Institutional Code: 0703211

**School Performance Fact Sheet-Richmond Main Campus
Radiologic Technology Program Day-Track (24-month)
Radiologic Technology Program Evening-Track (27-month)**

A. Completion Rate

Calendar Year	Number Students Who Began Program¹	Students Available for Graduation²	Graduates³	Completion Rate⁴
2010	52	52	46	88%
2011	43	43	39	91%

The completion data is being reported for students completing within 150% of the published program length, and that data is not being separately reported for students completing the program within 100% of the published program length.

The completion data is reported as a total for day and evening track programs combined.

¹ “Number of Students Who Began Program” is the number of students who began the program who are scheduled to complete the program within the reporting calendar year.

² “Students available for graduation” is the number of students who began program minus the number of “Students unavailable for graduation,” which means those students who have died, been incarcerated, or called to active military duty.

³ “Graduates” is the number of students who completed the program within 100% of the published program length.

⁴ “Completion Rate” is the number of Graduates divided by the Number of Students Available for Graduation.

School of Allied Health Sciences

Institutional Code: 0703211

**School Performance Fact Sheet-Richmond Main Campus
Radiologic Technology Program Day-Track (24-month)
Radiologic Technology Program Evening-Track (27-month)**

B. Job Placement Rates

Calendar Year	Number Students Who Began Program¹	Number of Graduates²	Graduates Available for Employment³	Graduates Employed in the Field⁴	Placement Rate % Employed in the Field⁵	Graduates Employed in the Field an average of less than 32 hours per week	Graduates Employed in the Field at least 32 hours per week
2010	52	46	46	36	78%	unknown	unknown
2011	43	39	39	16	41%	unknown	unknown

¹ “Number of Students Who Began Program” means the number of students who began the program who are scheduled to complete the program within the reporting calendar year.

² “Number of Graduates” is the number of students who have completed the program within 100% of the published program length.

³ “Graduates available for employment” means the number of graduates minus the number of graduates unavailable for employment.

“Graduates unavailable for employment” means graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

⁴ “Graduates employed in the field” means graduates who report that they are gainfully employed within six months of graduation in a position for which the skills obtained through the education and training provided by the institution are required or provided a significant advantage to the graduate in obtaining the position.

⁵ Placement Rate is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

School of Allied Health Sciences

Radiologic Technology Program Day-Track (24-month)
Radiologic Technology Program Evening-Track (27-month)**

C. Examination Passage Rates

Calendar Year	Number of Students Taking Exam¹	Exam Date²	Number Who Passed Exam	Number Who Failed Exam	Passage Rate³
2010	50	09/2010	47	3	94%
2011	42	09/2011	41	1	98%

¹ Number of Students Taking Exam is the number of students who completed the program within 150% of published program length and for whom the reported exam is the first exam that was available after their completion of the program.

² Exam Date is the date for the first available exam after the students completed the program.

³ Passage Rate is calculated by dividing the number of students who pass the exam by the number of graduates who take the reported licensing exam.

School of Allied Health Sciences

Phlebotomy Program (3-month)

C. Examination Passage Rates

Calendar Year	Number of Students Taking Exam¹	Exam Date²	Number Who Passed Exam	Number Who Failed Exam	Passage Rate³
2010	59	2010	54	5	92%
2011	45	2011	45	0	100%

¹ Number of Students Taking Exam is the number of students who completed the program within 150% of published program length and for whom the reported exam is the first exam that was available after their completion of the program.

² Exam Date is the date for the first available exam after the students completed the program.

³ Passage Rate is calculated by dividing the number of students who pass the exam by the number of graduates who take the reported licensing exam.

D. Annual Salary and Wages Reported by Graduates Employed in the Field (Medical and Clinical Lab Technicians-Phlebotomist)

Calendar Year	Graduates Available for Employment ¹	Graduates Employed in the Field ²	Graduates Not Reporting Salary
2010	59	27	27
2011	45	0	0

¹ “Graduates available for employment” means the number of graduates minus the number of graduates unavailable for employment.

“Graduates unavailable for employment” means graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

² “Graduates employed in the field” means graduates who report that they are gainfully employed within six months of graduation in a position for which the skills obtained through the education and training provided by the institution are required or provided a significant advantage to the graduate in obtaining the position.

Graduates did not want to report salary information. The following data is from the California Employment Development Department’s Occupational Employment Statistics for Medical/Clinical Laboratory Technician (SOC Code: 29-2012).

Radiologic Technology Program Day-Track (24-month)**

A. Completion Rate

Calendar Year	Number Students Who Began Program¹	Students Available for Graduation²	Graduates³	Completion Rate⁴
2010	52	52	46	88%
2011	43	43	39	91%

The completion data is being reported for students completing within 150% of the published program length, and that data is not being separately reported for students completing the program within 100% of the published program length.

The completion data is reported as a total for day and evening track Programs of graduates from the Richmond Main Campus.

¹ “Number of Students Who Began Program” is the number of students who began the program who are scheduled to complete the program within the reporting calendar year.

² “Students available for graduation” is the number of students who began program minus the number of “Students unavailable for graduation,” which means those students who have died, been incarcerated, or called to active military duty.

³ “Graduates” is the number of students who completed the program within 100% of the published program length.

⁴ “Completion Rate” is the number of Graduates divided by the Number of Students Available for Graduation.

This program is new. Therefore, the number of students who graduate, the number of students who are placed, and the starting salary you can earn after finishing the educational program are unknown at this time. The reporting data for 2010 and 2011 are from graduates of the Richmond main campus. Information regarding general salary and placement statistics may be available from government sources or from the institution, but is not equivalent to actual performance data.

2011	5	1	1

¹ “Graduates available for employment” means the number of graduates minus the number of graduates unavailable for employment.

“Graduates unavailable for employment” means graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

² “Graduates employed in the field” means graduates who report that they are gainfully employed within six months of graduation in a position for which the skills obtained through the education and training provided by the institution are required or provided a significant advantage to the graduate in obtaining the position.

Graduates did not want to report salary information. The following data is from the California Employment Development Department’s Occupational Employment Statistics for Radiation Therapists (SOC Code: 29-1124).

Phlebotomy Program (3-month)

A. Completion Rate

Calendar Year	Number Students Who Began Program¹	Students Available for Graduation²	Graduates³	Completion Rate⁴
*2010	68	68	59	87%
*2011	19	19	19	100%

The completion data is being reported for students completing within 150% of the published program length, and that data is not being separately reported for students completing the program within 100% of the published program length.

¹ “Number of Students Who Began Program” is the number of students who began the program who are scheduled to complete the program within the reporting calendar year.

² “Students available for graduation” is the number of students who began program minus the number of “Students unavailable for graduation,” which means those students who have died, been incarcerated, or called to active military duty.

³ “Graduates” is the number of students who completed the program within 100% of the published program length.

⁴ “Completion Rate” is the number of Graduates divided by the Number of Students Available for Graduation.

* This program is new. Therefore, the number of students who graduate, the number of students who are placed, and the starting salary graduates can earn after finishing the educational program for the 2010 data come from the graduates of the Richmond main campus. The 2011 reported information reflect data from the Stockton branch campus graduates. The information regarding general salary and placement statistics may be available from government sources or from the institution, but is not equivalent to actual performance data.

Phlebotomy Program (3-month)

B. Job Placement Rates

Calendar Year	Number Students Who Began Program¹	Number of Graduates²	Graduates Available for Employment³	Graduates Employed in the Field⁴	Placement Rate % Employed in the Field⁵	Graduates Employed in the Field an average of less than 32 hours per week	Graduates Employed in the Field at least 32 hours per week
2010	68	59	59	27	46%	unknown	unknown
2011	19	19	19	2	11%	unknown	unknown

¹ “Number of Students Who Began Program” means the number of students who began the program who are scheduled to complete the program within the reporting calendar year.

² “Number of Graduates” is the number of students who have completed the program within 100% of the published program length.

³ “Graduates available for employment” means the number of graduates minus the number of graduates unavailable for employment.

“Graduates unavailable for employment” means graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

⁴ “Graduates employed in the field” means graduates who report that they are gainfully employed within six months of graduation in a position for which the skills obtained through the education and training provided by the institution are required or provided a significant advantage to the graduate in obtaining the position.

⁵ Placement Rate is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Phlebotomy Program (3-month)

C. Examination Passage Rates

Calendar Year	Number of Students Taking Exam¹	Exam Date²	Number Who Passed Exam	Number Who Failed Exam	Passage Rate³
2010	59	2010	54	5	92%
2011	19	2011	16	3	84%

¹ Number of Students Taking Exam is the number of students who completed the program within 150% of published program length and for whom the reported exam is the first exam that was available after their completion of the program.

² Exam Date is the date for the first available exam after the students completed the program.

³ Passage Rate is calculated by dividing the number of students who pass the exam by the number of graduates who take the reported licensing exam.
