Notes:

1. "Graduates available for employment" means the number of graduates minus the number of graduates unavailable for unemployment. "Graduates unavailable for employment" means graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.
2. "Graduates employed in the field" means graduates who are gainfully employed within six months of graduation in a position for which the skills obtained through the education and training provided by the institution are required or provided a significant advantage to graduate in obtaining the position.
3. Salary is as reported by the student. Not all graduates reported salary.
