Curriculum

INSTITUTO HISPANO AMERICANO is dedicated to providing courses and programs that meet the needs of the community and of employers of the Bakersfield area. The instructional programs are bilingual Spanish/English.

INSTITUTO HISPANO AMERICANO's most important obligation is to prepare graduates for employment and/or advancement in their chosen field. We offer courses and methods of instruction that will enable each student to achieve his/her full potential. The courses, text materials, and equipment are designed to attain that goal.

The system of scheduling teaching sessions is open entry/open exit. This system allows participants to commence training each week on a space available basis. The teaching and learning methods and materials are competency based. These methods allow an individual to progress as they gain competency in specific subjects. Individualized instructional (tutorial) techniques are employed so that each participant receives the attention required to reach their objective. This combination of methods, techniques, and scheduling assure that diligent participants are able to attain their optimum potential in an efficient manner in the shortest possible time.

The programs are structured on solid educational principles to assure high standards are maintained. The design is flexible enough to provide for the integration of new technologies and techniques as they are developed. This method of registration allows working adults to have more opportunities to adapt their work schedule to the flexible education schedule we offer.

Business day means, except for home study or correspondence, a day on which you were scheduled to attend a class session.

A notice of cancellation shall be in writing, and a withdrawal may be effectuated by the student's written notice or by the student's conduct, including, but not necessarily limited to, a student's lack of attendance. If the School has given you any equipment, including books or other materials, you shall return it to the School within 10 days following the date of your notice of cancellation.

If you fail to return this equipment, including books, or other materials, in good condition within

the 10-day period, the School may deduct its documented cost for the equipment from any refund that maybe due to you. Once you pay for the equipment, it is yours to keep without further obligation.
