

## SCHOOL PERFORMANCE FACT SHEET

### Calculation Information & Employment Titles

### CALENDAR YEARS 2010 - 2012

The California Private Postsecondary Education Act (CPPEA) of 2009, which is effective January 1, 2010, requires under section 94910 of CPPEA that a school provide information for each program offered in regards to completion rates, placement rates, licensure exam passage rates, and salary/wage information. The following data is compiled from January 1, 2010 to December 31, 2012.

**“Number of Students who Began Program”** is the number of students who began the program who are scheduled to complete the program within the reporting year. The Diploma of Holistic Midwifery Studies is a program preparing students for licensure as a midwife in the State of California. The program duration is a minimum of 37 months and a maximum of 72 months from the date of first enrollment.

**“Students Available for Graduation”** is the number of students who began the program minus the Number of Students Unavailable for Graduation due to death, incarceration, or a call to active military duty.

**“Number of Graduates”** means the number of students who complete a program within 100% of the published program length. All students at Nizhoni must complete the program within 100% of the published program length or be dismissed from the program.

**“Completion Rate”** is calculated by dividing the number of graduates by the number of students available for graduation. “Graduates” means the number of students who complete a program within 100 percent of the published program length. An institution may separately state completion information for students completing the program within 150 percent of the original contracted time.

**“Placement Rate”** is calculated by dividing the number of graduates (completers) employed in the field by the number of graduates available for employment.

**“Graduates Available for Employment”** refers to the number of graduates minus the number of graduates unavailable for employment. “Graduates Unavailable for Employment” means graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education at an accredited or bureau-approved postsecondary institution.

**“Graduates Employed in the Field”** means graduates who are gainfully employed in a single position for which the institution represents the program prepares graduates within six months after a student completes the applicable educational program. For occupations requiring passage of a licensing examination prior to employment, institutions may count graduates as employed in the field if the graduate begins employment in a single position for which the institution represents its program prepares its graduates within six months of the announcement of the first licensure examination results.

**Licensure/Examination Pass Rate**

The licensure and examination passage rates for the immediately preceding two years for programs leading to employment for which passage of a state licensing examination is required, calculated by dividing the number of graduates who pass the examination by the number of graduates who take the licensing examination the first time that the examination is available after completion of the educational program. The institution shall use state agency licensing data to calculate license examination passage rates. If those data are unavailable, the institution shall calculate the examination passage rate according to the regulations adopted by the BPPE.

Program Name	Number of Graduates Employed in the Field	Annual Wages: San Diego, Orange, Los Angeles Counties (\$5000 increments)
Licensed Midwife	9	Average gross income is \$4500 per patient.*

**Employment Position Titles:** Licensed Midwife, Certified Professional Midwife, Midwifery Educator

A midwife’s initiative and ability to attract and retain regular clients are key factors in determining her or his earnings. Salary data obtained directly from interviews with graduates. The Dept of Consumer Affairs does not maintain wage data for Licensed Midwives.

**Student Loans**

Nizhoni Institute of Midwifery does not currently participate in federal or state student loan programs; therefore, the default rate is 0%.
