DIFAI CITY COLLEGE, in the administration of discipline, guarantees procedural fairness to an accused person, whether the person is an Difai City College student or staff/faculty member. In pursuit of its policy of openness, accountability, and responsiveness to students, the institution's administration provides established grievance procedures. The director of education shall maintain a file on each grievance reported including the procedures followed and the final disposition of the case.

Definition: A grievance is a complaint arising out of any alleged, unauthorized, or unjustified act or decision by a student, faculty member, administrator, or staff person, which in any way adversely affects the status, rights, or privileges of a member of the student body. The burden of proof shall rest with the complainant.

If a student has a grievance and wishes it to be recognized as such, a written complaint must be submitted to DIFAI CITY COLLEGE either on the institution's petition form or in letter format. The written grievance must clearly state the student's name, the nature of the complaint, the name(s) of all parties directly involved in the complaint, and any appropriate documentary evidence.

Steps towards resolution: based upon the information presented in the grievance, steps toward resolution shall begin with informal discussions headed by the Director of Education. Informal discussion between persons directly involved in a grievance is essential in the early stages of dispute reconciliation and shall be encouraged at all stages of the grievance procedure.

Procedures for Official Hearings: If informal recourse fails to resolve the grievance within a reasonable time after filing, the director of education will schedule a Student Grievance Committee meeting. The voting members of this committee shall be comprised of the director of education, the school director, the program instructor, and one faculty member who shall sit on the Committee on a rotating basis.

A copy of the grievance shall be given in writing to the person(s) against whom the complaint is brought. The Committee shall review and consider documentary records, which relate to the case, including the grievance and its supporting documentation and any documentary evidence or statement by the person(s) against whom the complaint was filed. Committee members shall arrive

at a judgment in consultation among themselves. A majority vote of such qualified members may make recommendation, as appropriate or disciplinary actions or for changes in policy to the appropriate administrative officials.

Recourse after hearing: If students have exhausted these procedures and the problems have not been resolved, they have the right to contact the Bureau for Private Postsecondary Education for the State of California. 1. You are not a California resident, or are not enrolled in a residency program, or

1. The school closed before the course of instruction was completed.
2. The school's failure to pay refunds or charges on behalf of a student to a third party for license fees or any other purpose, or to provide equipment or materials for which a charge was collected within 180 days before the closure of the school.

Students who have been dismissed for non-payment of tuition will not be re-admitted until all delinquent tuition payments have been paid in full. In addition, DIFAI CITY COLLEGE does provide a student with an official transcript upon completion of the program; however, Difai City College reserves the right to withhold a diploma and to deny additional requests for official or unofficial transcripts until the account is brought current.

Cancellation and Refund Policy

Student's Right to Cancel:

You have the right to cancel your enrollment agreement and obtain a refund of charges paid through attendance at the first class session, or the seventh (7) day after enrollment, whichever is later. Cancellation shall occur when you give written notice of cancellation at the address of the school shown on top of the front page of the agreement. You can also do this by mail, hand delivery, or email. The written notice of cancellation need not take any particular form and, however expressed, it is effective if it shows that you no longer wish to be bound by the agreement. If you cancel during the enrollment period the school will refund 100 percent of the amount paid for institutional charges, with a deduction for equipment not returned in a timely manner in good condition, within 45 days after your notice of cancellation is received.

Withdrawal from Program:

You have the right to withdraw from a program of instruction at any time. For the purposes of determining the amount you owe for the time you attended, you shall be deemed to have withdrawn from the program when any of the following occurs:

- a. You notify the school of your withdrawal or the actual date of withdrawal; or
- b. The school terminates your enrollment; or
- c. For diploma programs: You fail to attend any classes for ten (10) consecutive scheduled class days, excluding school holidays.
- d. Days, excluding school holidays.

If you withdraw from the program after the period allowed for cancellation of the agreement and have completed 60% or less of the period of attendance, the school will remit a refund within 45 days following your withdrawal. For nonfederal student financial aid program moneys, the institutional/California state refund policy shall be a pro rata refund of moneys paid for institutional charges for students who have completed 60 percent or less of the period of attendance. If any portion of those charges was paid from the proceeds of a nonfederal loan, then the refund will be sent to the lender or to the agency that guaranteed the loan, if any. Any remaining balance will be paid to you.

If the school has given you any equipment, including books or other materials, you shall return it to the school within 45 days following the date of your notice of cancellation or withdrawal. If you fail to return this equipment, including books, or other materials, in good condition within the 45 day period, the school may deduct its documented cost for the equipment from any refund that may be due to you. Once you pay for the equipment it is yours to keep without further obligation. In any event, you will never be charged more than the equipment charges stated in the contract.

Determination of the Withdrawal Date

The student's withdrawal date is the last date of academic attendance as determined by the institution from its attendance records. The withdrawal date for a student who does not return from an approved leave of absence is set retroactively to the last date of attendance, as determined by the institution's attendance records.

Note: A student who is on an approved leave of absence retains in-school status for purposes of Title IV loans. However, the student should be aware that if he or she does not return from a leave of absence, some or all of the grace period of the loan could have been used up, as the withdrawal date is set retroactive.

For additional guidance or information regarding the Return of Title VI Funds policies and rules or for questions regarding any financial aid matter, please contact the school's Director of Financial Aid.

REFUND POLICY & PROCEDURES FOR STUDENTS

Students have the right to withdraw or drop from the course of study at any time. Students who drop or withdraw or who have been dropped by the school will receive a pro-rata refund of tuition paid for but not received up to the 100% completion point of the program. Students who did not attend class for 21 consecutive calendar days will be considered as withdrawn. Within 30-days of dropping or withdrawing from the program or within 30-days of determining that the student has withdrawn, the school will forward a Notice of Refunds due along with any refund owed to the student. School has right to deduct a non-refundable registration fee prior to determining any refund owed. Students who do not attend classes for 21 consecutive calendar days will be sent a Notice of Refunds due within 30-days of determining that they have withdrawn from the program. Refunds will be calculated from the last date of attendance. If the student has received a loan or grant, then a refund will first be paid to agencies who funded the loan or grant to the student. Student must keep a copy of the Notice of Refunds, a copy of their enrollment agreement, any documents related to any loans or grants awarded to them, and copies of payments made. If student tuition was paid for by a third party or third party agency, such as a Workers Compensation Insurance or WIA program, refund will be paid to the third party or third party agency and not the student. The student will be sent a copy of the Notice of Refunds due indicating that the refund was paid to the third party or third party agency.

Calculation of amount of tuition/equipment refund

The refund to be paid to a student for a program of instruction subject to Article 7 of the above mentioned Act shall be calculated as follows:

1. Deduct a registration fee not to exceed \$75 from the total tuition charge.
2. Divide this figure by the number of hours in the program.
3. The quotient is the hourly charge for the program.
4. The amount owed by the student for the purposes of calculating a refund is derived by multiplying the total hours attended by the hourly charge for instruction.
5. The refund would be any amount in excess of the figure derived in (4) above that was paid by the student.
6. The refund amount shall be adjusted for books and/or equipment returned within 30-days if applicable.

California State Refund Example:

Assume that a student enrolls in a program with 900 clock hours. The total program cost is \$9000 plus a \$75 registration fee. The student paid \$9075 including the registration fee. The student completed 270 hours (30%) of the total 900 hours.

$$(\$9075 - \$75) \times \frac{(900-270)}{900} = \$6300$$

The following table reflects the amount of a refund based on the above charges for a student who completed 10%, 25%, 50%, 60% and 75% of the program of the instruction:

Tuition Paid (Less Registration Fee)	Percentage of Program Completed	Amount of Refund	Refund %age
\$5,495	10%	\$4,946	90%
\$5,495	25%	\$4,121	75%
\$5,495	50%	\$2,748	50%
\$5,495	60%	\$2,198	40%
\$5,495	75%	\$1,374	25%

NOTICE OF STUDENT'S RIGHT TO CANCEL CONTRACT

1. The student has the right to cancel the enrollment agreement and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later.
2. You may cancel your contract, without any penalty or obligations before the enrollment period ends (see above).
3. If a student obtains a loan to pay for an educational program, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund, and that, if the student has received federal student financial aid funds, the student is entitled to a refund of the moneys not paid from federal student financial aid program funds.
4. If you have any complaints, questions, or problems that you cannot work out with the school, write or call the BPPE:
