SCHOOL PERFORMANCE FACT SHEET CALENDAR YEAR 2012

The California Private Postsecondary Education Act (CPPEA) of 2009, which is effective January 1, 2010, requires under section 94910 of CPPEA that a school provide information for each program offered in regards to, completion rates, placement rates, licensure exam passage rates, and salary/wage information. The following information is data compiled from January 1, 2012 to December 31, 2012.

Completion Rate

Massage Therapy Program – 500 hours

	Number of Students Who Began Program	Students Available for Graduation	Graduates	Completion Rate 94910(a)	Completion Rate Based on 150%
2012	41	41	14	34%	71%

2011	79	79	22	28%	63%

The completion rate is calculated by dividing the number of graduates by the number of students available for graduation.

“Students available for graduation” means the cohort population minus the number of students unavailable for graduation.

“Students unavailable for graduation” means students who have died, been incarcerated, or called to active military duty.

“Graduates” means the number of students who complete a program within 100 percent of the published program length. An institution may separately state completion information for students completing the program within 150 percent of the original contracted time.

“Graduates employed in the field” means graduates who are gainfully employed in a single position for which the institution represents the program prepares graduates within six months after a student completes the applicable educational program.
