 MEDICAL ADMINISTRATIVE ASSISTANT**

The California Private Postsecondary Education Act (CPPEA) of 2009, which is effective January 1, 2010, requires under section 94910 of CPPEA that a school provide information for each program offered in regards to, completion rates, placement rates, licensure exam passage rates, and salary/wage information. The following information is data compiled for the calendar years 2011 and 2012.

Students Completing at the Published Program Length

Calendar Year	Number of Students Who Began the Program	Students Available for Graduation	Graduates	Completion Rate
2011	25	25	10	40%
2012	17	17	12	71%

Students Completing After Published Program Length – 150% Completion Rate

Calendar Year	Number of Students Who Began the Program	Students Available for Graduation	Graduates	Completion Rate
2011	25	25	6	24%
2012	17	17	3	18%

¹ “Number of Students Who Began Program” is the number of students who began the program who are scheduled to complete the program within the reporting year.

² “Students Available for Graduation” is the number of students who began the program minus the number of students unavailable for graduation, which means those students who have died, been incarcerated, or called to active duty.

³ “Graduates” is the number of students who completed the program within 100% of the published program length.

⁴ “Completion Rate” is the number of graduates divided by the number of “Students Available for Graduation”.

⁵ “150% Completion Rate” is the number of students who completed the program in the reported calendar year within 150% of the program length divided by the number of “Students Available for Graduation”.

⁶ “Graduates Available for Placement” is the number of graduates minus the number of graduates unavailable for employment. Graduates unavailable for employment means graduates who after graduation die, become incarcerated, called to active duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or BPPE approved institution.

⁷ “Graduates employed in the Field” means graduates only those graduates who are gainfully in a single position for which the institution represents the program prepares graduates within six months after a student completes the applicable education program (AB 2296).

⁸ “Placement Rate” is the number of graduates employed in the field divided by the number of “Graduates Available for Placement”.

¹ “Number of Students Who Began Program” is the number of students who began the program who are scheduled to complete the program within the reporting year.

² “Students Available for Graduation” is the number of students who began the program minus the number of students unavailable for graduation, which means those students who have died, been incarcerated, or called to active duty.

³ “Graduates” is the number of students who completed the program within 100% of the published program length.

⁴ “Completion Rate” is the number of graduates divided by the number of “Students Available for Graduation”.

⁵ “150% Completion Rate” is the number of students who completed the program in the reported calendar year within 150% of the program length divided by the number of “Students Available for Graduation”.

⁶ “Graduates Available for Placement” is the number of graduates minus the number of graduates unavailable for employment. Graduates unavailable for employment means graduates who after graduation die, become incarcerated, called to active duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or BPPE approved institution.

⁷ “Graduates Employed in the Field” means graduates who report they are employed within six months of graduation in a position for which the skills obtained through the education and training provided by the institution are required or provided a significant advantage to the graduate obtaining the position.

⁸ “Placement Rate” is the number of graduates employed in the field divided by the number of “Graduates Available for Placement”.

The California Private Postsecondary Education Act (CPPEA) of 2009, which is effective January 1, 2010, requires under section 94910 of CPPEA that a school provide information for each program offered in regards to, completion rates, placement rates, licensure exam passage rates, and salary/wage information. The following information is data compiled for the calendar years 2011 and 2012.

Students Completing at the Published Program Length

Calendar Year	Number of Students Who Began the Program	Students Available for Graduation	Graduates	Completion Rate
2011	68	68	46	68%
2012	47	47	30	64%

Students Completing After Published Program Length – 150% Completion Rate

Calendar Year	Number of Students Who Began the Program	Students Available for Graduation	Graduates	Completion Rate
2011	68	68	9	13%
2012	47	47	9	19%

¹

“Number of Students Who Began Program” is the number of students who began the program who are scheduled to complete the program within the reporting year.

²

“Students Available for Graduation” is the number of students who began the program minus the number of students unavailable for graduation, which means those students who have died, been incarcerated, or called to active duty.

³

“Graduates” is the number of students who completed the program within 100% of the published program length.

⁴

“Completion Rate” is the number of graduates divided by the number of “Students Available for Graduation”.

⁵

“150% Completion Rate” is the number of students who completed the program in the reported calendar year within 150% of the program length divided by the number of “Students Available for Graduation”.

⁶

“Graduates Available for Placement” is the number of graduates minus the number of graduates unavailable for employment. Graduates unavailable for employment means graduates who after graduation die, become incarcerated, called to active duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or BPPE approved institution.

⁷

“Graduates Employed in the Field” means graduates who report they are employed within six months of graduation in a position for which the skills obtained through the education and training provided by the institution are required or provided a significant advantage to the graduate obtaining the position.

⁸

“Placement Rate” is the number of graduates employed in the field divided by the number of “Graduates Available for Placement”.

¹ “Number of Students Who Began Program” is the number of students who began the program who are scheduled to complete the program within the reporting year.

² “Students Available for Graduation” is the number of students who began the program minus the number of students unavailable for graduation, which means those students who have died, been incarcerated, or called to active duty.

³ “Graduates” is the number of students who completed the program within 100% of the published program length.

⁴ “Completion Rate” is the number of graduates divided by the number of “Students Available for Graduation”.

⁵ “150% Completion Rate” is the number of students who completed the program in the reported calendar year within 150% of the program length divided by the number of “Students Available for Graduation”.

⁶ “Graduates Available for Placement” is the number of graduates minus the number of graduates unavailable for employment. Graduates unavailable for employment means graduates who after graduation die, become incarcerated, called to active duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or BPPE approved institution.

⁷ “Graduates Employed in the Field” means graduates who report they are employed within six months of graduation in a position for which the skills obtained through the education and training provided by the institution are required or provided a significant advantage to the graduate obtaining the position.
