- 2. Federal Supplemental Educational Opportunity Grants (FSEOG)
- 3. Direct Loan (DL)
 - a. Subsidized
 - b. Unsubsidized
 - c. PLUS
- 4. Veterans Educational Benefits

FSEOG: Each award year, the school is allocated a specific amount of FSEOG funds. FSEOG is awarded based on the funding level and availability of funds at each school. Funds MUST be made available to students throughout the entire award year. There is NO GUARANTEE that every eligible student will be able to receive an FSEOG.

According to regulations published in the US. Department of Education Student Financial Aid Handbook, FSEOG must be available to disburse to needy students throughout the Award Year. The school is allowed to establish categories of students to be considered for FSEOGs as a means of administering its packaging policies. The school has defined its "first selection group" to be independent students with a zero EFC enrolled full time in an eligible program. The "second selection group" has been defined as dependent students with a zero EFC enrolled full time in an eligible program. The "third selection group" has been defined as Pell eligible with EFCs greater than zero who are enrolled full time in an eligible program. Funds must be disbursed to eligible students in the "first selection group" before funds may be disbursed to eligible students in the "second or third selection groups." If FSEOG funds are available, funds will be subsequently disbursed to these students based on the lowest EFCs. The dollar amount of funds to be awarded is left to the discretion of the school's Financial Aid Administrator. The school determines if the award is to be credited to your account or paid directly to you. There is no requirement to reserve funds for eligible students who have late applications.

FINANCIAL AID DISBURSEMENT INFORMATION

Financial aid is disbursed as a student completes their practical procedures, tests and attendance satisfactorily. Cosmetology students will normally receive disbursements at the beginning of their program and then again at 451, 900, and 1251 completed hours.

A student's financial aid funds are received at the school by an electronic transfer. It is then posted to the student's ledger and the student will be notified. If students are taking out loans over the cost of their school and for cost of attendance, they will be eligible to receive disbursements according to their satisfactory completion of practical procedures, tests and attendance. Students will receive these disbursements in the form of a check made payable to the student.

TERMS AND CONDITIONS OF STUDENT LOANS

Students have the ability to apply for Department of Education Direct Loans. Before receiving loans, students will complete a Master Promissory Note (MPN). A MPN is a binding legal document student's sign by which they agree to repay their loans. The MPN will also contain the Borrower's Rights and Responsibilities statement that explain the terms and conditions of the loans received.

During the deferment period, if you have a subsidized loan, the federal government pays the interest charges. If you have an unsubsidized loan, you are responsible for the interest that accrues during the deferment period. You can still postpone paying the interest charges by capitalizing the interest, which increases the size of the loan. You can't get a deferment if your loan is in default.

Should the student be in need of additional academic assistance, they may return to the freshman classroom at no additional charge for as long as they feel the need for assistance.

CANCELLATION AND SETTLEMENT POLICY

Enrollment is defined as the time elapsed between the actual starting date and the date of the student's last day of physical attendance in the school. Any monies due the applicant or student shall be refunded within 30 days of formal cancellation by the student, or formal termination by the school, which shall occur no more than 14 days from the last day of physical attendance, or in the case of a leave of absence, the documented expected date of return.

If the school is permanently closed, an effort will also be made to encourage an Approved school in closest proximity to provide the remaining instructional hours to the student at cost not to exceed the balance of their existing contract obligations.

If a course is cancelled subsequent to a student's enrollment, the school shall:

- A. Provide a full refund of all monies paid; or
- B. Provide completion of the course.

DENIED ADMISSION

If a student is declined admission, the school shall:

- A. Provide a full refund of all monies paid.

Refund Policy – Notice of Cancellation

- For applicants who cancel enrollment or students who withdraw from enrollment a fair and equitable settlement will apply. Applicants not accepted by the school shall be refunded all monies paid to the school. If student (or in the case of student under legal age, his/her parent or guardian) cancels the enrollment in writing within five business days of signing the enrollment agreement, all monies collected by the school will be refunded even if the student has begun classes. The "formal cancellation date" will be determined by the postmark on the written notification, the date said notification is delivered to the school in person, the date of expulsion by the school, 30 days after the last day of attendance, or the expiration date of an approved Leave of Absence.
- If a student cancels the enrollment more than five business days after signing the contract but prior to starting classes a refund of all monies paid to the school less the registration fee in the amount of \$175.00 will be made. For students who enroll and begin classes but withdraw prior to course completion (after five business days of signing the contract). The following formula applies:

Enrollment time is defined as the scheduled, or actual hours if greater, time elapsed between the actual starting date and the date of the student's last day of physical attendance in the school. Any monies due the applicant or student shall be refunded within 30 days of formal cancellation by the student, or formal termination by the school, which shall occur no more than 21 days from the last day of physical attendance, or in the case of a leave of absence, the documented expected date of return. EXAMPLE: Cosmetology Program of \$7,200.00 Tuition. The student attends 690 scheduled hours of the contract. ($7200.00 \div 1600 = \$4.50 \times 910$ remaining scheduled hours) There would be 910 remaining scheduled hours of unearned tuition. ($910 \times \$4.50 = \$4,095.00$ refund due student)

If the school is permanently closed and no longer offering instruction after a student has enrolled, the student shall be entitled to a full refund of tuition. An effort will also be made to encourage an Approved school in closest proximity to provide the remaining instructional hours to the student at a cost not to exceed the balance of their existing contract obligations.

- In case of illness or disabling accident, death in the immediate family, or other circumstances beyond the control of the student, the school makes a settlement that is reasonable and fair to both.
- For the purpose of determining the amount you owe for the time you attended, you shall be deemed to have withdrawn from the course when any of the following occur:
 1. You notify the school of your withdrawal or the actual date of withdrawal.

2. The school terminates your enrollment.
 3. You fail to attend classes for 14 days.
- Students who withdraw or terminate prior to course completion are charged a cancellation or administrative fee of \$150.00. This refund policy applies to tuition and fees charged in the enrollment agreement. Other miscellaneous charges the student may have incurred at the institution (i.e. extra kit materials, books, products, unreturned school property, etc.) will be calculated separately at the time of withdrawal. All fees are identified in the catalog and in the enrollment agreement.
 - A student returning from more than a 30 day withdrawal will be charge a re-entry fee of \$175.00 and the tuition rates current at the time of the re-entry will apply to the balance of training hours needed for the student.
 - Once the school has determined that a student has withdrawn, an institutional refund will be completed. If the student is receiving Financial Aid (Title IV Funds) a Title IV Return of Funds (R2T4) calculation will be completed first. Any unearned funds will be returned to the Department of Education
 - Any unearned funds will be returned to the Department of Education. The order in which Title IV funds will be as follows: Federal Direct Plus Loan, Federal Direct Unsubsidized Stafford Loan, Federal Direct Subsidized Stafford Loan, Federal Pell Grant Program, Federal SEOG Program, Other Federal and State Programs, Institutional or Agency Programs.
 - Once a student has graduated and has gone into repayment the Direct Stafford Loan has the ability to defer payments should a student need for the following reason: continuing their education (at least half-time at a postsecondary school), studying an approved graduate fellowship program or an approved rehabilitation training program for the disabled, inability to find full time employment (up to 3 years), economic hardship (includes the Peace Corp)maximum 3 years, engages in service listed under discharge/cancellation conditions and Active Military Duty while borrow is on active duty during a war or other military operation or national emergency and if the borrower was serving on or after Oct 1, 2007, for an additional 180 day period following the demobilization date for the qualifying service.

SATISFACTORY ATTENDANCE PROGRESS

In order for a student to be considered as attaining satisfactory progress, he or she needs to have attended 67% of scheduled course hours. The evaluation periods at which attendance progress shall be evaluated are the following, and are based on scheduled rather than actual hours.

Cosmetology (Full and Part Time)

Scheduled Hours:	400	800	1200	1600
------------------	-----	-----	------	------

Skin Care (Full and Part Time)

Scheduled Hours: 200 400 600

Manicuring (Full and Part Time)

If a student is NOT making satisfactory progress at evaluation time, then said student will be placed on probation.

ACADEMIC PROGRESS

Student's cumulative attendance, academic and practical performance is measured by midpoint and completion of the student's program and will be reviewed with the student. Students will be given a copy of their evaluation. A student must make a minimum 70% to maintain satisfactory academic progress. If they are not making satisfactory progress, they will be required to sign it and a copy will be placed in their file. Student is given the opportunity to make up test to bring up their academic grades. Transfer students hours will be accepted toward the student's educational program and are counted as both attempted and completed hours.

LEAVE OF ABSENCES WITH REGARDS TO SATISFACTORY POGRESS

Should a student take a leave of absence, the student's contracted period and maximum time frame will be extended by the same number of days taken in the leave of absence. Reasonable provisions will be made to assist the student when returning from a leave of absence to ensure there is no disruption in his ability to progress satisfactorily.

PROBATION

A student may be placed on probation if the student did not make satisfactory academic progress during a previous evaluation period, appeals the negative progress determination at the beginning of the probation period and the institution determines that satisfactory academic progress standards can be met by the end of the subsequent evaluation period. While on probation the student will be deemed to be making satisfactory progress. At the end of the probationary period if student has not regained satisfactory progress, **all financial aid will be terminated**, and the student may be terminated from the school.

A student who is on probation is advised concerning his/her need to improve and is reminded of the school's policy concerning probation and suspension.

APPEAL PROCEDURE

A student who disagrees with his or her satisfactory progress determination may appeal in such cases as a death in the family, an injury or illness or other circumstances deemed valid. The student must submit in writing the reason for not making satisfactory progress and what has changed in the student's situation that

will allow the achievement of satisfactory academic progress at the next evaluation. The student must appeal in writing within two (2) weeks of receiving his/her satisfactory progress report. An appeals panel comprised of instructors and administrative personnel shall review the student's appeal and render its decision within one (1) week of receiving the written appeal request. If the student prevails on appeal after being found to be meeting satisfactory progress, the record shall be adjusted and privileges and rights will be restored. The decision of the appeals panel is final. A record of the appeal shall be maintained in the student's file. Financial Aid will be reinstated to students who reestablished **satisfactory** progress status.

STUDENTS RECEIVING TITLE IV FUNDS

Students who are receiving Title IV funds and who have not achieved satisfactory progress at the end of the probationary period in either academic or attendance will not be eligible for **Title IV** aid until satisfactory progress has been achieved. Once federal monies have been terminated the balance of the tuition owed is the responsibility of the students.

Students who re-enter school will return making the same satisfactory progress as when student withdrew, were terminated or returning from an official leave of absence.

Incomplete, repetitions and non-credit remedial courses have no effect upon the satisfactory progress policy.

ATTENDANCE POLICY

Absences will be considered as excused under the following circumstances: illness, death or birth in the immediate family, and other valid reasons. All excused absences are to be substantiated in writing and are at the discretion of the school Administration. All other absences will be considered unexcused. If you have a special event to attend, it will be excused with a two-week notice.

LEAVE OF ABSENCE

DSC recognizes that over the course of enrollment it may be necessary to take a short break from training for a variety of reasons. Students should confer with their administrative office to determine if they are eligible for a leave and what impact taking a leave will have on their program. The student's administrative office will assist the student in requesting a leave of absence and determining what supporting documentation, if any, is required to approve the leave.

NOTIFICATION

Any student needing to take a leave of absence must provide his or her administrative office with at least 7 days notice if the need for the leave is foreseeable. If notice is not provided and the reason for the leave was foreseeable, the leave could be delayed up to 30 days. Where unforeseen events occur that require a personal or extenuating circumstance leave, students must give notice as soon as practical, but no longer than 7 days after the event leading to the need for leave occurs. To request a leave, the student must contact his or her administrative office who will explain impact on the enrollment agreement and prepare the form for the student to sign via on-site or mail.

A student may request leave of absence when a break from school is greater than 21 calendar days. The maximum time for leaves cannot exceed 180 calendar days in any 12 month period.

STUDENT LEAVE OF ABSENCE

- The student will be informed as to when he or she is scheduled to resume training
- The student will return to school with the same academic and attendance status held prior to the leave
- Failure to return from a leave of absence on the scheduled date will result in immediate termination from school

STUDENT'S RESPONSIBILITY UPON RETURN FROM LEAVE

The student will return to school from a leave of absence on the return date specified on the Leave of Absence Request form. A student who wishes to extend or shorten the scheduled leave of absence must contact the administrative office at least two business days prior to the originally scheduled return date or desired new return date.

The total tuition charges appearing on the original enrollment agreement (contract) will be honored, and any credits due student will be applied to new enrollment agreement for re-entry. Educational records are defined as files, materials, and documents which contain information directly related to a student that is maintained by the institution. Written consent is required each time a review is requested before education records may be disclosed to third parties with the exception of accrediting commissions or governmental agencies so authorized by law. Any inquiries or complaints regarding the above should be directed to the owner of the school, or authorized representative. It is asked that a twenty-four hour notice be given to management by anyone wishing to inspect educational records. All inspection of records must be Cosmetology, Skin Care,

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

If you are the parent of a student under 18 years old or tax dependent, or if you are a student 18 years or older, you should know that the privacy of your child's (or your) school records is protected by a federal – the Family Educational Rights and Privacy Act of 1974 (FERPA). The FERPA gives certain rights to parents regarding their children's educational records. These rights transfer to the student or former student who has reached the age of 18 or is no longer tax dependant attending any school beyond the high school level. Students and former students to whom the rights have transferred are called eligible students. The school must have written permission from the parent or eligible student before releasing any information from a student's record. However, the law allows schools to disclose records, without consent, to the following parties: school employees who have need-to-know; certain government officials in order to carry out lawful functions; appropriate parties in connection with financial aid to a student; organizations doing certain studies for the school; accrediting organizational, individuals who have obtained court orders or subpoenas; persons who need to know in cases of health and safety emergencies; state and local authorities to whom disclosure is required by state laws adopted before November 19, 1974. The school may also disclose, without consent, "directory" type information such as a student's name, address, telephone number, date and place of birth, and dates of attendance to those who have a legitimate need to know. You may, however, request in writing that the school not disclose any or all of this information before publishing.

NACCAS JOB DEMAND SURVEY

Since 1990, NACCAS has commissioned several Job Demand Surveys, to provide quantitative data on cosmetology careers, earnings potential and job openings. The most recent survey, completed in May 2007, compiles data from 6,203 salons responding to a national survey.

The 2007 Job Demand Survey results indicate that salons in California plan to hire 45,967 new employees in the next twelve months. The average annual salary for a salon professional in California is \$44,134. This amount does not include tips and gratuities. Nationally, the average salon professional's salary is \$35,973.

Most importantly, 69% of California salon owners who attempt to hire new employees in 2006 said they were unable to find properly trained applicants. This means jobs would be immediately available for salon professionals.

As of January 2007, there were 325,021 professionals employed at California's 48,131 salons. 40% of saloons in the state are employer-owned, and 29% are booth-rental salons. The other 31% are a combination of the two.

49% of California salons are classified by their owners as full-service salons; 20% are listed as haircutting salons. Barbershops make up 13% of the total. Naturally, 58% of the salons are listed as full-service, meaning that California has a higher percentage of specialized establishments.

COMPLETION, PASS AND PLACEMENT RATES

As documented in our 2009 NACCAS Annual Report is as follows:

Of the students that were scheduled to graduate in 2010, 72% of them completed.

Of the students that took the State Board Exams in 2010; 90.53% passed practical and written tests.

Of the students that passed and were licensed in 2010; 86.36% of them were placed in the field.

Retention rate for first time, full time students is 83%.

Percentage of first time, full time students who transfer is 8%.

STUDENT BODY DIVERSITY

This is all full-time students who received Pell Grants and is reported by percentage of gender and by percentage of race/ethnicity within each gender classification. Race/ethnicity identification is reported at the option of the student. The data provided below is based upon students enrolled in the Fall 2009 academic term.

	Gender %	% of Gender
Female	96%	
Hispanic/Latino		31%
Black or African American		4%

Campus Crime, Sexual Assault and Sexual Harassment Policy

Design's School of Cosmetology is a private proprietary post-secondary school. School policy requires compliance with the Campus Security Act of 1990 and the Campus Security Act of 1998 (Federal Law). The school has adopted the following Campus Crime and Sexual Harassment Policy. This policy applies to all students, employees and campus visitors.

Campus Crime Policy Responsibilities/Procedures

All employees and students are required to file a written incident report for all crimes and unsafe incidents occurring on campus, to the Director of Education within 24 hours of the incident. Incident report forms are available in the drawer at the front desk or in the administrative office. All students and employees will be notified via memo if Management considers any incident to be a threat to campus safety. The annual crime disclosure report will be prepared from reports, along with annual reports from the local police. The Director of Education bears the responsibility of campus notification when warranted. The president bears the responsibility for the annual Crime and Security Report.

Campus hours of operation are Tuesday through Saturday 8:30 a.m. to 5:00 p.m. Someone from Administration is in the building and in charge of security during all hours of operation. Although no school employees are authorized to make an arrest, all Administration personnel are trained in the accurate and prompt reporting of any crime to the Paso Robles Police Department or Pleasanton Police Department.

The campus Crime Policy is distributed to all students and employees not later than October 1st each year. The school drug and alcohol policy is also distributed to all students and employees no later than October 1st.

All staff members including faculty must be cognizant of crime prevention and security procedures. At a minimum, staff members are responsible for:

1. Assuring all possessions are stored securely and all office and classrooms are locked when unattended.
2. Immediately reporting suspected criminal activity to Administrative personnel. All staff members are trained to follow up the verbal report with a completed written incident report as soon as possible.
3. Acting in a responsible and cautious manner when observing criminal activity. The personal safety of student and staff members must be everyone's primary concern. Therefore, staff members must not confront, antagonize or attempt to apprehend suspected criminals. They should, however, try to observe and remember the description of the suspect and to cooperate with the law enforcement officials in an attempt to identify all perpetrators.
