## SCHOOL PERFORMANCE FACT SHEET CALENDAR YEAR 2011

The California Private Postsecondary Education Act (CPPEA) of 2009, which is effective January 1, 2010, requires under section 94910 of CPPEA that a school provide information for each program offered in regards to completion rates, placement rates, licensure exam passage rates, and salary/wage information. The following information is data compiled from January 1, 2011 to December 31, 2011.

Program Name	Completion Rate Based on 100% 94910(a)	Placement Rate Based on 100% 94910(b)	Licensure/ Examination Pass Rate Based on 100% 94910(c)	Initial and Date 94910(a)(b)(c)(d) 94902(b)(3)
Phlebotomy Technician Certificate	100%	83%	83%	
Phlebotomy Technician / Lab Assistant Certificate	97%	48%	88%	

\* The Phlebotomy Technician / Lab Assistant program placement statistics are influenced by the higher number of students enrolled.

Program Name	Number of Graduates Employed in the Field	Annual Wages (\$5,000 increments) Not available for publication until data collection occurs as required by the CPPEA. 94910(d)(1)(2); 94929.5(c)	Initial and Date
Phlebotomy Technician Certificate	83%	Please see wage and salary data attached.	
Phlebotomy Technician / Lab Assistant Certificate	48%	Please see wage and salary data attached.	

\*Information regarding general salary and placement statistics may be available from government sources or from the institution, but is not equivalent to actual performance data."

The source of the attached wage and salary data for the phlebotomy technician program and the phlebotomy technician / lab assistant program offered at California Institute of Medical Science in Fresno, California is the Employment Development Department's Occupational Employment Statistics ([www.labormarketinfo.edd.ca.gov](http://www.labormarketinfo.edd.ca.gov))

Program Name	As of May 1, 2011 – Hourly Wage Data					
	Hourly			Salary		
	Low (25th percentile)	Median (50th percentile)	High (75th percentile)	Low (25th percentile)	Median (50th percentile)	High (75th percentile)
Phlebotomist	No EDD data available			No EDD data available		
Phlebotomist / Lab Assistant	No EDD data available			No EDD data available

---

To obtain a description of the manner the above statistics were gathered or to obtain a list of employment positions determined to be within the field with regards to job placement of graduates, please ask your enrollment representative. Wage and salary data was gathered using the following data: Graduate employment verification and the Employment Development Department's Occupational Employment Statistics. [94910\(f\)\(1\)\(2\)\(3\)](#)

This fact sheet is filed with the Bureau for Private Postsecondary Education. Regardless of any information you may have relating to completion rates, placement rates, starting salaries, or license exam passage rates, this fact sheet contains the information as calculated pursuant to state law. [94910\(g\)\(1\)](#)

Any questions a student may have regarding this fact sheet that have not been satisfactorily answered by the institution may be directed to the Bureau for Private Postsecondary Education at P.O. Box 980818, Sacramento, CA 95798-0818, [www.bppe.ca.gov](http://www.bppe.ca.gov), phone 888-370-7589. [94910\(g\)\(2\)](#)

**I have read and understand this School Performance Fact Sheet. The School Performance Fact Sheet was reviewed and discussed with a school official prior to signing an enrollment agreement.**

### **2011 School Performance Fact Sheet Frequently Asked Questions And Answers**

**Q. What is the 2011 School Performance Fact Sheet?**

A: The 2011 School Performance Fact Sheet (the "2011 SPFS") is a document that all private postsecondary and vocational schools in California, including California Institute of Medical Science (CAIOMS), are required to provide to each prospective student. The 2011 SPFS discloses certain information relating to the employment or "placement" of CAIOMS graduates.

**Q. How is "Placement" defined?**

A. For purposes of the 2011 SPFS, CAIOMS considers graduates to be placed if they obtained full-time or part-time in a paid position after graduation in their field of study at CAIOMS or in a related field, whether the placement was facilitated by CAIOMS or not.

- Full-time: employment for at least five working days after graduation on a work schedule of 32 hours or more per week.
- Part-time: employment for at least five working days after graduation on a work schedule of 15 hours or more per week. These jobs are often pro tem (per diem).

To be considered employment in a related field, a student must be using at least 20% of their core program skills obtained through their education at CAIOMS in their job duties. Essentially, employment in a related field involves the use of a material portion of a graduate's skills included in the graduate's program curriculum in a material portion of the graduate's employment duties.

Graduates and employers reporting employment is how placement data is gathered.

**Q. What do the numbers under "Completion Rate" mean?**

A. The phlebotomy technician program at CAIOMS is 175 clock hours and the phlebotomy technician / lab assistant program is 326 clock hours. For purposes of the 2011 SPFS, to "successfully complete," a student must graduate by completing both in-class/didactic and clinical portions of the program.

The statistics in the first column on the 2011 SPFS under the heading entitled "**Completion Rate Based on 100%**" are calculated by dividing the number of graduates (students who DID complete within that time period) by the number of all students that began a program on the start date.

**Q. Tell me about the Licensure/Examination Pass Rate.**

School programs that lead to employment for which passage of a state licensing examination is required are required by state law to annually report the license examination passage rates for the immediate preceding two years to the bureau and publish the passage rates in the SPFS.

These statistics are calculated by dividing the number of graduates who pass the examination by the number of graduates who take the licensing examination the first time that the examination is available after completion of the educational program.

**Q. How do I get more information if I have additional questions?**

A. To obtain further information regarding the 2011 School Performance Fact Sheet, CAIOMS' policies relating to graduate employment, or CAIOMS' placement statistics, please contact the California Institute of Medical Science School Director by telephone at (559) 490-3911, ext. 3 or by e-mail at [admissions@caioms.com](mailto:admissions@caioms.com).
