STATEMENT OF SATISFACTORY ACADEMIC PROGRESS

All students attending Milpitas Massage College are required to comply with the following satisfactory progress policy. Students will be evaluated on both academic and attendance progress.

The Higher Education Act mandates that institutions of higher education establish minimum standards of "Satisfactory Academic Progress" for students receiving financial aid. This institute applies these standards to all students, regardless of whether or not they are financial aid recipients.

Satisfactory academic progress is defined as meeting acceptable standards as defined by pre-determined objectives of the institution. These objectives are directly correlated with the performance standards set by the institute.

THE ELEMENTS OF SATISFACTORY PROGRESS ARE:

1. Students are graded as they complete units of the curriculum. Grades are determined as a compilation of examination score (written and practical) and such other criteria and observations as the school deems appropriate in the training of technical personnel.

To maintain satisfactory academic progress, a student must achieve a cumulative grade average of 70 percent or better at 25 percent of the course; A 75 percent at 50 percent; and at least a 75 percent grade average at completion.

Students meeting minimum requirements at academic evaluation will be considered to be making satisfactory progress in their academic work until the next academic evaluation. Evaluation will be based on the following factors:

Weekly Assignments

- A. Work sheets
- B. Tests
- C. Quizzes
- D. Lab assignments

2. Students enrolled in the Therapeutic Massage 100, 300, or 600 hours course will receive three academic progress evaluations. In addition, students will be counseled prior to evaluation shall their grades fall below satisfactory level. To maintain satisfactory academic progress, a student attending on a full time basis has maximum time frames in which to earn their graduation certificate.

Academic progress evaluations are as follows:

Course Title	Approximate	Maximum
Therapeutic Massage (Basic), 100 Hours	1 Week	2 Weeks
Therapeutic Massage (Intermediate), 300 Hours	4 Weeks	6 Weeks
Therapeutic Massage (Advanced), 600 Hours	10 Weeks	12 Weeks

Course incompletes, repetitions, and non-credit remedial courses have no effect on the school's satisfactory academic progress policy standards.

These time frames are based upon full time attendance and will be adjusted, on a pro-rata basis, in the event that the student changes from one curriculum or schedule to another.

3. To maintain satisfactory academic progress, a student may have absences (net of make-up time) of up to 25 percent of the total course length. Lost attendance time, while a student is on an approved leave of absence, will not be counted as absent time.

Students will be given an opportunity, at the discretion of the school director and subject to the availability of space, to repeat, remedial or make up lost work. This work shall be given full

standing and credit with respect to the evaluation of the students maintaining of satisfactory progress.

A student not maintaining satisfactory academic progress during the first 25 percent of the stated course period, will be placed on academic probation for the next 25 percent of the course. If, at the end of that period, the student has not overcome the deficiencies and met all other criteria necessary for graduation, the student shall be subject to expulsion at the discretion of the school director.

A student placed on academic probation or deemed not to be making satisfactory academic progress may review the determination and may appeal the determination through the school director whose judgment in this matter shall be final, conclusive and binding.

Students may appeal negative satisfactory progress determination for academics, attendance, or both by contacting the school director. The school director will set up an appointment convenient to both student and school director. The student should plan to provide the school official with test papers, work sheets, and any other documentation that would uphold his or her claim. Should the school director find evidence or rule in favor of the student, proper corrections will be made to the evaluation appealed and other documents if required.

CONDITIONS FOR INTERRUPTION FOR UNSATISFACTORY PROGRESS

Conditions for interruption of unsatisfactory progress: When the student's grade average is unsatisfactory (Below C), the student will be interrupted from enrollment.

Students placed on academic probation the end of any evaluation do not comply with the minimum established academic satisfactory progress and are not making satisfactory progress.

CONDITIONS FOR RE-ENROLLMENT AFTER INTERRUPTION - PROBATION

Re-enrollment or re-entrance will be approved only after evidence is shown to the director's satisfaction that conditions, which caused the interruption for unsatisfactory progress has been rectified. Students meeting the minimum academic standard will be placed again as an eligible student.

COURSE DURATION

Courses are measured in class hours of supervised instruction. The required projects for each course must be completed unless the student has been given credit for prior training or

experience or demonstrates through practical and written tests the level of competency required for employment. A class hour is 50 minutes.

GRADUATION

Certificate of Completion will be used after the completion of the entire program and all tuition fees are paid in full. Classroom and lab instruction will be tested. The student must achieve a passing grade average (as state in this catalog) to receive a certificate of completion. Students will be permitted to re-test. For any grade below passing, a certificate of completion will be awarded to a student who discontinued classes to accept employment after 60 days of such employment. Make-up time for extenuating circumstances may be granted by the school director. Excessive absence may be cause for dismissal.

Students have the right to review of their records by writing to the school director. All such reviews will be scheduled during regular hours under appropriate supervision.

The school cannot release any information about an individual student to pertinent agencies, prospecting employers, etc. without the written authorization from the student. The student will indicate on the form those persons, individuals, and private agencies that may have access or that the school can release information to. If they are not listed, the school will not release information on said student. Each signed form will be kept in the student's school file.

A student who has completed 60 percent or less of the course of instruction shall be granted a pro rata refund of tuition. If the student withdraws from the program of instruction after instruction has begun, the student is obligated to pay only for educational services rendered plus the non-refundable registration fee of \$100.

HYPOTHETICAL REFUND EXAMPLE: A student withdraws from the Therapeutic Massage - Basic (100 hours) course above after completing 50 hours of instruction [50%]. \$1203.00 less \$100.00 registration fee and \$3.00 STRF assessment fee = \$1100.00 divided by 100 hours = \$11.00 hourly program charge. 50 hours x \$11.00 = \$550.00. \$1100.00 less \$550.00 = \$650.00 refund. *This calculation does not include a refund for the books.*

ADDITIONAL INFORMATION THAT MIGHT AFFECT THE DECISION OF A STUDENT TO ENROLL

Various cities in Santa Clara County maintain ordinances requiring licensing or permitting of massage therapists. Prospective students should check local requirements to determine if training at this school will be applicable to their needs before signing up for this class. For your convenience, Milpitas Massage College has collected licensing and number of clock hours requirements of cities in Santa Clara County to help you decide if this training course is appropriate for you.

In general, some local authorities will not issue a license if you had a felony conviction on your license. In addition, you must also meet the minimum number of clock hours required for licensure. Please review the Licensing Requirements Form for specific information which may help you to decide.

Our classes prepare the students to work in beauty shops, doctor's offices or other settings, including private offices. Almost all of these types of work situations pay on commission only. We do not know of any employers that hire our graduates who pay an hourly base wage.

While many of our graduates start their own practice soon after graduation, the school advised them to work for someone else for at least six months to one year.
