2011-2012	33	30	1	30

The Institute receives many job offerings and this information is made available to the trainees. Job offerings are emailed directly to the students by a member of the administrative staff. Job placement information is also available through communication with the International Montessori Community, addresses of which are also made available to the trainees. It should be noted that AMI Montessori certified personnel continue to be in great demand worldwide. The demand always surpasses the availability of teachers. No specific job placement assistance is offered through the Institute.

Salary Based on Experience

**as reported in the NAMTA 2011 Salary Survey*

Level of Experience	Average Salary
0 – 5 years	\$36,667
6 – 10 years	\$40,682
