SCHOOL PERFORMANCE FACT SHEET CALENDAR YEAR 2012

Completion Rates (includes data for 2012 – 2013 will be reported by September 1st 2014)

If applicable: This program is new. Therefore, the number of students who graduate, the number of students who are placed, or the starting salary you can earn after finishing the educational program are unknown at this time. Information regarding general salary and placement statistics may be available from government sources or from the institution, but is not equivalent to actual performance data.

“Number of Students Who Began Program” is the number of students who began the program who are scheduled to complete the program within the reporting calendar year.

“Students available for graduation” is the number of students who began program minus the number of “Students unavailable for graduation,” which means those students who have died, been incarcerated, or called to active military duty.

“Graduates” is the number of students who completed the program within 100% of the published program length.

“Completion Rate” is the number of Graduates divided by the Number of Student Available for Graduation.

“150% Graduates” is the number of students who completed the program within 101-150% of the published program length.

“150% Completion Rate” is the number of student who completed the program in the reported calendar year within 101-150% of the published program length divided by the Number of Students available for Graduation in the published program length period.
