Department of Motor Vehicle CDL (Practice) Permit Requirements

- **Meet Age Requirement**
  - Must be 18 years of age.
  - May drive for hire within California if you are 18 years of age or older and do not engage in interstate commerce activities.
  - Must be at least 21 years old to drive a commercial vehicle engaged in interstate commerce or to transport hazardous materials or wastes (intrastate or interstate commerce) (CVC §12515).

- A completed **Commercial Driver License Application (DL 44C)** form must be submitted with your **true full name**. Signing this form means you agree to submit to a chemical test to determine the alcohol or drug content of your blood. If you refuse to sign this form, DMV will not issue or renew your driver license.

- Submit original **Medical Examiner’s Report (DL 51)** or other approved medical form completed by a U.S. licensed doctor of medicine (M.D.), licensed doctor of osteopathy (D.O.), licensed physician’s assistant (P.A.), registered advanced practice nurse (APN), or licensed chiropractor when you apply for a driver license or instruction permit. Drivers who hold certificates to drive school buses, SPAB, youth buses, GPPV, or farm labor vehicles must have their medical examinations given by doctors of medicine, licensed physician’s assistant, or a registered advanced practice nurse (CVC §12517.2). A medical report dated within the last two years is required for any CDL application and then every two years after that.

- An **acceptable birth date/legal presence (BD/LP) document**. All applicants for an original driver license/identification card (DL/ID) must submit proof of legal presence in the US as authorized under federal law. If the name on your BD/LP document is different from the name on your DL application form, you must also bring in an acceptable true full name document. Your true full name, as shown on your BD/LP document, will appear on your DL/ID card. (Refer to the California Driver Handbook.) An acceptable BD/LP or true full name document is one produced by an issuing authority (i.e., county, state, etc.). This document is a certified copy of the original (the original is always retained by the issuing authority) and will contain an impressed seal or an original stamped impression. The certified copy will be returned to you. If you make a copy of the certified copy, DMV will not accept it for BD/LP verification.

- Your **Social Security Card** (cannot be laminated), Medicare card, or U.S. Armed Forces active, retired, or reserve DD2 form for an original CDL. The document must contain your name and social security number (SSN). Your SSN will be verified with the Social Security Administration while you are in the office.

- A **Certificate of Driving Skill (DL 170 ETP)** if your employer is authorized by DMV to issue such certificates. Both you and your employer sign this form.

- **The application fee.** (Currently $70)
  This fee is good for 12 months from the application date

- Take and pass **DMV vision test** and CDL Instruction (practice) Permit **written exam** (46 questions)*

  T Double/Triples - 15 Questions
  N Tank Vehicles - 15 Questions

Each student will be evaluated utilizing the Department of Motor Vehicles evaluation form DL-65 part 1 and part 2. Passing grade shall be less than 15 errors on part 1 and less than 45 on part 2.

DMV requires the following tests to be completed with a passing score.
- Pre-trip inspection and Air Brake Test – Demonstrate knowledge of how the specific features and equipment on the test vehicle should be checked (no more than 15 errors)
- Skills test – Perform various tasks including parallel parking, alley docking, and straight line backing that test your control and ability to maneuver the vehicle (no more than 10 errors)

If an individual fails on the drive test or skills test an additional fee of $30.00 is required prior to subsequent retests. This is paid directly to the DMV. If an individual fails any combination of the pre-trip or the drive test three (3) times, he/she must return to DMV and pay the original practice permit fee again and retake the written test before being allowed to take another drive test.

Upon passing DMV licensing requirements, students receive an interim Commercial Driver License issued by DMV. The permanent CDL is mailed within 60 days.

Testimonials

Being a Truck Driver Changed My Life! Before I learned how to drive a truck I did not have a job where I was able to financially take care of myself. Since completing the course at Academy of Truck Driving, I now have a permanent job where I am learning to be responsible and how to run my own business. Being a truck driver has given me a lot of freedom, such as where I work and how long I want to work. This job is great because I can take my skills anywhere in the country and get a job. Funded by the Department of Rehabilitation.

– Nate Fleming

I am sending this warm letter of appreciation to thank all the staff at Academy of Truck Driving for all the help you extended to me while I attended the school. You guys made my whole experience a good one & helped me achieve my goal of becoming a commercial trucker. From all the schools that I sought out before coming across Academy of Truck Driving, your personnel & orientation was by far the best I came to meet with before making up my mind. I would like to especially thank my instructors for having the patience & taking the time to help me out in every way possible to meet my goal of becoming a trucker. I've never had quite an experience with any of my teachers in the past that was so relaxed & understanding. In closing my letter let me just say, that I wish all of you at Academy of Truck Driving the best of luck in future & to please keep up all the good work in helping people like myself reach their goals. Rest assured that if asked what school I would recommend when it comes to trucking, Academy of Truck Driving is at the top of my list. Once again best wishes to you all & God Bless. Sincerely.

– Edwin R.

What a blessing! The team at Academy of Truck Driving showed a personal interest in my success and treated me as if I was a member of their personal family. Although I had prior driving experience I did not have my license. As I was doing my part in studying and providing all of the necessary documents required to start the class when times got tough the staff at Academy really stepped up and made calls on my behalf. We worked thru the process hand in hand, step by step. Upon starting the course Mr. Kemp really continued to motivate and encourage me to succeed and I am very grateful for his support. The Academy was a major spoke in the wheel of my progress and success in employment. We have created a beautiful relationship and if the opportunity arise I would love to come back and be a part of the organization as a trainer.

Standards for Student Achievement (Program Completion Requirements & Certificate of Completion Policies):

Satisfactory drills and driving progress must be performed consistently and all tests and assignments must be completed and turned in on time. Checklists are used by instructors to record student acquisition and mastery of assorted skills. Each student will be considered a graduate of the requested program and receive a certificate of completion upon completion of all program hours or successfully passing in-house DMV trial testing at least three (3) times (vehicle pre-trip inspection with no more than 10 errors and a drive test with no more than 25 errors), along with completing at least 50% of the scheduled program hours, and with instructor evaluation determining you are ready to test at DMV.

Attendance Policy:

Students are expected to attend all classes as scheduled. In the event of a planned absence, the instructor and the administrative office must be notified in advance. Students are asked to call in when they are absent, and treat training as if they were on the job. A student attending a full course program with three (3) absences or a condensed program with two (2) absences, will be considered to have unsatisfactory attendance and will be placed on probation. If you have a family or medical emergency, a “leave of absence” may be granted. You will be able to be readmitted into another session (for the same program) and pick up exactly where you left off. If such a situation does arise, please contact the administrative office immediately. Any student absent for three (3) consecutive days of class without taking a leave of absence or notifying the office in writing will be placed on probation and may be subject to termination. For Programs I, II and III allocated hours must be completed or DMV licensing achieved in order to receive a “Certificate of Completion.”

The school removes the students from their probationary status when the students have successfully met the requirements as stated in the Attendance Policy. The instructor or Admissions & Records Officer will log all probation decisions in the student file. Students will be terminated if they are unable to demonstrate improvement within the maximum period. All terminations are subject to review by the School Director.

General Notices:
- Make-up classes will be scheduled by the School Director or administrators for excused absences only. Your time should start according to schedule. By being late, you will lose driving or classroom time. If for any reason you are going to be late or absent, please call the office and let us know.
- Students seeking to resolve concerns or complaints should first contact the instructor in charge. Should you need further assistance, please refer the matter to the School Director.
- There is to be no fraternizing with instructors or other staff while currently enrolled as a student.

Drug Testing Requirements:
In order to comply with the Federal Motor Carrier Safety regulations, 49 CFR Part 40, and other applicable statutes governing commercial drivers, ATD has a drug test requirement. The test is commonly referred to as 5-panel NIDA.

Screening:
Should you test positive for use of controlled substances, you will not be medically qualified to operate a commercial vehicle in interstate commerce. You will be given reasonable opportunity to confer with the delegated medical review officer before any positive results are reported to ATD.

The result of the drug test will be maintained by the medical review officer for ATD, who will report whether the test result was negative or positive to the motor carrier. The medical review officer, or school, may also release the results to the examining physician in connection with the required DOT physical examination. I hereby agree to submit to a urine drug test. The results will not be released to any additional parties without my written authorization.
