

INTRODUCTION

The Medical Allied Career Center, Inc. (MACC) school catalog is a compilation of the information, policies, procedures and practices developed by the school administration and faculty.

This school catalog is a guide to assist you in obtaining answers to many questions that you may have while enrolled in any program offered by the school. The policies and procedures will be in effect for you as long as you are enrolled in any program offered by the school.

This school catalog covers the period from September 30, 2011 to June 30, 2012. The next school catalog that will be published will cover the period from July 1, 2012 to June 30, 2013. Students will be informed of any changes made within the period covered by the school catalog.

MACC reserves the right to make changes affecting the course, policies, procedures, requirements, fees and/or any matters contained in this school catalog. All matters contained herein are subject to change without notice and the school does not assume any responsibility for any misinterpretation by the students of the policies and procedures as presented in this school catalog.

A Message from the Director

It is with great pleasure that I introduce you to Medical Allied Career Center, Inc. (MACC), an affiliate of Continue CPR. Our school was established on August 2005 and has been serving students in the Los Angeles area since 2006. MACC believes that nursing is a scientific discipline with a distinct body of knowledge, manifested by the art of caring. Our school aspires to provide nursing and healthcare educational programs that foster intellectually and culturally diverse environment that enhances individual growth and development which would preserve knowledge and understanding that would benefit the needs of their respective clients. Thus, our faculty is committed to an educational philosophy that emphasizes adult learning and competency assessment. It brings me with great satisfaction to assure you that our school maintains a high standard in achieving our mission and will continuously find a way to improve and meet our goals.

We provide with the opportunity to start a career that will yield to greater endeavors. Our welcoming and friendly, yet professional, environment is always a plus when students are trying to make decisions regarding their educational training. We always aim to make our students feel comfortable in order to have an enjoyable educational experience.

MACC is proud of the number of graduates placed into jobs. Our staff is constantly trying to make the students' educational experience enjoyable and is always on top of the industry market assisting graduates to be placed in their chosen professions. The rate of graduation at Medical Allied Career Center, Inc. is 100%, this means that 100% of enrolled students have graduated, and of the 100% of graduates, 80% have been placed into their chosen medical profession.

I hope that after studying this catalog you will have a better understanding and a better idea of our school and that you will be encouraged to start a new career in the field of healthcare and medicine.

MACC Director

STATEMENT OF OWNERSHIP

Medical Allied Career Center, Inc. (MACC) is a privately held business corporation owned by Raymond Gerber and Elizabeth D. Gerber.

HISTORY

In 1999, Raymond Gerber and Elizabeth D. Gerber, owners and founders of Medical Allied Career Center, Inc. (MACC) opened the first school, Continue CPR, a continuing Education School, that offers Health Provider Training and Certification Courses that includes Pharmacology, Critical Care, IV Certification & Blood Withdrawal, Basic EKG, Pediatric Advanced Life Support, Neonatal Resuscitation, Advanced Dysrhythmia, and Basic and Advanced Cardiac Life Support, Management of Assaultive Behavior and Monitor Technician Course.

With the apparent success of Continue CPR and in an effort to draw the 37 years of experience as a Registered Nurse of Elizabeth D. Gerber, its sister company, Medical Allied Career Center, Inc. (MACC) was established in August 2005 and has been serving students in the Los Angeles area since 2006. MACC offers Vocational Nursing Program with various areas of clinical specialties such as Patient Care, Administering Medication, Drawing Blood, Nutritional Counseling, Geriatric Care, Surgical Care, Pediatric Care, Obstetric Care, Clinical Care, Psychiatric Care, and Oncology Care. Other courses being offered are Nursing Assistant Program, Home Health Aide Program, and Phlebotomy Technician. In the future, MACC will be starting Medical Assisting with Medical Billing and Pharmacy Technician Programs.

MISSION

Medical Allied Career Center, Inc. (MACC) aspires to provide nursing and healthcare educational programs that foster an intellectually and culturally diverse environment that enhances individual growth and development that would benefit the needs of their respective clients. To prepare a broad community of students to make lifelong learning commitments that result in personal, social, economic, and community contributions to an increasingly globally interdependent world.

SCHOOL PROFILE

Medical Allied Career Center, Inc. (MACC) is located at 12631 East imperial Highway, Bldg. D, Suite 108, Santa Fe Springs, CA 90670, Phone # (562) 807-2420, Fax # (562) 807-2421 and website: medicalalliedcareercenter.powersites.net. It is located in a gated business park complex with free parking spaces. It has a total of 5,500 square feet and holds 5 classrooms, 4 offices, lobby, file room, library, storage room and a teacher's lounge. Classroom A holds a maximum of 34 students while classroom B holds a maximum of 26 students. These are considered the 2 biggest classrooms and are used for lectures, presentations and skills. One (1) sink and weight scale are in classroom B. Classrooms C, D and E holds a maximum of 16, 16 and 12 students respectively. Classrooms C and D are also used for lectures, presentations and skills. Classroom E is used as skills laboratory where mannequins, wheel chair, walkers and other skills supplies and equipments are found. Each classroom has television, video and DVD players, side tables, bed, and mannequins.

A pantry or a coffee room where a coffee machine, microwave, and a vending machine for snacks and drinks are found is made available for students to use. A teacher's lounge is provided for instructors to prepare their lessons and teaching plans. The library is 115.9 square feet and holds 6 internet-based computers to be used by students for research. There are additional internet-based laptops for classroom use. More than 200 nursing/medical books are available for references. The location of the school is a close proximity to the Norwalk County Library and Cerritos College. Medical Allied Career Center, Inc. staff and employees are warm and willing to help their students by attending to their needs. Our campus is located in a gated business complex with adequate parking spaces for students.

Prospective students are required to tour the school and discuss personal, educational, and occupational plans with school personnel before enrolling.

ENROLLMENT REQUIREMENTS

To meet the basic admission criteria, a student must be at least 17 years of age and possess a valid high school diploma, GED, or passed a State approved examination. Individuals who do not possess a high school diploma or equivalent will not be eligible for admission to MACC. For Nursing Assistant Program and Home Health Aide Program, students are not required to submit their high school diploma or GED. All students, including those with physical or mental handicaps, are considered for acceptance according to the admissions standards stated in this catalog.

The final determination for admission is based on entrance test results, prior education, motivation, work experience, appropriate attitude, placement potential, and general attitude for the chosen field. Applicants are assessed on an individual basis to determine the prospective student's ability to successfully complete the program of study. All students will be required to undergo a tour prior to enrollment and to sign disclosures signifying that the institution has complied with state student disclosure requirements prior to enrollment.

Students with specific physical disabilities will be assessed individually to determine the extent of their potential ability to perform in their desired career area. Students who demonstrate special needs in hearing or sight related learning disabilities will be accommodated as best as possible in selected programs. Obvious sight disabilities could disqualify some students from some programs. For students with learning disabilities, instructors can provide tutoring help to increase a student's learning. The institution is handicap accessible.

MACC does not require any English language proficiency information from the student enrolling in any of the programs offered by the school.

Previous training at a state-approved school will be considered with respect to the respective program upon demonstration of proficiency. The student must present his/her evidence of training in these areas and pass hands-on and terminology tests. Appropriate credit (not to exceed 50% of program hours) may be offered. This determination will be made and documented jointly by the School Director and respective instructors.

The school reserves the right to change tuition and fees, make curricular changes as necessary, and make substitutions in books and supplies as required without prior notice. Any changes in tuition or fees will not affect a student already in attendance or enrolled.

ADMISSIONS

All applicants are required to complete a personal interview with the School Director or designee prior to signing an Enrollment Agreement. Personal interviews give the School Director an opportunity to conclude an applicant's qualifications for enrollment in any program. Also after this interview, the student must take an Entrance Exam focusing on the areas of the English language, basic science and basic math skills, and must pass the exam (Test of Essential Academic Skills - TEAS) with the Proficient Level or better for Vocational Nursing Program, and Entrance Test focusing on the areas of the English language and basic math skills, and must pass the exam (Wonderlic Scholastic Level Exam) with at least 84% for Phlebotomy Technician and 75% for Nursing Assistant Programs in order to be admitted as a student at Medical Allied Career Center, Inc. The student must also have a background check and drug screen prior to admission to any program.

NEW STUDENTS

If you are not currently enrolled at MACC, or have not registered for classes for twelve consecutive months, you will need to complete an application for enrollment. This can be done in person at the admissions office. Once the application has been completed, an appointment will be made.

All applicants must complete the Entrance Exam focusing on the areas of the English language, basic science and basic math skills, and must pass the exam (Test of Essential Academic Skills - TEAS) with the Proficient Level or better for Vocational Nursing Program, and Entrance Test focusing on the areas of the English language and basic math skills, and must pass the exam (Wonderlic Scholastic Level Exam) with at least 84% for Phlebotomy Technician and 75% for Nursing Assistant Programs in order to be admitted as a student at Medical Allied Career Center, Inc. This test is used to determine if a prospective student has the basic problem-solving skills, works well under pressure, and follows written directions. This test needs to be passed before the student is considered for any program and admission.

CONTINUING STUDENTS

Continuing Students (graduated and taking another program) are given a date and time to return for registration. Students who miss their registration appointment may register after their appointment during regular registration hours. Continuing students may not register after the program has begun, however, only after obtaining a special pass from the Director and slots are available may the student register for their choice of program.

PROGRAMS

The following are the programs offered by Medical Allied Career Center, Inc. All programs are conducted on campus. All instructions will be in English language.

A certificate will be given upon successful completion of the program.

Breakdown of hours for Theory (or lecture hours), laboratory/clinical hours and externship:

Program	Theory	Lab/Clinical	Externship	Credits
Vocational Nursing	594	960	N/A	58.5
Nursing Assistant	50	100	N/A	
Home Health Aide	20	20	N/A	
Phlebotomy Technician	40	4	40	

PROGRAM DESCRIPTION

Vocational Nursing

1554 Hours/ 52 weeks FT/ 82 weeks PT

Under general supervision, the vocational nurses will provide a wide variety of direct patient care by performing the more responsible, non-registered nursing duties under the direction of a Registered Nurse; will perform assigned responsible patient care, utilizing specialized knowledge in the techniques, methods, procedures, and equipment required in support of the professional staff; will observe, record and report unusual conditions or behaviors; will take and record blood pressure, temperature, pulse, and respiration; will administer medications as prescribed by physicians; may adjust or discontinue flow of intravenous therapy; performs various types of catheterizations and irrigations; will provide for the safety, emotional and physical comfort of the patient; will learn and operate a wide variety of hospital equipment; will administer enemas, douches, irrigations, and catheterizations; will establish and maintain effective working relationships with the staff, patients and patients' families.

PROGRAM OBJECTIVES

Upon completion of the Vocational Nursing Program, the student will be eligible for application for licensure as a Licensed Vocational Nurse and be able to:

1. Utilize the nursing process in using and practicing basic assessment (data collection), participating in planning, executing interventions in accordance with the care plan or treatment plan, and contributing to individualized nursing interventions under the direction and guidance of a registered nurse.
2. Provide patient/client care and perform basic nursing services as defined in scope of practice for Vocational Nursing.
3. Apply communication skills for the purpose of a continuity of patient/client care and education.
4. Provide assistance to influence the client's development in achieving an optimal level of self care.

5. Promote an understanding and appreciation of the principles of health and health education, and insight into disease treatment and prevention, and for the client's return to self-care.
6. Promote an awareness of essential social attributes necessary to perform safely and efficiently.
7. Perform safely and efficiently, while maintaining confidential positive interpersonal relationships, empathy, and patient advocacy.
8. Fulfill the social responsibility of being a role model for a positive health example in health care facilities, in the community, and in the home.

Course Title: PSYCHOLOGY

No. of Weeks: 8 Weeks (Full time)/ 12 Weeks (Part time)

Course Description:

Psychology course includes the discussion of the philosophy of individual worth, the essentials for developing one's potential in order to identify one's life role, the relationship of social needs and behavior, and other matters relating to the psychological behavior/influences of an individual.

Course Title: GROWTH AND DEVELOPMENT

No. of Weeks: 8 Weeks (Full time)/ 12 Weeks (Part time)

Course Description:

Growth and Development course includes the discussion of the nursing implications and fundamental concepts of growth and development, general characteristics, physical, mental, psychosocial and emotional development of pre-school child, school age child, adolescent, young adult, middle adult and older adult. It also includes assessment of needs for various age groups.

Course Title: FUNDAMENTALS OF NURSING

No. of Weeks: 8 Weeks (Full time)/ 12 Weeks (Part time)

Course Description:

Fundamentals of Nursing include classroom instruction, skills laboratory and clinical experiences in acute care and long-term facilities. It includes the discussion of nursing history, legal protection system, controls and importance of ethics in the role of a nurse, environmental and personal safety, basic nursing assessment and interventions, documentation, medical/surgical asepsis, communication, overview of anatomy and physiology, and death and dying.

Course Title: PHARMACOLOGY

No. of Weeks: 8 Weeks (Full time)/ 12 Weeks (Part time)

Course Description:

Pharmacology course includes discussion of the foundation and basic principles of pharmacology. It also includes the review of math, basic rules in calculations, legal aspects affecting the administration of medication, patient education and health promotion related to medications, and specific nursing behaviors that assist in successfully helping patients be compliant with their medication plans.

Course Title: MEDICAL SURGICAL I

No. of Weeks: 8 Weeks (Full time)/ 12 Weeks (Part time)

Course Description:

Medical Surgical Nursing I includes classroom instruction, skills lab and clinical experience in acute care and long-term facility. It also includes discussion of the nursing process to plan care of patients with intravenous therapy and blood transfusion emphasis on the fluid, electrolyte, acid base balance, nutritional, skin and immune disorders; and in clients with preoperative and postoperative conditions.

Course Title: MEDICAL SURGICAL II

No. of Weeks: 8 Weeks (Full time)/ 12 Weeks (Part time)

Course Description:

Medical Surgical Nursing II includes classroom instruction, skills lab and clinical experience in acute care and long-term facility. It also includes discussion of the nursing interventions, nursing care plan, etiology and pathology in the care of clients with cancer, respiratory, cardiac, perivascular, hematologic, lymphatic, musculoskeletal, gastrointestinal and urinary disorders. The course also includes discussion of the medical and surgical management of respiratory disorders for a client with cancer, respiratory, cardiac, perivascular, hematologic, lymphatic, musculoskeletal, gastrointestinal and urinary disorders.

Course Title: MEDICAL SURGICAL III

No. of Weeks: 8 Weeks (Full time)/ 12 Weeks (Part time)

Course Description:

Medical Surgical Nursing III includes classroom instruction, skills lab and clinical experience in acute care and long-term facility. It also includes discussion of the nursing interventions, etiology and pathology, and comprehensive nursing care and teaching plan for clients with neurological, sensory, endocrine, female and male reproductive and sexual disorders; HIV and AIDS, mental disorders, clients with substance abuse and clients in emergencies.

Course Title: MATERNITY NURSING

No. of Weeks: 4 Weeks (Full time)/ 6 Weeks (Part time)

Course Description:

Maternity Nursing includes classroom instruction, skills lab and clinical experience in acute care and long-term facility. It also includes discussion of the human reproductive anatomy and physiology prenatal development, the normal physiologic changes in pregnancy and nursing care of women with complications in pregnancy, and common disorders of the new born and nursing care of the newborn with congenital malformation.

Course Title: PEDIATRIC NURSING

No. of Weeks: 4 Weeks (Full time)/ 6 Weeks (Part time)

Course Description:

Pediatric Nursing includes classroom instruction, skills lab and clinical experience in acute care and long-term facility. It also includes discussion of the comprehensive nursing care & teaching plan for children with sensory, neurologic, musculoskeletal, respiratory, cardiovascular, hematologic, lymphatic, and gastrointestinal, genitourinary, skin, metabolic, communicable, emotional and behavioral condition. It also includes discussion of the important aspects that should be presented in patient teaching & home care planning for care of pediatric clients afflicted with various diseases.

Course Title: GERIATRIC NURSING

No. of Weeks: 2 Weeks (Full time)/ 3 Weeks (Part time)

Course Description:

Geriatric Nursing includes classroom instruction, skills lab and clinical experience in acute care and long-term facility. It includes the discussion of the difference of home health care from community and public health service care, the uniqueness of pediatric and gerontologic rehabilitation nursing and the common psychosocial events that occur to the older adult.

Course Title: LEADERSHIP/ SUPERVISION

No. of Weeks: 2 Weeks (Full time)/ 3 Weeks (Part time)

Course Description:

Leadership and Supervision includes classroom instruction, skills lab and clinical experience in acute care and long-term facility. It includes the discussion of the methods for applying for a job, what can be expected from an interview, advantages of membership in professional organizations and the Nurse Practice Act and how it affects the graduate and how licensing process is completed. It also includes the discussion of the Computerized Adaptive Testing for National Council Licensure Examination and LVN candidate, career opportunities for the LVN and the guidelines to be an effective leader.

Method of Delivery:

The method of instructional/ didactic delivery of the Vocational Nursing Program is on campus.

Requirements for Eligibility for Licensure:

Upon successful completion of the Vocational Nursing Program and all financial indebtedness has been settled, the student can apply for licensure examination to the Board of Vocational Nursing and Psychiatric Technicians. Below are the requirements of the Board:

1. Minimum Age - 17 Years.
2. Completion of the 12th Grade of schooling or its equivalent (furnish proof).
3. Complete and sign the "Application for Vocational Nurse Licensure".
4. Complete and sign the "Record of Conviction" form.
5. Submit the required Department of Justice (DOJ) and Federal Bureau of Investigation (FBI) fingerprints. (see "Important Fingerprint Information.") **Note: A License will not be issued until the board receives the background information from DOJ.**
6. Attach the appropriate nonrefundable fee made payable to the "BVNPT".
7. Successful completion of a written examination titled the National Council Licensing Examination for Practical (Vocational) Nursing (NCLEX) or the National League for Nursing Test Pool Practical Nursing Examination (NLN). A passing score on a Registered Nurse examination will not satisfy this requirement.
8. When the requirements of Steps 1-7 have been met, the Board will advise you of the Initial License Fee to be paid. **This fee is in addition to the application fee.** It takes 4-6 weeks to process your license.

PROGRAM DESCRIPTION

Nursing Assistant

150 Hours/ 4 weeks

Nursing Assistants work under the supervision of a nurse and provide assistance to patients with daily living tasks. Working closely with patients, nursing assistants are responsible for basic care services such as bathing, grooming and feeding patients, assisting nurses with medical equipment, and checking patient vital signs. Nursing Assistants give patients important social and emotional support and also provide vital information on patient conditions to nurses.

PROGRAM OBJECTIVES

Upon completion of the Nursing Assistant Program, the student will be eligible to take the certification by the State of California and be able to:

1. Provide nursing care to patients in hospitals, nursing homes or long-term care settings.
2. Perform comfort and personal care measures in the health/home care setting.
3. Provide basic emotional, physical, psychological and spiritual support to clients in the health/home care settings.
4. Cooperate with the health care team members to coordinate delivery of nursing assistant care and seek guidance when necessary.
5. Exhibit professional conduct, appearance, and ethical behavior when providing nursing assistant care.
6. Demonstrate skills which provide for the restorative needs of clients.
7. Demonstrate effective written/oral communication in maintaining relationship with clients, families, and other health care members.
8. Maintain the rights of clients.
9. Perform nursing assistant care with regard to the principles of infection control.
10. Perform basic emergency procedure for all aged clients.
11. Demonstrate procedures in a safe therapeutic manner in the health/home care setting to meet federal/state mandates.
12. Demonstrate defensive driving techniques.
13. Conduct a self-inventory of personal strengths for the purpose of improving performance.
14. Identify the similarities/differences in the role of the nursing assistant in the health care setting and the role of the health nursing aide in the home care setting.

Nursing Assistant	Clock Hours		Credits

Nursing Assistant	50 Hours	100 Hours	

TUITION COSTS

Cost of instruction includes BLS Certification and MAB and books and supplies. However, in case the student withdraws from the program, the documented cost of the book(s) and supplies

will be charged but unearned instruction will be excluded.

Registration Fee (Non-Refundable)	\$ 75.00
Student Tuition Recovery Fund (STRF) (Non-Refundable) (\$2.50 for every \$1,000 of Tuition Fee)	\$ 5.00
Tuition fee (Pro rated upon withdrawal from the program. You are liable for the charges in each payment period. Refer to refund policy)	\$ 1,856.31
TOTAL TUITION FEE FOR THE NA PROGRAM	\$ 1,936.31 =====

Entrance Exam fee is included in the student's total tuition fee.

COURSE SYLLABUS

Course Title: NURSING ASSISTANT

No. of Weeks: 4 Weeks

Course Description:

The course prepares the students to function as Nursing Assistant in nursing centers, hospitals and home care settings. It also emphasize the needs of individuals across life span like caring, understanding , protecting and respecting the person's and residents rights as persons with dignity and values. It includes understanding of the legal principles both federal and state laws with regards to their roles, range of functions and limitations.

This also focuses on the role, limitations, responsibilities and professional boundaries.

Method of Delivery:

The method of instructional/ didactic delivery of the Nursing Assistant Program is on campus.

Requirements for Eligibility for Licensure:

Upon successful completion of the Nursing Assistant Program and all financial indebtedness has been settled, the student is eligible for CNA licensure examination. Below are the requirements of the California Department of Public Health:

1. The applicant should be at least 16 years old.
2. There should be 150 hours of training:
 - a. 50 hours of classroom work and
 - b. 100 hours of clinical training.
4. Applicants should submit their fingerprints to the Department of Justice for background checks
5. Applicants to a NA training programs should have a criminal record clearance upon enrollment.

PROGRAM DESCRIPTION

Home Health Aide 40 Hours/ 1 week

Home health aides help elderly, convalescent, or disabled persons live in their own homes instead of health care facilities. Under the direction of nursing or medical staff, they provide health-related services, such as administering oral medications. Like nursing aides, home health aides may check patients' pulse rate, temperature, and respiration rate; help with simple prescribed exercises; and help patients to get in and out of bed, bathe, dress, and groom. Occasionally, they change nonsterile dressings, give massages and provide skin care, or assist with braces and artificial limbs. Experienced home health aides, with training, also may assist with medical equipment such as ventilators, which help patients breathe. Most home health aides' work with elderly or disabled persons who need more extensive care than family or friends can provide. Some help discharged hospital patients who have relatively short-term needs.

PROGRAM OBJECTIVES

Upon completion of the Home Health Aide program, the student will be able to:

1. Understand how nursing practices, procedures, and philosophies have evolved to current high technology and integrated delivery systems.
2. Understand basic structure and function of the human body and will know medical word elements and abbreviations.
3. Know preventive health practices and potential hazards for patient, health care workers, and co-workers within the health care setting and maintaining a safe and healthful environment.
4. Understand and apply Universal Standard Precautions and infection control, use of good body mechanics, and rules of emergency care.
5. Understand principles of communication and know how these principles can be applied to patient care, conflict resolution, and effective health care team communications in a culturally diverse environment.
6. Understand the roles and responsibilities specific to nursing occupations and will understand current ethical and legal standards including patient rights.
7. Understand the necessity for key employability skills, work ethics, and professional growth and will apply these skills in preparing for, seeking, and maintaining employment and/or continuing education.
8. Discuss the value of family stability and well-being and the effect of potential disruptions on the client/patient treatment/care plan in the home.
9. Demonstrate knowledge and ability to carry out personal care services in the home.
10. Prepare a menu and a shopping list for a patient on a therapeutic diet.
11. Describe terminal illness, hospice care, living wills, and "Do Not Resuscitate" orders.

12. Demonstrate the ability to work with the medical and social needs of home care patients.
13. Perform each of the above entry-level tasks without supervision to the satisfaction of the instructor.

COURSE SYLLABUS:

Course Title: HOME HEALTH AIDE

No. of Weeks: 4 Weeks

Course Description:

A home health aide is an individual who works in the home of the disable, convalescent or elderly person. The services that they provide are health related such as assisting patient with the medication, checking vital signs, changing bandages, giving massage, range of motion, and assist in light house work in the patient's bedroom. They are under the supervision of a RN.

Method of Delivery:

The method of instructional/ didactic delivery of the Home Health Aide Program is on campus.

Requirements for Eligibility for Licensure:

Upon successful completion of the Home Health Aide Program and all financial indebtedness has been settled, the student is eligible for HHA License. Below are the requirements of the California Department of Public Health:

3. The applicant should be at least 16 years old.
4. There should be at least 40 hours of training:
 - a. 20 hours of classroom work and
 - b. 20 hours of clinical training.
4. The applicant should have a CNA license

PROGRAM DESCRIPTION

Phlebotomy Technician **84 Hours/ 5.2 weeks**

Phlebotomy Technicians draw blood from patients or donors in hospitals, blood banks, clinics, doctor offices, laboratories or similar facility for medical purposes. They assemble equipment (such as needles, blood collection devices, gauze, tourniquet, cotton, and alcohol). They verify or record identity of patient or donor. They converse with patients to allay fear of procedure. They apply tourniquet to arm, locate vein, swab area with disinfectant, and insert needle into vein to draw blood into collection tube. (They may also prick finger instead of inserting needle.) They label and store blood container for processing. They may conduct interview, take vital signs and test blood samples to screen donors at a blood bank. They will be able to analyze information and make appropriate recommendations.

PROGRAM OBJECTIVES

Upon completion of the Phlebotomy Technician Program, the student will be eligible to take the National Test to be a Certified Phlebotomy Technician and be able to:

1. Use of specimen collection equipment and know the collection procedures.
2. Know basics in anatomy, physiology, medical terminology, infection control, safety and best practices in the health care field.
3. Understand and be able to adhere to the proper protocols and procedures used in a laboratory environment.
4. Know the technical skills needed to competently and safely collect and handle blood specimens from a variety of patients.
5. Know the interpersonal skills needed to interact with others.

TOTAL TUITION FEE FOR THE PHLEBOTOMY PROGRAM	\$ 1,956.31
	=====

Supplemental materials such as study guide/ reviewer may be purchased upon the discretion of the student. Entrance Exam fee and National Test fee are included in the student's total tuition fee.

COURSE SYLLABUS

COURSE TITLE: PHLEBOTOMY

No. of Weeks: 4 Weeks Didactic

Course Description:

The phlebotomy program trains the students to collect blood specimens by venipuncture and micro collection techniques for clinical laboratory tests or examination purposes. Students learn special precautions in drawing, handling and storing specimens. Risks and complications and how to address them are also covered. After completion of the program and passing the approved certifying exam, the student will be eligible to apply for certification by the Laboratory Field Sciences, California Department of Health.

BASIC PROGRAM

Students will learn about infection control and universal precautions and safety. They will learn about the anatomy and physiology of body systems with emphasis on the circulatory system. Proper selection and preparation of skin puncture site, blood collection equipment, post puncture care and disposal of sharps and needles and wastes will also be covered.

ADVANCED PROGRAM

This program would cover advanced infectious disease control and biohazards. This covers anti-coagulation theory, knowledge of pre-analytical sources of error in specimen collection, transport processing and storage. Risk factors, complications and appropriate responses are also discussed. Legal issues related to blood collection are also covered.

Method of Delivery:

The method of instructional/ didactic delivery of the Phlebotomy Technician Program is on campus.

Requirements for Eligibility for Licensure:

Upon successful completion of the Phlebotomy Technician Program and all financial indebtedness has been settled, the student is eligible for Phlebotomy Technician License. Below are the requirements of the California Department of Public Health:

1. The applicant should be a high school graduate or GED or Equivalent
2. Submit documentation and an application to a CA approved Phlebotomy Training Program
3. Attend a phlebotomy training program and complete the following
 - a. 20 hours of basic classes
 - b. 20 hours of advanced classes
 - c. 40 hours of practical training in a clinical setting
 - d. 50 successful venipunctures and 10 skin punctures on real patients
4. Obtain a certificate of completion from the phlebotomy training program
5. Submit documentation and an application to a CA approved Certification Organization to take a written phlebotomy examination
6. Pass a written phlebotomy examination and obtain a certificate of completion

Note: Semester credit hour is equal to

- One lecture credit is equivalent to 15 contact hours
- One laboratory credit is equivalent to 30 contact hours
- One externship/clinical credit is equivalent to 45 contact hours

A clock (or contact) hour is defined as a minimum of 50 minutes of supervised or directed instruction in any 60 minute period.

ACADEMIC PROGRESS POLICY

The following requirements must be met in order for students to achieve SAP and be awarded a *Certificate of Completion* from Medical Allied Career Center, Inc.

A student must maintain satisfactory academic progress (SAP) in order to remain in training. SAP is cumulative and it includes all periods of attendance, which are counted towards the maximum timeframe allotted. SAP is applied to all students equally and measured throughout each course. In order to comply with the school's SAP, the student must:

1. Be enrolled in a program of study with a valid enrollment agreement.
2. Maintain a cumulative grade average of 75% (a "C-" grade on a letter scale) or more.
3. Complete his/her program within the maximum time allowed (150% of the normal program length).
4. Successfully passing the final exam.
5. Maintain satisfactory attendance (80% and above).

The Instructor shall inform the Director of any student who is failing their class. The Director shall schedule a meeting with the student within a week of this notification. At the meeting, the Director shall advise the student on ways to improve his or her academic performance and shall make clear other available student options, such as withdrawal or a leave of absence from their program.

Any student, who incurs two (2) verbal warnings and a written one, will be placed on one-week probation. A student who fails a class will be automatically placed on academic probation until he/she has brought his/her coursework back to a satisfactory level (within a one-week period) and has made-up failed class work. A note describing this remedial action will be placed in the student's file.

The Director will inform the Administrator of any student on probation. The Director will ensure that adequate counseling and support is given to any student failing his or her coursework. If improvement is not evident immediately after the terms of the probation, and the reasons behind it have been made known to the student, the student may face suspension or dismissal from the school. If the director determines that the conditions, which caused the interruption, have been rectified the student will be taken out of probation status.

APPEALS

Should a student disagree with the application of the satisfactory academic progress standards:

1. the student first discuss the problem with the appropriate instructor(s)
2. if still dissatisfied, the student may then appeal to the director with supporting documents regarding his/her remediation

Once the director makes the decision, the decision is final and may not be further appealed.

GRADUATION REQUIREMENTS

A certificate of completion will be awarded to those students meeting the graduation requirements. Students eligible for a certificate of completion are those who have satisfactorily completed their program of study with the appropriate number of hours and cumulative grade

point average of 75%, who have passed the final exam with a letter grade of C- or better, achieved a score of at least 850 on the proctored HESI exit exam and 84% or higher on the ATI proctored exit exam, and who have fully paid all tuition and other charges. If a third-party is paying for the program, the school will not issue the program completion record until the program has been completely paid in full. If a student does not meet graduation requirements, records of his/her attendance and grading will be maintained through official transcripts.

Terminated student please see page 36 titled "Termination, Appeal and Reinstatement".

Note: Students who are pre-registered and miss the first class meeting may lose their right to a place in the class, but the instructor may consider special circumstances. If a student is absent for a test, he/she will be given an opportunity to take the test at the earliest convenience of the instructor. Make-up classes may be required at the discretion of the instructor and with the approval of the School Director. A student is considered tardy when arriving 15 minutes or more after the start of class, or leaving 15 minutes or more before the end of class. Tardiness and early departures are included in the student's attendance record of absences.

ATTENDANCE POLICIES

Students are expected to attend classes regularly and to be on time in order to receive the full benefit from our instructional program and to develop habits of punctuality, self-discipline and responsibility. Continuity in the learning process is seriously disrupted by excessive absences. In most situations, the work missed cannot be made up adequately. Students who have good attendance generally achieve higher grades; enjoy school more, and are more employable after leaving adult school. For these reasons, we feel that a student must satisfy academic and attendance requirements.

EXCUSED ABSENTISM

Medical Allied Career Center considers absences in the training program as a regular work. Frequent absences will keep the students out from gaining and developing knowledge, professional work attitude and skills necessary for learning. The school does not condone absences or tardiness but the school makes allowances for it. The following rules apply for excused absences:

1. Students are allowed two days per month, either theory or clinical, which cannot be carried over month to month.
2. A student with more than six (6) absent days will be placed on attendance.

The student shall make the written explanation of each absence to the assigned faculty member or to the Program Director.

An excuse for absence from school may be approved on the basis of any one (1) or more of the

following conditions:

1. Death of a relative: the absence arising from this condition is limited to a period of two (2) days unless a reasonable cause may be shown by the student for a longer absence.
 - a.) Relative is defined as immediate family only. This includes grandparents, parents, siblings and significant other.
2. Personal illness: if she/he deems it advisable, the Program Director may require the certificate of a physician.
3. Observance of religious holidays: any student of any religious faith shall be excused if his/her absence was for the purpose of observing a religious holiday consistent with his/her creed of belief.
4. Court Appearance/Subpoena: if she/he deems it advisable, the Program Director may require the court documents.
5. Emergency or set of circumstances which in the judgment of the Program Director constitutes a good and sufficient cause for absence from school.

UNEXCUSED ABSENTISM

The following rules would apply regarding unexcused absences:

1. Any absence not justified by one (1) of the above categories will be judged unexcused. Final course grades or marks will not automatically be reduced because of an unexcused absence, but there will be a zero (0) given for any work for which credit is given during the period of the unexcused absence(s). A written warning would be given to the student.
2. Two unexcused absences would result to academic probation.
3. On the third unexcused absence, the student will be automatically withdrawn or dismissed from the program.

TARDINESS

All students are required to arrive in class on time and to stay for the entire class sitting. The following rules should be considered by the students:

1. Late to class more than fifteen (15) minutes shall be recorded as tardy.
2. Three (3) tardy is equivalent to one unexcused absence and a written warning would be given to the student.
3. If after receiving one unexcused absence due to 3 tardy and the student would still be late for more than fifteen (15) minutes in class, the student will have an hour of make-up work/clinical per hour missed.
4. Six (6) tardy would result to attendance probation.
5. Nine (9) tardy would automatically dismiss the student from the program

Theory:

Student will be responsible for making up work or tests within seven (7) days of observed excused or unexcused absence.

1. Faculty member shall meet with student within twenty-four (24) hours of student returning to school.
2. Faculty members shall evaluate time and course objectives the student has missed, as well as the student's past history of absences.
3. The faculty member shall assign student case studies, independent study, written examination and computer tutorial or research reports.
4. The make-up work with due date will be signed by both students and faculty member and turned into Program Director or designee.
5. Program Director or designee shall review make-up work against course curriculum and approve the assigned make-up work or request additional work from the student within twenty-four (24) hours of receiving make-up work.
6. A student may not progress to the next module until all the theory and clinical make-up hours are completed.

Clinical:

Student will be responsible for making up clinical time within seven (7) days of observed excused absence in clinical lab or clinical area with clients/patients.

1. Faculty member shall meet with student within twenty-four (24) hours of student returning to school.
2. Faculty member shall evaluate time and course clinical objectives the student has missed, as well as the student's past history of absences.
3. The faculty member shall assign clinical time in the lab or clinical time with patient/client care in the clinical setting.
4. The make-up clinical date or dates will be signed by both student and faculty member turned into the Program Director or designee.
5. Program Director or designee shall review clinical time against course curriculum and approve the assigned clinical make-up hours or request additional hours from the student within twenty-four (24) hours of receiving clinical make-up hours.
6. A student may not progress to the next module until all theory and clinical make-up hours are completed.

LEAVE OF ABSENCE

Leave of absence will not be granted by the school.

Attendance Policy for Phlebotomy Technician/ Nursing Assistant/
Home Health Aide Students

Students are expected to attend classes regularly and to be on time in order to receive the full benefit from our instructional program and to develop habits of punctuality, self-discipline and responsibility.

The student **MUST** pass theory hours before being allowed for clinical rotation. No student will

be allowed to join the class after the first day of the first session.

No absence, tardiness or early departure is allowed in the Phlebotomy Training Program.

Make-up Policy for Class Missed

Students who have missed time from class will be required to complete and make-up their class in another full session on that topic at a later time and certificate will be dated with the new completion date.

GRADING AND EVALUATION PROCEDURES

Grade reports are issued to students at the completion of each term. Grades are based on the quality of work as shown by written tests, laboratory work, and projects as indicated on the program syllabus. The grading scale is as follows:

Letter Grade	Range/Percentage	Indicator/Interpretation
A+	96 – 100%	Excellent
A	94 – 95%	Excellent
A-	92 – 93%	Excellent
B+	89 – 91%	Above Average
B	87 – 88%	Above Average
B-	84 - 86%	Good
C+	82 – 83%	Average
C	79 - 81%	Average
C-	75 - 78%	Below Average
D/F	74 and below	Failing
I		Incomplete
W		Withdrawn

APPLICATION OF GRADES AND CREDITS

The chart above describes the impact of each grade on a student's academic progress. For calculating the rate progress, grades of "F" (failure), "W" (withdrawn), and "I" (incomplete) are counted as hours attempted, but not as hours successfully completed. A "W" will not be awarded after reaching 60% of the term. Withdrawal after reaching 60% of the term will result in the student receiving an "F". The student must repeat any required program for which a grade of "F" or "W" is received. Students will only be allowed to repeat programs in which they received a "D" or below. In the case of a "D" or "F", the better of the two grades is calculated into the CGPA. Both original and repeated credits will be counted as attempted credits in rate of progress calculations.

A "W" grade is not replaced when a student repeats the program. Full tuition will be charged for any portion of the program or program lab that is re-taken. To receive an incomplete (I), the student must petition, by the last week of the term, for an extension to complete the required program work. The student must be satisfactorily passing the program at the time of petition.

Incomplete grades that are not completed within two weeks after the end of the term will be converted to an F and will affect the student's CGPA. The school reserves the right to extend the time needed to make-up an incomplete grade.

GRADES AND GRADE CHANGES

MACC's Director has approved the following grading policies and academic standards as required by California law. Please be aware of these policies and standards as they can have serious consequences if not followed. The Admissions Office and the Counseling Office will be happy to answer any questions you might have regarding these policies and standards.

- The grade given to each student shall be the grade determined by the instructor of the program, and the determination of the student's grade by the instructor, in the absence of a mistake, fraud, bad faith, or in competency, it shall be final.
- No grade may be challenged by a student more than one (1) year from the end of the term in which the program was taken. If the Institution Director has determined that the period of time during which grades may be challenged should be more than one year, such longer period shall apply at that Institution.

GRADE CHANGES

Students must file petitions in the Admissions Office for any evaluative or non-evaluative grade symbol change. Inquiries regarding results of grade petitions or instructor complaints should first be directed to the faculty member responsible for the program. If the resolution is not reached within 30 days, the inquiry should be directed to the School Director.

ACCEPTANCE OF CREDIT FOR PRIOR EDUCATION OR EXPERIENCE

Students who have previously attended another school or college accredited by an agency recognized by the United States Department of Education (USDoE) or CHEA (Council for Higher Education Accreditation), per BVNPT, may receive 150 hours credit for such attendance when proof is presented at time of enrollment and proper review of the transcript(s).

Credits will be granted if the class credits meet the school's curriculum. The school does not have any agreement with other institutions.

Acceptance of a maximum of 150 credit hours from other schools and institutions is at the sole discretion of MACC. A student may obtain credits for previous academic study.

TRANSFER OF CREDITS POLICY

MACC issues academic credit to its graduates who complete the required clock hours of instruction.

**“NOTICE CONCERNING TRANSFERABILITY OF CREDITS
AND CREDENTIALS EARNED AT OUR INSTITUTION”**

“The transferability of credits you earn at Medical Allied Career Center, Inc. is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the certificate you earn in Vocational Nursing or Nursing Assistant or Phlebotomy Technician or Home health Aide is also at the complete discretion of the institution to which you may seek to transfer. If the certificate that you earn at this institution are not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending Medical Allied Career Center, Inc. to determine if your certificate will transfer.”

CREDIT GRANTING POLICY FOR VOCATIONAL NURSING

1. Transfer credit will be given to students who completed the following courses within the last five years:
 - Accredited Vocational or Practical Nursing courses
 - Accredited Registered Nursing courses
 - Accredited Psychiatric Technician courses
 - Armed Services Nursing courses
 - Other courses determined to be equivalent to courses in the program
2. Any student requesting transfer from another accredited nursing program into Medical Allied Career Center, Inc. Vocational Nursing Program must submit the following requirements:
 - Application Form
 - Transcript of records/copies of certificates of completion
 - Letter of referral showing good standing
 - Copies of course syllabi and catalog descriptions
3. The School will review the submitted documents for meeting the required transfer criteria considering the following:
 - A grade of “C” or better for all established program prerequisites
 - Minimum cumulative grade point average of 2.0 in previous programs
 - The content and hours of transferring courses and must be equivalent to courses offered at Medical Allied Career Center, Inc.
4. Credits will be determined by written and practical examinations. Transfer credits will be subject under the Director’s discretion and the students will be placed depending on space availability and successful completion of the courses.

5. Students with credits transferred may have the possibility of not having the same graduation date as to the original students under vocational nursing program.
6. If the transfer student is not competent in clinical areas, the instructor will have to meet with the Program Director to determine if the student will continue in class or will be asked to start next semester.

Challenge to credit Procedure:

1. An application must be submitted at least four weeks before class begins.
2. Applicants must complete a written examination with a minimum score of 75%.
3. Credit, to a maximum of 150 hours, may be granted according to the relationship of the examination score and length of work experience or class hours. Such credit will be granted during the first 7 weeks of the program.
4. Competency-based credit shall be granted for knowledge and/or skills acquired through experience. Their experience must be equivalent to the course they are requesting. These individuals must successfully complete a comprehensive and/or skills examination to be given 6 weeks before the start of the class. The student then will be given the objectives for both written and practical examinations before the testing date.
5. If the student wishes to repeat the course, the student must sign a waiver stating that he/she has voluntarily agreed to repeat the course.

Sample Waiver Form for Repeating a Course:

I, _____ with Student ID # _____ hereby acknowledge that I will be taking up the course _____ for the first term. I understand that I have the right to transfer credits that I have earned from another institution or challenge the credits through a written and practical examination but I agree to repeat this course. If I fail to successfully complete this course I can no longer ask to transfer my credits.

I also have received, read and understood the credit granting policy of Medical Allied Career Center, Inc.

Student Signature

Director's Signature

Limitation:

Credit granted will not exceed two modules. Course work taken at Medical Allied Career Center, Inc. is not automatically transferable to another institution.

Transfers of credit are controlled by each receiving institution based upon their policies. Students who wish to transfer credit hours for courses or programs completed at Medical Allied Career Center, Inc. should check with the institution they wish to attend. Policies for the transfer

of credit for previous training vary from institution to institution. An institution's accreditation does not guarantee that credits earned at that institution would be accepted for transfer by any other institution. These decisions are based on internal policies and Medical Allied Career Center, Inc. has no control over them. Medical Allied Career Center, Inc. cannot assure the transferability of its credits to any other post-secondary education institution.

ACADEMIC/ ATTENDANCE PROBATION AND DISMISSAL POLICY

ACADEMIC PROBATION

If the student grades fall below the standard or below 75%, a conference will be held with the student which would result in two weeks probation. At this time, a remediation plan would be developed. If the student is unsuccessful and fails the course, the student is now on academic probation. The student is then required to repeat the failed class during his/her probationary period unless the course is not offered at the time. The failed course must be repeated at the earliest time.

ACADEMIC DISMISSAL

Students who are on academic probation shall be subject to dismissal if they have earned a cumulative grade-point-average of less than 75% in programs attempted.

Students who are on academic probation and earn a quarter grade-point-averages of 75% or better shall not be dismissed as long as this minimum quarter grade-point-average is maintained.

Students shall be subject to automatic dismissal if exhibited any of the following inappropriate behaviors during school time or on school premises. The following are behaviors MACC considers to be inappropriate and will not tolerate:

1. Falsification of student records, or other Company records.
2. Theft, deliberate or careless damage or destruction of any school property or the property of any student.
3. Removing or borrowing school property without authorization.
4. Unauthorized use of school equipment, time, materials, or facilities.
5. Provoking a fight or fighting during class, or while on school premises.
6. Participating in horseplay or practical jokes during class, or on school property.
7. Carrying firearms or any other dangerous weapons on school premises at any time.
8. Engaging in a criminal conduct whether or not related to school performance.
9. Causing, creating or participating in a disruption of any kind during class on school property.
10. Insubordination, including but not limited to failure or refusal to obey the orders of instructions of a school director, or instructor.
11. Using abusive language at any time on school premises.

12. Failure to obtain permission to leave class for any reason during class instruction time.
13. Sleeping or malingering during class.
14. Making personal telephone calls during class on school telephones, except in case of emergency or extreme circumstances.
15. Wearing extreme, unprofessional or inappropriate styles of dress or hair while at class.
16. Violation of any safety, health, security, school policies, rules or procedures.
17. Committing a fraudulent act or a breach of trust under any circumstances.
18. Unlawful harassment.
19. Possession or use of alcohol, or being under the influence of alcohol while in class or on school property.
20. Distribution, sale or purchase of an illegal or controlled substance while in class or on school property.
21. Possession or use of illegal controlled substance, or being under the influence of an illegal or controlled substance while in class or on school property.

APPEAL OF DISMISSAL

Students who have been dismissed may request reinstatement after two (2) quarters have elapsed. They shall submit a written petition requesting readmission to the school in compliance with school procedures. Readmission may be granted, denied, or postponed subject to the fulfillment of conditions as prescribed by the school. Students must file a petition to return prior to the day for new and returning students to register in person.

READMISSION AFTER DISMISSAL

Students who have been dismissed may request reinstatement after two (2) semesters have elapsed. They shall submit a written petition requesting readmission to the Institution in compliance with Institution procedures. Readmission may be granted, denied, or postponed subject to fulfillment of conditions prescribed by the Institution. Students must file a petition to return prior to the day for new and returning students to register in person.

PROGRAM RETAKE POLICY

The program retake policy is offered to students who have unsuccessfully completed a program and received a failing grade (F). The student will be charged tuition at the appropriate rate.

MAXIMUM TIME IN WHICH TO COMPLETE

Students are not allowed to attempt more than 1.5 times, or 150%, of the number of hours in their program of study. The requirements for rate of progress are to assure that students are progressing at a rate at which they will complete their programs within the maximum time frame allowed.

ATTENDANCE PROBATION

Director monitors daily attendance records of all active students and calls those students that have missed that day. Students are required to have an overall attendance rate of 80% or more to meet the minimum attendance requirement of the program. A student who has consecutively missed more than one-fourth of the scheduled class hours in any given level or module will be put on probation until the end of the next scheduled level or module. A student who has missed more than one-third of the scheduled class hours in any given level or module will be put on probation until the end of the next scheduled level or module. A probation letter will be sent to that student.

TERMINATION, APPEAL AND REINSTATEMENT

Should students find it necessary to discontinue their training, they should arrange to meet with the Director to discuss their situation and submit written notification of their request. Students shall be terminated for failure to:

- meet minimum standards for academic progress,
- meet the minimum conduct standards of the school, or
- fulfill their financial obligations according to their agreement with the school.

Whether termination of enrollment is voluntary or involuntary, students should realize that they will remain obligated for the amount of tuition and fees due the school based on the refund policy. Students have the right to appeal dismissal decisions made by the school administration by submitting a written request to the School Director describing any mitigating circumstances or conditions, which warrant special consideration. If the appeal is accepted, the student may be reinstated according to special terms and conditions stipulated by the School Director. Students terminated please see page 37 titled "Complaint Grievance Procedure"

UNOFFICIAL WITHDRAWAL

If the student fails to attend school for more than 5 consecutive days or misses 25 hours of class work, the school will consider the student a drop and automatically withdraw him/her from the program.

AUTOMATIC WITHDRAWAL

A student will automatically be withdrawn from the program for the following reasons:

- Failure to attend school for 5 consecutive class days of the program.
- Failure to return from an approved leave of absence on the scheduled return date.
- Failure to maintain satisfactory progress for two consecutive terms.
- Failure to fulfill financial agreements.

- Failing any course/subject in the program twice during one enrollment period.

NOTE: Per Department of Health Guidelines, short courses are not allowed any absent day or tardiness.

APPEAL

Suspended or terminated students may appeal the school's decision in writing to the School Director. The School must receive the appeal from the student within three business days of being notified of the dismissal. All appeals will be responded to within ten (10) business days of receipt by the school.

RETENTION OF RECORDS

MACC will maintain student records for five (5) years, as required by state law. Student transcripts will be maintained for fifty (50) years. Financial payment documents will be kept for a period of at least five (5) years after completion or withdrawal of the student. Students have a right to access their records during normal business hours. Students desiring to view their records may request to see their records in the school office during normal business hours or may schedule a time to review records that is convenient to both the student and the school's administration. If an appointment is made, the appointment shall be made no later than 48 hours after the student has requested to view their records. Extensions of this time shall be granted only upon decision of the student. Only the student and the school administration have the right to review student records. No outside personnel will be allowed to view records except for the appropriate state regulatory, federal regulatory or accrediting agency officials or upon proper subpoena via court order. A transcript for program work will be issued upon request by the student. Students and former students shall be entitled to two free copies of their transcripts or to two free verifications of enrollment. Additional copies shall be made available to students, or to designated addressees identified by students, at a cost of \$10.00 each. Students may request special processing to expedite their request for an additional fee of \$7.00 per request.

The institution reserves the right to issue transcripts for training for which the student has paid tuition. The institution reserves the right to refuse to issue transcripts for training for which the student has not paid.

The school may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, the school must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not to disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of each school.

For additional information or technical assistance, you may call (202) 260-3887 (voice). Individuals who use TDD may call the Federal Information Relay Service at 1-800-877-8339.

TUITION PAYMENT, FINANCIAL PLAN

TUITION PAYMENT METHODS

MACC accepts payment for tuition, books, equipment and other fees through cash, check or credit card payment. At the school's discretion, installment payments may also be arranged. MACC also offers a student financial loan at 8% interest per year. MACC now participates in federal and state financial aid programs. Eligible students can now avail of the Federal Student Aid – Title IV. All outstanding student account balances are billed directly to the student upon graduation or termination. Students assume the responsibility for payment of the tuition costs in full, either through direct payment or through a financial aid plan. All financial arrangements must be made before the beginning of classes.

POLICY ON ISSUANCE OF FEDERAL STUDENT FINANCIAL AID

Student financial aid refers to funding intended to help students pay educational expenses including tuition and fees, room and board, books and supplies, etc. for education at a college, university, or private school. Most financial aid is awarded in accordance with demonstrated need for assistance, as determined by use of the Free Application for Federal Student Aid (FAFSA). Students are advised and counseled on all financial aid funds available.

Medical Allied Career Center, Inc. (MACC) participates in the student financial aid programs funded by the U.S. Department of Education.

Pell grants and direct loans are processed for those students who are qualified to receive the financial aid from the U.S. Department of Education. Students are required to sign a federal fund authorization-credit balance so that the grant or the loan received from the Department of Education will be automatically credited to their school account.

FINANCIAL PLAN

Medical Allied Career Center, Inc. has set forth a financial plan in order to help better serve its students. Medical Allied Career Center, Inc. complies with the need of the student and permits the student to pay 20% or more of the full amount of the tuition and the balance to be paid in monthly equal payments (for classes that exceed more than 1 month). Monthly payments should be paid every first day of the month.

MACC now participates in federal and state financial aid programs. Eligible students can now avail of the Federal Student Aid – Title IV.

Upon entering Medical Allied Career Center, Inc., the student must pay a \$75.00 Registration Fee, this fee covers the processing and assessment of the student's application. Once the student enrolls in a class, the financial department will assess the student's tuition and will work with the student to establish a Payment Plan. The student must make the first payment within the first week of enrollment; the monthly payments, which will be assigned to the student, have to be paid on the assigned dates. If the student fails to make a payment on the date assigned by the financial officer, the student will have to pay a \$25.00 late payment fee. Payments are accepted in cash, check and credit card.

EXAMPLE OF PAYMENT PLAN

ENROLLMENT DATE:	January 5, 2009
TOTAL TUITION COST:	\$22,575.00 (VN Full Time – 13 months)
FIRST PAYMENT DUE:	\$4,575.00 on January 5, 2009
MONTHLY INSTALLMENT DUE EVERY 1 ST DAY OF THE MONTH:	\$1,384.62

Another option the student has when making payments is taking advantage of our loan services here at Medical Allied Career Center, Inc. MACC is providing financial loans to students at an interest rate of 8% per year. This is yet another step Medical Allied Career Center, Inc. will take to better serve our students and make their educational experience enjoyable and beneficial.

FEE SCHEDULE

Except for the Registration Fee of \$75.00 and STRF fee, all other charges are refundable, per the terms of cancellation and refund policies specified in the catalog in effect at the time of your enrollment, as well as your enrollment agreement.

COLLECTION OF DELINQUENT TUITION ACCOUNTS

MACC reserves the right to collect tuition owed for instruction provided to the student. Tuitions not paid within 5 days from the due date are considered delinquent and subject to the following collection policy:

1. First letter of notification is mailed to the student's home address extending a courteous

grace period of 10 days to settle delinquent amount.

2. If delinquency persists, a second letter of notification is mailed to the student's home informing them of the school's intent to refer account to collection if delinquent amount is not settled within 10 days.
3. A third and final registered notice is mailed to the student's home informing them of the school's decision to refer the account to an outside collection agency for further action.

Late fee of \$25.00 will be charged if the tuition fee is paid after the 5th day of the month.

"If a student obtains a loan to pay for an educational program, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund, and that, if the student has received federal student financial aid funds, the student is entitled to a refund of the moneys not paid from the federal student financial aid program funds."

CANCELLATION, WITHDRAWAL AND REFUND POLICIES

CANCELLATION POLICY

1. Notice of cancellation shall be in writing, and withdrawal may be effectuated by the student's written notice or by the student's conduct, including, but not necessarily limited to, a student's lack of attendance.
2. This institution shall refund 100 percent of the amount paid for institutional charges, less a reasonable deposit or application fee not to exceed two hundred fifty dollars (\$250), if the notice of cancellation is made through attendance at the first class session, or the seventh day after enrollment, whichever is later.
3. This institution shall provide a pro rata refund of nonfederal student financial aid program moneys paid for institutional charges to students who have completed 60 percent or less of the period of attendance.

Deliver your notice to cancel to the school, and direct it to the attention of the school director.

WITHDRAWAL FROM PROGRAM

You have the right to withdraw from a program of instruction at any time. If you withdraw from the program of instruction after the period allowed for cancellation of the Enrollment Agreement, which is within seven working days beginning on the first day of your first class attendance, the School will remit a prorated refund less the registration fee and STRF fee, if applicable, which is not to exceed \$75.00 for registration fee, within thirty (30) days following your withdrawal. You

are obligated to only pay for educational services rendered and for unreturned equipment or materials. The refund shall be the amount you paid for instruction multiplied by fraction, the numerator of which is the number of hours of instruction which you have not received but for which you have paid, and the denominator of which is the total number of hours of instruction for which you have paid plus the amount owed for any unreturned or damaged equipment/materials.

If any portion of your tuition was paid from loan proceeds, the refund will be sent to the lender or agency that guaranteed the loan. Any remaining refund amount will first be used to repay any student financial aid programs from which you received benefits, to the extent of benefits received. Any remaining amount will be paid to you (the student).

For a record of charges, see the list on the first page of the Enrollment Agreement. **IF THE AMOUNT YOU HAVE PAID IS MORE THAN THE AMOUNT THAT YOU OWE FOR THE TIME YOU HAVE ATTENDED, THEN A REFUND WILL BE MADE WITHIN THIRTY (30) DAYS OF WITHDRAWAL. IF THE AMOUNT THAT YOU OWE IS MORE THAN THE AMOUNT ALREADY PAID, THEN YOU WILL HAVE TO MAKE ARRANGEMENTS TO PAY FOR IT.**

Note: Students, whose entire tuition and fees are paid by a third party organization, are not eligible for a refund.

REFUND POLICIES

You have the right to cancel the Enrollment Agreement for a program of instruction until the midnight of the fifth business day after your first class attendance. Cancellation shall occur when you give written notice of cancellation at the address of the school shown on the top of the first page of the Enrollment Agreement. You can do this by mail, hand delivery or telegram. A written notice of cancellation sent by mail is only effective when deposited in the mail properly addressed and with the proper postage affixed. The school will provide you with two (2) Notice of Cancellation forms that will be attached to your Enrollment Agreement.

However, you do not necessarily have to use the written notice provided at the time of your enrollment, and may use any written notice that has your signature, as long as it shows that you no longer wish to be bound by this agreement starting on the date of the notice. If the school has given you any books or other printed materials, you must return them in good condition to the school within ten (10) days following the date of your Notice of Cancellation.

If you cancel this Agreement within five working days from the start date of your first class, the School will refund any money that you paid, less a \$75 registration fee and any deduction for damaged books or other printed materials not timely returned in good condition, within thirty (30) days after your Notice of Cancellation is received.

The student has a full refund of all charges except the amount of the registration fee and STRF fee listed in the fee schedule in the catalog (amount retained may not exceed \$75 for registration fee) if the student cancels this agreement prior or on the first day of instruction. Further, the student may withdraw from a course after instruction has started and receive a pro rata refund for the unused portion of the tuition and other refundable charges if the student has completed 60% or less of the instruction.

If the school cancels or discontinues a course or educational program, the school will refund all of the charges.

If you are entitled to a refund, the refund is to be made within 30 days of the date the school determines, or is notified, of your cancellation or withdrawal.

HYPOTHETICAL REFUND EXAMPLE

Assume that a student, upon enrollment as a Pharmacy Technician in a 720 hour program, pays \$9,150 for tuition, \$75 non-refundable registration fee, \$25 non-refundable STRF fee, \$475 textbook charges, and \$100 for materials as specified in the Enrollment Agreement and withdraws after completing 100 hours without returning the textbooks and materials he/she obtained. The refund to the student would be \$7,858.00 based upon the calculations stated below. If the student returns the textbooks and materials in **good condition** within ten (10) days following his/her withdrawal, the School shall refund the amount the student paid for the textbooks and textbook and materials. The following calculation shown below is how a refund will be calculated:

\$9,800 total paid	Minus	\$675 registration/STRF fee/books/materials = \$ 9,125 (The amount the school may retain)	
\$9,125	Divided by	720 hours in the program	= \$12.67 (Hourly charge for the program)
\$12.67	Multiplied by	100 hours of instruction attended (Owed by the student for instruction received)	= \$1,267
\$9,125	Minus	\$1,267	= \$7,858 (Total refund amount due back to student)

If the student returns the equipment in good condition, allowing for reasonable wear and tear, the actual refund to the student would be \$8,433 (\$7,858 + \$575).

For the purpose of determining the amount they owe for the time they attended, they shall be deemed to have withdrawn from the program when any of the following occurs:

- They notify the school of their withdrawal or the actual date of withdrawal.
- The school terminates their enrollment agreement.
- They fail to attend classes for a two-week period. In this case, the date of withdrawal shall be deemed to be the last date of recorded attendance.

DISCLOSURES

STUDENT TUITION RECOVERY FUND DISCLOSURES (STRF)

"The State of California created the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic losses suffered by students in educational programs who are California residents, or are enrolled in a residency program attending certain schools regulated by the Bureau for Private Postsecondary Education.

You may be eligible for STRF if you are a California resident or are enrolled in a residency program, prepaid tuition, paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The school closed before the course of instruction was completed.
2. The school's failure to pay refunds or charges on behalf of a student to a third party for license fees or any other purpose, or to provide equipment or materials for which a charge was collected within 180 days before the closure of the school.
3. The school's failure to pay or reimburse loan proceeds under a federally guaranteed student loan program as required by law or to pay or reimburse proceeds received by the school prior to closure in excess of tuition and other costs.
4. There was a material failure to comply with the Act or the Division within 30-days before the school closed or, if the material failure began earlier than 30-days prior to closure, the period determined by the Bureau.
5. An inability after diligent efforts to prosecute, prove, and collect on a judgment against the institution for a violation of the Act."

"You must pay the state-imposed assessment for the Student Tuition Recovery Fund (STRF) if all of the following applies to you:

1. You are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all of part of your tuition either by cash, guaranteed student loans, or personal loans, and
2. Your total charges are not paid by any third-party payer such as an employer, government program or other payer unless you have a separate agreement to repay the third party.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if either of the following applies:

1. You are not a California resident, or are not enrolled in a residency program, or
2. Your total charges are paid by a third party, such as an employer, government program or other payer, and you have no separate agreement to repay the third party."

MACC has never filed for a bankruptcy petition, operated as a debtor in possession, filed a petition within the receding five years, or had a petition in bankruptcy filed against it within that preceding five years that resulted in reorganization under Chapter 11 of the United States Bankruptcy Code.

STATE REGISTRATION DISCLOSURE

We are registered with the state of California. Registration means we have met certain minimum standards imposed by the state for registered schools on the basis of our written application to the state. Registration does not mean we have met all of the more extensive standards required by the state for schools that are approved to operate or licensed or that the state has verified the information we submitted with our registration forms.

DISCLOSURE STATEMENTS

To protect your rights as a student, we offer the following information:

1. As a prospective student, you are encouraged to review this catalog prior to signing an enrollment agreement. You are also encouraged to review the School Performance Fact Sheet, which must be provided to you prior to signing an enrollment agreement. You are to receive a copy of this catalog prior to your signing an enrollment agreement or contract.
2. The contract or agreement you sign shall not become operative (enforceable) until you attend the first class or session of instruction.

RETURN OF TITLE IV FUNDS

In accordance with federal regulations, when a recipient of Title IV grant or loan assistance withdraws from an institution or when the student receives all failing grades (D or F) during a payment period or period of enrollment in which the recipient began attendance, Medical Allied Career Center, Inc. (MACC) is responsible to determine the withdrawal date and amount of grant and/or loan assistance that the student earned.

If a student received less assistance than what was earned, he/she may be able to receive those funds. On the other hand, if the student received more assistance than earned, the unearned funds must be returned by the school and/or aid recipient to the appropriate aid program.

Note: The Return of Title IV funds calculation is different from MACC's tuition refund calculation.

WITHDRAWAL DATE

A student's withdrawal date varies depending on the type of withdrawal.

OFFICIAL NOTIFICATION PROVIDED BY THE STUDENT

A student is considered officially withdrawn if the Admissions and Records Office is notified by the student in writing (e.g., completing an Add/Drop Form) or by phone of an intent to withdraw.

If a student completes an Add/Drop form, the withdrawal date is the date the student submits a completed form to the office.

If a student sends written notification of intent to withdraw, the withdrawal date is the date the letter is received via postal, electronic, or fax mail.

No OFFICIAL NOTIFICATION PROVIDED BY THE STUDENT

If a student ceases attendance without providing official notification, the withdrawal date will be the last day of attendance at an academically-related activity, if documented by the School. In the case when an official notification was not provided by the student because of circumstances beyond the student's control, i.e., illness, accident, grievous personal loss or other circumstances, the date related to the onset of that circumstance will be used as the withdrawal date. This date will be determined by the School Director.

In some instances, a faculty member may request an administrative withdrawal on behalf of a student and that withdrawal date will be recorded.

The school may always use as the withdrawal date the date that is reported as the last date of attendance at an academically-related activity by a faculty member on a class roster, grade roster/sheet, or other documented source, e.g., grade book. The faculty member will maintain the documentation of the last date of attendance.

DATE OF DETERMINATION THAT THE STUDENT WITHDREW

The date of determination that a student withdrew varies depending upon the type of withdrawal: official notification was provided/ no official notification was provided.

OFFICIAL NOTIFICATION PROVIDED

The date of determination is the date the student provides MACC official notification or begins the withdrawal process, whichever is earlier.

On a regular basis within a term, the Financial Aid Office will generate a report of financial aid recipients' changes in enrollment to assist in monitoring official withdrawals (W's) and administrative withdrawals (AW's).

No OFFICIAL NOTIFICATION PROVIDED

The date that MACC becomes aware that the student has ceased attendance will be the date of determination. This date will be identified no later than 30 days after the end of a term.

At the end of a term after the assignment of grades, the Financial Aid Office will generate a report of financial aid recipients that received any combination of "W", "AW", and "X" grades.

CALCULATION OF EARNED TITLE IV ASSISTANCE

The amount of Title IV federal aid assistance earned by the student is determined on a pro-rata basis up to the end of 60% of the term. For example, if the student completed 30% of a term, 30% of the aid originally scheduled to be received would have been earned. Once a student has completed more than 60% of a term, all awarded aid has been earned.

Pell Grant, SEOG Grant, ACG Grant, and Loans are included in the calculation.

POST-WITHDRAWAL DISBURSEMENTS

If the total amount of the Title IV grants and/or loan assistance earned as of the withdrawal date is more than the amount that was disbursed to the student, the difference between the two amounts will be treated as a post-withdrawal disbursement. In the event that there are outstanding charges on the student's account, MACC will credit the student's account for all or part of the amount of the post-withdrawal disbursement of grant assistance (not loan), up to the amount of the allowable charges.

Any amount of a post-withdrawal disbursement that is not credited to a student's account will be offered to the student within 30 days of the date that the institution determined that the student withdrew. Upon receipt of a timely response from the student, the school will disburse the funds within 90 days of the date of determination of the student's withdrawal date.

MACC maintains the right to decide whether or not to make a post-withdrawal disbursement in the event that the student responds after 14 days of the date that the notification was sent. If the school decides not to make this post-withdrawal disbursement, it will inform the student in writing.

RETURN OF UNEARNED FUNDS TO TITLE IV

If the total amount of Title IV grant and/or loan assistance that was earned as of the withdrawal date is less than the amount that was disbursed to the student, the difference between the two amounts will be returned to the Title IV program(s) and no further disbursements will be made.

BY THE SCHOOL

If a student has received excess funds, the School must return a portion of the excess equal to the lesser of:

- The student's institutional charges multiplied by the unearned percentage of funds, or
- The entire amount of the excess funds.

- The funds will be returned in the order below as prescribed by federal regulations, within 30 days from the date of determination that a student withdrew.
 - Unsubsidized Federal Stafford Loans
 - Subsidized Federal Stafford Loans
 - Federal PLUS loans
 - Federal Pell Grants

BY THE STUDENT

In the event that there is remaining unearned aid, the student is responsible for returning those funds. If the aid to be returned is in the form of a loan that has been released to the student (or parent if a PLUS loan) borrower, the student (or parent) can repay the loan in accordance with the terms of the promissory note over a period of the time. If the aid to be returned is in the form of grant funds, the law provides that the student may repay 50% of a federal grant rather than 100%. The School will return the student's grant obligation to the appropriate federal program.

Both the school's portion and the student's portion of unearned aid returned to programs will be charged back to the student's account, as provided for in federal regulations.

DRUG AND SUBSTANCE ABUSE POLICY

Medical Allied Career Center, Inc. is committed to maintaining a comfortable and safe environment in which our employees can work and our students can pursue their academic objectives. Our commitment to helping promote healthy lifestyles for our students and staff has resulted in the creation of a program designed to prevent the abuse of illicit drugs and alcohol. We are concerned for you, as an individual, as well as for the well being of those around you. We strongly encourage you to participate in this program if you or someone close to you is experiencing a problem with substance abuse, or if you simply wish to become better educated regarding the various drugs and the health hazards they pose and the possible legal consequences of participating in drug related activities. Any inquiries regarding this program can be made confidentially through the School Director.

CONDUCT POLICY

Student must conduct themselves in a professional manner at all times by displaying respect, courtesy and tolerance. Student whose conduct reflects discredit upon themselves or the school will be subject to expulsion. The student must adhere to conduct that will not interfere with the learning process of any student, the classroom/ lecture presentation by the instructor, or the progress of the class in general. The instructor may take disciplinary measures.

Students are expected to treat all faculty family and healthcare workers with Dignity and Respect. Conflict should be resolved in diplomatic manner. Students should be sensitive to and tolerant of at all time. Student must be tolerant in the clinical skills laboratory practice and group discussion.

The Administration reserves the right to expel student on any of the following:

1. Breach of the school enrollment agreement
2. Carrying concealed or potentially dangerous weapon
3. Cheating, plagiarism, dishonesty
4. Computer crime
5. Conduct that reflects unfavorably towards the school and its students
6. Demonstrating poor judgment or inability to function properly, which could put patient safety in jeopardy
7. Entering classes or clinical sites while under the influence or effect of alcohol, drugs narcotics and dangerous substances of any kind
8. Failure to abide the rules and regulations of clinical sites
9. Failure to pay charges when due
10. Falsifying school records
11. Violation of the dress code
12. Insulting or harassing of the faculty, administration or student
13. Non- compliant with the rules and policies of the school
14. Unsatisfactory academic progress
15. Use of profanity
16. Vandalism of school property

A student who dropped out from the program due to absences maybe readmitted to the next class to complete the program.

COMPLAINT GRIEVANCE PROCEDURE

From time to time, differences in interpretation of school policies will arise among students, faculty, and/or the administration. Persons seeking to resolve problems or complaints should first contact the instructor in charge. Requests for further action may be made to the School Director. When such differences arise, usually a miscommunication or misunderstanding is a major contributing factor. For this reason, we urge both students and staff to communicate any problems that arise directly to the individual(s) involved. If the problem cannot be resolved in this manner, the School Director should be contacted. Normally, the informal procedure of “discussing” the difference(s) will resolve the problem. In addition to complaints previously stated and appeals of an academic nature, a student has a right to complain to the institution. If a student wishes to file a written complaint, they may do so. Please read the following student complaint procedure:

- (1) All complaints will be investigated thoroughly, including interviewing all people and reviewing all documents that relate or may potentially relate to the complaint;
- (2) Complaints may be rejected if, after investigation, they are determined to be unfounded or to compromise or resolve the complaints in a reasonable manner, including the payment of a refund;

- (3) A summary of the complaint, its disposition, and the reasons will be placed, along with any other related documents, in the student's file, and an appropriate entry in the log of student complaints will be made.
- (4) If the complaint is valid, the institution will determine what other students, if any, may have been affected by the same or similar circumstances and provide an appropriate remedy for those students;
- (5) The institution will implement reasonable policies or procedures to avoid similar complaints in the future;
- (6) Students should communicate directly to any person in control regarding complaints, their investigation, and resolution or lack of resolution.
- (7) A student may lodge a complaint by communicating orally or in writing to any teacher, administrator, admissions personnel, or counselor. The recipient of the complaint shall transmit it as soon as possible to the School Director.
- (8) If a student orally delivers the complaint and the complaint is not resolved either within a reasonable period or before the student complains again about the same matter, the student must submit the complaint in writing.
- (9) If a student complains in writing, MACC shall, within 10 days of receiving the complaint, provide the student with a written response, including a summary of the institution's investigation and disposition of the matter. If the complaint or relief requested by the student is rejected, the reasons for the rejection must be provided.
- (10) The student's participation in the complaint procedure and the disposition of a student's complaint shall not limit or waive any of the student's rights or remedies. Any document signed by the student that purports to limit or waive the student's rights and remedies is void.
- (11) The person authorized to resolve complaints under this section shall not be terminated from employment or suffer any diminution in compensation as a result of the appropriate and good faith discharge of duties under this section.

If a complaint cannot be resolved after exhausting the institution's grievance procedure, the student may file a complaint with the Department of Consumer Affairs. The student may contact the Department for further details. Unresolved complaints may be directed to:

**Department of Consumer Affairs,
1625 North Market Blvd, Suite S-308,
Sacramento, CA 95834
Phone (916) 574-8200 * Fax (916) 574-8613 * www.dca.ca.gov.**

STUDENT AND CAREER SERVICES

To serve all our students better, Medical Allied Career Center, Inc. offers Student and Career Services. These services are set forth to make your career training experience as easy as possible and to ensure the quality and well being of all students. Some of the Student Services we offer include:

- ✓ Awards
- ✓ Carpooling
- ✓ Graduation Ceremony
- ✓ Orientation (a mandatory informative meeting for all new students)
- ✓ Parking Passes
- ✓ School IDs

MACC also offer the following student services:

- Tutorial services will be made available to all students who seek extra assistance because of academic difficulties with their instructor. Every instructor who conducts tutorial programs should send out a written report to monitor the student's progress. A Tutorial Program written form should be submitted to the Program Director for review. Additional fees for tutoring will be charged accordingly.
- Advising and Guidance Services wherein the student experiencing personal problems unrelated to their educational training will be referred to counselors or outside agencies where they could receive additional assistance. However, the staff and faculty members would assist in advising and guiding students in working out solutions related to academic problems.
- The school will offer job placement assistance to the graduates. A letter of recommendation will be given to the students upon request. Interested hospitals and extended/long-term care facilities should set up an appointment with the Program Director to discuss their staffing needs. A workshop on career development will be given to all graduates to ensure that the students has the job seeking skills, such as resume writing, interviewing techniques and filing out an application.

MACC cannot guarantee employment or salary amounts, however, every effort will be made to bring together the potential employers with appropriately skilled graduates.

All programs are "non-residential." MACC has no responsibility to find or assist a student in finding housing.

STATEMENT OF NON-DISCRIMINATION

Medical Allied Career Center, Inc. does not discriminate in its enrollment practices on the basis of race, religion, national origin, sexual orientation, gender or ethnicity.
