Our College was granted institutional approval from the Bureau for Private Postsecondary Education 2535 Capitol Oaks Drive, Suite 400, Sacramento, CA 95833. ## **To Our Prospective Students**

If you are considering a career in Barber Hairstyling, we welcome you with open arms. We will train you in the "shop environment" to allow you a comfortable transition into a new shop of your choice upon licensure. At Pro Barber College, we teach you more than the basic barber training required by the Board of Barbering and Cosmetology. Our instructors continuously update on the latest trends, tools and styles. We encourage creativity, as we consider you an artist. We allow students to spend time observing advanced student's techniques. We allow you to choose the tools you prefer because, after all, it is the finished product that is important.

This sounds fun right? There is hard work involved. You must learn the theory behind every practical application as you become an educated/master barber that can answer your customer's questions about skin and hair problems. You must also understand the dire importance of disinfection of tools and station as well as customer protection. We offer this and much more. We teach women's hair cutting and coloring as well. If you decide to enroll with Pro Barber College I hope you take the opportunity to learn all that the school has to offer, and not just the basic requirements. You will learn shop management, ownership and how to treat a customer to build a clientele. Come and visit the school to see our class in action.

## **Mission Statement**

The goal of Pro Barber College is to train our students to master the art & science of Barber Hairstyling and to instill in our students the importance of good public relations and for students to obtain the necessary state license to practice barbering.

## **Statement of Educational Objectives**

Our utmost goal is to provide a curriculum that will train our students in learning all aspects of the Barber/Hairstyling profession required by the Board of Barbering and Cosmetology's minimum requirements for each student. We do this by training the students to adhere daily to State Board rules of sanitation/disinfection, at their station, throughout the course; this is important to public health. Our 80%

curriculum of practical (manual) training offers a step by step manual for each procedure to learn, DVD of each procedure to view, observing senior students while practicing the procedures for the State exam, and one on one instructor training as well as the textbook knowledge of each procedure. We try to capture every learning style. For the 20% theory, we have a chapter a week, and students must complete the worksheets and pass Chapter test. Our main objective is to allow every student to pass the State Board exam with at least the minimum requirement to achieve their license.

Our second objective, beyond the State Board minimum requirements, is that we want them to be valuable to the job market and stay on the cutting edge of what the customers and employing shops want. We offer the students more instruction than required in the basics; such as scalp designs, head shaves, line ups, black, Hispanic, and Asian hair cutting experience, extensive women's cutting and much more. We are fortunate to be in geographically located areas to provide a diversified clientele.

Our teachers attend yearly conventions and workshops to update the students on current trends and shop needs. Our goal is to produce not just licensed barbers but professionals who can advise customers on skin and hair issues: through theory and knowledge, and new training to provide the current trends in cutting and styling .Prospective students are encouraged to come to the school of choice, spend time and observe our instruction before enrollment. The bottom line is we want to produce the best in our profession and give the student more than a barber license.

Prospective enrollees are encouraged to visit the physical facilities of the school and to discuss personal educational and occupational goals with school personnel prior to enrolling or signing enrollment agreement.

The College reserves the right to postpone training in the event of Acts of God, labor disputes, equipment failure, etc., for a maximum of 30 days. Students will be duly notified and compensated if applicable.

The College reserves the right to change or modify the program content, equipment, staff, or materials and organization as necessary. Such changes may be required to keep pace with technological advances and to improve teaching methods. In no event will any changes diminish the competency of any program or result in tuition changes for current attending students. The College reserves the right to reject any applicant for admission not meeting the requirements for the course selected. If any particular provision of this agreement shall be deemed invalid or unenforceable, it shall not affect the other provisions hereof, and this agreement shall be construed in all respects as if such invalid or unenforceable provision was omitted.

## **Students Access/ Privacy Rights**

All students, former students and parents/guardians of minor students are guaranteed the right to gain access to their files. The school is not required to provide copies of materials in the education records. No information may be published or released about an individual student without the student's, former students and parents/guardians of minor students' written consent unless required by law. Any accrediting agency such as NACCAS has the right to student and school files for any accreditation process.

## **Attendance Policy**

The College operates on ten (10) hours per day, five (5) days per week, for a total of fifty (50) hours per week. Full-time attendance is considered 40 hours per week. Part-time schedules 30 hours or less per week must be approved by the administrative office prior to enrolling. Students are expected to attend in accordance with the enrollment agreement.

## **Definition of Clock Hours**

The College defines all students maintaining a minimum of 20 hours per week schedule and an overall grade average of "C" as making satisfactory progress. A **clock hour** is defined as **sixty (60) minutes** of time in the training setting, participating in the training program.

## **Tardiness Policy**

A student who will be late for their scheduled time must call the school for an excused tardy. Excused tardy will be allowed to attend other scheduled classes. Habitual tardiness will not be accepted and is cause for disciplinary action and, if not corrected, dismissal from the College.

## **Maximum Time Frame**

Students attending on a full-time basis must complete the training within the allotted time frame on the enrollment contract.

## **Absence Policy**

Absence is any time not spent in training. All absences, both excused absences (78 hrs max) or unexcused absences (those not approved or absences without notification), are recorded. Course time is recorded by time clock. A **CLOCK HOUR** is defined as sixty (60) minutes spent participating in the training setting which accredited towards all training courses to obtain a diploma. Students are responsible for advising the school of any absences by telephone, in writing or in person.

## **Leave of Absence Policy**

Should a student find it necessary to be out of school for an extended period, a leave of absence must be requested in writing, signed and dated. Occasionally, students may experience extended personal, medical or other problems, which make it difficult to attend classes. The institution may allow a student under such circumstances to take a Leave of Absence (LOA) from the program. LOA must be requested in writing by the student and must be approved by the school administration. The written request must include the start and end date of the leave of absence. Leaves of Absence may be granted for up to 180 days. Do not request a Leave of Absence unless you absolutely need to be off school for a period of more than 14 days but less than 60 days. Students will not be assessed additional tuition charges while on their Leave of absence. Students returning from an authorized LOA will retain all credit for clock hours and work projects completed, and will return to the academic progress status they held. Students who fail to return from an approved LOA will be considered dismissed as of the last class day of attendance and are therefore

withdrawn from the program, they would then have to apply for readmission and must pay a new registration fee.

## **Drop Out Policy**

A student may drop from the course at any time by notifying the College **in writing**. See "Refund / Cancellation Policy" for information in regard to tuition refund. If the student owes back tuition or fees, these must be paid within 30 days or appropriate action may be taken to recover the loss. Your hours will not be provided until paid in full. **If a student obtains a loan, the student will have to repay the full amount of the loan plus interest, less the amount of any refund, and that, if the student receives federal student financial aid funds, the student is entitled to a refund of the money not paid from federal financial aid funds.**

## **Probation**

The student is required to maintain 70% attendance, anything below that they are considered as having unsatisfactory attendance. If a student fails to maintain an overall average of 70% a consultation with a school official will be scheduled. At that time, the student will be placed on a reasonable probation. At the end of the probationary period, if the student has not satisfied the specified requirements, the student will be suspended or terminated from school.

## **Course Interruption / Termination**

A student may be interrupted from training for unsatisfactory attendance or academic progress, or violation of College or State rules and regulations. A student will be terminated if he/she is out of school for more than 2 consecutive weeks (10 week days), without a valid Leave of Absence. If he/she does not recuperate from probation and if he/she does not return from a Leave of Absence, He/she may appeal any action taken by the school to the school administration by following the appeal process. Please note that the date of termination is the last day of scheduled attendance.

## **Re-Entry Policy**

A student may apply for readmission after a leave of absence and must pay a registration fee. If a student has taken an approved leave of absence and returned within the approved amount of time, he/she should not be subject to re-applying and paying a new registration fee. However, if he/she does not return from an approved leave of absence and is therefore withdrawn from the program, he/she would then be subject to this policy.

## **Appeals**

A student who wishes to appeal the determination that he/she is not maintaining satisfactory progress must submit a letter to the school administration. The letter should describe any circumstances the student feels deserves further consideration. A decision relating to the appeal will be made and the student will be notified accordingly.

## Rules and Conduct Policy

The rules and regulations of the Pro Barber College are designed to help the students learn professional habits at the start of their professional career. All students must comply with the sanitary requirements, shall not be unruly in school, or interfere with other students. The students shall dress in a professional manner. Students must comply with all laws (federal and state), particularly laws relating to barbering. Students may be held liable for damages to the College and its equipment. Each student will read and sign the College's written rules and regulations and conduct policy during orientation.

## Grading Procedures

Students are graded by using a grading system of 0 to 100 points. The grade point system is then converted to alphabetical letters.

The grading factors are as follows:

Grade Scale	Alphabetical Grade	Word Grade
100-90% =	A =	Excellent
89-80% =	B =	Good
79-70% =	C =	Average
69-60% =	D =	Poor
59% or below =	F =	Failing

A "C" (70%) or better grade is required for satisfactory academic progress.

The areas of study where the students are graded are: theory classes, practical application and attendance. Each student must maintain a grade point average equal to "C," in order to successfully complete the course. Attendance must be at least 70%.

Probationary standing is a thirty (30) day period for the students to bring their grades up to standard. Students placed on probation are so informed by a staff member. A student who does not bring their grades up to standards is subject to course interruption.

Students who have been interrupted for below-average progress may return to training only upon the recommendation of the Director. Re-entry takes place in a probationary standing only, rated "P."

Students lacking in ability or aptitude are counseled by a staff member. A student, who in the opinion of staff members and the Director of Education is incapable of successfully completing any course undertaken and becoming gainfully employed, may be terminated at the discretion of the College.

Students who successfully complete the course of instruction are awarded a diploma.

## Tests / Make-Up

An examination will be given after completion of each chapter or module of the Theory studies. A student who misses or fails an examination will be given an opportunity to make up the examination. The make-up examination will be offered following the next testing schedule. Students will be graded on their practical achievements and laboratory progress. A student who fails to achieve a passing score on the practical

portion of the instructions (training) will be given an opportunity to improve his/her score or grade by performing additional assigned practical drills. The drills will be assigned by an instructor. A passing score must be maintained in attendance and progress at all times. Students must maintain an average score of "C", or better, at all times. Students receiving below a "C" average score will be placed on probation. If the score is not improved before the next examination or grading cycle, appropriate action will be taken by the Instructor.

## **Graduation**

A student, upon successful completion of curriculum hours of a course of study, is awarded an appropriate diploma verifying the completion. This is not a license to practice barbering; each student must pass the State Board of Barbering and Cosmetology Barber Exam to become a licensed Barber.

## **Graduation Requirements**

Passing of the final test with an average grade or better and satisfactory completion of 1500 hours (Barber); for licensure must pass the State Board Exam with a 75% or above.

The student who completes the course and the minimum practical services as established by the Board of Barbering and Cosmetology is qualified to take the licensing exam. Upon successfully passing the State Board of Barbering and Cosmetology Barber Exam, the graduate is issued a State Barber License. With a California State Barber License, the barber may be employed in a Barber Shop establishment, a Beauty/Styling salon, or may own and operate his/her own barber business.

## **Record Retention**

Our school keeps all student records on site for a minimum of 5 years. After five years, student records may be archived onto the external hard drives and stored offsite. However, all transcripts are to be maintained permanently. The student records may be stored without loss of information or legibility for the period within which the record is required to be maintained by the Act. Our institution maintains the original records in fire resistant cabinets at each school location where students attending under lock and keys to secure from damage or loss. A second set of all academic and financial records is maintained at a different location offsite. All students' records are scanned and saved electronically onto the external hard drives and stored offsite to ensure backup for a disaster recovery.

## **Transfer of Credit**

Students, who have previously attended another Barber College, approved by the State of California Board of Barbering and Cosmetology and have sufficient proof may receive credit of all or a portion of the barber training. The Pro Barber College makes no claim that we will accept training from another barber school. Proof of the barber training must be submitted to the admission office at the time of enrollment for evaluation. The College will submit prior training documentation to the Board of Barbering & Cosmetology for evaluation. The Board will make the determination as to credit for previous barber training.

## NOTICE CONCERNING TRANSFERABILITY OF CREDITS AND CREDENTIALS EARNED AT OUR INSTITUTION

The transferability of credits which a student earned at Pro Barber Colleges is at the complete discretion of an institution to which he/she may seek to transfer. Acceptance of the diploma that he/she earned in barber hairstyling, crossover, refresher, or instructor course, is also at the complete discretion of the institution to which he/she may seek to transfer. If the credits that he/she earned at this institution are not accepted at the institution to which he/she may seek to transfer, he/she may be required to repeat some or all of your coursework at that institution. For this reason, he/she should make certain that his/her attendance at this institution will meet his/her educational goals. This may include contacting an institution to which he/she may seek to transfer after attending Pro Barber College to determine if his/her credits will transfer.

**Pro Barber College has not entered into an articulation or transfer agreement with any other college or university.**

### **Placement Assistance**

Placement assistance is provided in the form of the posting of possible job openings or referrals to potential employers. **However, it is understood that the School does not and cannot promise or guarantee neither employment nor level of income or wage rate to any Student or graduate.** The college does attempt to locate employment for graduates who request assistance. This service is extended to all graduates from the College. Reasonable efforts will be made to assist a graduate in gaining employment. The more flexible a graduate can be regarding placement, the easier it is for the College to assist. The College maintains a "Job Bulletin Board" listing current employment opportunities, as well as a listing of Barber shops for sale; this is updated and posted as information becomes available.

### **Compensation Standards**

A student who completes the course and passes the required Board of Barbering and Cosmetology Barber Exam for licensure may enter the Barber/Hairstyling job market industry which generally pays compensation based on the performance of each employee. Some shops may operate on a chair rental policy.

## **Refund / Cancellation Policy**

Registration fee is non-refundable. At this time, the registration fee is \$100.00, and the STRF is based on the cost of the enrolled course. Please refer to the specific course for more details of tuition and fees.

Pro Barber College shall give 100 percent refund of the amount paid for institutional charges, less Registration fee not to exceed two hundred fifty dollars (\$250), if notice of cancellation is made through attendance at the first class session, or the seventh day after enrollment, whichever is later. (See Example 1 below)

STRF fees are refundable if a student withdraws during this period and given a full refund. STRF fees are **non refundable** after this cancellation period has passed.

A Student may cancel this agreement at anytime by notifying the School in writing (a "NOTICE OF CANCELLATION" is provided).

After this 100 percent refund cancellation period has passed, the refund to be paid to a student shall be calculated by deducting the registration and STRF fees from the program's total charges for a period of attendance and dividing this figure by the total number of program's clock hours. The quotient is the hourly charge for the instruction. The amount of monies owed by the student for the purpose of calculating a refund is derived by multiplying the total hours the student had attended by the hourly charge for instruction. The amount of the refund to which a student would be entitled (after completing a period of days or weeks of instruction) will be calculated by deducting both the amount monies owed by the students

and the non-refundable fees (registration and STRF) from the total charges of the program for the period of attendance (See Example 2 below). There will be no tuition refund for students who have completed **60 percent and more of the period of attendance of the program**. The institution will pay or credit refunds within 45 days of a student's cancellation or withdrawal.

**Example 1:**

Amount refund to Students if Notice of Cancellation is made through attendance at the first class session, or the seventh day after enrollment, whichever is later

Barbering Hairstyling 1500 Hours Course Cost (with Tuition, Book and Tool Kit included)	\$5,250.00
Registration Fee (non-refundable)	\$100.00
STRF FEE (refundable)	\$12.50

<u>A SCHEDULE OF TOTAL CHARGES FOR BARBER HAIRSTYLING COURSE</u>	
<u>FOR A PERIOD OF ATTENDANCE</u>	<u>\$5,362.50</u>
<u>ESTIMATED SCHEDULE OF TOTAL CHARGES OF BARBER HAIRSTYLING COURSE</u>	<u>\$5,362.50</u>

Total amount of refund is calculated as follows:  
 $\$5,362.50$  (Total Charges) -  $\$100$  (Registration Fee) =  $\$5,262.50$ .

**Example 2:**

Amount of refund to Students after the 100 percent refund cancellation period has passed. For the example purpose, assuming a student has completed 100 hours of Barber Hairstyling course.

Barbering Hairstyling 1500 Hours Course Cost (with Tuition, Book and Tool Kit included)	\$5,250.00
Registration Fee (non-refundable)	\$100.00
STRF FEE (non-refundable)	\$12.50

<u>A SCHEDULE OF TOTAL CHARGES FOR BARBER HAIRSTYLING COURSE</u>	
<u>FOR A PERIOD OF ATTENDANCE</u>	<u>\$5,362.50</u>
<u>ESTIMATED SCHEDULE OF TOTAL CHARGES OF BARBER HAIRSTYLING COURSE</u>	<u>\$5,362.50</u>

Hourly Charge for instruction is derived as follows:  
 $\$5,362.50$  (Total Institutional Charges) -  $\$100$  (Registration Fee) -  $\$12.50$  (STRF) =  $\$5,250.00$ .  
 Divide  $\$5,250.00$  by 1500 Course Hours =  $\$3.50$  is the hourly charge for instruction.

The amount of monies owed by the student is derived as follows:  
 Multiply 100 hours of attended the course by  $\$3.50$  (hourly charge for instruction) =  $\$350.00$

Total amount of refund is calculated as follows:  
 $\$5,362.50$  (Total Charges) -  $\$100$  (Registration Fee) -  $\$12.50$  (STRF) -  $\$350.00$  (amount owed by the Student) =  $\$4,900.00$

## **Requirement to Repay Loans**

If a student obtains a loan, the student will have to repay the full amount of the loan plus interest, less the amount of any refund, and that, if the student receives federal student financial aid funds, the student is entitled to a refund of the money not paid from federal student financial aid funds.
