THE ASSEMBLIES OF GOD EVANGEL THEOLOGICAL SEMINARY(AGETS)

6959 Knott Ave., CA 90620
 Tel. (714) 730-4710 Fax. (714) 739-4741

The Assemblies of God Evangel Theological Seminary in compliance with Titles VI and VII of the Civil Rights Act of 1964 and Title IX of the Educational Amendments of 1972, shall be operated in a manner which is free of discrimination on the basis of race, color, national origin, ancestry, sex, pregnancy, marital status, age, handicap, or veteran's status in any of its policies, practices or procedures.

STATEMENT

This publication is certified as true and correct in content and policy as of the date of publication. The Assemblies of God Evangel Theological Seminary does reserve the right to make changes of any nature in programs, finances, calendar, or academic schedules whenever these changes are deemed necessary or desirable, including changes in course content, class rescheduling, and the cancellation of scheduled classes or other academic activities. Changes in college work-study and student loan programs or policies are at the discretion of federal and state governments to which the Assemblies of God Evangel Theological Seminary.

GENERAL INFORMATION

INSTITUTIONAL PURPOSE, MISSION AND OBJECTIVES

The Assemblies of God Evangel Theological Seminary was established for the purpose of preparing men and women to answer Christ's call to His ministry. The seminary recognizes that the opportunities to conti

nue Christ's work in the world are as diverse as the men and women who answer His call. To meet the educational needs of these men and women, the seminary provides advanced work for those interested in pastoral, missionary, evangelistic, counseling, and chaplaincy ministries, as well as teaching ministries in Bible colleges at home and abroad.

With this in mind, the specific educational objectives of the Assemblies of God Evangel Theological Seminary are:

1. To provide Christ-centered, biblically-oriented curricula which recognize the Bible as the inerrant and authoritative rule of faith and conduct and which are designed to enrich the learning experiences of students.

2. To provide advanced studies within the distinctive Assemblies of God Pentecostal theology, which recognizes the importance of declaring the whole counsel of God, including proper emphasis on the person and work of the Holy Spirit as revealed in the Word of God.

3. To provide a practical professional orientation designed to assist students in acquiring the attitudes and skills which will prepare them for places of leadership and/or for teaching ministries in Bible colleges at home and abroad, with a special emphasis on biblical preaching.

4. To provide academic excellence which will encourage students to develop the skills of research and holistic thinking into a lifelong experience.

5. To provide a spiritual environment in which the student will have an opportunity to develop the entire person as a servant of God, to increase appreciation for a biblical sense of values, and to appreciate the importance of worshipping God in spirit and in truth.

6. To provide a missionary and evangelistic emphasis which will help the student to cultivate a Christ-like spirit of concern for those who do not know Christ, and a spirit of commitment to exert every effort and to use every opportunity and means to bring the lost to Christ.

SCHOOL LOCATION AND FACILITIES

I. MAIN CAMPUS

The main campus of Assemblies of God Evangel Theological Seminary is located at 6959 Knott Avenue, City of Buena Park, Orange County, California. The City of is located in the central area of Orange County and practically surrounded by two major freeways 5 and 91. This location allows the school to easily get access to neighboring cities and Los Angeles area.

The total building space is 44,000 s.f. of which the land is 2.4 acres. Parking area provides 200 spaces including handicap parking. The new building was constructed in May of 2003 for the purpose of school as well as church.

AGETS has well-designed and equipped classrooms, offices, library, study rooms and auditorium. Main sanctuary (auditorium) is over 9000 s.f. (capacity 495). This is a handsome and huge auditorium which can easily accommodate more than five hundred people at once. It has a wall to wall sound-proof attachment and beautiful pews. It also has a beautiful organ and a concert piano. The sound system is also excellent.

Social Hall: 3,075 s.f

Church Mission Center: All mission activities will be held at this place.

Library: It will be located in the Main Campus while a satellite library in the Satellite Campus.

Classrooms: It is well-designed and equipped to fit class purpose.

Offices: It is well-designed and equipped to fit office purpose.

Study and Research Rooms: AGETS has many sizable Group study rooms and Research rooms, especially for Ph.D level students.

Children's Playground: A carefully designed playground has been constructed for exercise of Christian Ed

ucation Program.

Sand Play area: 3' High Masonry Wall with 3' High metal fence on top.

Patio: It is specially paved with overhead trellis.

Outdoor Seating Area: Concrete path with small flowering, accent trees.

II. SATELLITE CAMPUS

"Satellite" means an auxiliary classroom located within 50 miles of the main location. All of the following apply to AGETS' satellite campus: (1) Only educational services that are approved at the main location shall be offered at the satellite. (2) The institution shall maintain no permanent records of attendance or academic progress at the satellite. (3) No solicitation or enrollment of students shall occur at the satellite. (4) The satellite shall not be identified in any advertising.

Therefore, it does not have any independent administrative nor academic officers. It totally belongs to the main campus.

III. LIBRARY FACILITY AND ARRANGEMENTS

The library supports the academic programs by serving the research needs of students and faculty under professional librarian's guidance. It will be located in the Main Campus while a satellite library in the Satellite Campus. The initial collection will consist of approximately 7,000 volumes along with bound periodical volumes, individual periodical titles, reels of microfilm and audio and videocassette tapes. The AGETS is planning to stock 10,000 books until 1996, and it will provide the books continuously to the library.

The library offers openstack accessibility with facilities for group and individual study. The library serves students, faculty, alumni, administrative staff and area pastors. It is open Monday through Saturday, except for those public holidays and events observed by the School.

In addition to these resources, the library, by its participation in the Online Computer Library Center (OCLC) network, provides access to other libraries and information centers.

The library also will be a member of academic libraries cooperative which qualifies students for full borrowing privileges at area academic libraries.

The location of the Assemblies of God Evangel Theological Seminary in Orange County Mid Cities Area gives it access to a tremendous reservoir of valuable institutional resources. Specifically, within the seven miles of the School campus are located Talbot School of Theology, Biola University and Bethesda Christian University.

Students will have access to those libraries with a payment of the annual fee.

Specifically, the special research library for Ph.D level study will be provided at the Satellite Campus for its exclusive uses.

STUDENT CONDUCT SPECIAL RULES AND REGULATIONS FOR CHRISTIANS

I. School Objectives and the Role of the individual

As a private educational institution in the charismatic Christian tradition, Assemblies of God Theological Seminary offers opportunity for men and women to prepare themselves to serve Christ and their fellow men with competence in the field of their calling. The School proposes to implement these objectives by maintaining an atmosphere conducive to such preparation.

Therefore, it should be understood that the School expects students to assume responsibility to familiarize themselves with the special rules and regulation with regards to the Christian student conduct, and to contribute to the community accordingly, to attend chapel services, to attend churches of their choice, and to refrain from the use of alcoholic beverages, tobacco, narcotics, and from gambling and dancing. It is assumed

ed that students will exercise mature Christian judgment in regard to wearing apparel and entertainment. It is assumed also that charity toward one another is the only appropriate response for a Christian; that each individual will accept responsibility for every colleague in that he or she will attempt to make the campus rapport one of understanding and grace in all interpersonal relationships. The role of the individual is beyond that of passive conformity; it is that of contributing positively to an atmosphere conducive to learning and the energizing presence of the Spirit of the Lord.

The School reserves the right to request withdrawal or refuse readmission to any student whose general conduct and influence are considered to be out of harmony with the School objectives which are essential to the academic, spiritual, and social welfare of the School.

II. Social Life

The School believes that a co-educational institution provides the most satisfactory atmosphere to educational experience. Conduct at all social gatherings is expected to meet the highest standards of Christian young people. Social activities under the supervision of the Office of Student are planned to give the students a well-rounded social life in keeping with these high standards.

III. Dress

In conformity with the best collegiate Christian standards, all students are expected to dress modestly and in good taste. To accomplish this, extremes in style should be avoided.

IV. Engagements and Marriage

The decision to become engaged is a personal one. Because, however, maximum effort should be directed toward the process of learning, students are encouraged to carefully consider their objective before becoming engaged. When a couple makes a decision, it would be advantageous for them to make an appointment for counseling with one of the counselors.

If marriage is contemplated during the school year, it is suggested that students have the ceremony performed during one of the vacation periods.

V. Chapel Attendance

Because Assemblies of God Theological Seminary is a Christian Educational institution it is assumed that all students will attend chapel. Chapel attendance is recorded and students should consult the counselor for details with regard to absences due to illness or work obligations. Excessive chapel absences will be the basis for disciplinary action by the administration.

STUDENT RIGHT-GRIEVANCES

Adequate safeguards are instituted to protect the right of students and the School and to ensure that grievances are handled fairly.

The grievance procedure is but one channel solving problems and should not take the place of negotiating in good faith or honest communication.

A grievance is a formal complaint by a student arising out of an alleged action of the School or faculty, administrators or officers of the School, such action being alleged by the student to be unauthorized or unjustified and adversely to affect the status, rights, or privileges of the student, including actions based on race, color, sex, national origin, age, handicap, or veteran status.

A. The Need for Due Process

"Due Process" is a legal term that is concerned with the protection of rights: the rights of the individual student. Therefore, the School has incorporated due process into its administrative life as a protection of the individual student from errors in judgment by School decision-makers and also a protection of the School from being intemperately pressured from internal or external forces.

B. A Principle of Justice

Due process applies not only to a fair system of procedures but also to the validity of reasons given for decisions that are made within an institution. It is a principle of justice that each individual be protected from arbitrary decisions and from the occasional and unavoidable human weaknesses involved with institutional decision-making. It is also a simple principle of justice that no one be deprived of the exercise of a right without adequate reasons that, when necessary, can be explained in the public forum. On the other hand, it is necessary and just that the reputation of the School be protected on those occasions when allegedly unjust decisions are published in the public forum. This justice for the individual and for the School is the work of due process.

C. Grievance Procedures

When the School has made a decision, the student may request reconsideration and have the matter presented to the committee responsible for Student Affairs. If the committee had already been involved with the original decision, then the matter is submitted to the Faculty Committee.

1. All appeals from the decisions of the committee responsible for Student Affairs shall be made in writing by the student to the Faculty Committee within three weeks of the date on which the student was notified in writing of the action of the committee responsible for Student Affairs.

2. The Faculty Committee shall appoint, within one week of the written appeal, three or five persons (faculty members or Student Senate Officers) to act as an Appeals Board, a majority of who shall be full-time teaching faculty members. Members on the Appeals Board normally shall not include member of the committee responsible for Student Affairs.

3. The Appeals Board shall hold a hearing and shall report its findings in writing to the Faculty Committee within three weeks of the appointment of the Appeals Board. The hearing will include the student who is making the appeal, the appropriate Director of Program and Chairperson of committee of Student Affairs.

4. If the Appeals Board sustains the position of the committee of Student Affairs, an appeal may be made in writing by the student within two weeks, to the Board of Directors. The Board of Directors will hold a hearing and render a written decision within three weeks of receiving the written appeal from the student, which is final. The hearing will include the student who is making the appeal, the President, the appropriate Director of Program and the Chairperson of the committee of Student Affairs and of the Appeals Board.

5. If the Appeals Board does not sustain the recommendation of the committee for Student Affairs, the reasons shall be submitted in writing to the committee and one week shall be allowed for a response from the committee before the final action is taken by the Appeals Board.

6. It is the responsibility of the appropriate Director of Program to transmit all recommendations and to notify the student of all decision.

D. Student's Right to file a Complaint with the Council

If student has objection to the decision of the school, student has a right to file a complaint with the Council

I. The decision by the Council should be binding to both School and student.

TUITION AND FEES SCHEDULE AND REFUND POLICY

SCHEDULE OF STUDENT CHARGES AND STATEMENT ON POLICY FOR CANCELLATION AND REFUND

Expenses for students are moderate, in line with the AGETS' emphasis on a lifestyle rich in spiritual, cultural, social, and intellectual values, rather than materialism. The approximate costs listed in this section reflect estimated minimal expenses. Prices are subject to change at any time. Students who expect to take more units, keep a car, or travel widely, should plan their budgets accordingly. International students are required to have appropriate medical insurance.

Financial aid should not be expected. AGETS students are not eligible for government aid programs. Private scholarship funds are limited. A deferred payment plan allows payment of tuition in three installments over the semester.

TUITION

General Tuition

\$ 100 per semester unit credit for Undergraduate course
\$ 120 per semester unit credit for Graduate course
\$ 200 per semester unit credit for Doctoral course
\$ 50 per unit audit

Undergraduate students taking 12 or more units, and graduate students taking 9 or more units, for credit during one term may audit one course without charge, on a space-available basis, with the instructor's consent.

Spouse Tuition

If a student takes courses at \$ 100 (\$120 for Graduate course) per unit, his/her spouse may audit without charge, or take for credit at 30% of the full credit rate, any courses up to the number of units taken by the student from September through the following August. The courses need not be the same nor during the same term.

TUITION REFUND POLICY

Refund amounts are the same whether tuition is paid in advance or on a deferred payment plan. Those on deferred payment are expected to meet all financial obligations, including paying the full tuition due, less the refund indicated in Refund Schedule below.

REFUND SCHEDULE

The student has a right to a full refund of all charges less the amount of fifty dollars (\$ 50) for the registration fee if he/she cancels this agreement prior to or on the first day of instruction. The amount retained for registration fee may not exceed one hundred dollars (\$ 100). In addition, the student may withdraw from a course after instruction has started and receive a pro rata refund for the unused portion of the tuition and other refundable charges if the student has completed 60% or less of the instruction. For example, if the student completes only 30 hours of a 90-hour course and paid \$300.00 tuition, the student would receive a refund of \$ 200.00

Example:

Amount paid for instruction	Rate paid for, but not received	Refund amount
\$300	$(90-30)/90$	\$200

ATTENDANCE TIME IN COURSE	TUITION REFUND AMOUNT
End of 2nd week (up to 13%)	90%
End of 4th week (up to 27%)	75%
End of 10th week (up to 60%)	50%
After 10th week (60% and over)	No Refund

The school will also refund money collected for sending to a third party on the student's behalf such as license or application fees. If the school cancels or discontinues a course or educational program, the school will make a full refund of all charges. Refunds will be paid within 30 days of cancellation or withdrawal.

STATE OF CALIFORNIA STUDENT TUITION RECOVERY FUND

The Student Tuition Recovery Fund (STRF) was established by the Legislature to protect any California resident who attends a private postsecondary institution from losing money if student prepaid tuition and suffered a financial loss as a result of the school closing, failing to live up to its enrollment agreement, or refusing to pay a court judgment.

To be eligible for STRF, student must be a "California resident" and reside in California at the time the enrollment agreement is signed or when student receives lessons at a California mailing address from an approved institution offering correspondence instruction. Student who is temporarily residing in California for the sole purpose of pursuing an education, specifically a student who holds student visa, is not considered a "California resident".

To qualify for STRF reimbursement, student must file a STRF application within one year of receiving notice from the Council that the school is closed. If student does not receive notice from the Council, student has 4 years from the date of closure to file a STRF application. If a judgment is obtained, student must file a STRF application within two years of the final judgment.

It is important that student should keep copies of the enrollment agreement, financial aid papers, receipts or any other information that documents the monies paid to the school.

Questions regarding STRF may be directed to:

COUNCIL FOR PRIVATE POSTSECONDARY AND VOCATIONAL EDUCATION
1027 TENTH STREET, FOURTH FLOOR
SACRAMENTO, CA 95814
(916) 445-3427

MISCELLANEOUS FEES

\$ 50 Charge-application for admission: degree students
\$ 50 Charge-application for admission: auditors, visiting students
\$ 20 Charge-readmission fee
No charge-registration fee per semester
\$ 5 library fee per semester
\$ 10 deferred payment plan
\$ 5 registration change: add/drop, credit/audit, withdrawal
\$ 15 late registration
\$ 25 late payment charge, per payment
\$200 graduation application: degrees
\$ 20 Transcript first Copy Fee
\$ 5 each additional transcript copy fee
\$ 500 M.A/M.Div. Annual Standard Program Fee
\$ 1,000 Ph.D Annual Program Fee

STUDY ABROAD PROGRAMS

Expenses for Study Abroad Programs vary. Typically, a comprehensive fee is charge for group programs, covering travel, tuition and fees, room and board, books, and incidental expenses.

HOUSING

The AGETS does not provide any on-campus housing. Housing in the local area, however, is generally quite affordable and readily accessible. Students are encouraged to find housing in the vicinity of their field ministry assignment.

Assistance in locating off-campus housing is provided by student service center. The office maintains files that contain names, addresses, telephone numbers, rental prices, and other pertinent information about privately owned living accommodations. Listings include rooms with or without board, work in exchange for room and board, furnished and unfurnished apartments and houses, and opportunities to share. Service is limited to maintenance of lists; no rating or inspection service is provided and the AGETS does not arbitrate negotiations between householders and prospective tenants.

Approximate Expense for Academic Year (On-Campus Students: 9months)

B.A Student

\$ 3,100 Tuition for 31 Units
\$ 250 Books and Fees
\$ 500 Personal expenses, minimal, no car
Total: \$ 3,850

M.A/M.Div Student

\$ 2,160 Tuition for 18 Units
\$ 500 Annual Program fee
\$ 250 Books and Fees
\$ 500 Personal expenses, minimal, no car
Total: \$ 3,410

Ph.D Student

\$ 3,600 Tuition for 18 Units
\$ 1,000 Annual Program fee
\$ 250 Books and Fees
\$ 500 Personal expenses, minimal, no car
Total: \$ 5,350

SCHOLASTIC INFORMATION ADMISSION STANDARDS

I. GENERAL QUALIFICATIONS & PROCEDURES

A. Standards of Assemblies of God Evangel Theological Seminary (AGETS)

Admission to Assemblies of God Evangel Theological Seminary is open to students whose goals are in accord with the School's purpose, who are willing to abide by the School's policies, whose educational objectives may be met by the School's programs, who are seriously committed to academic excellence, who show promise of success in their pursuit of an education, and who are self-reliant, flexible, and willing to sacrifice in breaking new ground in spiritual service appropriate to today's complex world.

In keeping with AGETS' purpose and focus, admission to School programs normally is granted to applicants from the Protestant evangelical constituency.

As a community committed to service, AGETS seeks to maintain a campus environment that is conducive to a cooperative lifestyle based on sound ethical values. Students and staff are expected to abide by School policies that enhance community life, and to act with consideration for others, maintaining a high standard of moral conduct. Individuals are encouraged to develop their own private lifestyle based on these principles.

In facilities, grounds and activities AGETS policies prohibit the use of violence, firearms (security personnel excepted), non-prescribed drugs, tobacco, and alcoholic beverages.

B. Non-Discrimination

Assemblies of God, Theological Seminary does not discriminate on the basis of gender, marital status, race, color, or ethnic and national origin.

C. Academic Qualifications

Academic Qualifications for different programs vary, as indicated in each section. Applicants must have been in good standing at the last institution attended; exceptions require approval by the Admissions Committee.

D. Procedures

The Admissions committee screens applications for admission. AGETS reserves the right to limit the number of admission to specific programs each year. Students admitted to degree who demonstrate satisfactory progress will be eligible to proceed in their selected programs.

Application and reference Forms are available from the Office of Admissions. The application for admission should be filed with the Director of Admissions at least one month prior to the start of the term in which the student wishes to enroll. Some programs at the graduate level have earlier deadlines. Students may be admitted for any term, but should be aware that certain programs include some courses that are prerequisites for other courses.

II. DEGREE PROGRAM OF BACHELOR OF ARTS IN RELIGION (B.A in Religion)

A. Qualifications

Admissions to the baccalaureate degree program in Religion normally is granted to applicants who meet the School's General Qualifications & Procedures; who have a high school diploma with at least a 2.00 (C) grade point average (GPA) or have equivalent academic preparation, as determined by AGETS; who have attained at least 2.00 GPA in any university and other post-secondary studies attempted; and who show promise of success in the pursuit of the B.A. degree.

B. Procedures

Applicants should submit the following documents to the Director of Admission, using the forms provided by AGETS: undergraduate application form and fee, self-reported health record, admission essay, and examination results if required.

Applicants should arrange to have sent, directly from the preparer or the institution, to the Director of Admission: three AGETS recommendation forms, and official transcripts from the high school of graduation (or evidence of high school equivalency, such as GED results) and from each college, university, and other educational institution attended since high school.

III. DEGREE PROGRAM OF MASTER OF DIVINITY (M. Div.)

A. Qualifications

Admission to graduate degree programs for the M.Div is granted to those who meet the School's General Qualifications & Procedures and whose records indicate their ability to pursue advanced study and research. Admission normally requires a bachelor's or master's degree from a regionally accredited liberal arts institution or seminaries.

B. Procedures

Applicants should submit the following documents to the Director of Admission, using the forms provided by AGETS; the graduate application form and fee, self-reported health record, and an admissions essay.

All applicants should arrange to have sent, directly from the preparer or the institution, to the Director of Admission: three AGETS recommendation forms, and official transcripts from each college, university, and other educational institution attended since high school.

IV. DEGREE PROGRAM OF MASTER OF ARTS IN RELIGION (M.A in Religion)

A. Qualifications

Admission to graduate degree programs for the M.A in Religion is granted to those who meet the School's General Qualifications & Procedures and whose records indicate their ability to pursue advanced study and research. Admission normally requires a bachelor's or master's degree from a regionally accredited liberal arts institution or seminaries.

B. Procedures

Applicants should submit the following documents to the Director of Admission, using the forms provided by AGETS; the graduate application form and fee, self-reported health record, and an admissions essay.

All applicants should arrange to have sent, directly from the preparer or the institution, to the Director of Admission: three AGETS recommendation forms, and official transcripts from each college, university, and other educational institution attended since high school.

V. DEGREE PROGRAM OF DOCTOR OF PHILOSOPHY IN RELIGION (Ph.D in Religion)

A. Qualifications

Admission to graduate degree programs for the Ph.D in Religion is granted to those who meet the School's General Qualifications & Procedures and whose records indicate their ability to pursue advanced study and research. The minimum requirement for the Ph.D in Religion program is a master's degree.

B. Procedures

Applicants should submit the following documents to the Director of Admission, using the forms provided by AGETS; the graduate application form and fee, self-reported health record, and an admissions essay. All applicants should arrange to have sent, directly from the preparer or the institution, to the Director of Admission: three AGETS recommendation forms, and official transcripts from each college, university, and other educational institution attended since high school.

Applicants for the Ph.D in Religion Program should submit an autobiographical essay instead of the standardized admissions essay. In the essay, applicants should include pertinent personal background information (a prepared resume may be attached for this purpose) describing the most recent schooling, professional work, current reading, plans for the future, overall learning objectives, and reasons for applying to the AGETS doctoral program.

Applicants for the Ph.D in Religion Program should have substantial background in their Specialization and be able to demonstrate clearly their ability to undertake doctoral level studies and research, and the capacity for disciplined, self-directed study.

VI. CONDITIONAL ADMISSION

Applicant who meet most of the requirements for admission and who, in the opinion of the Admissions Committee, may be able to meet specified conditions, may be granted conditional admission to a School program. Upon fulfilling the conditions within the designated time, the student's admission will no longer be conditional.

Those applying for graduate programs during their final year of undergraduate studies typically are admitted conditional upon completion of their baccalaureate degree.

Applicants whose admission record is not complete may sometimes be permitted to enter as Visiting Students while they are completing the admission process. In such cases, course grade records and transcripts will not be released, and registration for studies beyond the initial term will be delayed, until the required records have been received.

VII. ADMISSION ON PROBATION

Applicants whose previous academic work was below the required GPA for their program, or who were not in good standing at the last educational institution attended, may be admitted on probation, upon recommendation of the Admissions Committee, and approval by the Vice President for Academic Affairs. They are subject to regulations applying to AGETS students on probation.

VIII. READMISSION

Applicants for studies on the AGETS who do not register for the term for which they have been admitted must reapply for admission if they wish to enter at a later date. Students who begin studies and then discontinue them for a full calendar year without an approved Leave of Absence must apply for readmission. Admission and program requirements existing at the time of reapplication must be met and relevant fees paid.

Students returning after an approved Leave of Absence may be required to update their application records before registering for courses. They remain under the same category as before.

IX. VISITING STUDENTS

Admission as a Visiting Student, to take one or more courses for credit during one semester, may be granted to applicants who meet the School-wide admission qualifications and who have at least (a) a high school diploma, or equivalent academic preparation as determined by AGETS, for undergraduate courses; (b) a bachelor's or master's degree from a regionally accredited liberal arts institution or seminaries for M.Div and M.A courses; or (c) M.Div or M.A in Religion degree from a regionally accredited liberal arts institution or seminaries for Ph.D in Religion courses.

X. AUDITORS

Students may register for courses on an audit rather than credit basis. Auditors often desire to gain knowledge in a subject without being required to attend all class sessions or to complete the assignments expected of credit students.

Admission as an Auditor, to attend one or more courses without receiving credit, may be granted to applicants who meet the School-wide admission qualifications.

Qualified applicants may be admitted upon submission of short application forms and a self-reported health record. No transcript is required.

Auditors may take one term of studies, on a space-available basis, upon approval of the class instructors. Instructors will inform auditors of any requirements (attendance, class participation, exams, or other assignments) that apply to them. Auditors desiring to continue beyond one term must obtain approval from the Director of Admission and Records.

Audited classes are not recorded on student record (transcripts). Auditors may, however, request from the Registrar verification of having audited a class. The verification is issued only if the instructor confirms that the requirements for auditors have been met. Hence, those desiring such a statement should inform the instructor early in the term.

Admission as an Auditor does not guarantee admission to take courses for credit. Those desiring to change their status must complete the application procedure for admission to the program of their choice.

XI. INTERNATIONAL ADMISSIONS

A. Qualifications

Applications from international students (visa students) are welcomed at AGETS. In addition to meeting specified admission requirements for the desired degree, foreign applicants who are non-native English speakers are required to submit their TOEFL (Test of English as a Foreign Language) results. The TOEFL must have been taken within the past five years. A score of 500 or higher is required for admission to undergraduate studies, and a score of 550 or higher for the admission to graduate degree programs. The TOEFL, offered on a regular basis in most countries, is administered by Educational Testing Services, Box 955, Princeton, New Jersey 08540, U.S.A.

Exceptions require approval by the Vice President for Academic Affairs, and generally are granted only to those who have passed similar internationally recognized tests of English or who can clearly demonstrate equivalent written and oral skill in English.

Those taking most of their studies in another language, may be allowed to defer the TOEFL until later in their program, if such arrangements have been approved by AGETS.

Approval may be granted by the learner's Academic Committee for courses, examinations, thesis, project, and dissertation to be written in another language commonly used in the academic world. In such cases, all Academic Committee members must be competent in that language. A substantial English summary by a qualified person must be submitted along with the original for the master's examination, thesis, project, or three major papers and the doctoral qualifying examination and dissertation.

B. Procedures

In addition to the documents indicated for specific programs, international applicants should arrange to have sent, directly from the appropriate institution, to the Director of Admission: official transcripts of all secondary school (high school) and post-secondary school; other official academic records (results of national examinations, yearly records of courses taken and marks received, documents certifying degrees awarded, etc.); and a certified English translation if the originals are not in English.

Translations must be done by an official representative of the institution.

International applicants should submit their applications at least six months in advance of the requested matriculation date. In certain cases applicants may be required to send a catalog (prospectus) of the university from which their academic degrees were obtained.

The I-20 form needed to obtain a student (F-1) visa is granted by AGETS only after all admission documents and the required financial guarantees have been approved. The student may be required to deposit in advance a portion of the financial guarantee with the School to ensure that sufficient funds are available for initial registration expenses upon the student's arrival in the United States. Information on qualifications and procedures for international students should be obtained from the Office of Admissions. International students on F and J visas are required to maintain valid immigration status throughout their stay at AGETS in order to remain in good standing with the School.

XII. LANGUAGE

In recognition of the need to provide training for ministers, prospective pastors, teachers, evangelists and God-called lay members of the Korean-American ethnic church, the Assemblies of God Evangelical Theological Seminary provides Christian educational service in Korean along with English.

Although the lack of proficiency in English is no barrier to enrollment in courses, it is suggested that students deficient in English utilize the services of the School that are provided for persons who are limited in English proficiency or have English as a second language.

XIII. RETENTION OF STUDENT RECORDS

a) The AGETS will maintain a file for each student who enrolls in the School whether or not the student completes the educational service.

b) The file will contain all of the following applicable information:

(1) Written records and transcripts of any formal education or training, testing, or experience that are relevant to the student's qualifications for admission to the AGETS or the AGETS' award of credit or acceptance of transfer credits including the following:

i) Evidence of high school completion or equivalency or other documentation establishing the student's ability to do college level work.

ii) Records documenting units of credit earned at other institutions that have been accepted and applied by the institution as transfer credits toward the student's completion of an educational program.

- iii) Grades or findings from any examination of academic ability or educational achievement used for admission or college placement purposes.
- (2) Personal information regarding a student's age, gender, and ethnicity if that information has been voluntarily supplied by the student.
 - (3) Copies of all students signed by the student, including contracts, instruments of indebtedness, and documents relating to financial aid.
 - (4) Records of the dates of enrollment and, if applicable, withdrawal from the School, leaves of absence, and graduation.
 - (5) A transcript showing all of the following:
 - i) The classes and courses or other educational services that were completed, or were attempted but not completed, and the dates of completion or withdrawal.
 - ii) The final grades or evaluation given to the student.
 - iii) Credit based on any examination of academic ability or educational achievement used for admission or college placement purposes.
 - iv) Degrees and diplomas awarded to the student.
 - (6) The dissertations, thesis, and other student projects submitted by graduate students.
 - (7) A copy of documents relating to student financial aid that is required to be maintained by law or by a loan guarantee agency.
 - (8) A document showing the total amount of money received from or on behalf of the student and the date or dates on which the money was received.
 - (9) A document specifying the amount of a refund, including the amount refunded for tuition and the amount for other itemized charges, the method of calculating the refund, the date the refund was made, and the name and address of the person or entity to which the refund was sent.
 - (10) Copies of any official advisory notices or warnings regarding the student's progress.
 - (11) Complaints received from the student.

RESIDENCY REQUIREMENTS

I. The Assemblies of God Evangel Theological Seminary does not accept any life experiences and other non-instructional experience in evaluating the credits.

II. Units to be completed in residency

A. BACHELOR OF ARTS IN RELIGION (B.A in Religion)

A minimum of 32 semester units (among them, 22 semester units of upper division in the Major Foundational Studies, Specialization Studies and Concentration), must be taken through the Assemblies of God Evangel Theological Seminary.

B. M.DIV. IN RELIGION PROGRAM (M.Div)

A minimum of 30 semester units must be taken through the Assemblies of God Evangel Theological Seminary

nary.

C. MASTER OF ARTS IN RELIGION (M.A in Religion)

A minimum of 20 semester units must be taken through the Assemblies of God Evangel Theological Seminary.

D. PH.D IN RELIGION PROGRAM

A minimum of 24 semester units must be taken through the Assemblies of God Evangel Theological Seminary.

TRANSFER CREDITS

I. GENERAL PROVISION

ACCEPTANCE OF TRANSFER CREDITS

In compliance with the Educational Code and regulations, transferred credits should be earned at institutions approved by the Council, public or private institutions of higher learning accredited by an accrediting association recognized by the United States Department of Education, or any institution of higher learning, including foreign institutions, if the institution offering the undergraduate program documents that the institution of higher learning at which the units were earned offers degree programs equivalent to degree programs approved by the Council or accredited by an accrediting association recognized by the U.S. Department of Education.

The Assemblies of God Evangel Theological Seminary reserves the right to determine the acceptability and relevance of degrees and credits earned at other institutions. Therefore, these degrees and credits must be from institutions duly recognized by AGETS.

Courses of a vocational nature that cannot be applied to academic or professional college level programs will not be considered transferable to AGETS programs.

CREDIT FOR LIFE AND EXPERIENCE

Credit for life and experience is not granted at the AGETS.

GRADE POINTS OF TRANSFER CREDITS

Transfer credits accepted from other institutions are assigned grade points according to AGETS' grading system, as far as possible, when determining the cumulative grade point average (GPA) for graduation. Transfer credit is granted for appropriate courses having a passing grade: Credit or Pass; B or higher for graduate student; and C or higher for undergraduates.

PROVISIONAL CREDIT

Provisional credit may be granted for appropriate courses taken ten or more years ago or courses on evaluation if necessary. The student will be granted regular transfer credit for such work after admission to AGETS and completion of 15 semester units with at least a 2.00 GPA for undergraduate or 12 semester units with at least a 3.00 GPA for graduate students or successful passage of Examination for Full Credits.

LIMIT OF TOTAL CREDITS THROUGH OFF-CAMPUS ARRANGEMENT AND TRANSFER

the total credits through "off-campus" arrangement and transfer cannot exceed the total of transfer credits without changing the limit of total transfer credits. In any case, the rule regarding Units to be completed in r

residency should be observed.

MAXIMUM CREDITS IN TRANSFER FROM ANOTHER INSTITUTION

II. B.A IN RELIGION PROGRAM

A maximum of 75 percent of the units or credit (93 units out of 125 units) may be applied toward the award of a bachelor's degree from the institutions approved by the Council.

Transfer credits may be applied toward General Education and General Electives requirements for the B.A. in Religion degree. Of the 125 semester units required for the degree, 40 units of General Education and 32 units in general electives (total 72 semester units) may be transfer credits. Additionally, total for all lower division courses must have a 2.0 grade point average (4.0 scale).

Those students already possessing 60 semester units or more of earned college level work with the General Education and general elective requirements completed will be admitted into the bachelor degree with a junior standing.

Students desiring to transfer earned units which apply to Major Foundational Studies, Specialization Studies or Concentration Studies requirements must have earned credits from other schools which are theologically Christian and Evangelical. Additionally, each course transferred must directly correspond to a course in the AGETS curriculum, and have a grade of "C" or better.

A maximum of 30 semester units of these courses are transferable, and the remaining 22 units of upper division in the Major Foundational Studies, Specialization Studies and Concentration, must be taken through the Assemblies of God Evangelical Theological Seminary.

III. M.DIV. IN RELIGION PROGRAM

Student who has earned academic credit on the postgraduate level from an accredited or approved college or Seminary may transfer a maximum of 30 s.u. into the M.Div. in Religion program. Transfer of such units depends upon their applicability to the program requirements and a passing grade of at least a "B".

IV. MASTER OF ARTS IN RELIGION PROGRAM

Student who has earned academic credit on the postgraduate level from an accredited or approved college or Seminary may transfer a maximum of 20 s.u. into the M.A in Religion program. Transfer of such units depends upon their applicability to the program requirements and a passing grade of at least a "B".

V. PH.D IN RELIGION PROGRAM

Student who has earned academic credit above B.A degree from an accredited or approved college or Seminary may transfer a maximum of 30 s.u. into the Ph.D in Religion program. Transfer of such units depends upon their applicability to the program requirements and a passing grade of at least a "B".

SCHOLASTIC REGULATIONS AND GRADUATION REQUIREMENTS

INSTITUTIONAL SCHOLASTIC RULES AND REGULATIONS

INTRODUCTION WEEK AND TESTING

New degree students are required to attend Introduction Week at the start of Fall or Spring semesters. Students will participate in: orientation to the School and related voluntary organization; required testing if necessary; and academic advising prior to registration. Off-campus students also should make arrangements

to attend local session under School's representative.

REGISTRATION

REGISTRATION FOR STUDIES

Admission to the School and academic advisement are required prior to registration for courses. Registration periods are scheduled prior to the first day of classes of each semester and short session. Students should see the Class Schedule for dates and details. A late registration fee is imposed after Registration Day. Late registration is permitted during the first two weeks of the semester and during the first few class meetings of short sessions, with the instructor's consent. Exceptions to the registration dates require prior approval by the Registrar and are rare.

REGISTRATION CHANGES

Courses may be added, and registration changed from audit to credit, through the second week of the semester, with the instructor's consent. Courses may be dropped, or registration changed from credit to audit, through the sixth week of the semester. Short courses have earlier add/drop dates, depending on their duration. If mail delivery causes excessive delays in communications, a longer period may be permitted, upon petition.

Students needing to discontinue studies should complete the withdrawal form available for the Registrar. Students are required to pay all tuition and fees due, even if they drop courses or withdraw prior to full payment. The amount due is determined by the drop or withdrawal date and is based on the Tuition Refund Schedule.

INCOMPLETE STUDIES

Students who, due to unforeseen circumstances, are unable to finish course requirements by the end of the term (or by the original time period specified for studies on different schedules) may petition to receive an Incomplete (I) grade.

Incomplete grade request forms are available from the Registrar's Office. If approved, the student will have a specified period of time in which to complete the coursework. An additional extension of time may be granted in certain instances, upon approval of the student's petition.

Incomplete studies must be finished by the end of the full semester following the issuance of the incomplete grade. If the coursework is not completed, a grade of No Credit (NC) or Failure (F) will be recorded.

REGISTRAR'S REPORTS

Registrar's Reports are required of (1) AGETS students registering only for the master's thesis or project or the doctoral dissertation, and (2) those registering for studies through other educational institutions, whether or not also taking studies through AGETS that term. Report forms for each purpose are available from the Registrar's Office. The student also must request the other institution to send an official transcript of studies to the AGETS Registrar upon completion of the work.

Registrar's Reports are followed:

(1) Registrar's Enrollment Notification Form

AGETS students taking courses at other institutions must submit a Registrar's Enrollment Notification Form that outlines the studies in progress each term. This Notification ensures continuation of active status for those not currently enrolled at classes on AGETS, and provides concurrent enrollment information for those studying at more than one institution.

(2) Registrar's Six-Month Progress Report

M.A, M.Div and Ph.D learners not enrolling at classes on AGETS, and those working solely on their thesis, project, or dissertation, must submit a Registrar's Six-Month Progress Report twice a year, unless on an approved Leave of Absence. The Report notifies the School of work to be undertaken in the following six months. If these Reports are not received, the learner will be considered withdrawn from the program.

UNIVERSITY STUDIES

COURSE NUMBERING

All courses are offered in the traditional Semester system.

001-099 Remedial courses not on college level

100-299 Lower Division Undergraduate courses designed for general education, freshmen and sophomores, but open to all students. A few have specific prerequisites.

300-399 Upper Division Undergraduate courses designed for juniors and seniors. All have a prerequisite of sophomore standing or above.

400-499

Specialized Upper Division. These courses have content common to both undergraduate and graduate courses.

500-699 Graduate courses. All have a prerequisite of graduate standing.

700-899 Doctoral level studies. Open only to doctoral students who have been advanced to candidacy. Consent of instructor is required.

Undergraduate students may enroll in undergraduate courses for which they have met the prerequisites. Graduate students may enroll in undergraduate courses, but should note that (a) lower division courses cannot be applied toward graduate degree programs, and (b) the number of upper division units which may be applied toward these degree programs is limited.

COURSE UNITS

Undergraduate courses of study normally are for 2 to 4 semester units of credit, meeting 2 or 4 hours per week for a semester of from 14 to 15 weeks. The average student should expect to spend two hours of study outside of class for every hour in class.

Graduate studies normally are for 3 or 4 semester units of credit. They typically require three or more hours of study for each hour in class.

ACADEMIC ADVISING

Students are required to seek School's academic advisement each term and to maintain satisfactory progress toward their degree program. Those who fail to do so will be considered to have withdrawn from their program and must apply for readmission if they desire to resume studies later.

CAMPUS PRIVILEGES AND REGULATIONS

Those admitted to An AGETS program are fully considered AGETS students. All have the right to participate in campus events, to live in AGETS residence halls (subject to space available), and to use campus resources and facilities. All must abide by School regulations and pay appropriate fees if participating in campus life.

CLASS ATTENDANCE

Students enrolled in AGETS are expected to attend all class sessions. Those who must be absent should consult the instructor, ahead of time if possible, regarding work missed. Those who do not attend the first w

Week of class may be dropped from the roll by the instructor unless prior permission to be absent had been obtained. Students are responsible to officially drop the course by filing a change of schedule form.

CLASS LEVEL

Undergraduate students are classified on the basis of semester units completed, as follows:

- 0-29 units Freshman
- 30-59 units Sophomore
- 60-89 units Junior
- 90+ units Senior

STUDENT STUDY LOAD

Undergraduate Students

The minimum study load for undergraduate full-time status on campus is 12 units during Fall and Spring semesters (24 units for the academic year). To complete the B.A. program within four years, the typical study load is 31 units per calendar year, or 13-14 units per semester and 4 units during January or Summer Sessions.

Registration for more than 16 units during any one semester, or more than the equivalent of 1 unit per week during short terms and summer session, requires permission from the Vice President for Academic Affairs.

Graduate Students

The minimum study load for graduate full-time status on campus is either 9 units during Fall and Spring semester (18 units for the academic year), or enrollment for the thesis.

Registration for more than 14 units during any one semester, or more than the equivalent of 1 unit per week during short terms and summer session, requires permission from the Vice President for Academic Affairs.

ACADEMIC PROGRESS

Undergraduate students are expected to make satisfactory progress toward meeting the B.A degree requirements. Satisfactory progress requires completion of at least 20 semester units each calendar year with a 2.00 (C) or better grade point average, including at least 14 units of General Education until these are met.

A part-time student may meet the 20 units annually by taking 7 units in Fall and Spring semesters, and 2-4 units in short sessions (January and Summer), or by other combinations of full- and part-time studies. Students who are unable to meet these minimal expectations may be evaluated for graduation requirements under a later catalog than the one in effect when they entered, if the program has changed. Exceptions may be approved under special circumstances.

CONTINUOUS ENROLLMENT

To maintain continuous enrollment, students must take at least one course each calendar year toward their program of studies, unless a Leave of Absence has been granted.

Learners enrolled in thesis, project, dissertation, or other types of extended studies and research need not register for other studies while their work is in progress, but must maintain close contact with their advisor and submit a Registrar's Six-Month Progress regularly. During this time they are considered as having continuous enrollment.

Students who do not maintain continuous enrollment, and who have not been granted a Leave of Absence, must submit an application for readmission and pay the required fee when they wish to enroll for further studies. They must meet the admission and program requirement in effect at the time of their readmission. Exceptions are sometimes granted, upon petition.

LEAVE OF ABSENCE

Students who need to be away from studies for more than one semester, and who expect to resume working toward their degree or certificate program thereafter, may apply for a Leave of Absence to guarantee their right to readmission. Leaves usually are granted for medical and educational reasons, and are limited to one year. Renewal for a second consecutive year is not common.

Normally, the maximum cumulative time allowed on Leave is two years during a B.A.'s program and three years during a master's and doctoral program. Exceptions are rare and require approval by the Vice President for Academic Affairs.

ADVANCEMENT TO CANDIDACY IN MASTER'S AND DOCTORAL DEGREE PROGRAM

Eligibility

Advancement to Candidacy is required of learners in master's or doctoral degree programs before they start research toward the thesis, major project, or dissertation. It is the learner's responsibility to apply for candidacy. The date of graduation may be delayed for those who fail to complete this step prior to the term of their anticipated graduation.

To be eligible for candidacy at the master's level, learners must have successfully completed all studies designated in their Programs of Studies and have passed the master's preresearch or comprehensive examination, if applicable.

To be eligible for candidacy at the doctoral level, learners must have successfully completed all studies designated in their Program of Studies and have passed the doctoral qualifying examination.

Application Procedure

The "Application for Advancement to Candidacy" form may be obtained from the Registrar's Office. When this application has received all necessary signatures and has been filed with the Registrar, it will constitute the Advancement to Candidacy. Notification of candidacy status will be issued by the Registrar.

TIME LIMITS FOR COMPLETING ACADEMIC PROGRAMS

There are no set time limits for completion of the B.A. degree program, but students are expected to make adequate progress toward their degree, as indicated Academic Progress.

All requirements for the M.A. degree must be completed within five years of the date of registration for the first course counted toward the degree after admission to AGETS.

All requirements for the Ph.D. degree must be completed within seven years of the date of registration for the first course counted toward the degree after admission to AGETS, normally after completion of prerequisite preparation.

An extension of these deadlines may be granted on petition under certain circumstances.

GRADING POLICY

SYMBOLS FOR GRADES

Grading Criteria

The following four-point scale is used by the AGETS:

GRADE POINTS	LETTER GRADE
4.0	A+
3.7	A
3.3	A-
3.0	B+
2.7	B
2.3	B-
2.0	C+

1.7	C
1.3	C-
1.0	D+
0.7	D
0.3	D-
0.0	F

All "plus" or "minus" letter grades are averaged into the student's g.p.a (Grade Point Average).

LETTER GRADE	VALUE DESCRIPTION
A	Work of highest quality in all areas; virtually flawless mastery of facts and concepts; creative; able to evaluate data and trends.
B	Adequate mastery of facts, concepts, creativity, and analysis, but with some flaws and room for improvement.
C	Sufficient grasp of facts and general competence for ministry
D	Insufficient grasp of facts and competence for ministry. Student must demonstrate improvement or will not be allowed to continue.
F	No credits; failure to achieve minimal quality or production of work.
Cr	Credit, undergraduate work: good-fair (C- minimum) Credit, graduate and doctorate work: very good (B- minimum)
NC	No Credit: unacceptable work, not a passing grade
P	Pass: thesis/project, dissertation, challenge (at least C- for undergraduate, B- for graduate work)

OTHER SYMBOLS

I (Incomplete)

I is assigned by the instructor when the student has done most of the required work, but is unable to complete certain items during the normal time period for the course, usually for personal reasons beyond the student's control, such as unanticipated medical problems. The student must submit an Incomplete Grade Request. I does not add earned units and does not affect GPA.

The instructor enters a new course grade when all requirements are met: the I remains on the student's record, but the cumulative GPA is recalculated to reflect the final course grade. If a new grade is not submitted by the instructor, an `NC' or `F' is entered by the Registrar at the end of the following semester.

IP (In Progress)

IP is used for courses that normally extend beyond one academic term, such as long-term research. It indicates that work is in progress, but that additional work is required before a final grade is assigned. IP does not add earned units and does not affect GPA.

The instructor enters a new course grade when all requirements are met: the IP remains on the record, but the cumulative GPA is recalculated to reflect the final course grade. If a new grade is not submitted by the instructor, an `NC' or `F' is entered by the Registrar at the end of the following semester.

IP is also used for the master's thesis or project. A Pass(P) is entered upon completion of the work. If the work is not completed, no change of grade is entered but the learner's program is recorded as terminated.

RD (Report Delayed)

RD is used by the Registrar when a delay in reporting the grade is due to administrative circumstances not caused by student actions. RD does not add earned units and does not affect GPA. When available, the earned grade replaces the RD and the term's GPA is recalculated.

W (Withdrawal)

W is used only for emergency withdrawal after the last day to drop courses, when the student's petition to withdraw from a course or from the School has been approved. W does not add earned units and does not

affect GPA. Students who fail to complete a course, and who have not obtained approval to drop or withdraw from it, will receive an `NC' or `F'.

COURSE GRADING PATTERNS

Course Grading Patterns (with +/- available for all letter grade options) are:

- (a) A, B, C, D, F
- (b) A, B, C, D, F with student's option to receive Cr/NC
- (c) Cr/NC
- (d) Cr/NC with student's option to receive A, B, C, D, NC
- (e) P/F: for thesis/project or dissertation

Once the Grading Pattern has been determined by the instructor for a specific course, students may exercise the option under (b) and (d) by filing a request with the Registrar and notifying the instructor. The instructor sets the deadline for exercising the student option.

Each Division may indicate whether students in their programs may apply `Cr' and `P' grades toward program or degree requirements, and if so, how many units of `Cr' and `P' are accepted.

Required courses for graduate degree programs generally must be taken for a letter grade, except for the master's thesis or project.

Undergraduate students may apply a maximum of 30 units of `Cr' and/or `P' grades toward the B.A. degree, of which no more than 12 units may be applied toward the Major. Undergraduates transferring work from schools that emphasize Cr/NC grading, may petition for up to 60 units of `Cr' and/or `P' to be counted toward the degree, of which no more than 24 units may apply toward the Major.

GRADE POINT AVERAGE (GPA)

No grade points; units not counted when determining GPA:
Cr, P, I, IP, RD, W.

Effect of Cr/NC and P/F Grades

`Cr' is used for regular courses. `P' is used for the master's thesis/project.

`Cr' and `P' grades do not affect GPA. These course units are ignored when calculating GPA, but the units are included in the total needed to fulfill degree and program requirements.

`NC' and `F' are used for regular courses. `NC' and `F' grades are assigned a value of 0.0 per unit when calculating GPA. Courses for which an `NC' or `F' is assigned are included in GPA calculations and in determining Probation and Disqualification. `NC' and `F' course units do not fulfill degree or program requirements.

Failure to satisfactorily complete the master's thesis/project within the time limit for the degree will result in termination of the learner's program. No grade is entered on the learner's record in such cases.

SCHOLARSHIP STANDARDS

To remain in good standing and to graduate, students must meet these minimal cumulative grade point average (GPA) standards for their programs:

- 2.00 GPA for all undergraduates
- 3.00 GPA for M.Div., M.A and Ph.D programs

Students who fall below the required GPA and do not correct this deficiency within one semester, and who have not made special arrangements with the Vice President for Academic Affairs, will not be permitted to continue their program.

REPEATING COURSES

Students may repeat only courses in which they receive less than a 1.70 (C) at the undergraduate level or 2.30 (B-) at the graduate level. Requests to repeat the same course more than once require a petition for an exception to normal practice.

When a course is repeated, all grades received for the course are retained in the student's permanent record and transcript, but only the highest grade is calculated in the cumulative GPA.

ACADEMIC PROBATION AND DISQUALIFICATION

Probation

Undergraduate students are placed on Probation if their cumulative GPA is below 2.00, or if their semester GPA falls below 2.00 for two consecutive semesters (excluding short terms). For graduate degree programs it is 2.30.

Disqualification

Undergraduate students currently on Probation will be disqualified if their GPA for the current term falls below 2.00, or if they fail to satisfactory progress toward removing the current deficiency in Cumulative GPA. For graduate students it is 2.30.

To continue studies, a student who has been disqualified must petition for reinstatement and show adequate reason to suggest that satisfactory work will be completed in the future.

The AGETS reserves the right to place students on probation or to disqualify students for cheating, other disciplinary reasons, lack of adequate progress toward a degree, and other justifiable causes.

ACADEMIC CREDIT

Academic credit may be earned through meeting the Assemblies of God Evangel Theological Seminary course requirements which are composed of In-Residence lecture and transfer of credit from another institution. For any specific subject matter, students may select only one of these means of earning credit. However, the total credits through "off-campus" arrangement and transfer cannot exceed the total of transfer credits without changing the limit of total transfer credits. In any case, the rule regarding "Units to be completed in residency" should be observed.

Any credit is not awarded for learning that overlaps with or is at a lower level than that for which the student has already earned credit. Credit is not granted for remedial subject, college orientation sessions, technical and vocational skills for which transfer credit normally is not offered by state universities, and other studies (e.g., certain types of extension offerings for community interest) for which the institution offering the training indicates no credit is granted toward a baccalaureate or graduate degree.

PROGRAM OF STUDIES

The Assemblies of God Evangel Theological Seminary offers an individualized academic program which allows the students to take advantage of a variety of study and research opportunities.

The individualized academic approach fulfills the normal learning goals of traditional programs, while employing a more flexible structure. The flexibility of the program is of particular benefit to those at a distance and those unable to find relevant study programs or experts in more conventional campus-based schools.

Every student of the AGETS are required to complete the Program of Studies and file it before the registration ends, no matter whether the learning is all done at the AGETS campuses or under the Adjunct Professors or Lecturers of the AGETS at other places, or partly at various universities, colleges or seminaries approved by the AGETS.

It is our conviction that for a university focused on the religious purpose, an individualized academic program is generally superior to one in which all or even most of the study is taken on a single campus or small group of professors.

A. FLEXIBILITY IN PROGRAM DESIGN

The Assemblies of God Evangel Theological Seminary program offers flexibility in designing learning program relevant to the learner's goal, incorporating research, and selecting studies through appropriate educational institutions and professors in different locations.

An individualized "Program of Studies" is designed to assure that the learner acquires: (a) a general base of knowledge in the discipline as a whole, (b) familiarity with the thinking of scholars in the discipline over time, (c) comprehension of the theory and practical application of specific areas of knowledge within the chosen Specialization, and (d) in-depth understanding of a particular facet of the discipline researched for the thesis or dissertation.

B. FLEXIBILITY IN LOCATION OF STUDIES

The students may attend the lecture courses and seminars at AGETS campuses or other university and educational institution upon approval in the Program of Studies. The individualized instruction approach emphasizes the development of an individualized Program of Studies that incorporates the best learning opportunities available, whether at the AGETS or various universities, colleges or seminaries. However, the Assemblies of God Evangel Theological Seminary will be prepared step-by-step to provide all of the courses that it requires the student to have taken to obtain a degree.

Thus, while some learners may take all courses on the AGETS' campus, many follow a more typical individualized instruction model, supplementing their studies in the AGETS at other universities which are regionally approved or accredited or/and under Adjunct Professor of AGETS at other places. The credits for appropriate learning courses by the Adjunct Professor at other university will be granted directly by the AGETS.

C. LENGTH OF STUDY

There are no set time limits for completion of the B.A. degree program, but students are expected to make adequate progress toward their degree, as indicated Academic Progress. Undergraduate students are expected to make satisfactory progress toward meeting the B.A degree requirements. Satisfactory progress requires completion of at least 20 semester units each calendar year with a 2.00 (C+) or better grade point average, including at least 14 units of General Education until these are met.

A part-time student may meet the 20 units annually by taking 7 units in Fall and Spring semesters, and 2-4 units in short sessions (January and Summer), or by other combinations of full- and part-time studies. Students who are unable to meet these minimal expectations may be evaluated for graduation requirements under a later catalog than the one in effect when they entered, if the program has changed. Exceptions may be approved under special circumstances.

All requirements for the M.A. degree and the M.Div. degree must be completed within five years of the date of registration for the first course counted toward the degree after admission to AGETS.

All requirements for the Ph.D. degree must be completed within seven years of the date of registration for the first course counted toward the degree after admission to AGETS, normally after completion of prerequisite preparation.

An extension of these deadlines may be granted on petition under certain circumstances.

D. ADJUNCT PROFESSOR/LECTURER

Adjunct Professors are those who may hold faculty rank at another college or university but serve as professors of the AGETS teaching or counseling AGETS' students at their college or university upon AGETS approval. They may serve as even Advisors in the Academic Committee of the Program of Studies.

Adjunct lecturers are authors, pastors, missionaries or other professionals not directly associated with the

AGETS but who are committed to its mandate. Known nationally or internationally for their competency in an area of subject matter, these adjunct professors and lecturers bring a richness and diversity to students not otherwise available. The quality of the course is not dependent on one teacher, but on many specialized teachers.

Another benefit of faculty collaboration is increased cooperation between the AGETS and other educational institutions, missions and churches. Unity with the Body of Christ is enhanced by this regular exchange of speakers.

E. ADVISORS

Quality control in the individualized instruction is maintained by the functioning of the advisors who serve as members of the student's Academic Committee.

The individualized instruction requires the student to plan and follow an individualized program of studies under the direct guidance of qualified specialists, either faculty members of the AGETS or qualified professors of other educational institutions approved by the AGETS serving as Adjunct Professors of the AGETS. Upon admission to the AGETS, the student is assigned a Campus Advisor to offer guidance in selecting an Academic Committee and in designing the individualized Program of Studies.

F. ACADEMIC COMMITTEE

The student's Academic Committee typically consists of a Principal Advisor and two other members; in some cases, a fourth committee member may be added. The Campus Advisor serves as the AGETS liaison with the student's Committee members, if some of them are located at other universities or in other professional positions.

Committee members should be either faculty members of the AGETS or Adjunct Professors/Lecturers of the AGETS who are presently or recently active in some phase of academic life or research. Their specialized experience and expertise should contribute with recognized authority to the field of the student's research, with indication of competence to evaluate it.

G. DESIGNING THE PROGRAM OF STUDIES

The individualized Program of Studies should be designed at the earliest opportunity after admission to the AGETS but before the registration ends. At all degree levels, this is done under the guidance of the student's Principal Advisor and at least one Committee member, or as many of the Committee members as have been approved. Thus, students must have an approved Principal Advisor before designing their Program of Studies.

The students should complete the Application for Approval of Program of Studies form and follow the Program Requirements for each degree and the Guidelines for their specialization.

The Program of Studies must meet all requirements in effect at the time it is submitted for approval, regardless of the student's admission date or when studies for the AGETS credit began. When it is in acceptable form, the Campus Advisor will refer the Program to the Program Review Committee (PRC) for approval.

When the individualized Program of Studies is approved, the student is accepted into the AGETS with full degree standing.

H. CHANGES IN THE PROGRAM OF STUDIES

Students desiring to make a change in their approved Program of Studies must file a petition with the Registrar.

The petition requires the approval of the student's Academic Committee and the Vice President for Academic Affairs. Major changes also require approval by the Program Review Committee.

I. LIMIT OF OFF-CAMPUS CREDITS

The total credits through "off-campus" arrangement and transfer cannot exceed the total of transfer credits without changing the limit of total transfer credits. In any case, the rule regarding "Units to be completed in residency" should be observed.

GRADUATION REQUIREMENTS

All program requirements, including GPA standards and residence requirements, must be satisfactorily met prior to graduation.

A cumulative GPA of 2.00 (C+) or higher must be attained toward the bachelor's degree:
in the total college work
in courses in the Major
in courses taken through AGETS

A cumulative GPA of 2.30 (B-) or higher must be attained GPA toward graduate degree:
in the total college work
in courses in the Major
in courses taken through AGETS

Students failing to attain these standards should consult the sections on Scholarship Standards and Disqualification, under Grading policy.

APPLICATION FOR GRADUATION

Students should apply for graduation and pay the application fee at least one full semester before the anticipated completion of their program. Failure to apply on time may result in a later graduation date.

GRADUATION WITH HONORS

Graduates who have maintained high levels of scholarship during their studies are accorded special recognition upon graduation. The student's cumulative grade point average (GPA) based on all university-level work is used to determine honor:

3.85 GPA Summa Cum Laude
3.65 GPA Magna Cum Laude
3.50 GPA Cum Laude

STUDENT ACTIVITIES AND SERVICES

PROGRAM OF SERVICES

The Assemblies of God Evangel Theological Seminary seeks to recognize spiritual, intellectual, emotional, social, occupational, and physical needs of students. A variety of opportunities and activities are coordinated to enhance each student's God-given potential.

In conjunction with faculty, the student life staff assists students in establishing academic and personal goals and provides tools and services to reach these goals.

Through outdoor adventure programs, chapel, career counseling, small groups, and other experiences, students have the chance to integrate their in-class and out-of-class experiences and to apply their faith and

beliefs to their value system and lifestyle. The Office of Student Affairs has available a number of personal counselors who are trained to address those emotional needs that hinder healthy growth and development in the life of the student.

I. STUDENT MINISTRIES

The Assemblies of God Evangel Theological Seminary is committed to the spiritual development of every student. Faith cannot be bought, sold, or inherited. It is the product of the student's own relationship with God. We realize that spiritual growth is maximized when faith is expressed through relationships and ministries. As a member of the Assemblies of God Evangel Theological Seminary community, students will be strengthened in their understanding of (1) Christian maturity, (2) Christian ministry, and (3) Christian vocation. Student Ministries programs of the AGETS provide opportunities for and instruction for a growing faith in Jesus Christ.

Discipleship

To develop a character of godliness, it is necessary for individuals to be actively nurtured in the qualities of Christ's life. Christian maturity comes through facing unique challenges presented by a spiritual mentor through directed Bible study, counseling and prayer. By the exploration of these challenges through group interaction and personal reflection, students can uniquely take understanding of their faith and can more critically deal with personal choices in lifelong planning, interpersonal relationship, moral decision-making, and personal ministry to others.

Chapel

The mission and purpose of the chapel program is: (1) Proclamation of the Word: the teaching, exposition, and presentation of scriptural truth through the medium of the word and song which call for decision and commitment to Jesus Christ; (2) Community response to the Word: the corporate celebration of God's goodness in Christ through praise, sharing, praying, and edifying presentations by community members which demonstrate our faith; (3) Challenge to the community: through presentations which call for the integration of Christian faith, hope, and love with life issues and which catalyze service in the community and the world on behalf of Jesus Christ.

Ministries

In response to the teaching of Scripture, it is vital for students to be active in the affairs of the contemporary world. Many facets of this outreach are directed through the programs of Ministries.

These programs include:

- (1) Evangelism Outreach
- (2) Regular visit to area orphanages and youth homes
- (3) Urban Ministries
- (4) Short-term Overseas Mission

II. ACADEMIC ADVISING

The Assemblies of God Evangel Theological Seminary offers a unique program of academic advising to the students. Advisors are current or former students specially trained to assist students with the structuring of a program of study and the selection of classes. Advisors work throughout the year to serve students in such areas as evaluation of transfer credit, clarification of academic policies, assistance with petitions and other special needs and exploration of vocational and academic goals. These advisors are also available to help prospective students with information regarding degree programs, transfer credit, and other questions.

Students in the graduate level are advised by faculty members with regard to the necessary portion of their specialty, and are also advised by a specially trained student adviser with regard to their curriculum.

III. COUNSELING

The Assemblies of God Evangelical Theological Seminary is concerned about each student as an individual. Faculty members are available at stated times during the week for conference. Academic advisors are also available for help and counsel. Career counseling can be obtained through Placement Assistance and Career Planning Service. Professional help may sometimes be needed by students and their families in dealing with problems of an emotional, social or interpersonal nature. The AGETS provides counseling on matters such as marriage, family and interpersonal relationships. Broad approaches are implemented in an attempt to treat the whole person. Recognizing the financial needs of students and their families, referrals may also be given to local Christian therapists in private practice.

IV. PLACEMENT ASSISTANCE AND CAREER PLANNING

Assistance in the placement of students and alumni is provided by the AGETS. Anyone in the AGETS community may utilize the services for finding part- or full-time employment during their school years, as well as for career placement at graduation and beyond. The AGETS maintains up-to-date listings of a wide variety of job opportunities, and coordinates opportunities to interview both on and off campus for prospective job openings. The bulletin of the AGETS keeps students and graduates informed of current positions available.

(1) Ordination

AGETS will assist the worthy graduates to be truly ordained by a bona fide denomination such as Assemblies of God, into a full time ministry.

(2) Missionary

AGETS will assist the worthy graduates to become a full time missionary, and the school will partially support their work in the fields.

(3) Evangelical Mission Organization

In order to achieve World Mission, AGETS will work very closely with Evangelical Mission organizations which actively recruit and send out missionaries and pastors to various fields.

V. HEALTH SERVICES/SAFETY RULES AND REGULATIONS

HEALTH SERVICES:

Health services available include helping students make the best use of AGETS health insurance and assistance in finding quality care at affordable prices. Entrance into the community's health care system is facilitated by referrals to local physicians and medical services.

SAFETY RULES AND REGULATIONS (Includes entire Main/Satellite Campus complexes):

A. Fire and other emergencies

The fire alarm siren is wired to be sounded automatically day or night on any first alarm signal. The building complex is to be cleared of all personnel when the siren sounds.

Other emergency situations which could require clearing the building and for which the siren would be sounded are:

1. Gas line breaks resulting in an explosion or danger of an explosion
2. High steam pressure leaks resulting in an explosion or danger of an explosion.

Tornado warnings are announced over the public address system to employees.

Switchboard operators are to notify specific areas of the headquarters operations not covered by the public address system. Personnel are to proceed to their assigned shelter areas.

B. Clearing the Building

After the siren has sounded for approximately one minute an announcement will be made over the public address system.

Use the stairs for exit nearest work or class area. Personnel should cross the driveway to the parking lot and wait there until the all-clear signal has been given.

No one should remain in the building under any circumstances.

VI. STUDENT PARTICIPATION IN THE GOVERNANCE OF THE INSTITUTION

Students have a major role in the governance of the School through the Student Senate. The Student Senate recommends policy to the President. If the President rejects its proposal, the Student Senate is informed in writing of the compelling reasons for rejection of its recommendation.

VII. STUDENT ORGANIZATION & ALUMNI ASSOCIATION

A. Associated Student Senate

1) Student Senate Officer

The student community is represented by the officers that serve on the Student Senate.

Each class of undergraduate and each degree program of graduate level are represented by one Class Representative. Four Student Senate officers who represent the school community at large are selected among those Class Representatives. Any Class Representative who is full-time, upper division or graduate level students in good academic standing, may run for Student Senate offices (President, Vice President, Secretary, Treasury).

Elections are held among the Class Representatives during the Spring semester. The term of each office is from May following the election to the end of the following school year.

The responsibilities of the Student Senate officers include the sponsoring and organization of several annual students activities. They also organize school-wide events like the Fall and Spring retreats.

2) Class Representative

Each class of undergraduate and each degree program of graduate level elect its own representative. These representatives comprise the student governing body known as the Student Senate. A student running for a Class Representative must be a member in good standing of that class or degree program.

Under the leadership of their Class Representative, each class or graduate degree program student sponsors special events either for their individual class/graduate degree program or for the school at large.

B. ALUMNI ORGANIZATION

The Assemblies of God Evangelical Theological Seminary Alumni Association endeavors to foster the cause of theological education in general and specifically at the AGETS, and to perpetuate friendship formed while at the School. All persons who have matriculated at the AGETS, both those who received degrees and those who did not complete a full program, are considered members.

VIII. INTERNATIONAL STUDENT CENTER

The International Student Center is a one-stop office that provides the following services: admissions, testing, academic counseling, registration, adding and dropping of classes, letters of certification, transcripts, intent to transfer letters and on-campus work authorization. It assists students with their paperwork to apply

to the Immigration and Naturalization Service for change of status, practical training, extension of stay, reinstatement to student status, and transfer to other institutions of learning. International Student Center has three main divisions:

1) Foreign Student and Scholar Advising Services:

It provides assistance to visa students and scholars in such areas as academic and cultural adjustment and social and recreational activities.

2) Immigration Counseling Services:

It provides assistance to visa students, foreign scholars, and foreign faculty with visa issuance (F, H, and J visas, etc.), maintaining student status, and matters involving the U.S. immigration Service.

3) Study Abroad Advising Services:

Students and faculty may take advantage of the advising services for study abroad. Programs and services include:

- AGETS International Programs
- Independent overseas study options
- International student exchange program
- International student identification cards
- Special travel, study and exchange programs

IX. ASSESSMENT PROCESS

In order to assess the outcomes, the AGETS establishes the Ad hoc Committee to:

1. Consider all policy issues pertaining to academic outcomes assessment and to make recommendations thereon to the President.
2. Support the School community in the development of outcome assessment programs.
3. Maintain currency regarding legislative action and policy that is related to outcomes assessment.
4. Maintain currency regarding national, state and system trends dealing with outcomes assessment.
5. Request periodic surveys as needed of outcomes assessment.
6. Review relevant literature and materials aimed at addressing and improving outcomes assessment.

FINANCIAL ASSISTANCE POLICIES AND PROCEDURES

The Assemblies of God Evangelical Theological Seminary believes that God will provide the necessary financial resources for those He has led to attend the School. This provision may come in many forms as described below. We encourage students to seriously consider raising all or part of their financial needs (in the form of "faith support") in order to participate more fully in ministry while in school.

A. Faith Support with Office of Student Affairs

At many seminaries, students work at outside employment while attempting to study, minister and raise a family. We encourage our students to raise financial support through the Office of Student Affairs unless they have independent means for financing their education. The Office of Student Affairs will provide a means for the School student to pay for his education without sacrificing his studies, ministry, or family.

Once accepted by the Office of Student Affairs, the student is issued an account number and is given fundraising materials and training on how to develop a financial support team. The student then approaches interested friends, family, churches and other Christian contacts in order to explain his ministry and his need and to give them the opportunity to invest in his ministry if they so desire. All contributions are tax deductible and are sent directly to the Office of Student Affairs.

Upon receipt of checks from various donors, the student's account is credited. The student is paid out of his

s account for the ministry that he has performed in the context of his ministry team and summer internships. Thus, in effect, the student is being paid for the ministry that he is required to do as a student in an Assemblies of God Evangel Theological Seminary academic program.

B. Employment

Working is an accepted and common means for financing the student's seminary education. Single students, as well as husbands and/or wives can avail themselves of the many jobs which are available in the Los Angeles and Orange county areas. Los Angeles and Orange county areas have been undergoing significant growth and have healthy economies. The Office of Student Affairs is available to assist students in finding employment off campus.

In addition, a limited number of on-campus, part-time, work-study jobs are available each year for students with financial need. Students should apply for the work-study program with the Office of Student Affairs at the beginning of the fall quarter. Students in the work-study program will work in the various offices of the School. Work-study awards are given based on need, prerequisite job skills and available funds.

C. Institutional Financial Aid

The Assemblies of God Evangel Theological Seminary offers a limited number of tuition assistance scholarships each year based on need. These scholarships are given to those who are full-time degree students who demonstrate the greatest need. All aid is given in the form of tuition waivers.

All financial aid application information is held in strictest confidence.

D. Grants, Fellowships and Non-Institutional Scholarships

These come in a variety of forms from a number of different sources. The first place to ask is in student's local church or denomination. Many churches and denominations today have money available to assist students with seminary training. The next place to ask is student's local bank about any educational trust and scholarship programs they may have. This type of aid is not usually limited by whether student has an account at the bank or not.

The Office of Student will provide the number of hours per week the person is available to students.

E. Loans

Even though financing education through loans is a common occurrence, the Assemblies of God Evangel Theological Seminary recommends that the students prayerfully consider other alternatives first. Students with high loan debts should not compound the debt with another loan. All who consider loans need to seriously count the cost in terms of future repayment of the debt and the effect of the debt on future ministry opportunities.

The Assemblies of God Evangel Theological Seminary has chosen not to participate in federally funded financial aid programs. Therefore, the Assemblies of God Evangel Theological Seminary is not eligible for federal programs such as student loans or grants.

It is important that all possible sources of financial aid be explored. The School has listed some of the more common sources of the many that are available. Normally, students find that it is a combination of sources rather than any one source which enables them to attend School. The School is confident that with much prayer and some determined searching and effort, a satisfactory means of financing student's seminary education will be found.

The Assemblies of God stands ready to help students as they seek God's provision for their needs.

CURRICULUM AND INSTRUCTION

1) DEGREE TITLE: BACHELOR OF ARTS IN RELIGION

DEGREE PROGRAM: RELIGION

PROGRAM DESCRIPTION:

In keeping with the Biblical tradition, a degree program of Bachelor of Arts in Religion will (1) provide a good Biblical foundation for the personal development of students, (2) enable the students to select further study for personal enrichment and to develop Biblical skills needed for a more effective Christian witness, and (3) train terminal majors for the ministry as pastors, evangelists, Christian educators, youth ministers or missionaries.

TITLE OF DEGREE: BACHELOR OF ARTS IN RELIGION (B.A in Religion)

REQUIREMENTS:

Undergraduate degree requirements are designed to encourage students to explore a wide range of academic disciplines and to focus in depth on one area. The program offers flexibility in choice of liberal arts and professional studies electives to complement specified specialization subjects.

A total of 125 semester units is required for the B.A. in Religion degree.

40 General Education

16 General Electives

30 Major Foundational Studies

30 Specialization Studies

15 Concentration Studies

Total.....125 Credits

Among required 125 credits, Major Foundational Studies which are common to all Specializations are considered part of the total Specialization requirements. Therefore, actual Specialization requirements are 40 units.

All students must choose one Specialization and one Concentration, or a double Specialization.

Student may qualify for a double Specialization by fulfilling all 48 units required for both Specializations, plus 16 units of Major Foundational Studies.

PREREQUISITES:

Prerequisites to the baccalaureate degree program in Religion is to have a high school diploma with at least a 2.00 (C+) grade point average (GPA) or have equivalent academic preparation, as determined by AGETS; to attain at least 2.00 GPA in any university and other post-secondary studies attempted; and to show promise of success in the pursuit of the B.A. degree.

INSTRUCTIONAL METHODS:

Instruction consists of thorough lectures by the instructor, class presentation and participation of the students, mid- and final examinations, along with reading assignments and term papers.

The students will be evaluated on the following basis:

Mid- and Final Examinations: 60%

Reading assignments & term papers: 20%

Class Presentation and participation: 10%

Class Attendance: 10%

In some courses, students are required to take field trips and/or attend seminars, workshops and concerts in order to improve and broaden their learning experiences. Sometimes, the AGETS invites outstanding an

d well-known scholars for special lectures. These special lectures normally last for more than two weeks. The students are required to attend the lectures and to be tested later. These special lectures are given to the students without extra charge.

CURRICULUM:

COURSE NUMBERING

001-099	Remedial courses not on college level
100-299	Lower Division Undergraduate courses designed for general education, freshmen and sophomores, but open to all students. A few have specific prerequisites.
300-399	Upper Division Undergraduate courses designed for juniors and seniors. All have a prerequisite of sophomore standing or above.
400-499	Specialized Upper Division.
500-699	Graduate courses. All have a prerequisite of graduate standing.
700-799	Doctoral level studies. Open only to doctoral students who have been advanced to candidacy. Consent of instructor is required.

*GENERAL EDUCATION REQUIREMENTS (40 Semester Units Minimum)

A. Humanities

9 s.u. for 3 courses from 2 separate disciplines in Art, Music, Drama, Literature, Foreign language, Philosophy, etc.

B. Social Sciences

9 s.u. for 3 courses from 2 separate disciplines in History, Political Science, Economics, Anthropology, Psychology, Sociology, etc.

C. Science/Mathematics

6 s.u. at minimum. Fulfill 1) College Level mathematics and 2) 6 s.u. minimum in Computer Science, Physical, Biological or Natural Science.

D. Communications

6 s.u. at minimum. Fulfill 1)Composition and 2)Speech communication.

E. General Education Electives

Remaining units necessary to total 40. However, courses in this section must come from section A, B, C or D.

Additional lower and upper division courses may be selected in any disciplines to fulfill the 125 Total Units required for the B.A. in the Religion degree. Students are encouraged to pursue their individual interests in choosing electives.
Total.....16 Credits

SECOND SPECIALIZATION OR DEGREE

Students holding a bachelor's degree from a recognized institution who want a second specialization must complete a minimum of 40 units in a second area of specialization studies. Those seeking a second bachelor's degree must meet the same requirement, completing at 125 total units, and must meet all other requirements for the AGETS degree.

2) DEGREE TITLE: MASTER OF DIVINITY

DEGREE PROGRAM: RELIGION

PROGRAM DESCRIPTION:

The Master of Divinity (M.Div.) program is designed to equip the student for a full-time professional Christian ministry (pastor, teacher, evangelist, church planter, missionary, or leader in a parachurch organization). Its objective is to stimulate the student to establish an adequate foundation for the beginning of ministry and for the lifelong process of learning and experience. This entails an accurate knowledge of the Word of God, the source of faith, and the effective means of its communication. The course of study is therefore designed to achieve a proper balance between the academic, the practical and the personal. Although the M.Div. Degree is not necessary for ordination in all churches or denominations, it is the level of degree which the AGETS recommends all prospective pastors seek to attain.

TITLE OF DEGREE: MASTER OF DIVINITY (M.DIV.)

REQUIREMENTS:

A total of 96 semester units (or 90 s.u. plus Thesis) is required for the Master of Divinity degree.. Among th

em, a maximum of 24 units may be selected from Specialized Upper Division undergraduate studies(400 levels) relevant to the student's program.

|

Students who have an earned bachelor's degree from an approved Christian College or University with a major in religion or related field may receive up to 30 semester units of advanced standing. Those courses which qualify for advanced standing in the program are limited to the following courses.

Maximum units in each area are:

Greek (6)
Hebrew (6)
Church History (6)
Pastoral Ministry (6)
Theology (6)
Bible (6)
Electives (6)

Students transferring from other approved graduate schools may transfer up to 60 units into the program.

PRE-RESEARCH EXAMINATION

Before beginning the master's thesis or project, all students must pass a 6-9 hour written examination on trends in scholarship in the specialization study, based on readings from scholarly journals, books, and other relevant publications. Appropriate bibliographies to assist in preparation for the exam may be obtained from each Program Director and from the student's Academic Committee members.

The student's Academic Committee may, at its discretion, require an oral exam following the mandatory written test.

In the Pre-Research Examination the student is asked to demonstrate knowledge of (1) the principal schools of thought and (2) the major theoretical and methodological trends leading up to the 'state of the art' to day, and familiarity with (3) the classic literature and (4) major journals in the specialization study.

The topics to be covered by the examination and the questions to be asked are set by the student's Academic Committee and must be approved by the Vice President for Academic Affairs. Normally, three to six main areas of knowledge (subdisciplines) within the major study are addressed in major essay questions, sometimes supplemented by short answer, identification, or other types of questions.

The passing level on the examination is determined by the student's Academic Committee in consultation with the Vice President. In borderline cases, the answers may be referred by the Vice President to a fourth reader, or an oral examination may be required.

Upon successful completion of the Pre-Research Examination, student should file for advancement to candidacy.

Students who fail to show adequate understanding of their specialization study, or who fail any section of the Pre-Research Examination, may:

- a. Be asked to rewrite the entry examination after an appropriate study period of not less than 3 months.
- b. Be asked to rewrite one or more sections of the examination after an appropriate study period of not less than 1 month.
- c. Be asked to write a major paper (generally 15-30 pages in length) covering the failed section(s) of the examination. A separate paper is required for each section failed.
- d. Have their master's program terminated.

THESIS OR PROJECT

After completing all or almost all studies, passing the Pre-Research Examination, the student should submit a Thesis Research Proposal for approval. In some disciplines a master's project is allowed in lieu of the thesis, and a similar Proposal must be approved for the project.

Upon approval of the Proposal, the student registers for the master's thesis or project through the AGETS.

It is expected that more than one term may be needed to complete the research and writing for the thesis or project. A grade of In Progress ('IP') is listed on the student's record. When the work is completed a gr

ade of Pass ('P') is entered. The 'P' grade does not replace the 'IP', but is entered for the term when final approval of the thesis or project is obtained. The completed thesis or project must be approved by all member of the student's Academic Committee.

Those failing to satisfactorily complete the thesis or project will have their degree program terminated.

ALTERNATE PATTERN-Comprehensive Examination plus Three Major Papers

In a few cases, a comprehensive examination and three papers in the major study may be allowed by the student's Academic Committee in lieu of a master's thesis or project, generally if the student is expected to proceed directly with studies toward the doctorate course in qualified academic institution. If the student's Program of Studies includes this option, the comprehensive examination and all three major papers must be approved by all members of the student's Academic Committee.

The Comprehensive Examination includes the Pre-Research Examination in the Major Study (see Pre-Research Examination) and additional sections related to the student's specific Program of Studies and area s of research. The three Major Papers each should exceed a typical graduate term paper in quality, depth of coverage, and length, but may be based on previously submitted course papers.

Regulations governing the Pre-Research Examination (approval, passing levels, rewriting, fees, etc.) also apply to the Comprehensive Examination.

PREREQUISITES:

Prerequisites for the M.Div program are to meet the School's admission qualifications which indicate their ability to pursue advanced study and research. It normally requires a bachelor's or master's degree from a regionally accredited liberal arts institution or seminaries.

INSTRUCTIONAL METHODS:

Instruction consists of thorough lectures by the instructor, class presentation and participation of the students, mid- and final examinations, along with reading assignments and term papers.

The students will be evaluated on the following basis:

Mid- and Final Examinations: 60%

Reading assignments & term papers: 20%

Class Presentation and participation: 10%

Class Attendance: 10%

In some courses, students are required to take field trips and/or attend seminars, workshops and concerts in order to improve and broaden their learning experiences. Sometimes, the AGETS invites outstanding and well-known scholars for special lectures. These special lectures normally last for more than two weeks. The students are required to attend the lectures and to be tested later. These special lectures are given to the students without extra charge.

CURRICULUM:

REQUIRED COURSES for M. Div. (96 Credit hours)

COURSE NUMBERING

400-499 Specialized Upper Division.

500-699 Graduate courses. All have a prerequisite of graduate standing.

700-799 Doctoral level studies. Open only to doctoral students who have been advanced to candidacy. Consent of instructor is required.

A total of 96 semester units (or 90 s.u. plus Thesis) is required for the M.Div. degree.

6 Units Christian History (HI 447, 448)

12 Units Biblical Languages (BL 480, 481, 485, 486)

18 Units Bible Studies (OT 511, 512, NT 531, 532 Required)

18 Units Theology (TH 455, 456, 458, 459 Required)
18 Units Ministry (PM 460, 461, 462, 463 Required)
24 Units Electives
Total..... 96 Units

3) DEGREE TITLE: MASTER OF ARTS IN RELIGION

DEGREE PROGRAM: RELIGION

PROGRAM DESCRIPTION:

The Master of Arts in Religion Program is a graduate academic degree which is available to those students who do not need or want the M.Div. degree. The M.A in Religion requires the same academic level as the M.Div.. However, it does not require any of the practical courses necessary for pastoral training. Pastors who are already established in ministry and have an earned bachelors degree in religion, may not need the M.Div., but desire further study and recognition on the graduate level.

TITLE OF DEGREE: MASTER OF ARTS IN RELIGION (M.A in RELIGION)

REQUIREMENTS:

A total of 66 semester units (or 60 s.u. plus Thesis) is required for the M.A. in Religion degree. Among them, a maximum of 15 units may be selected from Specialized Upper Division undergraduate studies (400 level) relevant to the student's program. Students should choose one of the Theological Studies, World Mission and Christian Education as their Specialization Studies.

Students who have an earned bachelor's degree from an approved Christian College or University with a major in religion or related field may receive up to 24 semester units of advanced standing. Those courses which qualify for advanced standing in the program are limited to the following courses.

Maximum units in each area are:

Biblical Language (6)
Church History (6)
Theology (6)
Bible Electives (9)
Open Electives (15)

Students transferring from other approved graduate schools may transfer up to 40 units into the program.

PRE-RESEARCH EXAMINATION

Before beginning the master's thesis or project, all students must pass a 6-9 hour written examination on trends in scholarship in the major study, based on readings from scholarly journals, books, and other relevant publications. Appropriate bibliographies to assist in preparation for the exam may be obtained from each Program Directors and from the student's Academic Committee members.

The student's Academic Committee may, at its discretion, require an oral exam following the mandatory written test.

In the Pre-Research Examination the student is asked to demonstrate knowledge of (1) the principal schools of thought and (2) the major theoretical and methodological trends leading up to the 'state of the art' to day, and familiarity with (3) the classic literature and (4) major journals in the major study.

The topics to be covered by the examination and the questions to be asked are set by the student's Academic Committee and must be approved by the Vice President for Academic Affairs. Normally, three to six main areas of knowledge (subdisciplines) within the major study are addressed in major essay questions, sometimes supplemented by short answer, identification, or other types of questions.

The passing level on the examination is determined by the student's Academic Committee in consultation

with the Vice President. In borderline cases, the answers may be referred by the Vice President to a fourth reader, or an oral examination may be required.

Upon successful completion of the Pre-Research Examination, student should file for advancement to candidacy.

Students who fail to show adequate understanding of their major study, or who fail any section of the Pre-Research Examination, may:

- a. Be asked to rewrite the entry examination after an appropriate study period of not less than 3 months.
- b. Be asked to rewrite one or more sections of the examination after an appropriate study period of not less than 1 month.
- c. Be asked to write a major paper (generally 15-30 pages in length) covering the failed section(s) of the examination. A separate paper is required for each section failed.
- d. Have their master's program terminated.

THESIS OR PROJECT

After completing all or almost all studies, passing the Pre-Research Examination, the student should submit a Thesis Research Proposal for approval. In some disciplines a master's project is allowed in lieu of the thesis, and a similar Proposal must be approved for the project.

Upon approval of the Proposal, the student registers for the master's thesis or project through the AGETS.

It is expected that more than one term may be needed to complete the research and writing for the thesis or project. A grade of In Progress ('IP') is listed on the student's record. When the work is completed a grade of Pass ('P') is entered. The 'P' grade does not replace the 'IP', but is entered for the term when final approval of the thesis or project is obtained. The completed thesis or project must be approved by all members of the student's Academic Committee.

Those failing to satisfactorily complete the thesis or project will have their degree program terminated.

ALTERNATE PATTERN-Comprehensive Examination plus Three Major Papers

In a few cases, a comprehensive examination and three papers in the major study may be allowed by the student's Academic Committee in lieu of a master's thesis or project, generally if the student is expected to proceed directly with studies toward the doctorate course in qualified academic institution. If the student's Program of Studies includes this option, the comprehensive examination and all three major papers must be approved by all members of the student's Academic Committee.

The Comprehensive Examination includes the Pre-Research Examination in the Major Study (see Pre-Research Examination) and additional sections related to the student's specific Program of Studies and areas of research. The three Major Papers each should exceed a typical graduate term paper in quality, depth of coverage, and length, but may be based on previously submitted course papers.

Regulations governing the Pre-Research Examination (approval, passing levels, rewriting, fees, etc.) also apply to the Comprehensive Examination.

PREREQUISITES:

Prerequisites for the M.A in Religion program are to meet the School's admission qualifications which indicate their ability to pursue advanced study and research. It normally requires a bachelor's or master's degree from regionally accredited liberal arts

INSTRUCTIONAL METHODS:

Instruction consists of thorough lectures by the instructor, class presentation and participation of the students, mid- and final examinations, along with reading assignments and term papers.

The students will be evaluated on the following basis:

Mid- and Final Examinations: 60%

Reading assignments & term papers: 20%

Class Presentation and participation: 10%

Class Attendance: 10%

In some courses, students are required to take field trips and/or attend seminars, workshops and concerts in order to improve and broaden their learning experiences. Sometimes, the AGETS invites outstanding and well-known scholars for special lectures. These special lectures normally last for more than two weeks. The students are required to attend the lectures and to be tested later. These special lectures are given to the students without extra charge.

CURRICULUM:

REQUIRED COURSES

A total of 60 semester units is required for the M.A. in Religion degree.

Students should choose one of the Theological Studies, World Mission and Christian Education as their Specialization Studies.

COURSE NUMBERING

- 001-099 Remedial courses not on college level
- 100-299 Lower Division Undergraduate courses designed for general education, freshmen and sophomores, but open to all students. A few have specific prerequisites.
- 300-399 Upper Division Undergraduate courses designed for juniors and seniors. All have a prerequisite of sophomore standing or above.
- 400-499 Specialized Upper Division.
- 500-699 Graduate courses. All have a prerequisite of graduate standing.
- 700-799 Doctoral level studies. Open only to doctoral students who have been advanced to candidacy. Consent of instructor is required.

*Specialization

A. Theological Studies (66 Credit hours)

- 6 Units Biblical Language (BL 480, 481 or BL485, 486)
- 6 Units Christian History (HI 447, 448)
- 15 Units Theology (TH 458, 459 Required)
- 15 Units Bible Studies (OT 511, 512, NT 531, 532 Required)
- 12 Units Theology Electives
- 12 Units Open Electives
- Total..... 66 Units

B. World Mission (66 Credit hours)

- 6 Units Biblical Language (BL 480, 481 or BL485, 486)
- 6 Units Christian History (HI 447, 448)
- 12 Units Theology (TH 458, 459 Required)
- 15 Units Bible Studies (OT 511, 512, NT 531, 532 Required)
- 15 Units World Mission Electives
- 12 Units Open Electives
- Total..... 66 Units

C. Christian Education (66 Credit hours)

- 6 Units Biblical Language (BL 480, 481 or BL485, 486)
- 6 Units Christian History (HI 447, 448)
- 12 Units Theology (TH 458, 459 Required)
- 15 Units Bible Studies (OT 511, 512, NT 531, 532 Required)
- 15 Units Christian Education Electives
- 12 Units Open Electives
- Total..... 66 Units

4) DEGREE TITLE: DOCTOR OF PHILOSOPHY IN RELIGION

DEGREE PROGRAM: RELIGION

PROGRAM DESCRIPTION:

A Ph.D. means a doctorate in the "philosophy" of the subject. This requires sufficient study for the learning process to be oriented within the history and theory of an academic discipline or an appropriate interdisciplinary context, sufficiently in depth to see one's findings in relation to (a) previous research, (b) the standard literature of the field, and (c) the AGETS' focus on Religion. The doctorate demands that the learner think critically and interrelate facts within a broad theoretical framework.

TITLE OF DEGREE: DOCTOR OF PHILOSOPHY IN RELIGION

REQUIREMENTS:

Normally, the doctoral program in religion requires a minimum of 54 semester units over three years of full-time graduate education or the equivalent in part-time study.

The 54 semester units of Ph.D in Religion, outlined in the learner's Program of Studies, generally involve an in-depth investigation of specific subdisciplines in the learner's specialization such as Theological Studies, World Mission or Christian Education, and in supporting disciplines. They may include both theory and applied studies, and typically emphasize directed readings, field research and graduate seminars that prepare the learner for the doctoral qualifying examination and for research toward the dissertation.

QUALIFYING EXAMINATION

Upon completion by the learner of all studies designated in the Program of Studies, the Principal Advisors should make arrangements for the Doctoral Qualifying Examination to be given. This is a comprehensive examination consisting of two sections:

(a) The written examination covering the learner's chosen specialization in the context of the larger discipline it represents, with questions set by the Academic Committee in consultation with the Vice President for Academic Affairs and marked by the Committee and one or two outside scholars appointed by the Vice President; followed by

(b) The oral examination conducted conjointly by the Academic Committee and additional scholars.

The passing level on the examination is determined by the learner's Committee in consultation with the Vice President. When the Qualifying Examination is passed, the learner should complete the form for advancement to candidacy.

Learners who fail any section of the Qualifying Examination may:

a. Be asked to rewrite the entire examination after an appropriate study period of not less than 3 months.

b. Be asked to rewrite one or more section of the examination after an appropriate study period of not less than 1 month.

c. Be asked to write a major paper (generally 25-30 pages in length) covering the failed section(s) of the examination. A separate paper is required for each section failed.

d. Have their doctoral program terminated.

The basic fee for the examination is included in the PhD Standard Program Fee. Learners admitted under an earlier arrangement will be charged a basic fee. In either case, if any part of the examination is rewritten, an additional fee is imposed.

ON-GOING LEARNING PROCESS

The passing of the Qualifying Examination does not mean that no further studies should be undertaken. Learners are encouraged to attend professional conferences and participate in workshops, symposiums, and graduate seminars in the areas related to their research focus while carrying out the research, data anal

ysis, and writing of the dissertation, for the stimulation of sharing insights and receiving responses from other scholars.

DOCTORAL RESEARCH RESEARCH PROPOSAL

The dissertation Research Proposal should be submitted after the Qualifying Examination is passed, stating in detail the need for and objectives of the intended research, intermediate goals, and methodology to be employed. The Proposal is to include both a clear statement of the intended thesis and a carefully selected preliminary bibliography of the most important literature to which the thesis is directly related. The "thesis" is "a proposition stated or put forward for consideration, especially one to be proved or maintained against objections". The thesis should state a proposition with some hypothesis or theory about which the learner possesses some preliminary opinion, based upon evidence, which eventually is to be demonstrated by the assembly and analysis of the additional data from the research.

The doctoral dissertation must provide new knowledge, making an original contribution to the chosen field. Thus the learner should contemplate study and research armed with a set of questions suggested by criteria which are defined by the preliminary hypothesis of a thesis set in a well-defined body of theory, within the selected academic discipline (or in an interdisciplinary context), with careful attention to appropriate research methods.

None of these needs to deflect the ultimate practical objectives, which have stimulated the research. Such objectives may be most effectively realized under the discipline of carefully crafted academic procedure. Normally, learners should be advanced to candidacy before starting major research toward the dissertation. The need to undertake elements of the research before candidacy, to include in the doctoral program data from previously conducted research, or to base the doctoral research upon such earlier research, should be explained in the Dissertation Research Proposal.

Research Proposal requires approval by the learner's Academic committee, Campus Advisor, and the Vice President for Academic Affairs. Changes in the Proposal may be necessitated in light of initial investigations or unforeseen circumstances. A new Proposal is needed if the revisions constitute essentially a new research project.

When the Research Proposal is approved, the learner registers for the Doctoral Dissertation through the AGETS. This registration covers the period of research, analysis, writing, and defense of the dissertation.

LITERATURE AND RESEARCH

Dissertation research is conducted under the supervision of the Academic Committee. The Principal Advisor should be able to be consulted and to render supervisory assistance frequently, especially during the initial phases of research.

DOCTORAL DISSERTATION

Dissertation Writing

As the dissertation writing is planned, a full outline should be prepared in collaboration with the learner's Committee members and sent to the Campus Advisor, who will forward a copy to the Vice President for Academic Affairs. As each section or chapter is written, it should be sent to the Committee members for comment. The additional scholar(s), selected by the Vice President or recommended by the Academic Committee and approved by the Vice President, will be invited to read and evaluate the dissertation, either piecemeal or in a draft of the whole.

The final copy of the dissertation must be approved by all Academic Committee members, additional scholar(s), the Campus Advisor, and the Vice President.

Oral Defense

When the dissertation is approved, the learner must arrange for an Oral Defense of the dissertation, to be co-chaired by a representative from the AGETS and the Principal Advisor. Also participating will be the other Committee members, additional scholars, guest specialists invited by the AGETS, and, if possible, the

Campus Advisor or Vice President.

The oral defense is a test of the learner's (a) ability to defend the thesis in the face of opposing arguments; (b) command of the research data and its analysis in terms of appropriate theory, proving the validity of the hypothesis; and (c) comprehension of and ability to explain with authority the original contribution of the dissertation within the context of the academic field.

Further revisions of the dissertation may be required after the oral defense. Ultimately two bound copies and one unbound copy of the final approved dissertation must be submitted to the AGETS.

PREREQUISITES:

Admission to graduate degree programs for the Ph.D in Religion is granted to those who meet the School's admission qualifications and whose records indicate their ability to pursue advanced study and research.

Admission normally requires a master's degree (M.A in Religion or M.Div) from a regionally accredited liberal arts institution or seminaries.

INSTRUCTIONAL METHODS:

Instruction consists of thorough lectures by the instructor, class presentation and participation of the students, mid- and final examinations, along with reading assignments and term papers.

The students will be evaluated on the following basis:

Mid- and Final Examinations: 60%

Reading assignments & term papers: 20%

Class Presentation and participation: 10%

Class Attendance: 10%

In some courses, students are required to take field trips and/or attend seminars, workshops and concerts in order to improve and broaden their learning experiences. Sometimes, the AGETS invites outstanding and well-known scholars for special lectures. These special lectures normally last for more than two weeks.

The students are required to attend the lectures and to be tested later. These special lectures are given to the students without extra charge.

CURRICULUM:

STAGE ONE: REQUIRED COURSES

Advanced Studies for the Doctorate: 48 Units

- Religious Studies
- Theological Studies
- World Mission and Religions
- Religious Education
- Counseling
- Futuristics
- Leadership
- Research Methodology
- Comprehension Examination

STAGE TWO: Doctoral Research 6 Unit

- Literature and field research
- Doctoral Dissertation
- Writing and oral defense
- Total..... 54 Units

5) HONORARY DEGREE

DEGREE TITLE: DOCTOR OF DIVINITY (HONORIS CAUSA)

DEGREE PROGRAM: RELIGION

PROGRAM DESCRIPTION:

AGETS does confer Doctor of Divinity (Honors Causa) to some individuals who have done great things for Christianity. This honorable degree will be conferred when AGETS sees this conferring will enhance Christianity through the recipient of the degree or through his or her influence.

TITLE OF DEGREE: DOCTOR OF DIVINITY IN RELIGION, HON.
REQUIREMENTS:

The recipient of this degree must be a very high moral character who has shown an outstanding Christian testimony for many years.

PREREQUISITES:

The person must be an active leader in the Christian service and his or her leadership has been known distinctively in the Christian community.

INSTRUCTIONAL METHODS: N/A

CURRICULUM: N/A

COURSE DESCRIPTION

BACHELOR PROGRAM

HUMANITIES

Music

MU 101 Introduction to Music 4 Units
Includes basic music terminology, rhythm and pitch notation, meter and key signatures, scales, chords, sight-singing.

MU 102 Music Reading 4 Units
Learning by tapping rhythmic patterns and singing melodic materials and includes enough of basic rhythm and pitch notation, intervals, scales, and meter by key signatures to make learning possible.

MU 109 Music Appreciation 3 Units
A course designed to give the student an introduction to the materials styles and history of music. Practical aspects of the course include a survey of the fundamentals of music and basic conducting experiences. Appreciation of great music is developed by lecture and listening.

Philosophy

PH 110 Introduction to Philosophy 4 Units
A systematic survey of the fundamental problem of philosophy. The student is instructed in the method of abstract thinking. The relationship of the problems to life is stressed.

PH 213 World Religions 4 Units
This course seeks to equip the student with necessary knowledge to intelligently those of the non-Christian religions of the world. It views the trends of the major religious systems comparatively. Religions studied include Hinduism, Buddhism, Confucianism, Shinto, Islam, Shamanism, and modern cults.

PH 214 Christian Cults

3 Units

COMMUNICATIONS

Languages

CS 250 Speech & Communication

3 Units

A basic course in speech designed to provide students with both theory and practices in the principles of effective oral communication and presentation.

EN 120 College English Composition I

3 Units

This course emphasizes skills in writing, including complex development, usage levels, and vocabulary.

EN 123 College Spoken English

3 Units

This course is designed to enhance the students ability to communicate thoughts and ideas in writing and speech. Work will be done in essays and speeches.

SP 130 Spanish Composition I

3 Units

This course emphasizes skills in writing, development, usage levels, and vocabulary.

SP 133 College Spoken Spanish

3 Units

This course is designed to enhance the students ability to communicate thoughts and ideas in writing and speech. Work will be done in essays and speeches.

EN 220 College English Composition II

3 Units

This is an advanced study of the writing process enabling the student to communicate clearly and effectively. Emphasis is on theme development, research techniques, and the writing of descriptive, persuasive, and expository essays.

EN 326 Theological English I

3 Units

This course aims at the understanding of the theological terminologies and usages. This covers the selected portions of the various theologian's writings : Calvin, Luther, Schleiermacher, Barth, etc.

EN 429 Thesis

3 Units

Through the writing of a thesis, students develop skills in research and investigation.

SOCIAL SCIENCE

History

HI 140 Western Civilization I

4 Units

A survey course tracing the cultural foundations of Western Civilization from ancient times through the Reformation.

HI 141 Western Civilization II

4 Units

A survey course tracing the cultural evolution of Western Civilization from the sixteenth century to the present.

HI 245 General Church History

4 Units

Major trends, personalities, and events influencing the life of the church from the early church to present time.

- HI 249 History of the Bible 3 Units
The course will include a study of the historical development of the versions. A special emphasis will also given to the formation of the English Bible from KJV to modern versions.
- HI 345 Church History I(Early Church History) 3 Units
The relationship of the Christian Gospel to the thought structures of the ancient western civilization. Primary emphasis upon institutions, cultures, and doctrines.
- HI 346 Church History II(Reformation History) 3 Units
A study of the basic interpretations of the Reformation through the writings of important historians and an examination of basic bibliography for Reformation research.
- HI 347 Church History III(Modern History) 3 Units
- HI 447 History of Christian Doctrine I 3 Units
An introduction to the theological and historical study of individual theologians and schools of theological thought from the early church to pre-Reformation era.
- HI 448 History of Christian Doctrine II 3 Units
An introduction to the theological and historical study of individual theologians and schools of theological thought from the Reformation to present days.
- HI 449 History of Mission 3 Units
This course is a study of the methods, principles, aims, and progress of apostolic missions. Attention is given to the various periods of the missionary endeavor through the rise of Islam, the Reformation, William Carey, and the period of modern missions.
- HI 451 History of Evangelical Social Reform Movements 3 units
This course is aimed at revealing an unknown historical heritage of the nineteenth-century American evangelicalism. That is, this course examines the remarkable but untold stories which led evangelicals to various social reform movements in nineteenth century including antislavery, women's right, Prohibition, and rescue mission. In particular, this course heavily depends on Donald W. Dayton's ground-breaking work, *Discovering an Evangelical Heritage* (Peabody: Hendrickson, 1976) as the main guide for such a historical quest.
- HI 453 Assemblies of God History & Polity 3 Units
- Psychology
- PS 150 Introduction to Psychology 4 Units
A survey of psychology as an empirical/behavioral science with a consideration of underlying philosophical bases in light of a Christian World view. Topics to be surveyed included development, cognition, learning, motivation, physiology, socialization, personality and psychopathology.
- PS 350 Fundamental Psychology 3 Units
An introduction to the concepts of human behavior, motivation, emotion and personality, and a survey of the contemporary psychological field.
- PS 454 Educational Psychology 3 Units
This course gives attention to the factors underlying growth and development of the whole individual, especially during the school years.

Social Science

EC 150 Economics	3 Units
MG 150 Introduction to Management	3 Units
SS 155 Introduction to Sociology	4 Units
An introduction to general principles governing individual and group relationships. Emphasis is placed on a study of the basic institutions of society and the forces determining their development.	
SS 359 Social Ethics	3 Units
This course concentrates on such social problems as marriage, poverty, crime, urbanization, minority groups, homosexual, and other problems. The role of the Christian workers and Church will be discussed.	

MATHEMATICS/ SCIENCE

Mathematics

MT 160 Principles of Mathematics	4 Units
A survey course with selected topics from the history and development of arithmetic, patterns and inductive reasoning, set theory and deductive reasoning, the real number system, algebra, geometry, probability and statistics, and problem solving.	

Science

SC 170 Physical Science and Geography Survey	4 Units
Experimental facts and physical theory applicable in geology/meteorology, including the basic physical elements of geography such as climate, land forms, soils and natural vegetation, and their patterns of world distribution.	

Computer Science

CS 175 Introduction to Computers and their uses I	4 Units
This course surveys the elements and capabilities of computer information systems as well as the social and ethical implications of their use. The student will examine wordprocessing, spreadsheets, and database concepts on a microcomputer system.	
CS 176 Introduction to Computers and Their uses II	4 Units
This course surveys the elements and capabilities of computer information systems as well as the social and ethical implications of their use. The student will examine wordprocessing, spreadsheets, and database concepts on a microcomputer system.	

Old Testament

OT 110 Introduction to O.T.	3 Units
A survey of the Old Testament in the context of the history, geography and culture of Old Testament times. The chief events, characters, and teachings of each book are studied in relation to their place in the on-going revelation of God's plan.	
OT 301 The Pentateuch	3 Units
Each of the five books is studied in relation to the Old Testament history and the Divine plan. Factual content is stressed and detailed study is given to selected portions.	
OT 302 Historical Books	3 Units
Joshua through Esther giving special attention to the leading characters in the books. Attention is also	

o given to the cultures that existed in the land Canaan and how these cultures are related to the nation of Israel.

OT 303 Wisdom Literature

3 Units

An analysis of Job, Proverbs, Ecclesiastes, and the Song of Solomon with special emphasis on their practical application to today's life and thought.

OT 314 Biblical Archaeology

3 Units
