California Polytechnic Institute
School performance FACT SHEET
2009-2011

The Bureau for Private Postsecondary Education (BPPE), as the regulatory body for private postsecondary institutions for the State of California, requires that each institution provide the following information to students, prior to enrollment, as evidence of recognition of the need to address consumer protection:

1. Number of students starting the training program;
2. Completion rates for each program of instruction;
3. Placement rates for each program of instruction;
4. License-examination rates for any program to which that statistic is applicable;
5. Salary or wage information for each career, occupation, trade, job, or job title, as applicable, for which students are prepared.

The programs offered by California Polytechnic Institute are new. Therefore, the number of students who graduate, the number of students who are placed, or the starting salary you can earn after finishing the educational program are unknown at this time. Information regarding general salary and placement statistics may be available from government sources or from the institution, but is not equivalent to actual performance data.

California Polytechnic Institute did not provide any educational program during 2009 to 2011, as it was going through BPPE approval process. As a result data outlined above such as, the number of students who graduate, the number of students who are placed, or the starting salaries you can earn after finishing the educational program(s) are not applicable at this time. Information regarding general salary and placement statistics may be available from government sources or from the institution, but it is not equivalent to actual performance data. This fact sheet is filed with the Bureau for Private Postsecondary Education. Regardless of any information you may have relating to completion rates, placement rates, starting salaries, or license exam passage rates, this fact sheet contains the information as calculated pursuant to state law."
