Students Completing After Published Program Length - 1 year

"Number of Students Who Began the Program?" Indicate the number of students who began the program that is scheduled to be completed in the year being reported. (C.C.R. 74112(b)(1)) If the institution has a main campus with branches and/or satellites, add the number of students who began the program that is scheduled to be completed in the year being reported for all locations offering this particular program and report the combined number.

"Students Available for Graduation?" Indicate the number of students available for graduation for the program being reported. This number should be the number of students who began the program (#8 above) minus the number of students who have died, been incarcerated or been called to active military duty. (CEC sections 94928(f), (g)).

 "Graduates?" Of the students available for graduation (#9 above), indicate the number of students who completed the program within 100% of the published program period within the calendar year being reported. (C.C.R. 74112(b)(2)). **"Completion Rate?"** Indicate the number of graduates (from #10 above) divided by the number of students available for graduation (#9 above.) A "rate" is a mathematical calculation and should never be more than 100. (CEC sections

94929(a), 94928(f), (g), and CCR 74112(d)).

150% Completion Rate?" If the institution tracks 150% completion, Indicate the number of students who completed the program after 100% of the published program length, but less than 151% of the published program length, divided by the number of students available for graduation (#9 above) A "rate" is a mathematical calculation and should never be more than 100. (CCR 74112(d)).
