- ³ Salary is as reported by the student. Not all graduates reported salary.

Hayfield University graduates who obtain employment after graduation typically start out in an entry level position. Employment, career advancement, and the success or satisfaction of an individual student are not guaranteed and are dependent upon abilities and the application of personal efforts. Career advancement assistance for a specific industry position may be enhanced by the education received but will depend on an individual's abilities, attitude, and prior relevant experience as well as the economy and local job market. To obtain a description of the manner the above statistics were gathered, or to obtain a list of employment positions determined to be within the field with regards to job placement of graduates, please ask your enrollment representative. Wage and salary data was gathered using the Employment Development Department’s Occupational Employment Statistics.

This fact sheet is filed with the Bureau for Private Postsecondary Education. Regardless of any information you may have relating to completion rates, placement rates, starting salaries, or license examination passage rates, this fact sheet contains the information as calculated pursuant to state law.
