74112 (d) Completion Rates:

Calendar year	Number of Students who Began Program	Students Available for Graduation	Graduates	Completion rate
2010	177	177	174	98%

ILSC calculates the completion rate by the amount of students who complete their studies as originally intended in their enrolment period. Should a student decide to transfer to a different school or return to their home country at an earlier date than noted in their enrolments, ILSC considers this an “early completion” and does not include the student in the “Graduate” totals.
