Determination of Data

- 1. Completion Rates** – Completion rates are calculated by dividing the number of graduates by the number of graduates available for graduation. Graduates “available” for graduation means the cohort population minus the number of students unavailable for graduation. Graduates “unavailable” for graduation means students who have died, been incarcerated, or called to active military duty.
- 2. Job Placement Rate** – Job placement rates are calculated by dividing the number of graduates employed in the field by the number of graduates available for employment.
- 3. License Exam Pass Rates** – Calculated by dividing the number of graduates who pass the examination by the number of graduates who take the licensing examination the first time that the examination is available after completion of the educational program.
- 4. Salary and Wage Information** – As reported by the State of California Employment Development Department (EDD) for applicable occupations.
- 5. Employment** – The employment positions used to determine student placements can be obtained from the Southern California Health Institute Career Services Office.

Student Notification: Prior to signing the enrollment agreement, you must be given a School Performance Fact Sheet, which you are encouraged to review before signing the enrollment agreement. The School Performance Fact Sheet contains data for this institution. This institution is required to have you sign and date the information included in the School Performance Fact Sheet relating to completion rates, placement rates, license examination passage rates, and salaries or wages, prior to signing the enrollment agreement.
