PRESIDENT'S WELCOME

Hallelujah! Peace be with you in the name of the Lord.

Our school was founded in Los Angeles in 1977. In the last 43 years we had number of students who graduated from our seminary. It was through our teaching and ministry training that help students to hold strong biblical doctrine that would guide them from not conforming to the superficial teachings of today's liberal theological trends. Through our efforts we have contributed to the growth and revival of the Korean American churches and the development of world mission.

Our seminary is approved by the Bureau for Private Postsecondary Education (BPPE) of the State of California. Our school is accredited by the Association for Biblical Higher Education. ABHE is a national institutional accrediting agency recognized by the Council on Higher Education Accreditation (CHEA) and the U.S. Department of Education.

We are not content in just making an impact in our local cities but to expand and be a formidable seminary to the world. We are proud of sending out well equipped pastors, professors, missionaries, and lay leaders who have dedicated their lives in serving the community and the world through sweat and tears. Our purpose is to first make servants of God who can lead today's Korean American churches and world mission and second to teach proper reformed theology. We would love to have you come visit our Los Angeles campus and join us in the vision in building God's kingdom through the gospel to the world.

Your fellow servant of the gospel,

Rev. Hun Sung Park, Ph.D.
President of the International Reformed University and Seminary

History

IRUS, the oldest Korean-language theological institution in America, has been playing a significant role in the remarkable expansion of Korean churches in the United States and in global missionary.

International Reformed University and Seminary (IRUS) was established by immigrant pastors from Korea's biggest congregation, Korean Presbyterian Church, who inherited the spirit of the Presbyterian Church in order to educate pastors and Christian educators.

IRUS began in September 1977 as Reformed Presbyterian Seminary, under the leadership of Rev. John E. Kim as the first president of the Seminary. Rev. Jin Tae Lee was the first Academic Dean, Rev. Sang Keon Lee and Dr. Michael De Vries served as faculty members. Dr. Hun Sung Park serves as the current president and Dr. Jack D. Kim serves as the current chairman of the board.

IRUS was granted initial accreditation by the Association of Biblical Higher Education (ABHE) in February 2013, and was granted 10-year reaffirmation of accreditation in 2018. Our current accreditation status with ABHE is effective until 2028.

Mission Statement

The Master of Divinity (M.Div.) program prepares students for attaining the Reformed theological background and practical ministry skills. This program is designed primarily for those who expect to enter the pastoral ministry and is helpful for pastors and missionaries in the field. This program provides the standard theology degree that sets the stage for ordained professional ministry. Students may be qualified to pursue a doctoral program in pastoral ministry, including the D.Min. program.

Program Learning Outcomes

The M.Div. degree program offers the following outcomes. Students will be able to:

- describe the core teachings of Reformed Theology and explain how such teachings can be applied to each Christian life.
- interpret core biblical characters, events and topics using the Bible as the primary source and train others to apply these biblical principles in their lives.
- articulate the core principles of biblical leadership and ways to develop leadership capacity in healthy, personal relationships with God.
- demonstrate professional ministerial abilities in diverse cultural and social contexts as theologically reflective practitioners.
- analyze cultural and global issues involved in church ministry and missionary endeavors worldwide in order to provide transforming leadership in an ever-changing world.

Degree Requirements

Students receive the M.Div. degree when they complete a minimum of 96-semester units.

1. Biblical Languages (6 units)
2. Biblical Studies: Old Testament (12 Units), New Testament (12 Units)
3. Theology: Systematic Theology (15 Units), Historical Theology (12 Units)
4. Christian Formation & Ministry (21 units)

Official classification is based on the number of units completed toward graduation as follows: 1st year students 0-32; 2nd year students 33-64; third year students 65-96.

Design of the Curriculum

The M.Div. curriculum is designed to offer training for the pastoral ministry. Concentrated study in three basic areas, Bible, Theology, and the Practical Theology, characterizes this three-year program. Bible courses include the basic structure, content, and theology of each book of the Bible along with such details concerning major characters, dates, and places as are necessary. Principles of hermeneutics and exegesis, using the original languages as well as the English Bible, are also included. Students learn to apply the scriptures to contemporary circumstances.

4.1.5 Doctor of Ministry (D.Min.)

Program Mission

The Doctor of Ministry (D.Min.) degree program provides advanced training in the practice of ministry leadership to those actively engaged in vocational ministry. The program seeks to develop expertise in the understanding and application of reformed theology, the sufficiency of the Bible, practical leadership in ministry, the work of lay/clergy in ministry, and the integration of the work of missions. The Doctor of Ministry degree is the highest professional degree for individuals serving in local churches, para-church positions and global mission ministries.

Program Learning Outcomes

The D.Min. degree program offers the following outcomes.

Students will be able to:

- demonstrate an advanced understanding of the Reformed Theology and competencies for a theologically reflective practice of ministry.
- understand the sufficiency of the Word of God and demonstrate advanced capacities for biblical theological reflection on preaching and pastoral ministry.
- develop biblical, theological, and cultural understandings of leadership and construct a framework for leadership development.
- grow in ministry skills such as exegetical preaching, Christian education, leadership, administration and vision casting, and apply these skills in ethnically and globally diverse settings.
- understand today's issues and culture, integrate them with mission paradigms/theories, and demonstrate various personal skills in ministry.

Design of the Curriculum

The Doctor of Ministry program includes six required seminars (5 units each) and a research project (4 units each). For F-1 students, they require five practicums (3 units each) additionally. Each seminar will involve a pre-residency period of reading, a residency period during which students meet on campus in Los Angeles and attend daily lectures/discussion sessions for five days, and a post-residency period during which each will apply principles learned a project in the context of their full-time ministry setting.

- LDR815 God's Calling, Gifts, Talents, Skills, and Leadership (5 units)
- BIB825 Sufficiency of the Word of God (5 units)
- THE835 Reformed Theology (5 units)
- MIN845 Skills for Deeper Ministry (5 units)
- MIS855 Toward Global Ministry (5 units)
- RES869 Research Methodology /Dissertation Writing (5 units)
- RES870 Dissertation (4 units)
- RES871 Dissertation (3 units)*
- PRA905A-E Practicum (3 units)

* the subsequent dissertation continuation course

The first five courses will each directly fulfill an educational goal and a ministerial goal of the program while all classes will seek to fulfill the program's spiritual goal. A sixth course will be taught at the end of the program focusing on research methods, preparing and guiding students as they develop their research project.

The research project will have appropriate academic rigor and a written component but will be primarily focused on practical ministry, as graduates of the program will be sent out to be practitioners in ministry leadership not scholars.

The completion of the minimum number of hours does not automatically qualify a student for the degree. The candidate must show, to the satisfaction of the faculty, proven Christian character, ability and acceptability in Christian ministry and continued adherence to the IRUS doctrinal statement.

Degree Requirements

The D.Min. program requires 34 semester hours consisting of 30 hours of coursework plus a 4-hour applied research project related to the student's ministry. For F-1 students, the program requires a total of 49 semester hours consisting of 30 hours of course work plus a 4-hour applied research project and 15 hours of practicums.

All work leading to the Doctor of Ministry degree must be completed in not less than three and not more than six years from the time of matriculation. For F-1 students, the time limit for completing the degree is four years. A minimum grade of B- must be received in each course for it to be counted toward graduation.

ACADEMIC POLICIES

INTERNATIONAL REFORMED UNIVERSITY & SEMINAR

5.0 ACADEMIC POLICIES

Registration

For regular attendance in any class, students must be registered for the class. Registration usually takes place one month before classes begin and continues until Friday of the first week of the semester. Additional drop/ add is made until two weeks after the semester starts. Registration for intensive classes must be received no later than the first day of class. Registration for Winter/ Summer Special Lectures will be done by the first day of the lectures. All students should meet with the Academic Dean prior to their registration.

Enrollment Status

Full time students are required to take a minimum of 12 units for B.A., 9 units for M.A. and M.Div., and 8 units for D.Min. per semester. Students carrying less than the minimum requirements are considered as part-time students. D.Min. students registered in the dissertation course (RES870, 871) are considered full-time enrolled although the number of units enrolled will be below the normal full-time course load.

Students are normally permitted to carry a maximum of 18 units for B.A. students and 15 units for M.A./M.Div. students each semester. To exceed maximum load, the student must receive the Academic Dean's approval.

Attendance

Students are expected to attend all classes for which they have registered. In case of an extended absence, students are expected to report to the instructor and the Academic Dean. Each faculty member decides his or her own policies concerning class attendance. When unexcused absences exceed three absences out of 15 sessions of class, or the instructor judges a student's absences to be so excessive as to make it impossible for the student to complete the course successfully, the instructor must drop the students from the class.

Professors will begin recording attendance the first day of class and absences may impact grades. After roll call by the professor, leaving the class without permission will be considered as an absence.

Examinations

There are mid-term examinations and final examinations. Final examinations are scheduled during regular class hours during the last week of each term. Students are expected to take their final exams at the scheduled time. In the case of extenuating circumstances, arrangements may be made with the professor to take an exam at another time.

Grading

IRUS uses the following grading system

A	4.0	A-	3.7		
B+	3.3	B	3.0	B-	2.7
C+	2.3	C	2.0	C-	1.7
D+	1.3	D	1.0	D-	0.7
F	0.0*	I	Incomplete**	W	Withdraw
R	Repeated	P	Pass		

*A grade of 'F' can be raised a maximum grade of 'B+' after retaking the course.

**A grade of 'I' can be changed to a grade of 'F' by the end of the next semester when all course requirements have not been satisfied.

Letter Grad Descriptions

A	Work of highest quality in all areas; virtually flawless mastery of facts and concepts; creative; able to evaluate data and trends.
B	Above average mastery of facts, concepts, creativity and analysis. Student manifests lack of understanding in a few areas but generally this student has performed well in demonstrating that they have achieved the course objectives. Student demonstrates that they will potentially show effective leadership in ministry.
C	Average grasp of facts, concepts, creativity and analysis. Student has achieved many of the learning objectives for the course and displays an average ability to perform tasks for ministry.
D	Below average grasp of facts and competence for ministry. This grade reflects the fact that the student did not achieve many of the learning objectives of the course and it indicates a minimum proficiency level of learning. It indicates that the student is deficient in ministry preparation in this area.
F	Lack of understanding of key concepts and skills. Failure to achieve minimal levels of learning and ministry preparation. No credits awarded.

Incomplete Courses

A grade of Incomplete may be granted when a student's work in a course is not completed at the end of the term. Incomplete is allowed only when necessary and the instructor and academic dean will decide whether it is necessary. Students should submit the request form and be approved by the instructor and dean. If an 'Incomplete' is permitted a student should submit the completed assignment to the professor at the end of the next Semester.

Repeated Courses

If a student receives a failing grade, the student may retake the course. If the course is retaken, the new grade will be calculated into the student's grade point average replacing the previous failing grade. The maximum grade is 'B+' and students must pay the current tuition to retake the course.

Auditing

Currently enrolled students and their spouses, pastors, and missionaries can audit the classes by paying \$50 per unit for BA classes and \$100 per unit for Master classes. Some courses are not allowed to audit.

Academic Standing

At the end of each semester, a student's progress will be monitored. When there is evidence of lack of satisfactory progress, the academic committee may place students on academic probation and the Academic Dean will counsel with the student.

Academic Probation

Any bachelor degree objective student whose CGPA falls below 2.5 and any graduate student (masters or doctoral degree) whose CGPA falls below 3.0 in courses receiving letter grades for work attempted at IRUS shall be placed on academic probation.

1. A student on probation is required to meet with his/her academic advisor to review their academic progress.
2. A student on probation may be assigned a restricted program of studies.

3. Any bachelor degree student who is on academic probation whose grade point average for coursework undertaken in the semester just completed is 2.5 or better, but whose overall or cumulative grade point average for all coursework attempted is still less than 2.5, shall remain on academic probation. Any graduate students whose GPA is 3.0 or better for coursework just completed, but whose cumulative GPA, CGPA, is still less than 3.0 shall remain on probation.

Removal from Probation

Any student placed on academic probation shall be removed from probation when the cumulative grade point average at IRUS has improved to 2.5 for bachelor degree students and 3.0 for graduate students.

Academic Disqualification

A student may stay on academic probation no more than two semesters. Any bachelor degree student currently on academic probation whose grade point average for coursework undertaken in the semester just completed is less than 2.5 and any graduate student whose GPA is less than 3.0 shall be academically disqualified and other appropriate agencies will be promptly notified.

Any student who is academically disqualified may not attend the University during the succeeding semester. Re-enrollment or re-admission will be approved only after evidence is shown to the appropriate university official's satisfaction program director, department chairperson, school dean or director of admissions and records that the conditions that caused the interruption for unsatisfactory progress have been rectified. A re-applying student must meet all the university's and the program's entrance requirements in effect at the time of re-applying. Should a student, undergraduate or graduate, wish to re-apply for admission to the same program they were disqualified from previously, it will be the decision of the appropriate administrator as to whether or not to re-admit the student to the program, and, if so, what the student's status or standing in the program will be.

Reinstatement

Any student who believes he/she has been unjustifiably disqualified may file a petition with the Office of Admissions requesting that such disqualification be reconsidered.

Graduation

Degrees are recorded each semester. In order to graduate in a given term, a student must:

1. Complete the course of study as outlined in the curriculum for the degree;
2. Be in good academic standing;
3. Pay all debts to the university/seminary or make necessary financial arrangements;
4. Submit an application for graduation by the first week of the semester of intended graduation;
5. Complete all work by the end of the term;
6. Applicants are required to pay the graduation fee. Graduation fee is \$300 for this year but, it is subject to change each year.

The Commencement Ceremony is held only at the end of the Spring Semester.

Honors

For graduation honors, students completing their programs with an overall grade point average of 3.75 will be graduated with Cum Laude (Honors); students with a 3.9 GPA for Magna Cum Laude (High Honors).

Emergency Leave of Absence

If an extreme emergency makes it impossible for a student to attend classes for a short period of time, the student may petition the instructor for an Emergency Leave of Absence (ELA). Petitions for leaves of absences are obtained from the Office of the Registrar. Absences incurred while on an ELA are not counted toward excessive absence. Approval is at the discretion of the instructor and may be for periods not to exceed five class days. Instructors will be asked to give make-up assignments for all work missed during the ELA.

Under no circumstances will emergency leaves be granted at the end of the semester when finals would be missed or course requirements not fulfilled.

Leave of Absence (*Planned Educational Leave*)

When a student finds it necessary to interrupt progress toward a degree for a reason that is related to his or her educational objective and that is acceptable to the appropriate university authorities, the student may be granted a Leave of Absence (LA).

Only students in good standing are eligible for a LA. A LA will be granted when the student has filed an approved petition with the Office of the Registrar. The leave petition, which must be approved by the appropriate academic administrator, shall specify the reasons for the leave and the duration of the leave.

A student granted a LA has a commitment from the University to be reinstated in good standing. The reason(s) for requesting a leave must be stated clearly and completely. Reasons students may petition for a LA are, but are not limited to, the following:

1. professional or academic opportunities such as travel or study abroad, employment related to educational goals in the student's major field of study, or participation in field study or research projects;
2. medical reasons including pregnancy, major surgery, or other health-related circumstances, and
3. financial reasons such as the necessity to work for a specified period in order to resume study with adequate resources.

Approval will depend upon the significance of the leave in furthering the student's educational objective. It is the student's responsibility to demonstrate that there is a significant relationship between the LA and progress toward their educational objective.

Leaves may be granted for a maximum of two years or four consecutive semesters. A request for a LA must be filed prior to the period of absence. Retroactive leave requests will not be approved.

Failure to return from a LA, as specified in the approved petition, will be considered as a withdrawal from the University. Under such circumstances, re-enrollment will require a full application for readmission under the same circumstances as any new or returning applicant, including enrollment in the curriculum in effect at the time of re-enrollment.

Bible Test

A comprehensive Bible test (ABHE Bible test) is required to graduate for all M.Div. students (except Advanced Standing students). By passing the test, the student has completed the obligation to demonstrate a working knowledge of biblical content for graduation. Students must pass the test with a score of seventy percent or above in order to complete the degree program.

Pastoral Internship

All M.Div. students (except Advanced Standing students) are required to register for the internship program (PT611~613 Pastoral Internship I, II, III) during their period study at IRUS. Each internship course involves two hours per week of supervised ministry experience in local churches for a full semester (Total 30 hours per semester). Additionally, students enrolled this course are required to attend chapels (twice a week/semester) and Spiritual Revival Services (2 days/semester), which are regularly held at IRUS.

The Pastoral Internship courses at IRUS provides an opportunity for M.Div. students to build up experiences as a minister through local ministry services and learn various ministry skills such as worship, education, evangelism, administration, preaching, and etc. Through the supervisor's evaluation, they know that their strengths and weaknesses and their ministry talents and spiritual gifts.

Change of Academic Policies

IRUS reserves the right to change its academic policies and to add new policies according to its needs. IRUS will inform students about the changes so that there will be no misunderstanding.

Students' Right Concerning Academic Policies

When a student needs special attention from school regarding the Academic Policies, he/she can request this to the Academic Dean in writing. This matter will be discussed and be decided by the Faculty Committee. The Faculty Committee will inform the result to the student in writing. When the student is dissatisfied with the result, he/she make a petition to the Academic Dean for a review.

Academic Freedom

IRUS recognizes that with the field of education, academic freedom is a highly held right. In that regard IRUS will do everything possible to ensure that faculty members are given the freedom to represent views, theories, research results, and opinions in the normal process of teaching their assigned courses. However, IRUS also recognizes that academic freedom must be weighed in response to the responsibilities of Christian faith and practice. The principles of developing Christian community, the responsibility of leadership by faculty members as role models to the students, the ethics of Christian faith as prescribed by the school's statement of faith also provide the boundaries within which faculty members exercise their academic freedoms. The statement reads as follows:

1. The Christian faith directs all thought and life toward God who is the source of truth, the judge of all human thoughts, and the ultimate end of all theological inquiry.
2. The freedom of the Christian always involves a commensurate responsibility toward God and neighbor. It is never the freedom merely to be left alone or ignore basic obligations.
3. Christian freedom exists within the confession of Christian faith. A theological school may acknowledge specific confessional adherence as laid down in its own charter and constitution. A concept of freedom appropriate to a theological school will respect this confessional loyalty, both in the institution and with their individual members. At the same time, no confessional standard obviates the requirement for responsible liberty of conscience in the Christian community and the practice of the highest ideal of academic freedom.

-
4. While freedom must ultimately be realized through the spirit and loyalties of humanity, it must take form and be protected through concrete standards of institutional practice. Every statement of such standards moves somewhat in the sphere of law and regulation. We recognize that the effectiveness of stated principles depends finally upon the dedication within the Christian theological school to a genuine concern for liberty of mind and spirit in theological teaching.

With these assumptions in mind, IRUS has as its policy of academic freedom the following:

Faculty members are free to express views and opinions concerning their areas of teaching responsibility within the confines of the school's statement of Reformed beliefs. If faculty members find that they have differing opinions in regard to these statements, it is within the context of maintaining Christian unity and community that the faculty member must first discuss these divergences with the school Administration before disseminating these opinions in the classroom.

Faculty members who hold differing and potentially contentious theological views will be asked to step down from their faculty position. When this happens, IRUS will still hold the resigning faculty member in highest regard, realizing that the human perspective on theological truth is never complete and clear. In non-theological, non-biblical and non-professional courses, it is expected that the course will be taught in accordance to a Reformed Christian worldview and consistent with the IRUS's statement of beliefs.

Advanced-Standing Admission for the Master of Divinity Program

An applicant who has various achievements at the graduate level in theology or ministry programs may be considered for admission with advanced standing. Advanced-standing applicants may be eligible to receive up to 64 hours of credit through Advanced Standing, thereby reducing the 96 semester units a student is required to earn in IRUS for the M.Div. degree to as few as 32.

The Admission Committee must conclude that a student has acquired the "knowledge, competence, or skills that would normally be provided by the specific courses for which they have been admitted with Advanced Standing.

Eligibility requirements for the advanced standing admission are:

- Students who have earned their M.Div. degree or completed at least 64 credits of M.Div. course works from an institution accredited by an accreditation agency recognized by the US Department of Education or from an international institution that meets this standard. For applicants whose degrees or credits from unaccredited institutions, the Committee will determine additional course work requirements as well as admission at IRUS.

The committee reserves the right to require from a student further evidence of competency before granting Advanced Standing. This evidence may include any or all of the following:

- Oral interview
- Academic writing sample related to course content
- Oral or written competency exam (may require \$100 non-refundable fee)

Advanced Standing is awarded by the Admission Committee at a student's admission. Any appeals or exceptions must be completed before the end of a student's first full-time semester of study or the completion of 9 hours.

Prior Learning Assessment for Admissions to the Master of Divinity Program

Applicants who do not have bachelor's degrees may be admitted for the M.Div. program if they have 5 years of full-time ministry experience and are actively engaged in a church or parachurch leadership role. A limited number of qualifying students can be admitted.

Classification of Students

Each student applicant will be placed in one of the following enrollment categories:

Regular Standing—Students who meet all of the admission requirements to the University and for a particular program, i.e., have no deficiencies and there are no reservations, are admitted to IRUS and are granted the status of **Regular Standing** in their selected program.

Provisional Standing—If a student meets the entrance requirements of the University and the requirement for admission to a particular program, but has only unofficial transcripts on file because official transcripts are not immediately available, he/she may be admitted to the program as a **Provisional Standing** student to provide time for receipt of official transcripts. If the Office of Registrar does not receive the documentation within one (1) semester, the student will be prohibited from undertaking further coursework until official documents are received. When the Office of Registrar receives the official records, the student will be eligible to be reclassified as a Regular Standing student. Coursework completed satisfactorily while on Provisional Standing counts towards graduation, if it meets a program's requirements.

Special Standing (Non-Matriculated) - Students who satisfy the entry requirements for a particular program and the course prerequisites for a particular course, who do not plan to earn a degree but want to officially take selected courses, may be granted **Special Standing** status in the program. Such students must successfully petition the course's instructor and have his/her approval prior to registration in a course. All such petitions will be considered on a space available basis.

Auditor - Students who wish to attend classes for personal enrichment and not for academic credit may be granted Auditors' status. Auditors are not obligated to actively participate in coursework or course activities. However, an Auditor must qualify as a Regular Standing student to audit courses in a degree program, as well as meet any course prerequisite or corequisite requirements. Students who wish to audit a course must first gain the instructor's approval. An abbreviated admission process is available for auditors, who are admitted to courses on a space available basis.

Ability-To-Benefit (ATB) Students

Some applicants may not have obtained the appropriate degree qualifications for admissions to a program. IRUS may consider them for admission on an individual basis.

In compliance with the California Education Code 94811 and 94904, applicants to the B.A. program who do not have a certificate of graduation from a school providing secondary education, or a recognized equivalent of that certificate, are required to take and pass a pre-enrollment test, the Wonderlic Personnel Test.

If an applicant receives a point of 21 or above from the Wonderlic Personnel Test, the ability-to benefit students may be admitted to the B.A. program.

Transfer Credit

International Reformed University and Seminary accepts transfer credits from accredited institutions. If a degree student desires to transfer credit from another postsecondary school to IRUS, an official transcript stating the courses and grades must be submitted to the Admission Office prior to acceptance.

General Policy

1. Official transcripts from any institution previously attended must be submitted directly to IRUS. Transcripts will not be accepted unless they are received officially sealed (unopened) from the school. Transfer student needs to make an appointment with the Academic Dean to analyze his/her transcript.
2. The credit granted will reduce the number of units required at IRUS; at least 30 units for BA, 24 units for MAC, 28 units for MACS, 32 units for M.Div. and 19 units for D.Min. must be completed at IRUS.
3. In general, IRUS grants credit from institutions of higher education either approved by BPPE or accredited by an accrediting association recognized by the U. S. Department of Education, or any institution of higher learning, including foreign institutions, if the institution offering the undergraduate program documents that the institution of higher learning at which the units were earned offers degree programs equivalent to degree programs approved by the Bureau or accredited by an accrediting association recognized by the U.S. Department of Education.
4. Only coursework with a grade of B or better is transferable. A student's GPA is computed only on work completed at IRUS.
5. IRUS does not award credit for prior experiential learning.
6. IRUS does not grant credit from a job training school.
7. IRUS uses a semester system. If a student is transferred from a quarter system, his/her credit will be calculated with 3:2 ratio. For an example, his/her 12 units will be calculated as 8 units.
8. The transfer of credit from unaccredited institutions is individually evaluated and determined.

Readmission

Student can apply for readmission to IRUS through the Office of Registrar if he/she:

- Missed two or more semesters due to non-enrollment.
- Were dropped for non-payment.
- Were dismissed.

Filing Procedures

1. Applicant contacts the IRUS's admission office for an application form for readmission.
2. The Admission office sends an application form to the applicant either by mail or email.
3. Complete and return the Readmission Application with the non-refundable \$30 application fee to the Office of Registrar. Procedures

Currently, the primary means of educational delivery is via audio-video recordings on Moodle website ([http:// www.iruniv.org/online/](http://www.iruniv.org/online/)). Lectures are recorded, and the audio-video recording can be accessed through online e- lecture webpage. Students can login each course and download the syllabus, lecture notes, and relevant materials by PDF format files. The audio-video recordings are available to students in three days after the lectures are given at campus.

Distance education students are currently required to take weekly lectures and write a one-page report on the content of the lecture and email it to the professor with questions and discussion topics (or upload on Moodle assignment folder). Students are also required to take same exams with the on-campus students. Exams are sent to the proctor directly and proctored by whom IRUS office accept as a proctor before the exam at the beginning of the semester. IRUS uses a proctor report form to ensure the quality and appropriate procedure of exams.

Students submit all works for the course on time, usually within a week of the course schedule. Afterwards, faculty members grade the student's work, and feedback is given for the work completed in the course within 2 weeks. Estimate of Program Cost

The cost of undertaking a specific program depends primarily on the total number of semester units of coursework a student takes to complete the program. This number is not fixed because it depends in turn on the number of units transferred into the IRUS program. The total charge for a period of attendance in a program and an estimated schedule of the total charge for an entire program should be considered as reference estimates only. The multiple of the total units in a program multiplied by the tuition per unit for a program or the number of units required to be taken in a particular program after deducting credited units, gives the program cost for that particular student only.

This cost does not include fees. Sample calculation is as follows.

Estimated Cost of Attending for Academic Year 2021-2022

Sample calculation: Estimates is for a students attending full-time.

For a full-time Master of Arts in Christian Studies degree objective student taking 9 units/semester, two (2) semesters/year. Estimated expenses are updated annually for inflation. Consult Fee Schedule for applicable fees. Calculate actual tuition from the Tuition Schedule and the number of units of coursework taken. Actual costs vary for each program and the number of units taken.

Payment

A student's account must be current (no outstanding balances) prior to re-enrollment in subsequent sessions. All new charges are due at the time of registration. Students who do not maintain current financial accounts with the college will be denied the privilege of classroom attendance beginning five days after the payment is due. Absence will be counted until the payment is made in full or until withdrawal is instituted.

A student whose account is not paid in full by the end of the semester will not be allowed to re-enroll in the subsequent semester. IRUS makes exceptions to this policy only with the approval of the President. In those cases where IRUS elects to make an exception, the student is required to sign and comply with an approved payment agreement.

A student will not be allowed to participate in graduation ceremonies or receive grades, a certificate, a diploma, a degree, a transcript, until all financial obligations have been satisfied in accordance with the college's financial policies.

Cancellation, Withdrawal, and Refund Policy

Officially registered IRUS students retain the right to cancel this Enrollment Agreement at anytime and receive a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later, by submitting a Withdrawal Form to the Director, Office of Admissions and Records. The student has a right to a full refund of all tuition and other refundable charges if he/she cancels this agreement on or before the first day of instruction.

In addition, the student may withdraw from a course after instruction has started and receive a pro rata refund for unused portion of the tuition and other refundable charges if the student has completed 60% or less of the instruction. The University will also refund money collected for sending to a third party on the student's behalf such as license or application fees. If the University cancels or discontinues a course or educational program, the University will make a full refund of all charges. Refunds will be paid within 30 days of cancellation or withdrawal.

Financial Aid

Scholarships are awarded based on academic excellence, leadership, service and talent. Organization Matching Scholarship is also available. That is, if the student receives financial sponsorship for IRUS tuition from a church, non-profit organization, or Christian organization, the University matches the amount equal to the organization donation up to \$500 per semester. Opportunities for employment on the campus are available for students needing part-time work to defray expenses.

Student Loans

IRUS does not currently participate in federal and/or state financial aid programs, nor does the University provide loans to students to pay for the cost of an educational program. If the student obtains a loan to pay for an educational program, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund, and that, if the student has received federal student financial aid funds, the student is entitled to a refund of moneys not paid from federal student financial aid program funds.

Student Tuition Recovery Fund

The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.

It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 1747 N. Market Blvd. Ste 225 Sacramento, CA 95834, or P.O. Box 980818, West Sacramento, CA 95798-0818, (888) 370-7589 or (916) 574-8900; Fax: (916) 263-1897.

To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120 days period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.

-
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
 4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
 5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
 6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
 7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of non-collection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.

STUDENT LIFE

INTERNATIONAL REFORMED UNIVERSITY & SEMINAR

7.0 STUDENT LIFE

Devotional Life

The devotional life of IRUS is nurtured by a daily chapel service usually led by the Dean of Students, faculty members, and guests. Chapel is required for all students. It requires about 25 chapel meetings per semester. If a student fails to meet the requirements, he/ she should find a way to fulfill the requirements. You can look at the Student Handbook for more information. Apart from all these, chapel is an important part of a student's spiritual training and it facilitates the unity of the students and faculty.

Student Ministry

Student Ministry is required for the MACS and MAC students. Each student has to participate in the ministry at the minimum of 20 hours per semester for four semesters (total 80 hours and more). Students need to submit the Student Ministry Report (use IRUS's form) to the office of the Dean of Students one week before the final exam week. The assigned faculty members as supervisors evaluate and guide students.

Student Government

The students of IRUS maintain an organization to promote Christian fellowship and growth and to advance the kingdom of God and purposes for which IRUS stands. Student Government's activities are funded by students' membership fees and private donations. The officers of the Government, President, Vice President, Secretary, and Treasurer are elected annually by the members.

Conduct

IRUS is a distinctively Christian community committed to the basic principles of conduct set forth in the Scriptures. Student conduct is under the supervision of the Faculty, acting through the Academic Dean and the Dean of Students. The Faculty reserves the right to dismiss a student whose conduct is found to be unsatisfactory from the institution. Possession, use or distribution of illicit drugs and alcohol by students and employees on school property, or as party of any activity of IRUS, is forbidden and will result in dismissal.

Student Support Services: Academic Counseling and Guidance

The university's academic counseling services assist students in reaching their educational goals by: providing orientation for a successful academic experience at IRUS; helping to clarify career and academic goals, and assisting with course selection and program planning.

Library

The library houses over 34,600 titles in Korean and English. It has a substantial collection of works on Reformed theology; a balanced collection of works in all the branches of biblical and theological study; and a large collection of expository works and sermons both in Korean and English. While IRUS is in session, the library is open Monday through Friday.

Student Housing

IRUS does not provide on or off-campus student housing. Students can rent or lease rooms around the institution for \$900-1,400 for 1-bed room currently. Two- bed rooms housing will cost approximately \$1,600-1800. The housing cost will vary according to locations and conditions of housing. The University has no responsibility to find or assist a student in finding housing.

Placement

IRUS is working closely with leaders as well as interdenominational leaders in Southern California to secure pastoral, educational, missionary, or other positions for students upon graduation. IRUS also receives inquiries from local Korean pastors regarding possible ministries for advanced students. Students are encouraged to use their ministry involvement in local churches and internship as opportunities to build a résumé of experiences that will lead naturally toward their ministry goal.

Student's Rights of Privacy and Access to Records

IRUS fully accords all students all the rights under the Family Educational Rights and Privacy Act of 1974 as amended.

General information that the university-seminary may give out at its discretion includes the student's name, spouse's name, address, telephone number, program and year of study, dates of attendance, degrees awarded, most recent school attended, citizenship, and church affiliation. If a student wishes any of this information withheld, he or she may write to the Academic Dean within two weeks after the first day of classes for the fall

or spring semester; and the request will be honored during the academic year in which the letter was received. A student may authorize release of certain additional information by writing to the Academic Dean.

Other information from the student's record is confidential and available only for appropriate use by faculty and administrative officers as well as persons from accrediting agencies, persons with a judicial order, and persons requesting information in an emergency to protect the health or safety of students or others. Under the Act these persons are permitted access to particular information as needed. By writing a request to the Academic Dean, a student may review his or her record to the extent provided by the Act. If a student has signed a waiver, information from a recommendation is not available to him or her.

Student Grievance Procedure

The student should first discuss the perceived offense, orally or in writing, with the individual(s) most directly responsible to attempt to resolve the matter. If no resolution results, the student should then consult with the senior administrator in his/her discipline or work area - program director or dean. If the administrator is the party against whom the grievance is directed, the student must take the grievance to that administrator's superior. Every effort should be made to resolve the issues at an informal level before proceeding to the status of a formal grievance.

If the informal efforts of resolution are not successful, the student should set forth in writing the substance of the alleged offense, the grounds on which the student is basing the complaint and the efforts taken to date to resolve the matter. It is at this point that the complaint becomes a formal grievance. The written grievance should be submitted to the school dean (SD), program director (PD) or other administrator (OA) in a timely fashion, i.e., normally within thirty days of the end of the academic term in which the alleged offense occurred or should have reasonably been discovered.

The SD, PD, or OA shall promptly initiate an investigation and prepare a report, normally within thirty days of receipt of the written grievance. In undertaking the investigation, a written response to the issues raised in the grievance may be requested from

individuals believed to have information relevant to the matter, including faculty, staff, and students. Both parties to the grievance will be given an opportunity to comment in writing on the responses.

Upon completion of the investigation, the SD, PD, or OA shall issue a written finding and a proposed disposition to the student and to the party against whom the grievance is directed. This decision shall become final and shall be implemented, unless there is an appeal.

If the student or the party against whom the grievance was lodged disagrees with the recommendations of the SD, PD, or OA either on substantive or procedural grounds, he/she may appeal in writing to the President of the University. The appeal to the President must indicate why he/she believes the grievance result to be wrong. Any appeal to the President must be received within thirty days from the SD's, or OA's decision. The President's decision, made in 30 days, is final. Details of the grievance will become part of the student's permanent file. Students may contact BPPE for more information at 1747 N. Market Blvd. Ste 225 Sacramento, CA 95834.
