DISCLOSURE & MAINTENANCE OF EDUCATIONAL RECORDS

Adult students and parents/guardians of dependent minor students have the right to inspect, review, and challenge information contained in the student's educational records. The files are located in a safe, locked area of the administrative office and are inaccessible to the student unless the student requests to review the file. CAREERS IN BEAUTY, BARBERING & MASSAGE THERAPY

Mastering the art of these careers will qualify you to specialize in hair styling and designing, coloring, permanent waving, skin care, make-up, manicuring, massage therapy, salon management, instructing and/or platform artistry. In choosing beauty, barbering or Massage Therapy as a career, you are assured of a rewarding, creative and innovative future by using your talents to reach and achieve your highest goals.

The Board of Barbering and Cosmetology requires a license for your chosen profession. After completing the required hours, passing the required exams and paying all required costs and fees at Hair California Beauty Academy a Proof of Training will

be submitted to the board with your application for the required examination. Once you pass the state exam, you will receive your license to work in California in your chosen career.

For massage therapy a state examination is not required but licensure in the city where you plan to work as a massage therapist is required. A background check (Livescan) is required to obtain clearance for Massage Therapy licensure.

BACKGROUND CHECK

The California Board of Barbering and Cosmetology applications for examination and the California Massage Therapy Council require an applicant to disclose background information relating to any conviction or plea of no contest to any violation of any law of the United States, in any state, local jurisdiction or any foreign country to determine a student's eligibility to take the licensing exam or to receive a massage certificate. Individuals who have been convicted of a crime can still apply. The Board will request documents relating to a conviction to be included with the application. These are reviewed and evaluated on a case-by-case basis.

It is the student's responsibility to determine if any past criminal conviction will prevent them from obtaining the required state license or any local license or permit for Massage Therapy. For more information about state license requirements please visit www.barbercosmo.ca.gov and camtc.org

The following website provides sex offenders information in our area: www.city-data.com/so/sotemple-city-california.html

SALARIES

A beginning careerist in the beauty industry can realize a comfortable income and the professional with more experience can increase his/her salary substantially. Although the beauty profession is an artistic and challenging career in which one's talent can be nourished and expanded, it is attitude and desire which are most important for success. Dependability and ability to interpret a client's desires are most important, and these traits should be emphasized. Salaries range from \$10.00 a service to \$250.00 per service depending on your area of expertise and experience.

PLACEMENT & EMPLOYMENT PREPARATION

California statute requires that a student, who successfully completes a course of study, be awarded an appropriate diploma or certificate verifying the fact. Once a diploma has been awarded for Cosmetology, Cosmetician, Barbering or Manicuring, the graduate must pass the California exam to receive the license to work in California. At this time there is not a state exam for Teacher Training. Massage Therapists must complete licensing requirements by the California Massage Therapy Council. Once all requirements are met for your chosen field, Hair California will assist you in securing employment. Although we cannot guarantee placement, we offer employment referrals and placement assistance upon graduation and at anytime thereafter by posting requests from salons for graduates interested in employment. Training in preparation for employment is an integral part of our curriculum.

LEAVE OF ABSENCE

Students are required to call the administrator to report absence and the reason. If a student will be absent more than 14 class days, a leave of absence must be requested, approved and so documented in the student's file. If the student does not obtain a leave of absence, he/she will be terminated. The Academy policy is to grant no more than a thirty (30) days leave of absence except for severe personal or medical problems, adequately substantiated by proper documentation. A longer (six

months) leave request must be accompanied by a doctor's statement stating the reason and anticipated period of absence. Regardless of the duration of the leave of absence taken by the student, the Academy may only grant one (1) leave per student per academic year. Upon returning to school, the student must bring in a doctor's release. It is the responsibility of the student to meet with the instructor to get missed assignments during the absence or upon return.

WITHDRAWAL & RE-ENTRY POLICY

Students in good standing, who must withdraw due to extenuating circumstances, and who may wish to return, must notify the Director/Administration prior to being absent fifteen (15) consecutive class days. The student will be advised to determine if a Leave of Absence would be more appropriate. If a withdrawal is agreed upon by the student and school staff it will be granted and the student may return to school within six months of the student's last day of attendance, providing all fees and charges, per refund policy, have been paid for the current enrollment.

The status of a student re-entering school is the same progress status as when s/he left. The student must pay a re-enrollment fee of \$700.00 which will be charged for written testing, practical mock-board exam and supplies. The student is responsible for all supplies that were issued on first day of class (books/kit/etc). The student is required to have these items each day so as to be ready to complete all practicals assigned. The total tuition charges appearing on the original enrollment agreement (contract) will be honored. No credits for hours or operations will be lost.

All students who withdraw may re-enter into the program without the loss of clock hours provided it is within five (5) years from the date of withdrawal. All records for students are stored for five (5) years. The institution reserves the right to evaluate the previous enrollment and to verify that the student was in good standing with the institution before the student is accepted for re-enrollment. If re-enrollment is requested after six (6) months from official withdrawal date, current tuition, fees and supply costs will be charged during re-enrollment process.

VISITORS

No visitors will be permitted in the school except at the discretion of the supervisor. Persons dropping off or picking up a student are to wait outside of the school.

GROUND FOR TERMINATION

Any student involved in theft of any kind, or the using, and/or selling and/or in possession of drugs or alcohol will be terminated immediately and reported to law enforcement. Students will conduct themselves in a courteous, efficient, and professional manner at all times. Insubordination is cause for termination. Students will maintain high moral standards and high standards of appearance and attitude at all times. A student found cheating on assignments or tests may be terminated at the discretion of the instructor or director. Review and evaluation will be frequent and will be documented by both the supervisor and the student and are available for review by students over 18 years of age or by parents/guardian upon request. A student may be terminated for violation of any of the school rules. A student may be terminated for failure to maintain Satisfactory Academic Progress (SAP). At the school's sole discretion, the school reserves the right to terminate a student if the student's continued attendance would not be in the best interests of the school and or the student body.

GRADING

Students are graded regularly in theory, practical work, attendance and attitude. The evaluations are measured on a standard percentile basis and the percentage equated to a letter grade. Students must maintain a "C" average for satisfactory academic status. A copy of the progress report is given to the student periodically. The grading system follows:

90% - 100%	A Excellent	70% - 74%	D Unsatisfactory
80% - 89%	B Good	below 70%	F Fail
75% - 79%	C Passing		

SATISFACTORY ACADEMIC PROGRESS (SAP) POLICY

The Satisfactory Academic Progress (SAP) is consistently applied to all students enrolled at the school. It is printed in this catalog to ensure that all students receive a copy prior to enrollment. This policy complies with the guidelines established by National Accrediting Commission of Career Arts and Sciences and the Federal regulations established by the United States Department of Education.

EVALUATION PERIODS: Students are evaluated for Satisfactory Academic Progress at the following points of "scheduled" hours of completion:

Cosmetology – 400,800 and 1200 hours of scheduled hours.

Barbering - 375, 750, 1125 hours of scheduled hours.

Cosmetician, Teacher Training, Massage Therapy –300 hours of scheduled hours.

Manicuring –200 hours of scheduled hours.

*Transfer students - Midpoint of the contracted hours or the established evaluation periods, whichever comes first.

Evaluations will determine if the student has met the minimum requirements for satisfactory academic progress. The frequency of evaluations ensures that students have had at least one evaluation by midpoint of the course.

ATTENDANCE PROGRESS EVALUATION: Students are required to attend a minimum of 75% of the hours possible based on the applicable attendance schedule in order to be considered maintaining satisfactory attendance progress. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. At the end of each evaluation period, the school will determine if the student has maintained at least 75% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed.

MAXIMUM TIME FRAME

The maximum time (which does not exceed 133% of the course length) allowed for students to complete each course at satisfactory academic progress is:

COURSE	MAXIMUM TIME ALLOTTED	
	WEEKS	SCHEDULED HOURS
Cosmetology (Full-time 30hrs/wk) – 1600 Hours	71 weeks	2130
Cosmetology (Part-time 20 hrs/wk) – 1600 Hours	106 weeks	2120
Barbering (F/T 30 hrs/wk.) – 1500 Hours	66.5 weeks	1995
Barbering (P/T 20 hrs/wk.) – 1500 Hours	100 weeks	2000
Cosmetician/Massage (F/T 30 hrs/wk.) – 600 Hours	27 weeks	810
Cosmetician/Massage (P/T 20 hrs/wk.) – 600 Hours	40 weeks	800
Manicuring (F/T 30 hrs/wk.) – 400 Hours	18 weeks	540
Manicuring (P/T 20 hrs/wk.) – 400 Hours	27 weeks	540
Advance Massage Therapy (F/T 30 hrs/wk.) - 1000 Hours	51 weeks	1530
Advance Massage Therapy (P/T 20 hrs/wk.) - 1000 Hours	75 weeks	1500

ACADEMIC PROGRESS EVALUATIONS: The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better (the computer system will reflect completion of the practical assignment as a 100% rating). If the performance does not meet satisfactory requirements, it is not counted and the performance must be repeated. At least two comprehensive practical skills evaluations will be conducted during the course of study. Practical skills are evaluated according to text procedures and set forth in practical skills evaluation criteria adopted by the school. Students must maintain a written grade average of 75% and pass a FINAL written and practical exam prior to graduation. Students must make up failed or missed tests and incomplete assignments. Numerical grades are considered according to the following scale:

90% - 100%	A Excellent	70% - 74%	D Unsatisfactory
80% - 89%	B Good	below 70%	F Fail
75% - 79%	C Passing		

FACTORS TO BE EVALUATED:

- o Theory
- o Practical work

DETERMINATION OF PROGRESS STATUS

Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making satisfactory academic progress until the next scheduled evaluation. Students will receive a hard-copy of their Satisfactory Academic Progress Determination at the time of each of the evaluations. Students deemed not maintaining Satisfactory Academic Progress may have their Title IV Funding interrupted, unless the student is on warning or has prevailed upon appeal resulting in a status of probation.

WARNING: Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making satisfactory academic progress while during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the warning period, the student has still not met both the attendance and academic requirements, he/she may be placed on probation and, if applicable, students may be deemed ineligible to receive Title IV funds.

PROBATION: Students who fail to meet minimum requirements for attendance or academic progress after the warning period will be placed on probation and considered to be making satisfactory academic progress while during the probationary period, if the student appeals the decision, and prevails upon appeal. Additionally, only students who have the ability to meet the Satisfactory Academic Progress Policy standards by the end of the evaluation period may be placed on probation. Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end of the next evaluation period. Students who are progressing according to their specific academic plan will be considered making Satisfactory Academic Progress. The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and

academic requirements required for satisfactory academic progress or by the academic plan, he/she will be determined as NOT making satisfactory academic progress and, if applicable, students will not be deemed eligible to receive Title IV funds.

REINSTATEMENT OF TITLE IV FINANCIAL AID: Students who have failed to meet academic progress and been found ineligible to receive financial aid will only have their eligibility reinstated after the student has reestablished SAP in accordance with the attendance and grading standards indicated above.

APPEAL PROCEDURE If a student is determined to not be making satisfactory academic progress, the student may appeal the determination within ten calendar days. Reasons for which students may appeal a negative progress determination include death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstance. The student must submit a written appeal to the school on the designated form with supporting documentation of the reasons why the determination should be reversed. This information should include what has changed about the student's situation that will allow them to achieve Satisfactory Academic Progress by the next evaluation point. Appeal documents will be reviewed and a decision will be made and reported to the student within 30 calendar days. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal, the satisfactory academic progress determination will be reversed and federal financial aid will be reinstated, if applicable.

LEAVE OF ABSENCE: Do not request a Leave of Absence unless you absolutely need one. Under no circumstance can the school grant more than a single LOA within an academic year.

INTERRUPTIONS, COURSE INCOMPLETES, WITHDRAWALS: If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period and maximum time frame by the same number of days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal.

NONCREDIT, REMEDIAL COURSES, REPETITIONS

Noncredit, remedial courses, and repetitions do not apply to this institution. Therefore, these items have no effect upon the school's satisfactory academic progress standards.

TRANSFER HOURS

With regard to Satisfactory Academic Progress, a student's transfer hours will be counted as both attempted and earned hours for the purpose of determining when the allowable maximum time frame has been exhausted.

TOOLS AND EQUIPMENT

Students will insure that all property of the school remains on the premises at all times. Books and working supplies must be paid for before commencing the course and the student is required to have these each day so as to be ready to do all practices assigned.

GRADUATION/DIPLOMA REQUIREMENTS

In order to graduate the student must meet all requirements for their course/program in accordance with our Satisfactory Academic Progress Policy and pass the final examinations (written exams and practical exams), pay all required tuition and fees and complete required hours for the program. At that time, a graduating student will be presented with a diploma from Hair California Beauty Academy. If the student has reached 17 years of age and has at least a 10th grade education he/she is eligible to apply for the California Board of Barbering and Cosmetology examination.

MAKE UP WORK

In the case of a necessary absence on the day of an examination, the student must arrange to take the test within 3 days of returning to school.

Students enrolled as day students are required to be in attendance one hundred twenty (120) hours per month. Students enrolled as night students are required to be in attendance ninety six (96) hours per month. Eligibility for student financial assistance is lost when the student attends less than the required minimum time as per his/her enrollment agreement and as per the Satisfactory Academic Progress Policy of the school.

DRAPING

Clients must be covered or draped modestly during the massage service. Only the area being massaged will be undraped. The client may choose to leave on as much clothing as needed for comfort.

GRADUATION AND CERTIFICATION REQUIREMENTS

All requirements for Massage Therapy must be met in accordance with our Satisfactory Academic Progress policy and pass the final examinations (written and practical), mock board exam passing grade, pay all required tuition and fees and complete required hours for the course.

CALIFORNIA CERTIFICATION: The CALIFORNIA MASSAGE THERAPY COUNCIL (CAMTC) handles certification of massage therapists and will give the title of Certified Massage Therapist (CMT) consistent throughout the state. This gives local jurisdictions the benefit of professional evaluation of training, education, experience, etc.

CAMTC is a private nonprofit organization that provides voluntary certification to qualified individuals. Hair California Beauty Academy does not issue "license" or "permit", but CAMTC certification is a preferable certification. Those who choose not to apply (or who do not qualify) for certification are not prohibited from practicing in California, as it is, by law, **a voluntary certification until 1/1/2016**. However, most professional massage therapists want and use the CMT title. A city may choose to use CAMTC certification as a prerequisite or replacement for a permit, or cities may request a business permit instead.

On January 1, 2015, to receive a certification, one must complete a 500 clock hour Massage Therapy program AND pass a California Approved Exam; both must be approved by CAMTC.

On January 1, 2016, City Licenses of Massage Professionals will stop and all massage therapists will either be certified by CAMTC or choose not to apply for certification. Those not certified will only be able to work in jurisdictions that do not require certification.

PERMIT REQUIREMENTS: In order to practice the art of massage in an establishment, a permit AND/OR business license may be required and must be secured in the establishment's jurisdiction. Each city in California has certain requirements and the fees vary. In cases where the CAMTC certification is accepted in lieu of a permit/business license, one must follow the CAMTC's Law related to unfair business practices as related to massage: (1) Pursuant to California Business and Professions Code section 4611, it is an unfair business practice for a person to do any of the following: (a) To hold himself or herself out or to use the title of "certified massage therapist" or "certified massage practitioner," or any other term, such as "licensed," "certified," "CMT," or "CMP," in any manner whatsoever that implies or suggests that the person is certified as a massage therapist or massage practitioner, unless that person currently holds an active and valid certificate issued by the California Massage Therapy Council; (b) To falsely state or advertise or put out any sign or card or other device, or to falsely represent to the public through any print or electronic media, that s/he or any other individual is licensed, certified, or registered by a governmental agency as a massage therapist or massage practitioner.

Attendance and/or graduation from Hair California Beauty Academy does not guarantee certification by the California Massage Therapy Council (CAMTC). Applicants for certification shall meet all requirements as listed in California Business and Professions Code section 4600 et seq.
