The completion data is being reported for students completing within 150% of the published program length, and that data is not being separately reported for students completing the program within 100% of the published program length.

The completion data is reported as a total for day and evening track programs combined.

<sup>1</sup> “Number of Students Who Began Program” is the number of students who began the program who are scheduled to complete the program within the reporting calendar year.

<sup>2</sup> “Students available for graduation” is the number of students who began program minus the number of “Students unavailable for graduation,” which means those students who have died, been incarcerated, or called to active military duty.

<sup>3</sup> “Graduates” is the number of students who completed the program within 100% of the published program length.

<sup>4</sup> “Completion Rate” is the number of Graduates divided by the Number of Students Available for Graduation.
