PERFORMANCE FACT SHEET

PROGRAM GOALS AND REQUIREMENTS

Our Programs are approved by the State of California Bureau for Private Postsecondary Education, the Medical Board of California and the California Board of Behavioral Science. Our programs do not qualify the recipient to sit for the licensing examination in the field of psychology, marriage and family therapy or clinical social work. They do, however, qualify for continuing education units in those fields.

EMPLOYMENT PLACEMENT SERVICES

Placement assistance is limited to providing documentation of training. As candidates are licensed professionals upon entry into the Institute, referrals of patients to candidates are commonly made both by fellow candidates as well as by faculty as a function of the community life of colleagues within the Institute.

REFERRALS

Referrals of patients to candidates are commonly made both by fellow candidates as well as by faculty as a function of the community life of colleagues within the Institute. NPI cannot be responsible for developing a candidate's practice nor for identifying individuals suitable for the control case requirements. However, from time to time, NPI receives inquiries from the wider community for psychoanalysis or psychoanalytic psychotherapy. As a service to the community, the Director of Referrals helps to facilitate the connection between these potential patients and candidates looking for control cases. When appropriate, notification is published in the weekly NPI newsletter. We encourage candidates to be in touch with the Referral Coordinator if they are interested in this service.

Candidates and potential patients must work out together whether or not the therapeutic relationship is a fit and what fees are acceptable.

ENROLLMENT STATISTICS

Enrollment September 2011 for Academic Year 2011- 12:
