In the new birth, which is repentance with Godly sorrow, accompanied by restitution whenever possible, water baptism by immersion in the name of the Lord Jesus Christ for the remission of sins (Acts 2:38), and the baptism of the Holy Ghost with the initial evidence of speaking with other tongues as the Spirit gives utterance (Acts 2:4). Job Placement Statement

Graduation from Christian Life College does not insure or imply automatic acceptance by any local district of the United Pentecostal Church for licensing as a minister. Christian Life College graduation does, however, meet all the academic criteria required for licensing by the United Pentecostal Church International, Inc. The criteria for personal fitness and spiritual assessment are entirely in the hands of the district board involved.

Christian Life College does not discriminate on the basis of gender, race, color, national, or ethnic origin in its administration of educational policies, admissions policies, scholarship programs, or other school-administrated programs.

The DMV will then send a letter to the student verifying that the form has been received. The student must take this letter to the Stockton office of the DMV for issuance of his or her license. HISTORICAL SKETCH

Definite steps to establish the Western Apostolic Bible College were spearheaded by its founder, the late Clyde J. Haney, in 1951, and on October 5, 1953, the school officially opened its doors as an institution dedicated to the cause of training young men and women for Christian service.

In the summer of 1954, Western Apostolic Bible College was officially accepted and endorsed by the Board of Christian Education of the United Pentecostal Church and also by the General Conference meeting at Columbus, Ohio. On February 14, 1956, Reverend A. T. Morgan, the general superintendent, dedicated the school unto God's service.

In 1964, the College introduced a curriculum program leading to the Bachelor of Arts degree.

On October 15, 1971, Clyde J. Haney, the founder and president of the college, was suddenly called home to his reward as the result of an automobile accident. Rev. Paul Price, vice-president of the college, very capably filled the vacancy until a successor to the office of the president was chosen. Rev. Kenneth F. Haney, International Pentecostal Conquerors President and son of the late Clyde J. Haney, was chosen to fill the position. He served in this capacity until his election as the General Superintendent of the United Pentecostal Church International when Dr. Daniel L. Segraves was elected to the position of President. In the summer of 2004 Pastor Nathaniel Haney, grandson of the founder, was elected Chairman of the Board of Directors and Chancellor of the college.

In 1980 the name of the College was changed to Stockton Christian Life College Inc.

In 1983, the curriculum was enlarged to include the Associate of Arts degree.

As the result of changes in the California code regulating higher education, the College applied in 1994 for state approval to operate as a degree granting institution. After a rigorous screening process, including an extensive self-study and site visits, institutional approval was granted by the Bureau for Private Postsecondary and Vocational Education of the State of California to offer the AA and BA degrees in two majors: Bible & Theology and Christian Music. In 1998 the Christian Education emphasis area was added, and in 2000 institutional approval was granted for a third major, Biblical Studies. The Biblical Studies major was redefined through several years and its name was changed to General Ministry in 2006 to reflect the new direction of this degree program.

During the last few years, the College has been carrying on an accelerated schedule of academic upgrading in all areas. The progress being made academically has positively affected the spiritual growth of the school as well. The heart of the school has always been and always will be based on evangelistic outreach, spiritual depth, personal holiness, and unreserved commitment to the Word of God.

FROM THE PRESIDENT

For over 60 years we have been providing a foundation for solid ministry to men and women with a desire to be used by God. Our alumni can be found ministering around the world. We offer a unique place of study for those answering the call to be servants in the Kingdom of God.

Since we are a church-sponsored school, the students have the spiritual and emotional support of a large body of believers helping them obtain their highest potential. Each student has the opportunity to be a part of a massive outreach to incubate and develop their specific call, as well as a safe and comfortable home church in which to worship.

We have a rich tradition handed down from the founder, Clyde J. Haney, of time-tested doctrine giving a clear sound with relevant methods of delivery for present generations. We are totally committed to investing the resources God has given us into the life of each student and their call in fulfilling Christ's great commission.

We look forward to meeting you and partnering with you as you prayerfully consider making Christian Life College your ministerial training ground for your present and future life.

STUDENT INTERACTION

Study Groups

The College encourages students to form study groups for each course. Some courses require group projects and/or study groups. However, mixed gender study groups may not meet in the dorms. The College library is designed to foster student interaction for learning purposes. Its hours of operation are intended to maximize student access. Study groups may also meet in the student center. Permission of the Campus Pastor is required for study groups meeting in the student center after its normal hours of

operation. Mixed gender study groups meeting off campus must follow the normal College procedures for group outings.

Ministry Involvement

Students are expected to become involved in lay-leadership experiences while attending Christian Life College. Students from the surrounding area attending CLC should remain faithful to their local church. Students from outside of the local area will find a wide variety of ministry experiences available. Students work together with local ministry leaders to put their academics into real-world practice. Experience in cross-cultural evangelism and discipleship is available through numerous ministries and para-church ministries sponsored by Christian Life Center.

Socials

Activities are scheduled frequently during the semester, such as the annual get-acquainted picnic at the beginning of school and an outing to San Francisco, Yosemite National Park, and the Pacific Ocean beach.

Banquets

The student body and various teams under faculty supervision plan special social functions such as team socials, holiday banquets, and the End-of-year banquet. Banquets provide delicious food, wholesome fellowship, and inspiring messages from special guest speakers.

STUDENT ORGANIZATIONS

Ministerial Association

The Ministerial Association provides an opportunity for practical experience in the pulpit ministry. Association members may have the opportunity to minister at the Christian Life Center satellite churches as well as churches in the Western District and elsewhere.

Missions Team

The Missions Team is for those students who feel a calling to home or foreign missions work. Students are able to gain experience in home missions projects in the surrounding areas. They may also participate in a number of outreaches on foreign soil.

Music Team

The Music Team actively supports the Music Department with fund raising projects, provides the music for all College services, conducts off-campus concerts, and participates with the Ministerial Association and Missions Team in crusades and other special services.

Drama Team

The Drama Team provides experience in evangelism and discipleship through dramatic events. These range from humorous skits and mini-dramas to full-length dramatic presentations. The drama team often participates with the Ministerial Association and Missions Team in special outreaches. It also brings dramatic performances to churches in various parts of the United States.

Married Students Club

However, since not all students are able to come to the Stockton campus for study, Distance Learning provides alternative delivery systems (including online courses and postal correspondence) for those who cannot attend the Stockton campus.

To help meet the needs of Distance Learning students with a wide variety of spiritual, emotional, academic, educational, cultural, and physical backgrounds and conditions, the Distance Learning Department of Christian Life College maintains an open enrollment policy.

State Of California - Student Tuition Recovery Fund (STRF)

You must pay the state-imposed assessment for the Student Tuition Recovery Fund (STRF) if all of the following applies to you:

1. You are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition either by cash, guaranteed student loans, or personal loans, and
2. Your total charges are not paid by any third-party payer such as an employer, government program or other payer unless you have a separate agreement to repay the third party.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if either of the following applies:

1. You are not a California resident, or are not enrolled in a residency program, or
2. Your total charges are paid by a third party, such as an employer, government program or other payer, and you have no separate agreement to repay the third party."

"The State of California created the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic losses suffered by students in educational programs who are California residents, or are enrolled in a residency programs attending certain schools regulated by the Bureau for Private Postsecondary and Vocational Education.

You may be eligible for STRF if you are a California resident or are enrolled in a residency program, prepaid tuition, paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The school closed before the course of instruction was completed.
2. The school's failure to pay refunds or charges on behalf of a student to a third party for license fees or any other purpose, or to provide equipment or materials for which a charge was collected within 180 days before the closure of the school.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.

Note: Authority cited: Sections 94803, 94877 and 94923, Education Code. Reference: Section 94923, Education Code.

California law requires that, upon enrollment, a fee be assessed to the cost of tuition (educational Code Section 94343). These fees support the Student Recovery Fund (STRF), a special fund established by the California Legislature to reimburse students who might otherwise experience a financial loss as a result of school closure, the institution's breach or anticipatory breach of the agreement for the course of instruction, or a decline in the quality of the course of instruction with a 30 day period before the instruction closure. The fund protects only California students. Institutional participation is mandatory.

It is important that enrollees keep a copy of any enrollment agreement, contract, or application to document the total amount of tuition paid. Such records will substantiate a claim for reimbursement from the STRF, which, to be considered, must be filed within one year of the Bureau's service on the students of their rights under the STRF, or if no notice of rights are served to the students, within four years of the institution's closure. Effective January 1, 2002, AB 201 amends various statutes relating to the Student Tuition Recovery Fund (STRF) programs, including, but not limited to the following:

Excludes from assessment each institution that receives all of its student's total charges from third party payer. A third party payer+ means an employer, government program, or other payer that pays a student's total charges directly to the institution when no separate agreement for the repayment of that payment exists between the third-party and the student. (New Education Code §94545(a)):

- Requires institutions not otherwise exempt to collect the amount to be assessed by the bureau from it new students in the form of a Student Tuition Recovery Funds Fee (New Education Code §94945).
- Requires institutions to include a statement in all agreements for educational services that (a) if a student is the recipient of third party payer tuition and course cost that the student is NOT eligible for protection under the STRF, and (b) the student is responsible for paying the state assessment amount for the student Tuition Recovery Fund (New Education §94810(a)(10), (11))
- Requires institutions to amend their schedules of student charges to include notice to the student assessment for the STRF. (New Education Code §94825).

There is one major change to be aware of before January 1, 2002: the new method for calculating STRF regular assessments. Currently, Education section §94945 (a)(1) requires collection of a STRF regular assessment from institutions for all eligible students if the institution collects any moneys in advance of rendering services. The assessment ranges from \$2.50 to \$5.50 per student, depending upon total course cost. Effective January 1, 2002 to December 31, 2002, AB201 amends the aforementioned regular assessment provision and, instead requires that institutions collect from each newly enrolled student a STRF fee in the amount of \$3.00 per thousand dollars of tuition paid, regardless of the portion that is prepaid. On January 1, 2003 the rate will be reduced to \$2.50 per thousand of tuition paid per student. The STRF fees collected must then be remitted to the Bureau of Private Postsecondary and Vocational Education during the quarter immediately following the quarter in which the fees were collected from the students (New Education code §94945(a)(1)).

If you have any questions on these January 1, 2002 changes to the Student Recovery Fund assessments, call the STRF Unit at (916) 445-3428, extension 3027.

ACADEMIC POLICY**Course Offerings**

Christian Life College seeks to continually make improvements in its curriculum and academic requirements. In addition, the College may make changes from time to time in order to meet standards for improvement, authorization, and endorsement. Therefore, changes to this catalog may be made without notice. Courses listed here shall be offered as designated except in cases where there are insufficient numbers of students or in the case a qualified faculty member is not available. The College reserves the right to offer new courses in addition to those listed in this catalog.

Course Numbering

Previous to 1998, course numbers were assigned according to a system using a two-letter designator followed by a four-digit course code indicating the year and semester offered, course credit, and a series number. This system was abandoned as too confusing and cumbersome.

Currently, course numbers are assigned only for the convenience of data entry. A new number is generated each time a course is offered. The information once provided by the course number can now be found by referencing the degree program descriptions found elsewhere in this catalog.

Unit of Credit

All courses must meet a minimum of 15 instructional hours for each semester unit of credit granted. An instructional hour is defined as 50 minutes of classroom instruction, guided practice, discussion, or other activity supervised and facilitated by an instructor as part of the normal teaching-learning process. A three-unit course will usually meet for three 50-minute periods each week for 15 weeks.

Student Classification

The criterion of determining a student's class status is based on the number of units successfully completed as follows:

Freshman	0-29 semester units
Sophomore	30-59 semester units
Junior	60-89 semester units
Senior	90 and above semester units

Grading

Christian Life College uses the following scale in assigning semester grades:

Letter Grade	Grade Point
A	4.00
A-	3.67
B+	3.33
B	3.00
B-	2.67
C+	2.33
C	2.00
C-	1.67
D+	1.33
D	1.00
D-	0.67
F	0.00
P	N.A. (Transfer or P/F)
WP	N.A. (Withdrew passing)
WF	N.A. (Withdrew failing)
R	N.A. (Retaken)

The student's grade point average (GPA) is the ratio of grade points earned to the number of hours attempted. -

The grade "P" is used in Pass-Fail courses where the nature of the course does not lend itself to establishing a letter grade. Passing units apply toward graduation but do not affect the grade point average. -

The grade "WP" is used for courses from which the student withdrew before the published Last Day to Withdraw and whose academic work in the class performed to date is at a passing grade. No credit is granted for the course and the grade is not considered in determining the grade point average. If a student withdraws after the Last Day to Withdraw a grade of "F" will be assigned. -

The grade "WF" is used for courses from which the student withdrew before the published Last Day to Withdraw and whose academic work in the class performed to date is not at a passing grade. No credit is granted for the course and the grade is not considered in determining the grade point average. If a student withdraws after the Last Day to Withdraw a grade of "F" will be assigned. -

A contest of grade must be made in writing, using the form provided, within two weeks of the date semester report cards are distributed. -

If course work is incomplete at the end of the semester due to factors beyond the control of the student, such as extreme sickness or the funeral of a close relative, an instructor may report the grade as incomplete. Incomplete grades are entered in the student records as an “F” (failing). This grade is temporary and may be changed upon completion of the course requirements. Students who are reported as incomplete by their instructors must complete course requirements within two weeks after the last day of semester finals.

Academic Honors

Exceptional scholarship is recognized upon graduation according to the following scale.

Highest Honors (Summa Cum Laude)	3.70-4.00
High Honors (Magna Cum Laude)	3.50-3.69
Honors (Cum Laude)	3.30-3.49

Rules of Conduct

It is expected that all students will be loyal to the school. Classroom disorder of any kind will not be tolerated. Students must show diligence in their studies, and all students are expected to take notes on classroom subjects. Under no circumstances are students to argue or be disrespectful with the teaching faculty concerning tests or grades. Students are invited to discuss or counsel with the teacher concerning problems or grades in a respectful way. On doctrinal teaching, all discussions are to take place intelligently and spiritually with proper adult learning decorum which includes considerable respect for the instructor.

Use of Electronic Devices

Christian Life College prohibits the use by students of cell phones and pagers in class. As a member of the CLC academic community, each student has a responsibility to professors and fellow students who are members of the College community. When cell phones or pagers ring and students respond in class or leave class to respond, it disrupts the class. All such devices must be turned off and cannot be used during class.

Laptop computers, handheld or wireless, and similar electronic devices may be used for taking notes in class, subject to professor’s approval. If these devices are used by the student while in class, the device must always be kept in a silent mode during class sessions and they may be used for academic use applicable to that course only. Accessing the Internet, texting and other similar activities during class is prohibited. All special circumstances or exceptions must be cleared through the Academic Dean.

Electronic devices are never allowed to be used during exams. Use of an electronic device during an exam, may lead to a charge of “cheating” or academic dishonesty, which may result in being expelled from the class.

Plagiarism/Cheating

For the policy regarding plagiarism, refer to the CLC Student Handbook. Must insert this policy in the Catalog and remove it from the Student Handbook

Auditing Courses

Christian Life College permits students to audit any course with approval of instructor for personal enrichment. Auditing students receive all course materials, but do not complete assignments or tests. Auditors do not receive college credit for work accomplished, and are required to pay enrollment fees for the course. There is no discount in price for auditing. If the auditing students later desire to earn credit for the course, they must register for the course, take the required examinations, complete all assignments, and fulfill all course requirements.

Credit by Examination

Under special circumstances and with the concurrence of the Department and Academic Dean, students regularly enrolled and in good standing who believe they are qualified by experience or previous training may take a special examination to establish credit in a course in which they are not formally enrolled. A student who wishes to challenge a course by examination must have successfully completed a minimum of 12 units at the College with a grade of “C” or better.

Successful completion of a course by examination is recorded on the permanent record as a “P” grade. The “P” grade does not enter into the computation of the student’s grade point average.

A maximum of 15 units of credit may be allowed by special examination. The units granted by Credit by Examination may not be used to establish full-time or part-time status or to satisfy the 12 units residence requirement for graduation. Credit by Examination units cannot be used to establish eligibility for financial aid, veterans programs, social security, etc. Students will be assessed the regular enrollment fee per credit hour for all challenged courses.

Procedures:

1. Prior to the fifth week of instruction, visit the instructional areas division office to determine if an instructor is available to conduct the exam. -
2. Obtain a Credit by Exam form from the College office and submit it to the Admissions Office for verification of eligibility. -
3. Take the completed form to the College Office to pay the Credit by Exam fee. -
4. Contact the instructor to schedule a time and location to take the exam. -

When you have completed the exam, the instructor will submit the completed form to the Office of Admissions and Records. Either a Pass or a No Pass mention will be entered on your transcript at the end of the semester. -

Academic Probation and Dismissal Policies

The mission of Christian Life College is to encourage and educate students to attain their academic goals and move on to ministry careers. In the pursuit of that mission we are also responsible to hold firm to the standards of rigor and excellence in the academic expectations of our students. When students fail to achieve minimum standards it is our responsibility to set in motion policies and procedures that encourage and support students success. The following Probation and Dismissal Process is designed for student success.

PROBATION: Students that fail to achieve a 2.0 or better GPA that results in a cumulative GPA of less than 2.0. are required to:

- Meet with the Academic Dean to prepare a plan that will guide the student to get on track academically. -
- Utilize the resources available on campus for your success
- Limit the enrolled units to 12 units maximum until they achieve a 2.0 GPA or better .

If a student is on probation, or is not successful in achieving an overall 2.0 GPA, they will not be allowed to graduate.

ATTENDANCE POLICY

For students to successfully complete their college work, regular class attendance is necessary, and students are expected to attend all sessions of the class in which they are enrolled. An attendance record is kept for each class period and the student’s attendance becomes a part of the student’s permanent record.

Students may be dropped from a course if, for any reason, they are absent from class sessions which total more than twice the number of credit units. For example, in a two-unit class, a student may miss four class session of that class before being dropped, but would be dropped on the fifth absence. Students are responsible to be aware of their own attendance record.

Three occurrences of tardiness equal one absence. A student is considered absent if they are not in the classroom 15 minutes after the official class start time. -

Students absent from classes for any reasons should contact their instructors to determine “makeup” requirements. -

Excessive Absenteeism

Students dropped from a course for excessive absences will receive an “F” on their transcripts for that course. This grade will be used in computing probation or disqualification. A history of excessive absenteeism is recorded as a part of the student’s permanent file, and may be reported to corporations, churches, or district boards seeking a reference for that student from the College. Students who fall below full-time enrollment as a result of being dropped for excessive absences may be suspended or expelled from the College.

Reinstatement to a Course (Directed Study)

Students may petition for reinstatement to a course by completing a Directed Study Contract to make up for absences. The instructor may reinstate a student dropped from a course provided the instructor believes the student can successfully complete the course. The course instructor shall determine the granting and conditions of the Directed Study. Faculty members are not required to offer Directed Studies.

Independent Study

Students who are unable to attend all of the required class meetings of a particular course may contract with a faculty member to complete that course by Independent Study. Requirements for an Independent Study are at the discretion of the faculty member, but must be at least equivalent to that required of in-class students. An Independent Study course must be completed by the start of Final exams of the semester in which it was contracted. Students desiring to apply Independent Study credit toward graduation must complete those directed studies **FOUR WEEKS** prior to commencement. Faculty members are not required to offer Independent Studies.

Excused Absences

A student wishing to apply for an Excused Absence must obtain a note from the Campus Pastor or Dean of Students in verification of the situation necessitating the absence. The instructor may or may not grant an Excused Absence. Excused Absences **ARE** counted toward dismissal, but are not considered in assigning grades. Students who obtain an Excused Absence for a day when a course meets more than one period will be counted absent from only one class period of that course on the day the excused absence occurred. Examples of Excused Absences include sickness and work training.

Administrative Absences

Administrative Absences may be granted for students unavoidably detained while participating in official College activities or assisting in pre-approved College business. Administrative Absences do not count toward dismissal or assignment of grades. Administrative absences are granted at the discretion of President and Executive Vice President of Christian Life College.

Chapel Sessions

Attendance is mandatory for on-campus students at all chapel sessions and other meetings of spiritual instruction include church services and a variety of small group meetings. Chapel sessions are conducted two times per week, Wednesday Morning Praise and Friday Real Time. Excessive absence from chapel sessions may constitute grounds for probation, imposition of fines, removal from student office, or suspension from the College.

STUDENT GRIEVANCES PROCEDURE

Item #24 (14) Policies on student rights, including the procedure for addressing student grievances;

Student grievances may be presented in writing to the Campus Pastor. The Campus Pastor has the authority to hear grievances and to enforce the student disciplinary policies of Stockton Christian Life College, Inc. Students may appeal decisions of the Campus Pastor to the Executive Vice President; then to the office of the President and final appeal may be made to the office of the Chancellor of the college.

In cases involving academic grievances, students must file the grievance in writing with the faculty member involved. The faculty member must respond in writing no more than fourteen (14) working days from the date of the grievance. If the faculty member decision is unsatisfactory to the student, the student may then request that the Academic Dean arbitrate the grievance. If the student still believes there is a legitimate grievance after arbitration, appeal may be made to the Academic Committee, the Executive Vice-President, the President, and finally to the Board of Directors.

VETERANS INFORMATION BULLETIN

In addition to the terms of this academic catalog, the following policies and rules apply to students receiving Veterans' Educational benefits:

General Rules

The College will conduct an evaluation of any previous education and training for all veterans and eligible persons, grant appropriate credit, shorten the training period proportionately, and notify the student and the Department of Veterans Affairs accordingly. See Policy for Transfer Students page 21.

- VA may not pay educational assistance for a non-accredited course, which is offered in whole or in part by independent study. Therefore, directed studies, distance learning, or online coursework cannot be approved for the training of veterans.
- Practical training courses offered by non-accredited institutions cannot be approved for the training of veterans. Due to the required practical training courses for the degree in Bible and Theology with an emphasis in Christian Education, veteran's benefits will not be approved for students pursuing this degree.
- Study abroad courses such as the "Field Trip to the Holy Land" cannot be approved for the training of veterans.
- For each approved program for veteran's benefits there is a maximum enrollment of 30 entitlement students in each degree program.
- Christian Life College is required to report to the VA when absences exceed the amount allowable under our policy. VA will not pay for non-attendance. If a student fails a course due to excessive absences, the VA will be notified and benefits will be reduced accordingly. Refer to Attendance Policy.

Academic Probation for Veterans

•When the grade average of a student receiving VA educational benefits falls below 2.0, the student will be placed on academic probation. If after two terms on probation the student's GPA remains below 2.0, VA benefits will be terminated. The student will not be certified for VA educational benefits until his/her academic status is restored to good standing. However, the student can continue enrollment subject to regular school academic policies as per the academic catalog.

Veterans Refund Policy

•Christian Life College has and maintains a policy for the refund of the unused portion of tuition, fees, and other charges in the event the veteran or eligible person fails to enter the course or withdraws, or is discontinued at any time prior to completion. The amount charged to the veteran or eligible person for tuition, fees, and other charges does not exceed the approximate pro rata portion of the total charges for tuition, fees, and other charges, that the length of the completed portion of the course should bear to its total length. The maximum non-refundable registration fee allowed by the VA for non-accredited schools is \$10.00.

DEPARTMENT OF DISTANCE LEARNING

Description

Christian Life College has made a commitment to prepare men and women for apostolic ministry. While maintaining its campus program in Stockton, California, the College has developed a plan to educate individuals who will not have an opportunity to study on the campus. The Distance Learning department follows the same policies and procedures applying to on-campus students as stated in this catalog and elsewhere with the exception of those related specifically to students studying at the Stockton campus.

Realizing that many cannot attend Christian Life College because of family and professional commitments, the College provides Distance Learning materials needed to fulfill degree requirements without requiring the student to come to the Stockton campus for select degrees. Christian Life College faculty members author the courses. These courses are designed to include the same content, textbooks, supplementary material, and assignments as the on-campus course of the same name. Most courses are built around audio or video recordings of actual classroom lectures, discussions, and other student-teacher interaction, together with other material developed by the instructor exclusively for Distance Learning. Courses are available on CD-Rom or through our Virtual Campus. The Virtual Campus offers Distance Learning students the chance to interact with other online Distance Learning students through secure chat rooms and discussion boards. The intent is to reproduce the on-campus classroom atmosphere as closely as possible.

Distance Learning students earn college credits toward either an Associate of Arts or a Bachelor of Arts degree with a major in Bible and Theology or General Ministries. Many Distance Learning students have found these courses to be of tremendous benefit in enhancing their knowledge of the Bible, relationship with God, and Christian worldview. The College envisions this program as an extended arm of assistance to local pastors, missionaries, prospective ministers, and anyone else interested in enhancing their knowledge of Bible related subjects.

Transfer Credit and Residency Requirements

Distance Learning students are encouraged to take advantage of educational opportunities in their surrounding areas. The low cost and high standard of academics at most public community colleges make these especially attractive for the completion of the general education requirements for a Christian Life College degree. The transfer-of-credit policy is detailed in this catalog. The 30 semester-hour residency requirement may be fulfilled by Distance Learning students through any combination of Distance Learning courses or courses taken at the Stockton campus. The Biblical, Christ-centered perspective of Christian Life College faculty brings to all of our courses a learning experience uniquely suited to the educational needs of the Christian.

Evaluation of Assignments

The Distance Learning Department will perform a good faith effort to evaluate student assignments and tests in a timely manner and notify students of grades or deficiencies. In most cases Distance Learning students should receive an evaluation of tests and assignments within ten (10) working days of submission of work to the Distance Learning Department. If more than fifteen (15) working days have elapsed without receiving an evaluation, the student should contact the Distance Learning office and request an update on the status of the evaluation of assignments.

Advance College Credit

High school juniors and seniors may begin their college careers through the Christian Life College Advance College Credit program. The Advance College Credit program exposes high school students to the college classroom through our distance learning program while bringing them deeper into the word of God. This program may be a turning point for students who are nearing graduation, but which do not

yet have clear direction for their lives. For those who are planning to attend Bible College, the Advance College Credit program will give an important “jump start” to their preparation for service to the Lord. Even those who plan to pursue a secular postsecondary education or go immediately to a secular career will find Advance College Credit time well spent. Students will find inspiration and spiritual strength from the in-depth study of Biblical and secular subjects from a Christian perspective. Contact the office of the Department of Distance Learning for further details.

Course Ordering

Courses may be taken in any order as long as prerequisites are fulfilled, but the College recommends students generally follow the sequence shown in this Catalog for on-campus students .

Only those students who have paid the required matriculation fee may order courses from the Distance Learning department. A current order form and course price list may be obtained from the Distance Learning office. All orders for courses must be prepaid. Under special circumstances students may pay for courses in installments, but no course materials will be shipped until the full payment for the course is received.

Distance Learning Course Repeatability

Distance Learning students who receive a failing grade in a Distance Learning course must pay the course fees again if they wish to retake the course. Distance Learning Course repeatability policy is the same as for On-Campus courses. The Distance Learning Department and course authors reserve the right to place additional requirements on students who repeat Distance Learning courses, desiring to raise a failing grade.

Final Examinations and Time Limitations

When students have satisfactorily completed all course assignments, they must take a proctored final examination. Distance Learning students who do not complete the final examination six (6) months after the course materials have been received will be granted a three-month extension upon payment of the extension fee. Extension date calculations are determined from the original deadline date for the course. The fee must be paid for each three-month extension granted to a student. Failure to complete a course and pay for the extension by the end of nine months will result in a failing grade recorded on the student’s transcript. Except under unusual circumstances, students may not be granted more than two three-month extensions.

Group Discounts for In-Church Bible Study Groups

Groups taking Distance Learning courses together are eligible for a 20% discount on course fees when ordering five or more of the same course (this does not include textbooks or matriculation fees). To be eligible for the group discount, groups must register with Distance Learning by sending a list of the group members to the Department of Distance Learning. Clearly indicate the name of the group leader. Include the nonrefundable matriculation fee for each group member not already enrolled. Course orders and matriculation fees must be paid by a single check and shipped to a single address. Except in cases where the group leader is taking the same course as the group, the leader will be the proctor for all exams.

Graduation

Distance Learning students are not required to be present for the commencement exercises at the Stockton campus, but are always welcome. Candidates for graduation who wish to participate in the commencement ceremony held on the Stockton campus must complete an Application for Graduation form (available from the Department of Distance Learning) and present a notarized affidavit attesting to current involvement in Christian ministry at a local church. Distance Learning students who have qualified for graduation, may receive their degree by mail or in person at the Stockton campus.

DEGREE PROGRAMS OFFERED

A student may change his major in pursuit of a degree by completing a Change of Major Request form. Changes of Major Request forms must be submitted to the College Office and must be approved by the Academic Dean. Each course has a final assessment, either in the form of a Final Examination, or a Semester Project. Completion of internships and externships is not specifically required to satisfy degree program requirements, but is strongly encouraged by the College.

Seminars

To help fulfill its educational mission, the College may offer seminars for the entire student body. Both academic and social benefits are gained from these seminars. Attendance at these seminars is mandatory for all full-time students. The College may or may not offer credit toward graduation for these seminars.

Academic Advising

Students are responsible for the selection of courses required to complete a degree program. Students are assigned an Academic Advisor to assist them in Registration and to provide guidance in the selection of required courses to complete degree program requirements. Students are responsible to maintain their Educational Plan current each semester. -

In situations where an Academic Adviser has given information contrary to this Catalog, the Catalog is the final authority. Students are responsible for verifying all information they obtained from an Advisor by consulting this Catalog and other pertinent written policies of the college. -

Individual student semester registration forms must be approved and signed by the student's Academic Advisor each semester at the time of registration. -

Electives may be taken from any area of the college. If students register for courses for which there are prerequisites, those prerequisites must be fulfilled before registration. Many electives and some required junior-senior courses are offered in only in alternating years. -
