1. “Number of Students Who Began Program” is the number of students who began the program who are scheduled to complete the program within the reporting calendar year.
2. “Students available for graduation” is the number of students who began program minus the number of students who have died, been incarcerated, or called to active military duty.
3. “Graduates” is the number of students who completed the program within 100% of the published program length.
4. “Completion Rate” is the number of Graduates divided by the Number of Students Available for Graduation.
5. “150% Completion Rate” is the number of students who completed the program in the reported calendar year within 101-150% of the published program length divided by the Number of Students Available for Graduation in the published program length period.

Job Placement Rates

AA Computer Fashion Design Program (96 Quarter Units) Published length is 8 quarters							
Calendar Year	Number of Students Who Began Program 1	Number of Graduates 2	Graduates Available for Employment 3	Graduates Employed in the Field 4	Placement Rate % Employed in the Field 5	Graduates Employed in the Field an average of less than 32 hours per week	Graduates Employed in the Field at least 32 hours per week
2010	15	5	0	0	Not Applicable	Not Applicable	Not Applicable
2011	13	6	1	1	100 %	Unknown	Unknown

1. “Number of Students Who began Program” means the number of students who began the program who are scheduled to complete the program within the reporting calendar year.
2. “Number of Graduates” means is the number of students who have completed the program within 100% of the published program length.
3. “Graduates Available for Employment” means the number that is the remainder of the number of graduates minus the number of graduates that either died, became incarcerated, were called in to active military duty, were international students that left the United States or did not have a visa allowing employment in the United States or, are continuing their education in an accredited or bureau-approved postsecondary institution.
4. “Graduates employed in the field” means graduates who report that they are gainfully employed within six months of graduation in a position for which the skills obtained through the education and training provided by the institution are required or provided a significant advantage to the graduate in obtaining the position.
5. “Placement Rate” is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

License Exam Passage Rate

(Not Applicable)

This educational program does not lead to an occupation that requires licensing.

Salary and Wage Information

AA Computer Fashion Design Program (96 Quarter Units) Published length is 8 quarters
