This fact sheet is filed with the Bureau for Private Postsecondary Education. Regardless of any information you may have relating to completion rates, placement rates, starting salaries, or license exam passage rates, this fact sheet contains the information as calculated pursuant to the state law.

**Enrolled** - Number of students who began the given program

**Withdrawn** - Number of students who DROPPED or did not successfully complete the given program

**Completed** - Number of students who completed the program and earned a certificate during the calendar year of 2012

**Completion rates** are based upon the number and percentage of students who began a given program and successfully completed the entire program. The number is based upon completion certificates divided by the "number of students entered into the given program".

**Placed in field** means graduates who completed their programs in 2012 and report that they are gainfully employed within 6 months of graduation in a position for which the skills obtained through the education and training provided by the institution provided a significant advantage to the graduate in obtaining the position.

**Average Salary** is calculated by adding the reported salaries of students placed in the related fields and dividing number by the number of students reporting salaries. "not all students are willing to disclose salary so this number does not represent all students placed in the field.

**Supporting documentation including description of the manner in which the figures described in this document have been calculated, actual completion, salary and employment statistics to include a list of employment positions or actual employers is available from New Horizons Career Services Department.**

**Any questions a student may have regarding this fact sheet that have not been satisfactorily answered by the institution may be directed to the Bureau for Private Postsecondary Education at Bureau for Private Postsecondary Education, P.O.
