### Completion Rates (Table 1)

Calendar Year	# of Student Who Began Program	Students Available for Graduation	Graduates	Completion Rate	150% Completion Rate
2010	3	3	3	100%	0

\* “Number of Students Who Began Program” means the number of students who began the program who are scheduled to complete the program within the reporting calendar year.

\*\* “Students available for graduation” equals the number of students who began the program minus the number of “Students unavailable for graduation,” which means students who have died, been incarcerated, or called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited bureau-approved postsecondary institution.

\*\*\* “Graduates” is the number of students who have completed the program within 100% of the published program length.

\*\*\*\* Completion Rate is calculated by dividing the Number of Graduates by the Number of Students Available for Graduation.

\*\*\*\*\* 150% Completion Rate means the number of students completing the program within 101-150% of the published program length.

*You may obtain, from the Chief Academic Officer of this institution, a description and explanation of the information used to determine the completion rates shown in this School Performance Fact Sheet.*

“This program is new. Therefore, the number of students who graduate, the number of students who are placed, or the starting salary you can earn after finishing the educational program are unknown at this time. Information regarding general salary and placement statistics may be available from government sources or from the institution, but is not equivalent to actual performance data.”

2011	1	1	1	100%	0

\* "Number of Students Who Began Program" means the number of students who began the program who are scheduled to complete the program within the reporting calendar year.

\*\* "Students available for graduation" equals the number of students who began the program minus the number of "Students unavailable for graduation," which means students who have died, been incarcerated, or called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited bureau-approved postsecondary institution.

\*\*\* "Graduates" is the number of students who have completed the program within 100% of the published program length.

\*\*\*\* Completion Rate is calculated by dividing the Number of Graduates by the Number of Students Available for Graduation.

\*\*\*\*\* 150% Completion Rate means the number of students completing the program within 101-150% of the published program length.

*You may obtain, from the Chief Academic Officer of this institution, a description and explanation of the information used to determine the completion rates shown in this School Performance Fact Sheet.*

"This program is new. Therefore, the number of students who graduate, the number of students who are placed, or the starting salary you can earn after finishing the educational program are unknown at this time.
