of monies not paid from federal student aid program funds.

Students are responsible for the amount owed. If a Student obtains a student loan, he/she is responsible for repaying the loan amount, plus interest, less the amount of any refund. The institution shall also provide a pro rata refund of non-federal Student financial aid program monies paid for institutional charges to Students who have completed 60 percent or less of the period of attendance.

If you are eligible for a loan guaranteed by the federal or state government and you default on the loan, both of the following may occur:

1. The federal or state government or a loan guarantee agency may take action against the Student, including applying any income tax refund to which the person is entitled to reduce the balance owed on the loan.
2. You may not be eligible for any other federal student financial aid at another institution or other government assistance until the loan is repaid.

An institution that participates in the federal student financial aid programs complies with this article by complying with applicable regulations of the federal Student financial aid programs under Title IV of the federal Higher Education Act of 1965.

"STUDENT'S RIGHT TO CANCEL" - INSTITUTIONAL REFUND/DROP POLICY

This is a state mandated policy following the Bureau for Private Postsecondary Education Code of Regulation 71750. This policy applies to all students and programs. The school participates in federal aid programs, Title IV and PELL. The school does not participate in state financial aid programs.

1. Any monies due the student shall be refunded within 30 days of official cancellation or withdrawal. Official cancellation or withdrawal shall occur on the earlier of the dates that:
    a. A student is not accepted by the school. This student shall be entitled to a refund of all monies paid to the school except a non-refundable application fee.
    b. A student (or in the case of a student under legal age, his/her parent or guardian) cancels his/her contract and demands his/her money back in writing, through attendance of the first class session or the seventh (7) business after enrollment, whichever is later. In this case all monies collected by the school shall be refunded except a non-refundable application fee. This policy applies regardless of whether or not the student has actually started training.
    c. A student who cancels his/her contract through attendance of the first class session or the seventh (7) business after enrollment is entitled to a refund of all monies paid to the school less an application fee of $25.00.
    d. A student notifies the institution of his/her official withdrawal in writing.
    e. A student is expelled by the institution.
    f. For official cancellations as defined in paragraphs b, c, d, or e, the cancellation date will be determined by the postmark on written notification at the following address: *Paul Mitchell The School San Diego 410 A St., San Diego, CA 92101,* or by the date said information is delivered to the school administrator/owner in person. Written cancellations need not take any particular form.
    g. Monies paid for student kits are non-refundable after the cancellation period.
    h. A student on a leave of absence date of withdrawal determination shall be the earlier of the scheduled date of return from the leave of absence or the date the student notifies the school that the student will not be returning.
2. You have the right to cancel your Enrollment agreement and obtain a refund of charges paid through attendance of the first class or the seventh (7) business after enrollment, whichever is later. YOU MUST CANCEL IN WRITING. Students do not have the right to cancel by telephoning the school or by not coming to class.

    Date which the Student can cancel the enrollment contract: _____

3. Any monies due a student who unofficially withdraws from the institution shall be refunded within 45 days of a determination by the institution that the student has withdrawn without notifying the institution. Unofficial withdrawals are monitored every 15 days and a determination is made to withdraw a student who has been absent from school for 14 or more consecutive calendar days; the withdrawal date that will be used in this calculation is the student's actual last date of attendance.
4. When situations of mitigating circumstances are in evidence, such as serious illness, a disabling accident, or death in the immediate family, the school may make a settlement that is reasonable and fair to both parties.
5. All extra costs, such as books, equipment, graduation fees, application fee, rentals, and other such charges, are not considered in the tuition adjustment computation if the charges are itemized separately in the kit purchase agreement.
6. Monies paid for supplies and equipment are non-refundable after the cancellation period.
7. If a course and/or program is cancelled subsequent to a student's enrollment, and before instruction in the course and/or program has begun, the school shall either provide a full refund of all monies paid or provide completion of the course and/or program.

8. If a course and/or program is cancelled and ceases to offer instruction after the student has enrolled and instruction has begun, the school shall either provide a full refund of all monies paid or provide completion of the course and/or program.
9. A student's account may be sent to collections for nonpayment.
10. If an institution closes or discontinues a program prior to the completion of the contracted services, the institution shall provide a pro-rata refund only if the Bureau determines the school made provisions for students enrolled at the time of default to complete a comparable educational program at another institution at no additional charge to the student beyond the amount of the total charges in the original enrollment agreement. If the institution does not make that provision, the institution shall provide students a full refund of all institutional charges.
11. A student is entitled to a refund of moneys not paid from federal student aid program funds.
12. For students who withdraw or are terminated prior to completion, an administrative fee of $100 is charged.

Students are responsible for the amount owed. If a student obtains a student loan, he/she is responsible for repaying the loan amount, plus interest, less the amount of any refund. The institution shall also provide a pro rata refund of non federal student financial aid program monies paid for institutional charges to students who have completed 60 percent or less of the period of attendance.

If you are eligible for a loan guaranteed by the federal or state government and you default on the loan, both of the following may occur:

1. The federal or state government or a loan guarantee agency may take action against the student, including applying any income tax refund to which the person is entitled to reduce the balance owed on the loan.
2. You may not be eligible for any other federal student financial aid at another institution or other government assistance until the loan is repaid.

"STUDENT'S RIGHT TO CANCEL" - INSTITUTIONAL REFUND/DROP POLICY

This is a state mandated policy following the Bureau for Private Postsecondary Education Code of Regulation 71750. This policy applies to all students and programs. The school participates in federal aid programs, Title IV and PELL. The school does not participate in state financial aid programs.

1. Any monies due the student shall be refunded within 30 days of official cancellation or withdrawal. Official cancellation or withdrawal shall occur on the earlier of the dates that:
    a. A student is not accepted by the school. This student shall be entitled to a refund of all monies paid to the school except a non-refundable application fee.
    b. A student (or in the case of a student under legal age, his/her parent or guardian) cancels his/her contract and demands his/her money back in writing, through attendance of the first class session or the seventh (7) business after enrollment, whichever is later. In this case all monies collected by the school shall be refunded except a non-refundable application fee. This policy applies regardless of whether or not the student has actually started training.
    c. A student who cancels his/her contract through attendance of the first class session or the seventh (7) business after enrollment is entitled to a refund of all monies paid to the school less an application fee of $25.00.
    d. A student notifies the institution of his/her official withdrawal in writing.
    e. A student is expelled by the institution.
    f. For official cancellations as defined in paragraphs b, c, d, or e, the cancellation date will be determined by the postmark on written notification at the following address: *Paul Mitchell The School San Diego 410 A St., San Diego, CA 92101,* or by the date said information is delivered to the school administrator/owner in person. Written cancellations need not take any particular form.
    g. Monies paid for student kits are non-refundable after the cancellation period.
    h. A student on a leave of absence date of withdrawal determination shall be the earlier of the scheduled date of return from the leave of absence or the date the student notifies the school that the student will not be returning.
2. You have the right to cancel your Enrollment agreement and obtain a refund of charges paid through attendance of the first class or the seventh (7) business after enrollment, whichever is later. YOU MUST CANCEL IN WRITING. Students do not have the right to cancel by telephoning the school or by not coming to class.

    Date which the Student can cancel the enrollment contract: _____

3. Any monies due a student who unofficially withdraws from the institution shall be refunded within 45 days of a determination by the institution that the student has withdrawn without notifying the institution. Unofficial withdrawals are monitored every 15 days and a determination is made to withdraw a student who has been absent from school for 14 or more consecutive calendar days; the withdrawal date that will be used in this calculation is the student's actual last date of attendance.
4. When situations of mitigating circumstances are in evidence, such as serious illness, a disabling accident, or death in the immediate family, the school may make a settlement that is reasonable and fair to both parties.
5. All extra costs, such as books, equipment, graduation fees, application fee, rentals, and other such charges, are not considered in the tuition adjustment computation if the charges are itemized separately in the kit purchase agreement.
6. Monies paid for supplies and equipment are non-refundable after the cancellation period.
7. If a course and/or program is cancelled subsequent to a student's enrollment, and before instruction in the course and/or program has begun, the school shall either provide a full refund of all monies paid or provide completion of the course and/or program.

8. If a course and/or program is cancelled and ceases to offer instruction after the student has enrolled and instruction has begun, the school shall either provide a full refund of all monies paid or provide completion of the course and/or program.
9. A student's account may be sent to collections for nonpayment.
10. If an institution closes or discontinues a program prior to the completion of the contracted services, the institution shall provide a pro-rata refund only if the Bureau determines the school made provisions for students enrolled at the time of default to complete a comparable educational program at another institution at no additional charge to the student beyond the amount of the total charges in the original enrollment agreement. If the institution does not make that provision, the institution shall provide students a full refund of all institutional charges.
11. A student is entitled to a refund of moneys not paid from federal student aid program funds.
12. For students who withdraw or are terminated prior to completion, an administrative fee of $100 is charged.

Students are responsible for the amount owed. If a student obtains a student loan, he/she is responsible for repaying the loan amount, plus interest, less the amount of any refund. The institution shall also provide a pro rata refund of non federal student financial aid program monies paid for institutional charges to students who have completed 60 percent or less of the period of attendance.

If you are eligible for a loan guaranteed by the federal or state government and you default on the loan, both of the following may occur:

1. The federal or state government or a loan guarantee agency may take action against the student, including applying any income tax refund to which the person is entitled to reduce the balance owed on the loan.
2. You may not be eligible for any other federal student financial aid at another institution or other government assistance until the loan is repaid.

    b. A student (or in the case of a student under legal age, his/her parent or guardian) cancels his/her contract and demands his/her money back in writing, through attendance of the first class session or the seventh (7) business after enrollment, whichever is later. In this case all monies collected by the school shall be refunded except a non-refundable application fee. This policy applies regardless of whether or not the student has actually started training.

Unofficial withdrawals are monitored every 15 days and a determination is made to withdraw a student who has been absent from school for 14 or more consecutive calendar days; the withdrawal date that will be used in this calculation is the student's actual last date of attendance.
4. When situations of mitigating circumstances are in evidence, such as serious illness, a disabling accident, or death in the immediate family, the school may make a settlement that is reasonable and fair to both parties.
5. All extra costs, such as books, equipment, graduation fees, application fee, rentals, and other such charges, are not considered in the tuition adjustment computation if the charges are itemized separately in the kit purchase agreement.

The institution shall also provide a pro rata refund of non federal student financial aid program monies paid for institutional charges to students who have completed 60 percent or less of the period of attendance.

If you are eligible for a loan guaranteed by the federal or state government and you default on the loan, both of the following may occur:

5. All extra costs, such as books, equipment, graduation fees, application fee, rentals, and other such charges, are not considered in the tuition adjustment computation if the charges are itemized separately in the kit purchase agreement.

ONLINE/ASYNCHRONOUS COMPONENT — ACCESS, CANCELLATION, AND REFUNDS

Students shall have the right to cancel the enrollment agreement and receive a full refund before the first lesson and materials are received. Cancellation is effective on the date written notice of cancellation is sent.

For the online, asynchronous component of this program, the institution will transmit access credentials or online portal log-ins to you within seven (7) days after the School accepts the Student for enrollment.

Under 5 CCR § 71716, you have the right to cancel this agreement and receive a 100% refund (less any permitted application fee) at any time before you receive your access credentials, log into the digital course portal, or the first online lesson is transmitted to you — whichever occurs first. Cancellation is effective on the date your written cancellation notice is sent.

Once your access credentials have been transmitted to you or you have accessed the online learning system, the first lesson is considered received, and your cancellation right under this section ends. If you subsequently withdraw from the program, any refund owed will be calculated based on the "Student's Right To Cancel" - Institutional Refund Policy.

The School shall transmit all of the lessons and other materials to the Student if the Student (1) has fully paid for the educational program and (2) after having received the first lesson and materials, requests in writing that all of the material be sent. If the School transmits the balance of the material as the Student requests, the School shall remain obligated to provide the other educational services it agreed to provide, such as responses to Student inquiries,

Student evaluation, and examinations, but the School shall not be obligated to pay any refund after all of the lessons and material are transmitted.
