Introduction

The following fact sheets are filed with the Bureau for Private Postsecondary Education for 2014 Annual Report of Oikos University.

The Bureau for Postsecondary Education (BPPE), is the regulatory body for private postsecondary institutions for the State of California, and requires that each institution provide the following information to students, prior to enrollment, as evidence of recognition of the need to address consumer protection:

- Graduation / Completion rates for all programs offered
- Working / Placement rates for graduates of each program
- License-examination rates for any program to which that statistic is applicable
- Salary or wage information for each career, occupation, trade, job or job title as applicable, for which students are prepared.

Regardless of any information you may have relating to completion rates, placement rates, starting salaries, or license exam passage rates, these fact sheets contain the information as calculated pursuant to state law.

Any questions a student may have regarding these fact sheets that have not been satisfactorily answered by Oikos University may be directed to the Bureau for Private Postsecondary Education at: BPPVE@dca.ca.gov.

Overview

Oikos University consist of four schools; the School of Theology, the School of Music, School of Asian Medicine and School of Nursing. Through these four schools, Oikos University offers programs leading to the following degrees:

- The Associate of Science in Vocational Nursing
- The Bachelor of Arts in Biblical Studies
- The Bachelor of Music
- The Master of Divinity
- The Master of Music
- The Master of Science in Asian Medicine
- The Doctor of Ministry

** The School of theology and all of its degree levels, The Bachelor of Arts in Biblical Studies, The Master of Divinity and the Doctor of Ministry, do not requires any kind of license exam, which makes “exam passing rate” to be unable to calculate.*

** The School of music and all of its degree levels, The Bachelor of Music and The Master of Music, do not requires any kind of license exam, which makes “exam passing rate” to be unable to calculate.*

Data and Analysis

The following data briefly describes the each degree program and its purpose as well as the data of Graduation / Completion rates, Placement rates, License-examination rates and Salary or wage information.

¹ “Number of students who began program” is the number of students who began the program who are scheduled to complete the program within the reporting calendar year, and includes all the students who remained enrolled after their cancellation period.

² “Number of students available for graduation” is the number of students who began program minus the number of “students unavailable for graduation”, which means those who have died, been incarcerated, or been called to active military duty.

³ “Graduates” is the number of students who completed the program within 100% of the published program length.

⁴ “Completion Rate” is the number of Graduates divided by the number of Student Available for Graduation.

⁵ “150% Graduates” is the number of students who completed within 101~150% of the program length.

⁶ “150% Completion Rate” is the number of students who completed the program in the reported calendar year within 101~150% of the published program length divided by the Number of Students Available for Graduation in the published program length period.

⁷ “Exam Date” is the date for the first available exam after the students completed the program.

⁸ “Passage Rate” is calculated by dividing the number of graduates who pass the exam the first time that they take it by the number of graduates who took the licensing exam for the first time after completion of the program.

⁹ “Number of Students Taking Exam” is the number of students who completed the program within 150% of the published program length and who took the exam in the reported calendar year for the first time.

¹⁰ “Number Who Passed First Exam Taken” is the number of students who took and passed the licensing exam in the reported calendar year on the first attempt.

¹¹ “Graduates available for employment” means the number of graduates minus the number of graduates unavailable for employment. “Graduates unavailable for employment” means graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that

leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

¹²“Graduates employed in the Field” means graduates who are gainfully employed in a single position for which the institution represents the program prepares its graduates within six months after a student completes the applicable educational program. For occupations for which the state requires passing an examination, the period of employment shall begin within six months of the announcement of the examination results for the first examination available after a student completes an applicable educational program.

¹³“Placement Rate Employed in the Field” is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

¹⁴“Salary” is as reported by the student. Not all graduates reported salary. A list of the employers of the Graduates Employed in the Field can be obtained from IR office.

⁸“Passage Rate” is calculated by dividing the number of graduates who pass the exam the first time that they take it by the number of graduates who took the licensing exam for the first time after completion of the program.

⁹“Number of Students Taking Exam” is the number of students who completed the program within 150% of the published program length and who took the exam in the reported calendar year for the first time.

¹⁰“Number Who Passed First Exam Taken” is the number of students who took and passed the licensing exam in the reported calendar year on the first attempt.

¹¹“Graduates available for employment” means the number of graduates minus the number of graduates unavailable for employment. “Graduates unavailable for employment” means graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

¹²“Graduates employed in the Field” means graduates who are gainfully employed in a single position for which the institution represents the program prepares its graduates within six months after a student completes the applicable educational program. For occupations for which the state requires passing an examination, the period of employment shall begin within six months of the announcement of the examination results for the first examination available after a student completes an applicable educational program.

¹³“Placement Rate Employed in the Field” is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

¹⁴“Salary” is as reported by the student. Not all graduates reported salary. A list of the employers of the Graduates Employed in the Field can be obtained from IR office.
