<sup>1</sup> “Number of Students Who Began Program” means the number of students who began the program who are scheduled to complete the program within the reporting calendar year.

<sup>2</sup> “Students Available for Graduation” is the number of students who began the program minus the number of “Students Unavailable for Graduation” which means those students who have died, been incarcerated, or called into active military duty.

<sup>3</sup> “Graduates” is the number of students who completed the program within 100% of the published program length.

<sup>4</sup> “Completion Rate” is the number of graduates divided by the number of Students Available for Graduation.

#### ADDENDUM TO THE SCHOOL PERFORMANCE FACT SHEET

The following elements are made in lieu of reporting data related to job placement, license examination passage rates, or salary information pursuant to Sections 94910(b) and 94929.5(a) of the CEC Code:

No job placement rates are provided because the programs of the Graduate Center for Child Development and Psychotherapy are not designed to lead to, nor does the Graduate Center for Child Development and Psychotherapy make any express or implied claim related to preparing students for a particular career, occupation, vocation, job, or job title (Sections 94910(b) and 94929.5(a) of the CEC Code). Most of the students who enroll in our programs are already working in the field as mental health providers and pursue the Graduate Center programs to further their understanding and skills in these areas. Historically many of our graduates have successfully continued in or advanced in careers in child and adolescent mental health.

No license examination passage rates are provided because, as stated in our Catalog, the Graduate Center for Child Development and Psychotherapy’s doctoral programs are not designed to lead to, nor does the Graduate Center make any express or implied

claim related to preparing students for any type of licensure. In the State of California, those graduating from approved programs with a Doctor of Psychology in Clinical Child Psychology (Psy.D.) or a Doctor of Philosophy in Clinical Child Psychology (Ph.D.) can be eligible to sit for the psychology licensing examination, upon completion of other requirements which they will need to fulfill in other settings. For Graduate Center graduates, these include 3,000 hours of qualifying supervised professional experience required by the Department of Consumer Affairs, Board of Psychology in California; as well as additional courses which will have to be taken in other educational settings in order to be qualified to sit for the licensing examination.

No salary or wage information is provided because the Graduate Center does not track salary nor does the Graduate Center make any express or implied claim related to potential earning capabilities that will result from completing of its programs.

This fact sheet is filed with the Bureau for Private Postsecondary Education. Regardless of any information you may have relating to completion rates, placement rates, starting salaries, or license exam passage rates, this fact sheet contains the information as calculated pursuant to state law.
