¹"Number of Students Who Began Program" is the number of students who began the program who are scheduled to complete the program within the reporting calendar year.

²"Number of Graduates is the number of students who have completed the program within 100% of the published program length."

³"Graduates available for employment" means the number of graduates minus the number of graduates unavailable for employment. "Graduates unavailable for employment" means graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

⁴"Graduates employed in the field" means graduates who report that they are gainfully employed within six months of graduation in a position for which the skills obtained through the education and training provided by the institution are required or provided a significant advantage to the graduate in obtaining the position.

⁵Placement Rate is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

2011	27	17	0	0	1	3	8	2

Students Not Reporting Salary: 2010 = 3, 2011 = 3

¹"Graduates available for employment" means the number of graduates minus the number of graduates unavailable for employment. Graduates unavailable for

employment means graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

²"Graduates employed in the field" means graduates who are gainfully employed in six months of graduation in a position for which the skills obtained through the education and training provided by the institution are required or provided a significant advantage to the graduate in obtaining the position.

³Salary is as reported by the student. Not all graduates reported salary.

The student may obtain a list of employment positions determined to be in the field for which a student received education and training for the calculation of job placement rates in the Career Services Office. The student may also obtain a list of sources of information used to substantiate the salary disclosures in the Career Services Office.
