

The California Private Postsecondary Education Act (CPPEA) of 2009, which went into effect on January 1, 2010, requires under section 94910 that schools provide information for each program offered in regard to completion rates, placement rates, licensure exam passage rates, and salary and wage information. The following information is data compiled for the year 2012.

Program of Study	Cohort Year	Net Cohort Expected Graduates	Student Completion Rate at 100%*		Student Completion Rate at 150%		# Reported Graduates Employed in the Field		Average Graduate Wages Reported
			Grad Year	# %	Grad Year	# %	≥ 32 hrs/wk	< 32 hrs/wk	
AS in Telecommunications Technology	2008	--	First graduates expected in 2015		--	--	--	--	--
	2009	--			--	--	--	--	--
AS in Renewable Energy	2011	--	First graduates expected in 2018		--	--	--	--	--
	2012	--			--	--	--	--	--
AS in Electric Power Systems	2009	--	First graduates expected in 2016		--	--	--	--	--
	2010	--			--	--	--	--	--
Certificate in Telecommunication Core Concepts	2009	0	2011	--	2012	--	--	--	--

	2009	0	2012	--	2014	--	--	--	--
Certificate in Electric Power Systems - Level 2 Smart Grid, Monitoring, Control, and Communications	2008	0	2011	--	2013	--	--	--	--
	2009	0	2012	--	2014	--	--	--	--
Certificate in Electric Power Systems - Level 2 Substation Operations and Maintenance	2008	0	2011	--	2013	--	--	--	--
	2009	0	2012	--	2014	--	--	--	--
Certificate in Electric Power Systems - Level 2 System Operation	2008	0	2011	--	2013	--	--	--	--
	2009	0	2012	--	2014	--	--	--	--

* Graduate Completion Rate for each program of study is calculated by dividing the number of expected graduates based on year of enrollment by the number of students available for graduation. Expected 100% associate degree Normal Completion Time is seven (7) years. Expected 100% Normal Completion Time for the certificate programs in telecommunications and renewable energy is two (2) years and the certificates in electric power systems is three (3) years. # Students pursuing the AS TEL or AS RNW are included in the cohort for the associated certificate programs.

NOTE: Programs do NOT prepare students for, or lead to employment for which passage of a state licensing examination is required. APT does not provide career and/or placement services and does not promise and/or guarantee employment to any student or graduate.

Occupation and Annual Salary Data

APT student wage data is gathered by means of an annual APT Graduate Employment Survey, as noted on the Program of Study Table. All student data is self-reported and not independently verified.

The chart below reflects the wage data for the job titles associated with the various Programs of Study offered by APT as provided by the California Employment Development Department's Occupational Employment Statistics. State wage information does not reflect the actual jobs obtained by APT graduates upon graduation, but rather all jobs in the industry, whether entry-, mid-, or senior-level. (<http://www.labormarketinfor.edd.ca.gov>)

APT Graduates who obtain employment after graduation may start in entry-level positions and should expect to earn salaries at the lower end of the salary range. Employment, career advancement, income, and the success and/or satisfaction of individual students is not guaranteed and is dependent upon both local and national job markets, the graduate's abilities, and prior experience, among other factors. It is highly recommended that students conduct their own research into the job markets in the localities of their interest.

Electric Power Systems Occupation and Wage Data

CA EDD Data	1 st Quarter 2012 Hourly Wage Data			
Occupation Title	Hourly Mean	25 th percentile	50 th percentile	75 th percentile
Power Plant Operators	\$39.32	\$33.80	\$40.77	\$45.83
Electrical Power-Line Installers and Repairers	\$40.09	\$33.39	\$41.46	\$47.24
Electrical and Electronic Engineering Technicians	\$30.44	\$22.74	\$29.57	\$36.35
Commercial and Industrial Designers	\$32.12	\$21.40	\$30.34	\$40.36

Renewable Energy Occupation and Wage Data

CA EDD Data	1 st Quarter 2012 Hourly Wage Data			
Occupation Title	Hourly Mean	25 th percentile	50 th percentile	75 th percentile
Assemblers and Fabricators, All Other	\$12.55	\$10.42	\$13.25	\$17.13
Construction and Related Workers, All Other	\$20.62	\$15.59	\$19.39	\$25.12
Installation, Maintenance, and Repair Workers, All Other	\$20.42	\$13.50	\$18.32	\$25.75
Sales Representatives, Technical and Scientific	\$44.76	\$27.66	\$39.50	\$55.83

Telecommunications Technology Occupation and Wage Data

CA EDD Data	1 st Quarter 2012 Hourly Wage Data			
Occupation Title	Hourly Mean	25 th percentile	50 th percentile	75 th percentile
Telecommunications Equipment Workers, Except Line	\$27.17	\$20.69	\$29.19	\$33.75
Telecommunications Line Installers and Repairers	\$26.44	\$19.76	\$28.73	\$33.52
Network Computer Systems Administrators	\$40.30	\$30.93	\$39.11	\$48.87
Electrical and Electronic Engineering Technicians	\$30.44	\$22.74	\$29.57	\$36.35
Radio Operators	\$19.83	\$13.15	\$19.20	\$23.54
Radio Mechanics	\$28.51	\$22.74	\$31.22	\$34.68

This fact sheet is filed with the California Bureau for Private Postsecondary Education. The data and information herein has been provided and calculated pursuant to state law.
