1 "Number of Students Who Began Program" is the number of students who began the program who are scheduled to complete the program within the reporting calendar year.

2 "Number of Graduates" is the number of students who completed the program within 100% of the published program length.

3 "Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment. "Graduates Available for Employment" means graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

4 "Graduates Employed in the Field" means graduates who report that they are gainfully employed within six months of graduation in a position for which the skills obtained through the education and training provided by the institution are required or provided a significant advantage to the graduate in obtaining the position.

5 "Placement Rate % Employment in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment

6 "Salary Range" data are obtained from the CA Labor Market Info and reports from NCNA's graduates
