Salary Rates - Salaries for entry level positions for Polarity Therapists or Cranial Sacral Therapists range from the \$24,000 - \$38,000. Depending on the particular position and experience of the graduate, as well as additional credentials they may earn, salaries can be expected to reach up to \$60,000 per year. The average cost for a one hour polarity or cranial sacral unwinding session ranges from \$65.00 - \$125.00. Many employers such as spas or healing centers pay therapists in the range of \$25 - \$40 per hour or have a 60-40 or 50-50 split.

We have found that most of our graduates are entrepreneurs and create their own practices in their chosen area of interest. Often, while maintaining their private practices, practitioners will collaborate professionally and combine their skills to offer a wider range of treatments for their clients.
