¹“Number of Students Who Began Program” means the number of students who began a program who are scheduled to complete the program within the reporting calendar year.

²“Number of Graduates” is the number of students who have completed the program within 100% of the published program length.

³“Graduates available for employment” means the number of graduates minus the number of graduates unavailable for employment. “Graduates unavailable for employment” means graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students who leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

⁴“Graduates employed in the field” means graduates who are gainfully employed in a single position for which the institution represents the program prepares its graduates within six months after a student completes the applicable educational program.

⁵Placement Rate is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

⁶150% Placement Rate is the rate calculated for students who completed the program within 101-150% of published program length.

This program is not represented to lead to any one particular outcome, including that specified in the program title. The placement rates calculated above are based on students finding employment in the multiple occupations or job titles listed for this program in the school catalog, or which, in the College’s judgment, meet the criteria discussed above. For further information regarding how the school calculated graduation or placement rates, or to obtain a list of employment positions determined to be within the field for which a student received education and training, see the Director of Career Services.

¹“Number of Students Who Began Program” means the number of students who began a program who are scheduled to complete the program within the reporting calendar year.

²“Number of Graduates” is the number of students who have completed the program within 100% of the published program length.

³“Graduates available for employment” means the number of graduates minus the number of graduates unavailable for employment. “Graduates unavailable for employment” means graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students who leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

⁴“Graduates employed in the field” means graduates who are gainfully employed in a single position for which the institution represents the program prepares its graduates within six months after a student completes the applicable educational program.

⁵Placement Rate is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

⁶150% Placement Rate is the rate calculated for students who completed the program within 101-150% of published program length.

This program is not represented to lead to any one particular outcome, including that specified in the program title. The placement rates calculated above are based on students finding employment in the multiple occupations or job titles listed for this program in the school catalog, or which, in the College’s judgment, meet the criteria discussed above. For further information regarding how the school calculated graduation or placement rates, or to obtain a list of employment positions determined to be within the field for which a student received education and training, see the Director of Career Services.

3. License Examination Passage Rates (includes data for the two calendar years before reporting) – N/A

Initials: _____ Date: _____ I have read and understand the above license examination rates.

4. Salary and Wage Information

Students may find a list of employment positions that the College has determined to be within the field for which they were trained in the school catalog. When Kaplan College’s Career Services Department receives placement information from a graduate, the staff requests salary information and records it in the electronic database as “actual” salary. If the graduate does not provide salary information the College enters an “estimated” salary based on past experience with employers in the field.

¹“Number of Students Who Began Program” means the number of students who began a program who are scheduled to complete the program within the reporting calendar year.

²“Number of Graduates” is the number of students who have completed the program within 100% of the published program length.

³“Graduates available for employment” means the number of graduates minus the number of graduates unavailable for employment. “Graduates unavailable for employment” means graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students who leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

⁴“Graduates employed in the field” means graduates who are gainfully employed in a single position for which the institution represents the program prepares its graduates within six months after a student completes the applicable educational program.

⁵Placement Rate is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

⁶150% Placement Rate is the rate calculated for students who completed the program within 101-150% of published program length.

This program is not represented to lead to any one particular outcome, including that specified in the program title. The placement rates calculated above are based on students finding employment in the multiple occupations or job titles listed for this program in the school catalog, or which, in the College’s judgment, meet the criteria discussed above. For further information regarding how the school calculated graduation or placement rates, or to obtain a list of employment positions determined to be within the field for which a student received education and training, see the Director of Career Services.

4. Salary and Wage Information

Students may find a list of employment positions that the College has determined to be within the field for which they were trained in the school catalog. When Kaplan College’s Career Services Department receives placement information from a graduate, the staff requests salary information and records it in the electronic database as “actual” salary. If the graduate does not provide salary information the College enters an “estimated” salary based on past experience with employers in the field.

4. Salary and Wage Information

Students may find a list of employment positions that the College has determined to be within the field for which they were trained in the school catalog. When Kaplan College’s Career Services Department receives placement information from a graduate, the staff requests salary information and records it in the electronic database as “actual” salary. If the graduate does not provide salary information the College enters an “estimated” salary based on past experience with employers in the field.
