1. "Number of Students Who Began Program" is the number of students who began the program who are scheduled to complete the program within the reporting calendar year.

PSU PERFORMANCE FACT SHEET 2012

2. "Students available for graduation" is the number of students who began program minus the number of "Students unavailable for graduation," which means those students who have died, been incarcerated, or called to active military duty.
3. "Graduates" is the number of students who completed the program within 100% of the published program length.
4. "Completion Rate" is the number of Graduates divided by the Number of Students Available for Graduation.
5. "150% Graduates" is the number of students who completed the program within 101-150% of the published program length.
6. "150% Completion Rate" is the number of students who completed the program in the reported calendar year within 101-150% of the published program length divided by the Number of Students Available for Graduation in the published program length period.

1. "Number of Students Who Began Program" means the number of students who began the program who are scheduled to complete the program within the reporting calendar year.
2. "Number of Graduates" is the number of students who have completed the program within 100% of the published program length.
3. "Graduates available for employment" means the number of graduates minus the number of graduates unavailable for employment. "Graduates unavailable for employment" means graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.
4. "Graduates employed in the field" means graduates who report that they are gainfully employed within six months of graduation in a position for which the skills obtained through the education and training provided by the institution are required or provided a significant advantage to the graduate in obtaining the position.
5. Placement Rate is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

1 graduate didn't report the salary information

"*Graduates available for employment*" means the number of graduates minus the number of graduates unavailable for employment. "*Graduates unavailable for employment*" means graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution. "*Graduates employed in the field*" means graduates who are gainfully employed within six months of graduation in a position for which the skills obtained through the education and training provided by the institution are required or provided a significant advantage to the graduate in obtaining the position.

Salary is as reported by the student. Not all graduates reported salary.

If you have any questions about how the data reflected on the above chart was gathered or if you want a list of employment positions determined to be within the field for any specific program for which statistics are reported above, please speak with an Admissions Representative.

This fact sheet is filed with the Bureau for Private Postsecondary Education. Regardless of any information you may have relating to completion rates, placement rates, starting salaries, or license exam passage rates, this fact sheet contains the information as calculated pursuant to state law. Any questions a student may have regarding this fact sheet that have not been satisfactorily answered by the institution may be directed to the
