**OVER→**

<sup>1</sup> Number of students who began the program who are scheduled to complete the program within the reporting calendar year.

<sup>2</sup> Number of students who began program minus the number of "Students unavailable for graduation," which means those students have died, been incarcerated, or called to active military duty.

<sup>3</sup> Number of students who completed the program within 100% of the published program length.

<sup>4</sup> Number of graduates divided by the number of students available for graduation.

<sup>5</sup> Number of students who completed the program within 101-150% of the published program length.

<sup>6</sup> Number of students who completed the program in the reported calendar year within 101-150% of the published program length divided by the number of students available for graduation in the published program length period.

<sup>7</sup> Number of graduates minus the number of graduates unavailable for employment.

<sup>8</sup> Graduates who report that they are gainfully employed within six months of graduation in a position for which the skills obtained through the education and training provided by the institution are required or provided a significant advantage to the graduate in obtaining the position.

<sup>9</sup> Placement rate is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.
