4. Salary and Wage Information

The California Employment Development Department (“EDD”) provides Occupational Employment statistics for occupational outcomes for this program. EDD’s published data combines salary information for X-Ray Technician and Radiologic Technologists (both occupations identified by SOC Code: 29-2037). Because Radiologic Technologists tend to earn higher salaries than X-Ray Technicians, the EDD salary data reflects higher wages than are typical for graduates of the X-Ray Technician/Medical Assistant Back Office program. See graduate salary data below. As of Q1 2012, the EDD’s published data indicate that, in Los Angeles County, the mean annual wage or salary for Radiologic Technologists/X-Ray Technicians (SOC Code: 29-2037) is \$64,603 (\$31.06 per hour). See www.labormarketinfo.edd.ca.gov. The EDD’s wage or salary data may include earnings by individuals having multiple years of experience in the field.

Students may find a list of employment positions that the College has determined to be within the field for which they were trained in the school catalog. Kaplan College obtains salary information from students or employers using forms, email, fax, and verbal communications. The College maintains all placement documentation in its CampusVue database.
