School Performance Fact Sheet

In compliance with the California Postsecondary Education Act of 2009, California Sciences Institute (CalSci) provides the following Statements of Fact:

The Bureau for Private Postsecondary Education (BPPE), as the regulatory body for private postsecondary institutions for the State of California, requires that each institution provide the following information to students, prior to enrollment, as evidence of recognition of the need to address consumer protection:

Completion rates for each program of instruction: 100% for all programs.

Placement rates for each program of instruction: 100% for all programs.

License-examination rates for any program to which that statistic is applicable: No license requirements apply to any of our programs.

Salary or wage information for each career, occupation, trade, job, or job title, as applicable, for which students are prepared: Information available is a mix of salary and wages, with wages not reflecting full time work (graduates who work as consultants are paid by the hour but not as full time employees). Further, due to the number of students, revealing this information would provide specific salary information for individuals, which would violate privacy requirements. Masters graduates in Advanced Investigations are currently being paid. As an aggregate figure, the average hourly rate, including an approximation of benefits, is \$125/hr.

This fact sheet is filed with the Bureau for Private Postsecondary Education. Regardless of any information you may have relating to completion rates, placement rates, starting salaries, or license exam passage rates, this fact sheet contains the information as calculated pursuant to state law.

Any questions a student may have regarding this fact sheet that have not been satisfactorily answered by the institution may be directed to the Bureau for Private Postsecondary Education at P.O. Box 980818 Sacramento, CA 95798-0818, <http://www.bppe.ca.gov/>; Phone: (916) 574-7720.
