Student Services:

Student services at the CIEMT consist of both a reference library and online web access at the school, to broaden student research options. If necessary, academic counseling will be provided at no cost to the student at the beginning of the second week and third week of the Initial Certification Program for Emergency Medical Technician-Basic course. The need for counseling and subsequent tutorial recommendations will be determined by a thorough review of both academic grades on daily quizzes and practical skills performance evaluation. Tutoring will be available for a nominal fee by qualified CIEMT instructors, approved and designated by the program director. All other required material including the EMS policies guide to Los Angeles County scope of practice will be provided by the CIEMT at no additional cost to the student.

OPTIONAL TUTORING

\$15.00/Hr

The CIEMT refund policy for the unused portion of tuition fees: Students who withdraw from the Initial Certification Program for EMT-Basic and have completed 60 percent or less of the course shall be calculated as follows:

1. A registration fee of \$200 dollars will be deducted from the total tuition.
2. The remaining figure will be divided by the number of hours in the program.
3. The sum arrived at through the calculations of #2 is the hourly charge for the program.
4. The amount owed by the student for the purposes of calculating a refund is derived by multiplying the total hours attended by the hourly charge for instruction plus the amount of the registration fee.
5. The refund shall be any amount in excess of the figure derived in #4 that was paid by the student.

6. If the student has attended greater than 60% of the CIEMT EMT-Basic course tuition will not be refunded.
7. If the student has purchased a textbook for the Initial Certification Program for EMT-Basic course, CIEMT may offer to re-purchase the textbook at 50% of its original cost, providing that said textbook is in reasonable useable condition.

Example: If a student withdraws from the CIEMT EMT-Basic course after attending for 10 days of the course or 60 hours of class, refund of tuition would be calculated as follows:

1. \$787.00 Course Fee - \$200.00 Registration Fee = \$787.00
2. \$787.00 divided by the number of hours in the program 110 Hrs = \$7.15 an hourly charge for the program.
3. The amount owed by the student would be the hours in which the student attended the course 60 hours X the hourly charge \$7.51 = \$429.27 plus the registration fee of \$200.00 equaling a student owed amount of \$629.27
4. The amount in excess and refund to the student would be tuition amount \$787.00 – \$629.27 the amount owed by the student, which would equal a refund amount paid to the student of \$157.73.

Student Tuition Recovery Fund (STRF): "You must pay the state-imposed assessment for the Student Tuition Recovery Fund (STRF) if all of the following applies to you:

1. You are a student, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition either by cash, guaranteed student loans, or personal loans, and

If you are more than **15 min late for a skills** day you must make up the skills you missed with private tutoring. More than **30 min late for a skills** day is cause for dismissal from the program. Use of cell phones or text messaging during class time is strictly prohibited. If you are caught using your cell phone you will be asked to leave immediately. If one of the above infractions occurs during one of the 6 mandatory days of course attendance it is cause for dismissal from the course.
