

# Alexander Training Institute of Los Angeles

December 2012

Institutional Code: 1917381

## FACT SHEET

### Percentage of students completing:

Because this is a three year course no one trainee can begin and complete in one calendar year. All three years must be completed for certification.

Included in the fact sheet is information about numbers of students for 2010, 2011. There are no percentages of students who begin and complete in one calendar year.

To our knowledge, all (100%) trainees who have sought employment in the field have established private practices and also teach in other settings. We make no commitment to placement and do not ask that our graduates confirm their employment with us since the primary self-employment practice is "private practice." Therefore we do not collect data on employment of our graduates.

There are no **licensing examinations** by the State or any other body. Upon certification, the Director of the Institute may send the graduates name to the American Society of Alexander Teachers (AmSAT) for eligibility for AmSAT certification and membership. There are other professional organizations that have their own certifying systems.

**Salary and Wage** information is not required to be reported by or collected from graduates. There is a range of fees charged by certified teachers for private teaching or group classes. Some graduates teach in University settings and these salaries vary.

### Alexander Training Institute of Los Angeles

Calendar Year	Number of students who began program	Students available for graduation	Graduates	Completion rate
2011	3	Of these 3 none/students entering previously 4	4	100% for these 4 graduates for the three year program
2010	1	Students entering previously 5	5	100% for these five graduates for the three year program
2009	3	Students	2	100% for these

		entering previously 2		two graduates for the three year program
--	--	--------------------------	--	--

Alexander Training Institute of Los Angeles - No students completed the program for more than 100% of the program time.

Calendar Year	Number of Students who began program	Students Available for graduation	150% Graduates	150% completion rate
2011			N/A	N/A
2010			N/A	N/A
2009			N/A	N/A

### **Placement Rates**

For Placement rate information see statement above. No data collected. Placement is specifically not promised in our Enrollment Agreement and follow up is not made on a systematic basis.
