## **SCHOOL PERFORMANCE FACT SHEET CALENDAR YEAR 2010**

This School Performance Fact Sheet is made available to all prospective students, in fulfillment of the requirements set forth in Section 94902 of the California Private Postsecondary Education Act of 2009, which is effective January 1, 2010, and for the purpose of supporting informed choice. The following information is data compiled from January 1, 2009 through December 31, 2010.

The Bureau for Private Postsecondary Education (BPPE) is the regulatory body for private postsecondary institutions for the State of California. The BPPE requires that each institution provide the following information to students prior to enrollment, as evidence of recognition of the need to address consumer protection:

- Rates of completion for each program of instruction
- Placement rates for each program of instruction
- License examination rates for applicable programs such as Clinical Psychology
- Salary or wage information for each career, occupation, trade, job, or job title, as applicable, for which students are prepared, and for which data is available.

Please read the Fact Sheet below and initial each paragraph to indicate that you have read them. Please let us know if you have any questions. Thank you.

## I. RATE OF SUCCESSFUL COMPLETION\*

The number and percentage of students who begin our Programs and successfully complete the entire Program during a span of enrollment is the following:

Please initial the right column which corresponds to the program you are intending to enter.

Calendar Year	degree	Program	Number of Students who Began Program	Students Available for Graduation	Graduates	Completion Rate	Student Initial and Date by Program of Interest
2009	BA	Integral Studies	1	1	1	100%	
	MA	Psychology	2	0	0	N/A	
		MFT	0	0	0	N/A	
		Integral Health	1	1	0	0%	
		Life Physics	1	1	0	0%	
		CRP	0	0	0	N/A	
	Ph.D.	Psychology	6	6	1	17%	
		Integral Health	0	0	0	N/A	
		Life Physics	0	0	0	N/A	
		CRP	1	1	0	0%	
2010	BA	Integral Studies	2	2	0	0%	
	MA	Psychology	1	1	0	0%	
		MFT	0	0	0	N/A	
		Integral Health	0	0	0	N/A	
		Life Physics	0	0	0	N/A	
		CRP	2	2	0	0%	
	Ph.D.	Psychology	3	3	3	100%	
		Integral Health	0	0	0	N/A	
		Life Physics	0	0	0	N/A	
		CRP	0	0	0	N/A	

It should be noted that due to the specific and subjective nature of earning Master and Doctorate degrees (as well as the BA completion program) in adult higher education, it is challenging to quantify exactly how many begin in the same year and finish in the same year. Many students choose to take longer than one or two years because they self-pace the degree due to various factors particular to adult higher education such as working full time, personal matters, finances, to name just a few. CIHS prides itself on its flexibility and students must be self-motivated. While we have a designated time for completion of the program as noted in the Student Enrollment Agreement, CIHS students ultimately finish at their own rate. The pace of each program is individualized.

## II. EXAM PASS RATE 2009-2010

California Licensure Exam for Clinical Psychology (MFT & PhD)

Board of Psychology EPPP/CPLEE Passing Rate

2010	2	1	1	50%

## III: RATE OF EMPLOYMENT

The Master's and Doctorate degrees in Clinical Psychology provide licensure eligibility to practice psychotherapy and psychology respectively. Due to the unique and specialized nature of our other humanistic/integral programs, many of our students are practitioners in the healing arts, researchers, conduct individualized practice, or are already professionals or in education before they begin a new course of study. It is impossible to quantify these subjective careers. However, any graduate degree prepares graduates to deal more effectively in any professional, clinical, research, and /or academic setting, or in any higher-level occupation. I understand the subjective nature of the course of study in which I am undertaking. Goals for such programs are individualized.

**IV: SALARIES AND WAGES**

The California Institute for Human Science makes no claim as to annual starting wages or salaries of graduates, nor as to local availability of jobs in the field. The graduates for salaries in these fields of study are highly subjective and driven by market trends, self-motivation, an already established career, and various other factors. CIHS does not offer employment placement assistance, besides generalized networking among faculty and adult students. All alumni are encouraged to remain part of the CIHS active learning community which offers many workshop and networking opportunities throughout the year.

## V. NOTICE CONCERNING TRANSFERABILITY OF UNITS AND DEGREES EARNED AT CIHS

CIHS has permission to operate and grant degrees by the California Bureau for Private Post-Secondary Education (BPPE). Our clinical psychology programs are also approved to meet eligibility requirements for licensure with California's Board of Behavioral Science (BBS) and the Board of Psychology (BOP). I understand that CIHS is not accredited at this time.

\_\_\_\_\_ **Initials**

If you decide to transfer schools or complete your education elsewhere, the transferability of credit you earn at the CIHS may be at the complete discretion of an institution to which you may seek to transfer. If the degree that you earn at this institution is not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason you should make certain that your attendance at this institution will meet your educational and professional goals. This may include contacting an institution to which you may seek to transfer after attending CIHS to determine if your degree will transfer if your degree is not terminal.
