# STUDENT'S RIGHT TO CANCEL

The student's right to cancel the enrollment agreement and withdraw from ABC Technical College is subject to the following terms and conditions:

Cancellation and withdrawal must be in writing.

Students are considered enrolled until written notice is received by the school. No other form of cancellation notice will be accepted. Dropping out of a course/program will not be considered as a form of enrollment cancellation or early training termination until written notice is received.

Cancellation is effective on the date written notice is received by ABC Technical College. A student has the right to cancel the enrollment agreement and obtain a full refund through attendance at the first-class session or the seventh day after enrollment, whichever is later, minus the non-refundable registration fee, if written notice of cancellation is provided to the school.

If the school sent the first lesson and materials before an effective cancellation notice was received, the school should make a refund within 45 days after receipt of student's unused materials by the school, if returnable. Written notice of cancellation or withdrawal sent by mail must be mailed to 11100 Valley Blvd. Ste #300., El Monte, CA 91731, and is active on the date is written notice is sent. You should keep a record of the date, time and place of mailing of the notice of cancellation or withdrawal.

You will be provided with one of the school's "Notice of Cancellation" form which you may use to cancel your enrollment from the school. However, the written notice of cancellation need not take any form; however, expressed in writing, is effective if it's signed and dated, and it indicates that you no longer desire to be bound by the enrollment agreement or attend class.

Students are obligated to pay only for educational services rendered, including fees associated with those services and non-refundable charges. A student may withdraw from a course after the cancellation period and receive a prorated refund.

A student's prorated refund will be calculated by taking the total the student has paid, less the sum of non-refundable fees plus the cost of any services provided plus the documented cost of equipment plus the product of the rate of instruction multiplied by the number of hours the student attended. The rate of instruction will be the quotient of dividing the total tuition contracted by the total number of clock hours contracted.

The student's right to cancel the enrollment agreement and withdraw from ABC Technical College is subject to the following terms and conditions:

Cancellation and withdrawal must be in writing.

Students are considered enrolled until written notice is received by the school. No other form of cancellation notice will be accepted. Dropping out of a course/program will not be considered as a form of enrollment cancellation or early training termination until written notice is received.

Cancellation is effective on the date written notice is received by ABC Technical College. A student has the right to cancel the enrollment agreement and obtain a full refund through attendance at the first-class session or the seventh day after enrollment, whichever is later, minus the non-refundable registration fee, if written notice of cancellation is provided to the school.

If the school sent the first lesson and materials before an effective cancellation notice was received, the school should make a refund within 45 days after receipt of student's unused materials by the school, if returnable. Written notice of cancellation or withdrawal sent by mail must be mailed to 11100 Valley Blvd. Ste #300., El Monte, CA 91731, and is active on the date is written notice is sent. You should keep a record of the date, time and place of mailing of the notice of cancellation or withdrawal.

You will be provided with one of the school's "Notice of Cancellation" form which you may use to cancel your enrollment from the school. However, the written notice of cancellation need not

take any form; however, expressed in writing, is effective if it's signed and dated, and it indicates that you no longer desire to be bound by the enrollment agreement or attend class.

Students are obligated to pay only for educational services rendered, including fees associated with those services and non-refundable charges. A student may withdraw from a course after the cancellation period and receive a prorated refund.

A student's prorated refund will be calculated by taking the total the student has paid, less the sum of non-refundable fees plus the cost of any services provided plus the documented cost of equipment plus the product of the rate of instruction multiplied by the number of hours the student attended. The rate of instruction will be the quotient of dividing the total tuition contracted by the total number of clock hours contracted.

If the school sent the first lesson and materials before an effective cancellation notice was received, the school should make a refund within 45 days after receipt of student's unused materials by the school, if returnable.
