(3) The procedure specified in this subdivision is cumulative to any other right or remedy the Bureau may invoke against an institution which fails to pay its annual fee or a penalty fee when originally due. Nothing in this subdivision restricts the Bureau's authority to bring other administrative or judicial action against an institution that fails to pay its fees when due.

(4) An institution whose approval to operate was revoked because of nonpayment of an annual fee or penalty fee may seek to obtain approval to operate only by filing an application for a new approval to operate.

25. California Code of Regulations, title 5, division 7.5, section 74006 states:

The Bureau may request that the institution immediately make available for inspection to a representative of the Bureau, these financial statements at the offices of the institution.

(c) An institution shall file its annual report by September 1st. The Bureau may extend the period for filing if the institution demonstrates evidence of substantial need but in no case longer

(d) The annual report shall be electronically filed by submitting the information required by section 94934 of the Code via the Bureau's website, electronically attaching, as directed, the School Performance Fact Sheet and the school catalog. An institution without the capability to submit the information electronically shall inform the Bureau not less than 45 days prior to the date the information is required by subdivision (c), and receive direction on alternative means of submission.

27. California Code of Regulations, title 5, division 7.5, section 74112 states:

For an institution reporting completion data pursuant to section 94929(b) of the Code, completion data shall be separately reported for each program. The Performance Fact Sheet shall disclose, if true, that the completion data is being reported for students completing within 150% of the published program length, and that data is not being separately reported for students completing the program within 100% of the published program length.

If an institution demonstrates that, after reasonable efforts, it is unable to obtain the examination passage information from its graduates, the institution shall report the number of students it could not contact and note in a font the same size as the majority of the data on the Performance Fact Sheet, "License examination passage data is not available from the state agency administering the examination. We were unable to collect data from [enter the number] graduates."

Reporting of license examination passage rates for the Annual Report and the Performance Fact Sheet shall include, for each educational program: the number of students completing the program within 150% of published program length in the reported year, the number of documented graduates who passed the first examination, number of documented graduates who failed the first examination, the number of graduates for whom data is not available. An optional column may be added to separately report licensing examination data for students who take and pass the exam after failing initially. The Annual Report shall also include a description of the processes for attempting to contact those students.

For licensing examinations that are not continuously administered, license examination passage rates shall be included in the Performance Fact Sheet in a format substantially similar to the chart below, including the footnoted information below (dates, numbers, and other data shown are for example only):

"Graduates available for employment" means the number of graduates minus the number of graduates unavailable for employment. Graduates unavailable for employment means graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates employed in the field" means graduates who are gainfully employed within six months of graduation in a position for which the skills obtained through the education and training provided by the institution are required or provided a significant advantage to the graduate in obtaining the position.

Salary is as reported by the student. Not all graduates reported salary.
