2012	82	82	10	14%

\_\_\_\_\_  
 Initial / Date

(1)"Number of Students Who Began Program" is the number of students who began the program who are scheduled to complete the program within the reporting calendar year.

(2)"Students available for graduation" is the number of students who began program minus the number of "Students unavailable for graduation," which means those students who have died, been incarcerated, or called to active military duty.

(3)"Graduates" is the number of students who completed the program within 100% of the published program length.

(4)"Completion Rate" is the number of Graduates divided by the Number of Students Available for Graduation.

(5)"150% Graduates" is the number of students who completed the program within 101-150% of the published program length.

(6)"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 101-150% of the published program length divided by the Number of Students Available for Graduation in the published program length period.

(1) "Number of Students Who Began Program" is the number of students who began the program who are scheduled to complete the program within the reporting calendar year.

(2) "Number of Graduate" is the number of students who have completed the program within 100% of the published program length.

(3) "Graduates available for employment" means the number of graduates minus the number of graduates unavailable for employment. "Graduates unavailable for employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

(4) "Graduated employed in the field" means graduates who report that they are gainfully employed within 6 months of graduation in a position for which the skills t(obtained through the education and training provided by the institution are required or provided a significant advantage to the graduate in obtaining the position.

(5) "Placement Rate" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

**Annual Salary and Wage Information for the two calendar years reported**
