**School Performance Fact Sheet
2013 and 2014 Calendar Years
Educational Program**

EF International Language Centers operates 4 centers in the State of California. The California Bureau for Private Postsecondary Education (BPPE) within the Department of Consumer Affairs requires each educational institution to file an annual report and publish it on the website. Much of the information requested in the report relates to job training and job placement and is not applicable to English language students who are not eligible to work in the USA.

The completion rate at EF is comprised of the students who complete their studies as originally booked when they enrolled. Students who terminate their course earlier than intended are not included in this “graduation” rate.
