Transfer Policy

1. Transfer of Credits from Other Institutions

The Conservatory may accept for transfer credit coursework earned at previously attended colleges and universities accredited by an accrediting agency recognized by the U.S. Secretary of Education, or institutions approved by the Bureau for Private Postsecondary Education, if the course grade meets the transfer requirements of the program to which it is being transferred. Coursework from other institutions, national and international, will require thorough documentation evidencing equivalency to the standards set by the Bureau for courses in Bureau approved programs. Transfer courses accepted for transfer to New California Conservatory of Music are listed on the student's transcript with the designation CBT – credit by transfer.

2. Transfer Credit Limitation

Title 5, California Code of Regulations, Article 16, Section 71865 (b) (1) stipulates that no more than six graduate semester or nine graduate quarter units awarded by another institution may be credited toward a master's degree. All other coursework for

the Master's degree must be completed at the institution where the degree is granted.

Each request for a transfer of credits must be received by the Office of Admissions and Records no later than the commencement of classes for new students and by the last semester of their program for current students who have taken one or more courses at another institution while working toward their M.C.M. degree at New California Conservatory of Music.

Notice Concerning Transferability of Credits and Credits and Credentials Earned at Our Institution.

The transferability of credits you earn at New California Conservatory is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the degree, diploma, or certificate you earn in New California Conservatory is also at the complete discretion of the institution to which you may seek to transfer. If the credits or degree, diploma, or certificate that you earn at this institution are not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your course work at the institution. For this reason you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending New California Conservatory to determine if your credits or degree, diploma or certificate will transfer."

3. Evaluation of Transfer Credit

- a. The Conservatory may accept for transfer credit coursework earned at previously attended colleges and universities accredited by an accrediting agency recognized by the U.S. Secretary of Education or institutions approved by the Bureau for Private Postsecondary Education, if the course grade meets the transfer requirements of the program to which it is being transferred. Coursework from other institutions, national and international, will require thorough documentation evidencing equivalency to the standards set by the Bureau for courses in Bureau approved programs. The evaluation is done by the Office of Admissions and Records.
- b. Title 5, California Code of Regulations, Article 16, Section 71865 (b) (1) stipulates that no more than six graduate semester or nine graduate quarter units awarded by another institution may be credited toward a master's degree. All other coursework for the master's degree must be completed at the institution where the degree is granted.

Each request for a transfer of credits must be received by the Office of Admissions and Records no later than the commencement of classes for new students and by the last semester of their program for current students who have taken one or more courses at another institution while working toward their M.C.M. degree at New California Conservatory of Music.

The Conservatory's Graduate Admissions Committee establishes the criteria of equivalency for course(s) for which the transfer coursework substitutes.

- c. The Conservatory's Graduate Admission Committee establishes the criteria for determining the transferability of courses and how much credit transferable courses will receive. The staff person responsible for recording approved courses for transfer to a NCCM program is the Director of Admission and records.
- d. The transfer evaluation process is monitored by the Director of Admissions and Records.

4. Notice Concerning Transferability of Units and Degrees Earned at our School:

Units you earn in our Master of Church Music (M.C.M.) program in most cases will probably not be transferable to any other college or university. For example, if you entered our school as a freshman, you will still be a freshman if you enter another college or university at some time in the future even though you earned units here at our school. In addition, if you earn a degree, diploma, or certificate in our Master of Church Music (M.C.M.) program, in most cases it will probably not serve as a basis for obtaining a higher-level degree at another college or university.

5. Experiential Credit: Any kind of credit for prior experiential learning is not awarded

Grading Standards, Regulations, and Policies:

- **Grading Standards.** The following standards have been designated by **New California Conservatory of Music** to indicate student academic performance:

Grade	Grade Level Performance	Grade Points	Performance Indicator
A	90 – 100%	4.0	Excellent; out standing performance
B	80 – 89%	3.0	Very Good; above average performance
C	70 – 79%	2.0	Average; satisfactory performance
D	60 – 69%	1.0	Inferior; below average performance
F	Below 60%	0.0	Failure; unsatisfactory performance
I			Incomplete
AU			No Credit for audited course
P/F		0.0	Pass/Fail
W			Official Withdrawal from a course
WF		0.0	Failing at time of withdrawal or as a result of failure to attend classes (de facto withdrawal)

- **Scholastic Regulations.** This requires students to attend and participate at all class meetings; complete practice rehearsals, complete all class assignments when due and in the format specified by the instructor; and follow institutional policies and procedures for enrollment, withdrawal, payment of fees, and personal conduct.
- **Attendance Policies.** Students attending **New California Conservatory of Music** are expected to attend all scheduled classes for which they are registered. Excused absences, including those resulting from illness or other justifiable causes, are limited to no more than two per course. In instances of excessive absences, the instructor first meets with the student to determine the cause and to determine if the student is able to fulfill all class requirements.

Student Leave of Absence. A student who has been accepted into a graduate program is expected to remain in continuous enrollment, either full-time or part-time, throughout his/her matriculation. Students who fail to enroll for a period of more than 12 months will be considered to have withdrawn from the program. Once a student enters candidacy, he/she must maintain continuous candidacy (fall, spring, summer) and pay the appropriate candidacy fee.

However, if circumstances arise that may cause an interruption in graduate study, a student may apply for a leave of absence by requesting such a leave from the unit dean. A requested leave cannot exceed one year; however, under extreme

circumstances, a second, subsequent request may be granted by the appropriate department official. Students must be considered in good standing for the request to be considered.

A student may not be enrolled in the Conservatory during a leave of absence. A student on a leave of absence is not required to pay tuition, fees, or candidacy fees, but is not entitled to any services from the university during the leave, including mentorship from faculty.

No degree will be granted to a student on an official leave of absence. The student must re-enroll in the next term following the conclusion of the leave and be enrolled in the term in which a degree is granted. A leave of absence does not relieve a student from adherence to policies regarding residency and candidacy (except that the time limit for candidacy may be extended, as indicated in the previous paragraph).

- ***Withdrawal Policy.*** In instances where it is determined that the student is unable to complete the course assignments, the following schedule applies:
 - Before the end of the 2nd week, the student may withdraw without an academic penalty recorded on the transcript;
 - After the end of the 2nd week, the student's transcript will document either an "I" (Incomplete) grade or an "F" (Failing) grade based on the quality of the work submitted.

- ***Probation and Dismissal Policies.*** A student may be dismissed if he/she continuously fails to attend classes, fails to complete course/class assignments, submits class assignments that are of poor quality, is proven to be academically dishonest, and/or practices behavior or conduct that is not within the policies and standards established by the conservatory or its religious tenets.

Retention of Record.

The Office of Registration maintains a permanent record of academic work completed by each student. Support documents for the academic records are kept for three (3) years after the student graduates or date of last enrollment. Students are strongly advised to carefully check their academic record quarterly. Discrepancies in the academic record should be reported to the Records Office immediately. After three years, it is assumed that the student accepts the accuracy of his/her records each

semester. Discrepancies in the academic record should be reported to the Office of Registration immediately.

Describes University and department responsibilities for the retention of, access to, and disposal of student records

Transcripts: Transcripts records are issued by the Office of Registration upon the student's request when submitted in writing. There is 20 dollars charge for official transcripts. The courses taken and grades given in one quarter do not appear on any student's transcript until all grades received by the grade deadline have been recorded; generally, this is two weeks after final exams. The University reserves the right to withhold transcripts and similar records where students, for example, have unmet obligations to the institution

Certification of Enrollment and Degrees: The Office of Registration can provide oral or written confirmation of registration, enrollment, or degree status. The printed certification can be used whenever enrollment or degree verification is required for car insurance, loan deferments, medical coverage, scholarship purposes, and so on. Certification of full- or part-time enrollment cannot be provided until after the study list is filed. After conferral, the degree awarded to a student can be verified by contacting the Office of Registration for an official transcript or a certification form. Requests for transcripts must be made by the student in writing.

Office of Registration Files: The Office of Registration maintains a record for each enrolled graduate student. At the present time, that file generally contains the student's application to New California Conservatory, the student's transcripts from other universities, and may also contain various records from the student's career at NCCM. The Office of the Registrar does not keep records from applicants who were denied admission or who refused Stanford's offer of admission.

Access to Student/Applicant Files: In general, students who enroll at NCCM have the right to review educational records in their student record, or that are kept elsewhere by NCCM about them. The information is available to the student only, for review while enrolled or anytime thereafter.

Disposal of Student/Applicant Documents: Any document that contains non-public information about students or applicants — especially sensitive items such as admission applications, letters of recommendation, grades, or private addresses — should receive special handling when retention is no longer needed. It should either be shredded or destroyed in some way that maintains its confidentiality.

Graduation Requirements:

Students who complete each course of the program of study listed in their signed contract with the conservatory will be entitled to be awarded the academic degree appropriate to their program. Issuance of the degree will be based on the student’s satisfying the required overall minimum grade point average, completion and submission of all necessary institutional forms, and payment of any outstanding fees.

Student Refunds in Case of University Closure:

California law requires that upon enrollment a fee be assessed in relation to the cost of tuition. These fees support the Student Tuition Recovery Fund (STRF), a special fund established by the Legislature to reimburse students who might otherwise experience a financial loss as a result of untimely school closure. Institutional participation is mandatory.

To be eligible for STRF you must be a "California Resident" and reside in California at the time the Enrollment Agreement is signed or when you receive lessons at a California mailing address from an approved institution offering correspondence instruction. Students who are temporarily residing in California for the sole purpose of pursuing an education, specifically those who hold student visas, are not considered to be a "California Resident"

To qualify for STRF reimbursement you must file a STRF application within one (1) year of receiving notice from the Bureau that the school is closed. If you do not receive notice from the Bureau, you have four (4) years from the date of closure to file a STRF application. If a judgment is obtained you must file a STRF application within two (2) years of the final judgment.

Students are advised to keep a copy of any enrollment agreements, contracts, or applications to document enrollment; tuition receipts or canceled checks to document the total amount of tuition paid; and records which will show percentage of the course which has been completed for STRF.

Questions regarding STRF may be directed to the Bureau for Private Postsecondary Education at 2535 Capitol Oaks Drive, Suite 400, Sacramento, CA 95833 (PO Box 980818, West Sacramento CA 95798-0818), (P (888)-370-7589 F (916) 263-1897)

Student Grievance and Due Process

The student is encouraged to pursue academic studies and other university sponsored activities that will promote intellectual growth and personal development. In pursuing these ends, the student should be free of unfair and improper action by any member of the academic community.

A grievance may be initiated when a student believes there has been an unjust action or denial of rights as stipulated in university policies and in the state education code. Such action may be instituted by the student against: another student, a faculty member, an administrator, or other school staff.

Students may initiate a grievance for any of the following reasons:

1. Prejudicial or capricious action in the evaluation of the student's academic performance.
2. Intimidation, assault, battery, or harassment (including sexual harassment).
3. Arbitrary action or imposition of sanctions by a university representative without proper regard to procedural due process as specified in conservatory guidelines for due process.

When a student believes an injustice has occurred, he or she may seek redress through established policies and procedures.

NCCM encourages students, faculty, and staff members to informally resolve differences. If an issue cannot be resolved informally, a formal grievance may be filed. Complaints under this policy may be brought for alleged discrimination based on, but not limited to, race, creed, color, national origin, gender, marital or parental status, physical or mental disability, Vietnam-era veteran status, or age. It is also appropriate to use this policy to file complaints about grades, academic procedures, student behavior, and other campus concerns except sexual harassment.

Individuals having complaints related to charges of sexual harassment must use a different grievance procedure. Specific information on the procedure to be followed in this kind of grievance may be obtained from the Office of the Dean of Administrative Services.

The formal procedure for grievances between students and other students, students and faculty/staff members, faculty/staff members and a student, and grievances of an academic (student-to-faculty) nature is available in the Office of the Dean of Instruction. Procedural due process is the method established to resolve faculty, staff, and student conduct issues in a clear, fair and orderly manner. These procedures apply to actions which interfere with or exert a harmful affect upon the functions of the Conservatory. Due process is intended to achieve an equitable solution that will resolve the issue with due regard for the rights of the accused, the protection of the student body, and the interest of the Conservatory. Any action taken by a student under a due process procedure shall preclude any further action.

Coursework from other institution, national and international, will require thorough documentation evidencing equivalency

to the standards set by the Bureau for courses in Bureau approved programs. The evaluation is done by the Office of Admissions and Records. You may refer the school catalog for more detailed explanation.

Units you earn in our Master of Church Music (MACM) program in most cases will probably not be transferable to any other college or university. For example, if you entered our school as a freshman, you will still be a freshman if you enter another college or university at some time in the future even though you earned units here at our school. In addition, if you earn a degree, diploma, or certificate in our Master of Church Music (MACM) program, in most cases it will probably not serve as a basis for obtaining a higher-level degree at another college or university.
